

## CASHIER HERING UNDER ARREST

Will be Refused Bail Until Disappearance of a Million Dollars is Cleared Up.

### DETECTIVES SEEK STENSLAND

Defunct Bank Probably Will Pay Depositors Twenty-five Per Cent.

Chicago, Aug. 9.—Henry H. Hering, cashier of the Milwaukee Avenue State bank, which closed its doors three days ago, was arrested today and will be refused his release on bail until his connection with the disappearance of nearly \$1,000,000 of the bank's funds is cleared up. Paul O. Stensland, president of the defunct institution, is still a fugitive, and although nearly 100 detectives are searching for the missing president, his whereabouts is as much of a mystery as ever.

Hering was arrested this afternoon, two hours after the time he had previously announced he would give himself up. He was taken at once to the office of Chief of Police Collins and put through a thorough examination as to his knowledge of President Stensland's mismanagement of the institution.

Hering declared he did not know where President Stensland had gone, but had had no communication with him for over a week. The cashier strenuously denied the charge that he himself was partly responsible for the failure of the bank. Hering maintains that if he is guilty of breaking the bank's laws of Illinois, President Stensland is responsible, as Hering in his examination declared he never benefited a single dollar by President Stensland's peculiar system of banking.

Bank Examiner Jones and Assistant United States Attorney Glason were present during the examination of Hering. Neither they nor the police officials were satisfied with the explanation given by Hering of his connection with the collapse of the bank, and it was accordingly decided to refuse bail to Hering until the matter had been further investigated.

Receiver Fetzer reported to the superior court today that a dividend of at least 25 per cent would probably be declared to depositors in the bank within the next two weeks. This, it is said, will be followed by a second dividend, although the receiver tonight was not in a position to state how much of their savings the \$2,000 depositors would recover from the defunct institution.

At a meeting of the board of directors of the bank this afternoon a resolution was adopted appointing a committee to devise ways and means for apprehending President Stensland, and straightening out the affairs of the bank. The directors declare that there will be found a sufficient revenue from the property assets, etc., to pay all the depositors in full.

The Chicago Title & Trust company at 11 o'clock tonight was appointed receiver of the principal estate of President Stensland. The estate is valued at \$200,000. The appointment was made by Bankruptcy Referee Eastman on the petition of three of the creditors. It was feared that because of Stensland's flight from Chicago he would transfer his estate and defeat his creditors.

At midnight further examination of the books by representatives of the state, assisted by Cashier Hering, was postponed until tomorrow. At that time all the available books had been examined. Other books were in the vault, which was locked by a time lock and could not be reached until morning. Asst. State's Atty. Olsen said many inquiries had been made from the state banking laws, especially as to the books.

Just how these violations extend cannot be determined until tomorrow, when securities given for the loans can be examined.

Atty. Olsen said that in many instances more than 10 per cent, and in more cases 25 per cent of the capital stock had been loaned to persons connected with the bank.

### MEAT FOR NAVY.

Contractor Says Rivals Are Trying to Injure Him by False Reports.

Washington, Aug. 9.—The contractor who furnished fresh meat for the New York navy yard, and of which a report has been made by the department, was at the navy department today securing information as to the complaints and answering them as far as they were presented. He asserted that the complaints originate largely through the efforts of a rival who failed to get the contract for supplying the meat. Only on a few occasions has the meat which he furnished been rejected by the authorities at the navy yard. On one of these it was a case where he furnished frozen liver, thinking the men would want it in that form, but they refused it and another supply was sent. He said that behind him was one of the large meat concerns of the country and he had the run of their refrigerating plant and could select such meats as he desired. This concern, he stated, was anxious to furnish good meat and avoid complaint, and it was the intention of all concerned to carry out the

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve Tonic will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I then began taking Dr. Miles' Nerve Tonic, and used altogether eight bottles, and I became strong and healthy, and now weigh 150 pounds."

H. C. CUNNINGHAM,  
105 Ellsworth Ave., Allegheny, Pa.  
Dr. Miles' Nerve Tonic is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails, he will refund your money.  
Miles Medical Co., Elkhart, Ind.

contract with the government strictly. The statement of the contractor will be considered by the secretary when he takes up the matter.

### ENGLAND AND TIBET.

Anglo-Chinese Convention Does Not Affect Their Relations.

London, Aug. 9.—The text of the Anglo-Chinese convention regarding Tibet, which was signed at Pekin April 23, was issued tonight and confirms the explanation given in the house of lords May 1 by Lord Fitzmaurice, under secretary for foreign affairs, that the convention did not alter the arrangements concluded by the Anglo-Tibetan treaty.

The convention referred to in the above dispatch entitles Great Britain not to encroach on Tibetan territory nor to interfere with Tibetan government. China, on the other hand, undertakes not to allow any foreign state to interfere with the government or internal administration of Tibet. The convention further affirms that Great Britain does not seek for herself any of the concessions mentioned in article 3 of the Anglo-Tibetan treaty, which are denied to any other state or subjects thereof.

### INDEPENDENT LABOR PARTY LAUNCHED.

New York, Aug. 9.—A new political party, to be called the Independent Labor party, was formed today in this city at a meeting called at the suggestion of the executive committee of the Central Federated union, composed of about 75 of the district labor unions of Greater New York. James Hatch of the executive committee of the Central Federated union declared that the union had determined to enter into independent politics this year, and had mapped out a plan to have a labor party organization in every assembly district of Greater New York, and that in a day or two every labor organization would receive a letter in which the matter would be explained.

Mr. Hatch said that it was not the purpose of the Central Federated union to take up independent politics as a body, but the individual members of the labor unions would be invited to form clubs in their various assembly districts, and from each of these clubs three members would be selected to form the general committee of the Independent Labor party.

### HANGED FOR WIFE MURDER.

San Quentin, Cal., Aug. 9.—On the gallows of the state prison here at 10:30 a. m., today W. H. Treblecox was hanged for the murder of his wife in Grass valley on March 14, 1905. The doomed man went to the scaffold without any unusual display of nervousness.

### CHILDREN IN PAIN

Never cry as do children who are suffering from hunger. Such is the cause of all baby's who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by Z. C. M. 1 Drug Dept. 112 and 114 South Main Street.

Friday is Stephens' Singers' day at Wandamers.

### GO TO SALT AIR FRIDAY

Muscle Day. Special Features. Fine Crowd. Glorious Bathing. Everything Ideal.

## SEYMOUR EATON SENDS RESIGNATION

Concludes International Policyholders' Committee Movement is Not Righteous.

### NOR IS IT WHOLLY UNSELFISH

So He Declines to Continue as Its Secretary and Severs Connection With It.

New York, Aug. 9.—Seymour Eaton, secretary of the international policyholders' committee, sent the following telegram of resignation to Richard Olney, chairman, today:

"Dear Sir:—I herewith tender my resignation as secretary of the international policyholders' committee, to take effect immediately.

"When I accepted this position I believed this movement to be righteous, unselfish, public spirited and in the best interest of the great body of policyholders. I have been outspoken in giving publicity to this opinion. I feel that I owe it to you and the other eminent gentlemen whom I invited to serve on this committee, as well as to myself and the policyholders, that I be just as frank and as fearless in expressing my present convictions by a prompt and positive resignation. (Signed) 'SEYMOUR EATON.'"

The secretary received today from Edwin Leibfried, treasurer of the committee, his resignation, to take effect as soon as the finances can be transferred to a successor.

The president of the Mutual Life Insurance company, speaking of Judge Giegerich's decision of yesterday that the company furnish a correct list of the policyholders to the state insurance department at Albany within 10 days, said:

"The company has two classes of policyholders—those holding premium-paying policies and those holding non-paying policies. The former class the company has on record in nearly all cases the correct postoffice addresses of the insured. This is the result of necessary communications in relation to the collection of premiums. In the case of paid up policies, no necessity existed in the past for constant communication with policyholders and, therefore, there have been many changes of address which have not been reported to the company by the policyholders.

"The list filed at Albany had in all cases such postoffice addresses as the company had in its possession, either at the home office or at the agency headquarters.

"The new addresses required by the decision to be filed are the changes which have been reported to the company since the official list was prepared. The only difference between the present record and the list filed at Albany is in these changes which had not come to the knowledge of the company when the list was filed."

### "PERNICIOUS ACTIVITY."

Deputy Surveyor of N. Y. Port Formally Accused of It.

New York, Aug. 9.—Formal charges of "pernicious political activity" were today laid against Collin H. Woodward, deputy surveyor of the port, who is a candidate for the Republican leadership of the new Twenty-third assembly district. Copies of the charges were forwarded to President Roosevelt at Oyster Bay and to the United States civil service commission, with a request for their immediate consideration.

It is alleged that Woodward has sent into the district more than 100 skilled laborers recently appointed by the United States surveyor of the port, who are "soliciting, cajoling and intimidating" enrolled voters to support him at the approaching primaries.

### MEAT INSPECTION LAW.

President Said Not to Regard It as Water-tight.

Chicago, Aug. 10.—Secy. of Agriculture James Wilson arrived here last night. He refused to discuss the proposed meat inspection law, but it is reported that a conference has been called at which those interested in closer quarantine regulations and inspection of cattle at points of shipment will be present.

According to the report, the president does not deem the new meat inspection law water-tight, as some laxity has existed in passing on diseased cattle by state inspectors. It is said Secy. Wilson wishes to get a uniformity of action.

In the inspection of cattle from the block to the car under the new regulations the inspectors lose that which is declared unfit. If a more rigid examination is made before the cattle are shipped or offered for sale much of this loss would not fall on the packers.

The breeders and raisers of the better grades of cattle are anxious to have the quarantine regulations more thoroughly enforced also, and it is said the proposed meeting has this double purpose up for consideration.

### WOMAN RULED MAN.

Chicago University Professor Has a Queer Theory About It.

Chicago, Aug. 10.—Prof. W. L. Thomas of the University of Chicago, a sociologist authority of note, has produced a treatise on woman, which, after ignoring the Adam and Eve and numerous other theories of the origin of humans, proposes a unique history of the relations of man and woman from the beginning of time to the present day.

Life itself in the beginning was female, and for countless ages after man was created from woman, the latter ruled him and was his superior.

The professor holds this theory, which is contained in the current number of the American Journal of Sociology, issued from the University of Chicago press. Then came a solution in which man gained the upper hand which has resulted, in the middle and higher classes, in the degeneration of the physical, moral and mental life of woman.

Man's superiority over woman in physical, moral and mental qualities, Prof. Thomas regards as an adventitious and hints that the time may come when the restoration to the earlier state of affairs, with woman the dominating force in economic as well as social affairs, will take place.

### HORSE ATTACKS JOCKEY.

Brighton, England, Aug. 9.—Jockey Madden was attacked and severely hurt by an enraged horse here today. Just prior to the decision in the race for the Worthing plate today, Maringold IV, ridden by Brady, reared up and knocked Madden, who was on Centre, out of the saddle. The horse then slipped to its knees, got hold of Madden's throat and shook him like a rat, despite the efforts of Brady, who belabored the animal over the head. Eventually the horse was beaten off. Madden's throat was badly lacerated, and he was bleeding freely when released.

### GOLD BEATERS STRIKE.

New York, Aug. 9.—A strike of 2,000 gold beaters against the open shop began yesterday. Delegate James McCabe of the Gold Beaters' union, announced last night that the strike affects 22 firms.

It was ordered, he said, for the purpose of driving out the middlemen or

small contractors who take contracts from the large manufacturers and who employ their men on the open shop plan.

### ESCAPED PRISONER TAKEN AFTER BATTLE.

Knoxville, Tenn., Aug. 9.—A special from Middleboro, Ky., to the Journal and Tribune says that Frank Ball, who recently escaped jail at Richmond, Ky., was captured late this afternoon by Sheriff Lyle Johnson and posse, after a battle which raged for one hour. Ball some time ago killed Jack Bolen, a Middleboro barber, and after escaping into the mountains, was finally landed in jail at Richmond, Ky., through the work of the Middleboro military company. Not long ago he broke jail and had since been hiding in the mountains. Wednesday night Ball was located in a log cabin near Rose Hill, Va., and Sheriff Johnson and 15 deputies started out to capture him. Reinforcements were sent for as it was feared that Ball's friends and relatives might go to his aid. Nearly 20 members of the Middleboro military company volunteered as deputies and left by special train. Thursday morning after a truce Sheriff Johnson went to the cabin and demanded Ball's surrender. This he declined. Late this afternoon fire was opened on the cabin by the sheriff's forces, and after John Lee, one of Ball's men had been killed, Ball surrendered. Ball will be taken to the Kentucky penitentiary at Frankfort. Tonight the house in which Ball took refuge was riddled with bullets from the guns of the large posse.

### BATTLE OF ANTIETAM REFOUGHT ON BANKS OF AVON

London, Aug. 9.—The battle of Anti-etam, "without its mistakes," was refoought today on the banks of the Avon as part of the maneuvers of the British army and was won by sheer force of numbers by the side representing the Northern army.

No larger force ever assembled on Salisbury plain than appeared today for this sham battle. The umpire was Lieut-Gen. Ian Hamilton, and among those present were Minister of War Haldane and John Burns, president of the local government board. Thirty-five thousand troops, composed of regulars and volunteers were engaged. Maj-Gen. Franklyn commanded the Northern army and Lieut-Gen. Allenby the Southern army. Gen. Franklyn's forces outnumbered those under Gen. Allenby two to one.

The operations lasted four hours. Gen. Hamilton, in delivering the verdict said that to some extent the operations whitewashed the memory of Gen. McClellan. He especially commended the work of the volunteers.

Mr. Burns and Minister Haldane showed the greatest interest in the work of the volunteers in view of the fact that the minister of war's proposals for army reform confide the territorial defence of the United Kingdom to volunteer forces.

### SPANISH AERONAUT DEAD.

Saint Jean De Luz, France, Aug. 9.—Señor Duro, the Spanish aeronaut died here today of typhoid fever.

### PASSED BAD CHECKS.

Washington, Aug. 9.—G. R. Rafferty, 28 years old, has been arrested here and locked up on the charge of obtaining money by false pretenses. He is accused of passing worthless checks here. He claims to be the son of Gilbert P. Rafferty of Pittsburg, millionaire coke manufacturer, and is the husband of a woman who but a few days ago sued the elder Rafferty for \$500,000 for alienation of the son's affections.

### FRAU KRUPP DECORATED.

Essen, Aug. 9.—Emperor William has conferred the Order of William upon Frau Krupp, the widow of the gunmaker.

### STOPPED AUTOMOBILE.

But Mounted Policeman Was Knocked Over and Machine Upset.

New York, Aug. 10.—While pursued by James F. Smith, a mounted policeman, a large touring automobile was stopped at the corner of Jerome and Burnside avenues, the Bronx, early today. Smith, Mrs. Howard and Miss Evans, two occupants of the automobile are in Fordham hospital, the two former suffering with fractured skulls.

The injured are:

Evans, Miss Margaret, No. 131 west One Hundred and Sixteenth street; suffering from shock.

Elliott, Stewart, owner and driver of the automobile, 251 west Eighty-first street; contusions.

Howard, Mrs., of Baltimore, Md., fractured skull.

The automobile was bound south to Jerome avenue, going at a high rate of speed. Smith hailed the driver and when Elliott did not stop started in pursuit at a gallop. He came up with the automobile in Burnside avenue, where the machine swerved to the right, striking the policeman's mount. The horse went over and at the same time the automobile struck the curb and turned turtle, spilling out the occupants. Elliott was the least injured of the occupants of the automobile, and was arrested.

Just before the machine overturned Elliott made a frantic effort to protect Miss Evans. Mrs. Howard, who occupied the tennaneau, had leaped forward to clutch the seat in front. She was thrown from the side of the car. She struck the flagging, where she lay unconscious.

Smith, Mrs. Howard and Miss Evans were hurried to the hospital, where it

was said that the recovery of the two former was doubtful. Miss Evans suffered more from shock, though her injuries may be more severe than at first reported.

### GEO. CROCKER GIVES AN ORGAN.

New York, Aug. 10.—George Crocker, the California millionaire, who, about seven years ago made his home in New York, has presented to the Episcopal mission of St. John's church, Ramsey, N. J., a handsome church and pipe organ in memory of his wife, who died two years ago at Newport of cancer.

Mrs. Crocker was Mrs. Rutherford before her second marriage. Before her marriage to Mr. Rutherford she was Miss Hanchett of California.

### SAFONOFF SIGNS CONTRACT.

New York, Aug. 10.—Safonoff, whose work with the National conservatory of music and Philharmonic society during the past two years created much favorable comment, has signed a three years' contract as director of those organizations. This news was received here from Berlin yesterday in a cable dispatch received by Mrs. Jeanette M.

Thurber, president of the National Conservatory of Music of America.

Friday is Stephens' Singers' day at Wandamers.
