

proposition of Zion's Savings Bank to take \$75,000 of the money now in the hands of the receiver, on deposit at one quarter of one per cent. per month for four months, is accepted, upon terms of the certificate of deposit by the bank given to the receiver being signed by the president and the directors of the bank. An order will be drawn giving more specific directions in the matter."

Mr. Williams—I understand that this certificate is to be signed on behalf of the officers of the bank, in their official capacity.

Judge Zane—It is to be endorsed personally as well as officially. In regard to the lease of the Church sheep, Judge Zane said that the court would make an order that bids be asked for a whole or part of the sheep, which would be leased to the highest responsible bidders, by September 1, 1889.

The court then announced that David C. McLaughlin, of Park City, and John W. Greenman, of Salt Lake City had been appointed United States commissioners.

Judge Zane stated that the court had received the resignation of W. J. Clarke, as clerk of the court, and that the majority had appointed J. P. Bache as his successor. "On my part," said the Chief Justice, "I would have appointed Mr. Hurd."

The accounts of W. J. Clark were approved by the court.

District Attorney Peters submitted the accounts of Marshal Dyer for expenses for April, May and June, in the district courts, asking \$8591.71 in United States cases and \$2698.14 in Territorial cases; total \$11,289.85.

Judge Zane remarked that overcharges and errors might occur in this way of approving accounts without an investigation, and he did not propose to do any more of it. If the approval of the court meant anything it should be based on an understanding of the correctness of the accounts.

Judges Zane, Henderson and Anderson consulted for a short time, and Judge Zane announced that the marshal's accounts would be submitted to the court in the district where they were incurred; this rule to be observed in the future.

THE SCHOOL ELECTIONS.

On July 8th the elections were held for school trustees, and in some of the districts in this city there were lively times. The "Liberals" have majorities in six districts, and elected their men, while in one they gained a trustee through the apathy of the voters of the People's Party there, who thought they would have an easy time, and in another district the "Liberal" minority succeeded in bulldozing the People's majority, and by illegal methods had two of their candidates for trustees elected. In the

FIRST SCHOOL DISTRICT

there were 13 voters present—all of the People's Party. Two trustees were to be elected. Thomas Johnson was chosen for the unexpired term, and John Squires for the full term. With the small number present it would have been a very easy

thing for the minority to have massed and taken control of the district. That they did not is no credit to the People's Party voters there, who should take warning ere it is too late.

SECOND DISTRICT.

In this ward, also, the attendance was much lighter than it should have been. No opposition developed, however, and John Gallacher was elected by the People's Party.

THIRD DISTRICT.

There was a better representation here, though not as full by any means as it should have been. After the usual business of hearing reports, etc., the election was proceeded with, the vote being: Fergus Coalter, People's, 33; John Wickel, Liberal, 7.

FOURTH DISTRICT.

The majority party in the Fourth ward were caught asleep, and before they were awakened the other side had elected a trustee and closed up the business. The lethargy exhibited is all the more apparent when it is remembered that the number of "Liberals" in the district was such as to make energetic action necessary to meet their well known tactics. Not half of the People's Party were out, while the "Liberals" were there in full force. The result was that the People's Party candidate, John T. Williams, was defeated, he receiving but 28 votes, while John Flowers, his opponent, received 40, for trustee for the three years' term.

FIFTH DISTRICT.

There was a good attendance here at the opening hour, the voters showing a commendable interest in the business before them. There was no opposition to the People's candidate, but the voters were on hand for any emergency that might have arisen. George Clark was elected trustee.

SIXTH DISTRICT.

There were sufficient People's voters present to have overcome the "Liberal" vote in the district if any of the latter class had presented themselves, but still there was nothing like a full turnout. Thomas Green was elected trustee to succeed himself.

SEVENTH DISTRICT.

The "Liberals" are largely in the majority in this district, and were out in full force. The election resulted as follows: James Anderson, Liberal, 162; R. K. Thomas, People, 57. Notice was given that a special meeting would be called to vote on the question of taxing to liquidate indebtedness incurred by the trustees. The meeting voted \$50 to the trustees for clerk hire, etc.

EIGHTH DISTRICT.

This is also a "Liberal" stronghold, though at last night's meeting the People could have made a much more respectable showing. The balloting resulted: H. T. Duke, Liberal, 115; S. W. Alley, People, 55. All three trustees in the Eighth district are "Liberals."

NINTH DISTRICT.

The vote for chairman at the opening of the meeting showed that many of the People's Party voters had stayed at home, probably with an idea that the district would have been lost anyway. But if they had come out the result would have been different. The vote on chairman stood: C. Baldwin, "Liberal," 38; S. W. Darke, People, 26. When it came to the nomination of a trustee, A. J. Pendleton, Jr. was put up by the "Liberals." The People endorsed him, and he received the unanimous vote.

TENTH DISTRICT.

The election for school trustees in the Tenth District last night was the hardest contested of any that have ever been held there. At 8 o'clock the meeting was called to order by the chairman of the board of trustees, John Kirkman, after which J. M. Young, "Liberal," and Wm. Fuller, People, were placed in nomination for chairman. Upon a vote being taken, Mr. Young was elected; showing that at this stage of the proceedings the Liberals were in majority, the People's voters being late in arriving. While the chairman was making a speech, in which he very prematurely predicted that his party would be as successful in the election of a trustee as they had been with a chairman, the forces of the People's party were being steadily augmented, and when the choice came to be made for secretary, Geo. Buckle was elected as the choice of the People's Party by a vote of 45 to 30.

It was resolved by the meeting that the trustees' reports should first be presented. This was done, and they made a satisfactory showing.

The election of trustee for the ensuing term of three years was then proceeded with, Prof. J. H. Paul having been nominated as banner bearer for the People's Party, and Hyrum L. Laney for the "Liberals." Upon a vote by ballot being taken, the following result was announced. Prof. J. H. Paul, 66 votes; Hyrum L. Laney, 51; scattering, 2; making a total of 119 votes cast—by far the largest ever polled at a school election in the district. The result showed that the Liberals had been indulging in a still hunt, and had massed almost their entire force, while the People's Party were a considerable number short of their full strength.

A motion was put before the meeting to appropriate \$40 to each of the retiring trustees. This provoked some discussion, Prof. Paul expressing himself desirous of it being placed on record that he was opposed to trustees receiving any remuneration, as he considered the position of school trustee to be a public office that should not have any monetary compensation. Trustee Fuller was also of the same opinion. An amendment finally prevailed to allow the secretary of the board \$30 for services performed during the past year.

ELEVENTH DISTRICT.

The election in this district was
