Hundreds of Indians Starving in the Northwest: Many Cases of Cannibalism.

Sherman's Stronghold Turns for Blaine.—Many Ship Disasters Reported.

A Fair Young Widow Deals Unfairly.—All Varieties of Murder.

A Dozen Tramps Attempt to Rob a Chicago and Alton Train.

By Telegraph to the NEWS.]

Blaine Soundings.

NEW YORK, May 7.—W. J. Arkell, editor and proprietor of *Judge*, which recently published a portrait of Blaine secured in Florence, Italy, was not in town today. It is said emphatically upon the part of the publishers that the publication of the portrait was not part of an effort to make Blaine a candidate. It was purely Arkell's idea, and carried out as a journalistic enterprise.

SENATOR EUGENE HALE

was asked if he had seen the advertisement from the *Philadelphia Times*, to the effect that Blaine had agreed not to decline to run for the presidency if nominated and said:

"I have and there is no foundation for it. He does not expect to be the republican candidate. Blaine does expect some other candidate to be nominated and that candidate will receive Blaine's hearty, sincere and active support. When Blaine wrote the letter saying he would not be a candidate before the convention, he wrote as I believe in all sincerity. He meant what he said. I have no hesitation in saying he has not changed his mind."

"Do you mean to say, Senator, that if the convention should insist upon nominating Blaine he would not accept?"

"No one of course can tell what the convention will do."

"Is it true there is a strong movement on foot to induce Blaine to run?"

"It is undoubtedly true that a great majority of republicans received with deep regret his statement that he could not be a candidate and no doubt efforts will be made to get him to reconsider that determination. It is not true that any assurance has been received from him that he would reconsider it."

"Would he be the strongest candidate that could be nominated?"

"He would in my opinion."

BLAINE WAS IN EARNEST.

Patrick Ford, editor of the *Irish World*, says concerning the Presidential nomination:

It is very doubtful if any favorite sons will get there. What is wanted at the head of national affairs is a man of national caliber and national character. That man, in his own opinion, far beyond all other men is Blaine, but he regards him as out of the contest for nomination. He wrote the letter of withdrawal to relieve his party of embarrassment, so far as he was concerned, in selecting a candidate from the throng of contestants. That letter had the effect of paralyzing all action on the part of his friends. Here in New York State, the Irish protectionists who supported Blaine in 1884 had their plans ready to start Blaine clubs for 1888. Assuming he would inevitably be a candidate, our friends in New Jersey and Connecticut wanted to do likewise but Blaine's letter knocked the plan on the head. He must have foreseen the effect of the letter and his action in the light of such knowledge is an absolute proof that he was entirely sincere in his desire that his party should be free to do what might seem right.

Female Swindler.

PHILADELPHIA, May 7.—Mrs. Fannie B. Gold, a young widow, was today held in $5000 bail on the complaint of Joel P. Kirkbridge of Camden County, N. J., who alleges the woman has swindled him out of about $10,000 in cash, and passed upon him forged checks to the amount of nearly $13,000, which also bore forged endorsements. The nature of the transactions between Kirkbridge and the woman have not yet been developed.

Between the Acts.

ST. LOUIS, May 7.—Those who knew Chas. T. Stevenson, the husband of Kate Claxton, were astounded on seeing him running along Sixth Street in his stage clothes Saturday afternoon, terminating his journey in Justice Kane's office. In two minutes Stevenson emerged and galloped back to the Olympic Theatre, followed by Manager Parsnett. Friday night, during the performance of "The World Against Her," the supers, placed on the flies to sprinkle paper snow on the stage at proper intervals, sprinkled all the snow in a ball on Kate Claxton's head. Stevenson got excited and gave the supers the benefit of his hard fist. Saturday they swore out a warrant for assault and battery. Stevenson figured in his dressing room at a matinee by a constable. The curtain had just gone down on the second act and Stevenson decided to make the run to Kane's office, three blocks distant, fill out and give a bond and return without causing unusual delay between the acts, and the matinee audience never knew how much fun the street spectators were having. After the matinee Stevenson appeared for trial and was fined $1 and costs, which he paid.

Gould Interviewed.

NEW YORK, May 7.—Jay Gould said to a *Tribune* reporter tonight that he expected to make an inspection of the southwestern system. Regarding the talk about the new management of the M. K. & T. Railway, he remarked grimly, he presumed they would be able to "extract blood from a turnip." He had been unable to do so. Gould said he had heard nothing about the International & Great Northern matter until his return from Europe. If the suit of the attorney-general of Texas, which comes up in June, is decided in favor of the state, the stock of the International & Great Northern is worthless.

In regard to the rumors about a possible default in the payment of the June interest on the M. K. & T. bonds, Gould intimated the question was one for the proposed new management and not for him.

The Chinese Treaty Opposed in California.

NEW YORK, May 7.—A Washington special says: The action of the California state convention condemning the new Chinese treaty will have little influence on the five republican senators from the Pacific Coast.

Senator Stewart said yesterday: "I am in favor of the ratification of the treaty." Senator Stewart thinks all the Pacific delegation will vote for ratification except Senator Mitchell.

Smallpox.

NEW YORK, May 7.—The French steamer *Chateau Yquem*, from Naples with 1200 Italian emigrants, is detained at quarantine with three cases of smallpox. The German steamship *Bohemia*, with 1183 immigrants from Hamburg, has been at quarantine a fortnight, also with smallpox.

Invective in Debate.

VIENNA, May 7.—Despite the appeal of President Snotka, of the Unter Haus, that the deputies refrain from using abusive language in debate, the sitting of Saturday and today were characterized by exchanges of invective. Deputy Turk, a prominent member of the anti-Semitic party, was accused during the debate of having undergone a prosecution for indecency. He immediately challenged his accuser to a duel. An inquiry into the charges was made during Herr Turk's absence from the Chamber. President Snotka, in rebuking the Chamber for investigating the charge in the absence of the accused, characterized the style of debate as brutal, and declared henceforth he would use severely his rights as president.

It Was a Terrible Crime.

OMAHA, May 7.—The representative of the *Bee* who was sent to Arlington to investigate the Freeze-Grateluschen holocaust, made a thorough examination today and developed facts which show it was not an accident, but a terrible crime. The body of Mrs. Fred. Grateluschen was exhumed and her throat found cut. The theory is that the murderer himself met his fate in attempting to escape after killing his victims. Funeral services were held this afternoon.

Absconding Tate in Canada.

LOUISVILLE, Ky., May 7.—Kentucky's State Treasurer, James G. Tate, fled March 15th with a gripsack full of money. Now comes information that Inspector Byrney, of New York, has located Tate in Canada. The inspector telegraphed the governor saying Tate could be found and asking particulars. A resolution offered in the legislature March 20th offering a reward of $5000 was three weeks before passed. Members at Frankfort said they wanted to give Tate time to get away. The day the legislature adjourned a resolution was offered in the Senate asking the governor to pardon Tate so he might come back. The fact that Tate forged his books making annual settlements leads to the belief that he can be extradited. The reward of $5000 stands.

Trans-Continental Freight.

CHICAGO, May 7.—J. W. Midgley and J. N. Faithern returned form St. Louis today. Their conference with the officials of the Fort Worth & Denver and other roads west of the Missouri River resulted in an agreement that will prevent any further reduction in rates otrough business to California. Chairman Midgley left this evening for New York to consult with the eastern committee with a view to settling the question of rates from the seaboard to California.

Attacked by a Waiter.

NEW YORK, May 7.—President Frederick G. Eldredge of the Nickerbocker Trust Company was attacked by a waiter whom he had repemanded for insolence at the Hotel Vendome. He was seated at a table when the ruffian struck him from behind with a waiter bottle, in sight of his wife and daughter. His condition is critical.

A Murderous Confession.

HELENA, May 7.—In October, 1879, John Denn, a wealthy merchant, was murdered in his wine cellar and robbed. No clue to the murderer was found. The *Herald* this evening prints the dying confession by Madame Eckert to her nurse that she murdered him with a hatchet.

Shot His Uncle.

LOUISVILLE, Ky., May 7.—At Bardstown, Ky., Reeves Simmons, bachelor, who has brought up his sister's three children, undertook to chastise his nephew, Nat Reeves, aged 20 years. Nat seized a shot gun and blew his uncle's brains out.

Railroad Elections.

CHICAGO, May 7.—The stockholders of the A. T. & S. F. and auxiliary lines held their annual meeting today. The following were elected directors of the A. T. & S. F.: H. W. Bishop, A. F. Towne, C. H. Wood, S. J. Chase, S. B. French, C. E. Towne, Simmons Blaine, D. L. Gallup, Norman Williams, W. B. Strong, B. F. Cheney, I. T. Burr and A. W. Nickerson. The board elected the following officers: President, S. B. French; vice-president, Henry W. Bishop; secretary, Charles B. Sweet; treasurer, D. L. Gallup.

CHICAGO, May 7.—The Santa Fé & California and the Mississippi River Railroad and Bridge Company stockholders elected directors. Wm. B. Strong was made president of these companies.

Killed the Captain.

MEMPHIS, Tenn., May 7.—A difficulty last night on board the *Benton*, an excursion steamer, resulted in killing Martin Moore, captain. The cause was a disagreement between those who had chartered the steamer.

Tramps Attempt to Rob a Train.

ST. LOUIS, May 7.—About a dozen tramps boarded the Chicago & Alton suburban train at Budge Junction, a short distance from the railway depot in East St. Louis, between 11 and 12 o'clock this morning, and undertook to rob the passengers, but the conductor rallied the crew and after something of a tussle ejected the ruffians and the train proceeded. No property was secured by the tramps, but the passengers were badly scared. Three of the loafers were subsequently arrested and locked up.

Southern Pastime.

ATLANTA, Ga., May 7.—News has just reached here of the lynching last night of Dan Sale (colored), the rapist near the village of Danburg, by a party of twenty-five men.

An Editor Absconds.

KANSAS CITY, May 7.—Ridge Conley, editor of the *Sunday Growler*, of Wichita, has absconded.

Frederick's Condition.

BERLIN, May 7.—The Emperor has passed a good day and feels somewhat better. His fever is very slight this evening. At the consultations of physicians it was agreed the Emperor showed improvement. The Emperor himself said he felt stronger and fresher. The discharge from his throat is less, temperature, 38 6.

The Emperor's fever continues low, showing that no fresh abscess is forming. Dr. Mackenzie induces him to take the necessary food, but his weakness is becoming serious. He had a refreshing nap this afternoon.

The Empress today attended the meeting of the Inundated Relief Committee at the Town Hall. The Empress made a speech, in which she advocated the adoption of a system for saving life and property from destruction from floods, and she recommended that districts liable to inundation be provided with life boats.

Mayor Frokenbock presented the Empress with a bouquet of white roses when she left the town hall. The people pressed around her carriage cheering enthusiastically, and impeding her progress for some time.

The Inundation Relief fund has reached 4,000,000 marks.

WASHINGTON NEWS.

A Bill to Provide a More Efficient Mail Service with our American Neighbors.

WASHINGTON, May 7.—Senator Frye today introduced in the form of a bill the amendment heretofore reported by him to the postoffice appropriation bill to provide a more efficient mail service between the United States and Central, South America and the West Indies. The amount of money appropriated, however, is increased from $400,000, as originally proposed, to $1,000,000. The bill authorizes the postmaster-general to contract with American built and registered steamships for transportation of United States mails to ports in the countries named, these contracts to be at a compensation not to exceed one cent for each 450 grains weight on letters and one-twentieth of one cent for each 450 grains of weight on papers for each nautical mile transported on the outward trip.

THE CHINESE TREATY RATIFIED.

The Senate in executive session ratified the Chinese treaty without division. Senators Teller and Mitchell made speeches, in which they set forth the grounds of their opposition to the treaty, but did not demand a vote.

THE FISHERIES TREATY.

Senator Edmunds has reported the fisheries treaty adversely, submitting a written majority report, and Senator Morgan submitting a favorable minority report. Edmunds gave notice he would call up the treaty a week hence.

THE TREASURY STEAL.

There are no new developments at the Treasury Department in regard to the missing $41,000 of the American Exchange National Bank. Detectives were at the office of the express agent in the buildings today investigating the matter. The responsibility for the loss lies between the officers of the bank and the officers of the express company, and detectives are engaged in the interests of each.

THE RIVER AND HARBOR BILL.

The River and Harbor bill passed by a vote of 161 yeas to 69 nays.

Several amendments have been incorporated in the River and Harbor bill since it was last before the House. The appropriation for Humboldt harbor, California, is reduced from $150,000 to $125,000, while that for Oakland harbor is increased from $175,000 to $200,000.

A REPUBLICAN'S OPINION.

WASHINGTON, May 7.—Senator Bowen of Colorado said to your correspondent today while speaking on the political situation:

"It looks to me as though Blaine will certainly be the nominee of the republican party, now. I never was a Blaine man but it seems that there is an overwhelming desire on the part of republicans everywhere that he should be our leader in the next fight. I also notice that there has been a remarkable change in sentiment among those who formerly did not like Blaine. Republicans who a few years ago were entirely antagonistic to him, are now earnestly demanding his renomination. Whether it will be Blaine or another man we are going to have a united party this time and we will certainly carry the country, for we never have been, nor never will be beaten, with undivided ranks."

TO MODIFY THE CIVIL SERVICE LAW.

Representative Brown, of Ohio, today introduced a bill modifying the civil service law. It makes eligible for appointment without being required to pass civil service examination all honorably discharged Federal soldiers and sailors of the late war upon satisfactory evidence of good character and capability.

WAGON ROAD GRANTS.

The House committee on public lands discussed today the subject of wagon road grants in Oregon, but came to no definite conclusion. It is probable that Chairman Holman will introduce in the House a bill declaring forfeit all land grants for this purpose, substantially like that accompanying the President's message, and this will form the basis of any action the committee may take in the matter.

PUBLIC BUILDINGS FOR NEVADA.

The Senate committee on public buildings today ordered favorable reports on the bills for public buildings at Reno, Nev., $80,000, and Virginia City, Nev., $25,000.

THE TANGIER AFFAIR.

The following statement in regard to the Tangier affair is issued by the Department of State:

It is not true that there has been any refusal by the Sultan of Morocco to arbitrate. He proposed to Lewis some time ago to send a special agent to Tangier to discuss with Lewis the matters of difference, all questions upon which they could not agree to be referred to some third person, with the approval of the State Department. Lewis agreed to this, and after some discussion as to details, a complete understanding was reached. The meetings were to begin on Saturday last. The presence of the "Quinnebaugh" at Tangier was casual and had nothing to do with the discussion.

LIGHTNING CHIPS.

President F. A. P. Barnard of Columbia College has resigned on account of failing health.

New York dispatch: The steamship *Rhesster* just arrived, had on board sixty Greek passengers who were detained at Castle Garden on the charge of being paupers.

Crickets are devastating Algeria, entirely destroying vegetation. Their dead bodies are creating a pestilence and interfering with the running of trains between Constante and Batna.

Hanover, N. H., dispatch: The Dartmouth faculty have decided that students must drop football, baseball and general athletics, because of the excessive amount of time and money required to conduct them all.

San Francisco dispatch: Claus Spreckles and family left here today for Philadelphia, where arrangements were made recently by Mr. Spreckles for starting a sugar refinery, and where he will permanently reside.

Sydney, N. S. W., dispatch: At a conference held today to consider methods for doing away with the rabbit pest, it was decided to select an island upon which to experiment with Pasteur's and other methods.

The steamers *Tesiman* and *Afghan*, with the Chinese immigrants, have arrived at Sydney. The governments of New Zealand and Tasmania concur in the opinion that the influx of Chinese labor must be checked.

At a meeting of the New York Civil Service Reform Association last night, George William Curtis was re-elected president. Carl Schurz was made one of the vice-presidents, and Theo Roosevelt one of the members of the executive committee.

President Warren was obliged to abandon his lecture on Palestine at the Oxford Music Hall, London, Sunday evening, the hall being filled with Socialists who hooted and jeered the lecturer and ridiculed the dissolving views.

General Crook, the new commander of the military department of which Chicago is the headquarters, arrived in Chicago on Sunday accompanied by his family and personal staff. After a brief visit to the office of the department he spent the remainder of the day at the hotel receiving callers.

Dublin dispatch: Thomas Joseph Condon, member of Parliament, was today convicted on the charge of participating in an unlawful assembly and sentenced to two weeks' imprisonment at hard labor. The hearing on the other charges against him was adjourned.

Atlanta, Ga., dispatch: The United States fish commission car reached this city today when a singular incident occurred. A change of water was found necessary and artesian water was supplied. Inside of an hour 65,000 young fish were dead and nearly 3,000,000 are supposed to be killed.

Deputy Czernatornio, a friend of Premier Tisza, has an article in the Hungarian semi-official paper, the *Nemzet*, in which he declares war is inevitable. He says the triple alliance will demand from Russia an explanation of her military preparations and that her answer will amount to a *casus belli*.

Portland, Oregon, dispatch: The circular purporting to come from the Labor Traders' Unions of this city, regarding the overplus of building mechanics in Portland and sent to various labor organizations throughout the country, is in reality absolutely unauthentic. The circular has not even the formality of a signature. The facts are, Portland will do more building this year than ever before in its history.

A Detroit dispatch says: The new liquor law which has been voted on by most of the counties in Michigan, went into effect today. The majority of the saloons in the "Dry" counties have closed and those that remain open sell only "soft" drinks. Quite a serious time was had at Owasse Saturday where a mob of drunken saloon adherents took possession of main streets and, chasing the sleepy local, breaking windows and raising general mischief. All is quiet today.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind. testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at A. C. Smith & Co.'s Drug Store. (2)
