Deming's Game Fails—Richard Deming is apparently scheming to es-cape from solitary confinement. He was taken with an hemorrhage yester-day afternoon, bleeding from the mouth, and the prison physician was called. That official after looking the 'sicki' man over, said it was all put on. According to a statement from "patient" the prison, the "patient" shortly thereafter became convalescent. It is believed Deming was figuring on reaching the prison hospital and mak-ing his escape from there, as he did before from the Holy Cross hospital. He is still in his cell. Haddock Resigns-Lon J. Haddock resigned last evening the position of secretary of the Manufacturers & Merchants association, and the same was accepted. The directors will meet next Monday night, to carry out the plan referred to in the "News' re-cently, viz. to drop the "Merchants" feature, and devote its energies to boasting the manufacturing interests of the state. Mr. Haddock has made an energetic secretary. He succeeded C. O. Harris of Rexburg, Ida., who was largely responsible for the organi-zation of the association, and will be much missed in that special field of work. Death of Miss Anna Murphy-Miss Anna E, Murphy, for 14 years at the Salt Lake Collegiate Institute of this city, died recently in a Baltimore, Md., sanitarium. While in this city, the deceased was an active member of the First Presbyterian church, and will be much missed in educational and church circles. She was granted a leave of absence last June on account of Illiness, and went to visit with friends in Pennsylvinia. But while her health seemed for the time to improve, she was taken with a relapse while in Baltimore and died at a local sani-tarium whither she was taken. The deceased was a prominent member of the Daughters of the Revolution.

Lake has been hit upon by the Civic league. It is in the form of a request of all ministers of the gospel that they preach upon "Civic Righteousness" next Sunday, and the request has brought out some startling results in the form of queries as to what is the Civic jeague, and what is its Des Moines plan of government: "What is necessary." said O. H. Hew-lett of the league last night, "is not so

much that the people approve the Des Moines plan, as that they get to think-ing of their problem, and sense the exing of their problem, and sense the ex-tensive waste under the present system. and the cumbersome nature of the ad-ministration. Now, it is a long, hard light to get any matter properly con-usidered. We offer a system under which the men in charge of the city would be on duty all the time, so that you could see them in office hours. Uke any other business men. If the people will once get to thinking of our present problems, we are confident that they will find a way to remedy them. As to just what way they find, we are not so particular, and every bit of discussion will help in the final solution. It is wrong to suppose that the Civic league has made up its mind, and is trying to force a system on the people. We have merely drawn up a tentative plan to give the people some-thing tangible to discuss. Recommen-dations for alterations and additions are most welcome, and the more that are most welcome, and the more that

are most velcome, and the more that are made, the better the final result is likely to be."

The request to the ministers has The request to the ministers has brought many telephone inquiries about the Des Molnes plan, to which reply has been made that a general clvic awakening of the people to the nature of their clvic problems is what is wanted, and not any endorsement of the Des Molnes plan, unless the minis-ter feels that this offers the best way out.

out. Rev. Dr. Paden has announced that Rev. Dr. Paden has announced that he will deliver a sermon on "Civic Righteonsness" according to the invi-tation. The Rev. Elmer I. Goshen will comply also, and has indicated that he will consider civic righteousness in a definite, concrete way, dealing again with matters of his observation in civic progress in Salt Lake.

progress in Salt Lake. The invitation for such speeches to be made has been sent to all stake presidents, for consideration of the ward bishops at next Sunday evening's meetings.

NO BUTTER TRUST. FOR SALE-REAL ESTATE J. M. Christensen Denics Knowledge Of Existence of Such Organization. The "News" is in receipt of the fellowing communication from J. M. Christensen & Co., in relation to the butter articles published in last evening's edition: Editor Deseret News-in your Mon-day's issue of the "News" you pub-lishe an interview with us in which you state that we are retailing creamery butter at 35c per pound. We do not retail at all, our business being strickly wholesale. being strickly wholesale. You further state that we will con-tinue to sell our butter at 5c under the trust price. No such statement was made and no reference was made to any "trust" as we are not aware of the existence of any such organi-zation. We merely stated we are now selling our fresh butter at 30c while two of the larger creameries were still selling at 34c. Nothing whatever was said as to how long we would continue to sell at 30c. We gave it as our opinion that 30c per pound was as high as the price of creamery butter ought ever to go. Yours truly. Yours truly J. M. CHRISTENSEN & CO. MANGR. While the "News" cheerfully gives place to the communication of Mr. Christensen on the subject, his state-ment to the representative of this

ment to the representative of this paper was correctly reproduced. He stated that his company was selling 5 cents below the "trust" price, but did not know how long he would con-tinue, and that what would happen to the price of butter fat when the "trust" obtained complete control, he did not know after the "little fellows" had been put out of business. Mr Christensen did not say that he was retailing butter for 35 cents a pound, but was selling it at 30 cents, whole-sale, so that it could be retailed at 35 cents. Mr, Christensen's establish-ment is a wholesale one, and does not retail butter.

A RARE UTAH SOUVENIR AS A HOLIDAY GIFT

People who desire something striking and unusual in the book line to serve as a Christmas glit to a friend, (especially if that friend resides outside of the state,) could not do better than to call at the Deseret News Book Store and inspect the History of Utah in three large volumes, by Orson F. Whitney. This is the work lately ac. quired by the Deseret News from the George Q. Cannon association, the former price, of which was \$30.00, but which has now been reduced to \$15.00. The work is rapidly going out of print, and when the present edition is exhausted, it will be impossible to obtain copies anywhere,

The books are bound in gilt morocco fully illustrated, and would form a gift that would be appreciated for a life time.

Traveler in Italy Picks Up An Idea for Co-operative Reading.

ONE WAY TO GET BOOKS.

Recently while in Italy I became well acquainted with Father Thomas P. Hur acquainted with Father Thomas P. Hur-ley of Ireiand, writes Chas, Harrison of Washington, who was ever on the alert to pick up some new ideas regarding agriculture for his people. He said all priests in Ireland kept abreast of the times on the new inventions and better methods of farming; that every priest's house contained agricultural and horti-cultural books, and that many of them had quite good libraries on these sub-jects, and that the farmers consulted them freely. We often had long talks on co-opera-tions for the farmer and his wife. I was much interested in their method of starting agricultural libraries and get-ting to the farmer the last word on the subject that interests him most by co-operation.

Starting agricultural libraries and getting to the farmer the last word on the subject that interests him most by cooperation.
Father Hurley said that 12 farmers, each placed in his hands, say the equivalent of a dollar, and that he, with the advice of two other men, indges of good agricultural books hought with this money 12 books; that two or three might cost two or three dollars each, while some would cost only 25 or 50 cents. The wives and daughers might also place their money in his hands for books on household economics. Now, when these sums are spent, not wasted because the books are well selected, they are sent to the clubs where they are passed on Jan. 1, to each member by lot; then, on the first of each succeeding month, they are exchanged, and during the last of December there is a rafile for pormanent possession. In this corporation each member has had 12 good books for only one dollar, and it is quite possible that will be a paying venture. It occurs to me that the refer presidential conditions, of which Mr. L. H. Balley is the head will be and 500 books in regard to things that live and sprow or are used on the up-to-date farms.

MEDICINE THAT IS MEDICINE. "I have suffered a good deal with malaria and stomach complaints, but mataria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters: a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Kiestler, of Halliday, Ark. Electric Bitters puri-fy and enrich the blood, tone up the perves and impart vicer and energy to nerves, and impart vigor and energy to the weak. The belated Christmas shopper too rarely realizes his cruelty. This suf-fering is no sentimental figment, but real. To stand upon her feet through daylight hours and far into the night, to breathe and rebreathe all day the "dead" air caused by the throngs, to memory tirelessly and cheering the "dead" air caused by the throngs, to answer tirelessly and cheerily the thousand one queries which bub-ble from the lips of bargain seekers, to keep this up for two weeks preced-ing Christmas—such is the routine of the clerk and shop-girl under our present Yuletide regime. And for this state of affairs the laggard buyer is the te blowe Br making wur state of affairs the laggard buyer is largely to blame. By making pur-chases early in December, the "holi-day rush" would be distributed throughout the month instead of focalizing on the week before Christ-mas. This suggestion is neither new nor original.
