It is their belief that American occupation is the only way to end the civil warfare, and it is not denied that intervention must be followed by American sovereignty. Secy. Taft has cabled to President Roosevelt regarding the gravity of the situation, and Mr. Roosevelt is expected to dictate the future program.

A demonstration was made today by armed revolutionists within a mile of the scene of the peace conference. Gen. Acosta, with 300 insurgents, encamped at La Lisa, west of Minister Morgan's villa at Mariano, and half a mile eastward were rural guards, militia and mounted police. At the in-surgent camp the Associated Press was told that the object of the insurgents coming so close was to show Secy, Taft how complete Havana is in their grasp. Pino Guerra's augmented

force is only a short distance away. He was advancing to encamp just outside of Mariano when the fact was called to the attention of Secy. Taft. Mr. Taft was greatly displeased, and Senor Zayns and Charles Hernandez, former postmaster of Havana, were dispatched to meet Guerra, with the result that the latter turned back. He will take his command 10 or 15 miles south of Havana and there await the decision of the American mediators. In addition to the Zayas party Maj. decision of the American mediators. In addition to the Zayas party Maj. Ladd of the United States army visited Guerrs today. As the insurgents marched he carefully counted their force and reported to Messrs. Taft and Bacon their exact strength. Guerra's army is well equipped and has better mounts than the government forces, pienty of arms and ammunition and several machine guns. Senator Zayas has ordered Gen. Loynaz del Castillo to move his army sway from Havana. When the insurgents were ordered away from La Liss Secy. Taft re-quested Gen, Rodriguez to withdraw the rural guards from Mariayo, and by ismostrow only mounted police wills. The Associated Press correspondent who visited Gen. Acosta today was well reserved and was permitted to pertaintse the equipment of the insur-gents. Gen, Acosta says that if the growthing for the cause of the insur-gents. Taft and Bacon peedived to-

Secy. Taft filed the resolution without comment. Alfredo Zayas de-clined to comment on this action of the Moderates. Secy, Montalvo said this evening that he had heard nothing evening that he had heard nothing about an unfavorable report emanating from Secy. Taft. On the contrary, he had received the impression that the secretary regards the situation rather hopefully. He said that he would deeply regret American intervention and hoped that the situation would be closered in a few days. Secy Montalto eral. cleared in a few days. Secy. Montalvo denied that he would resign.

The palace officials generally uttered reproaches on the Cubans when it was intimated to them that the Taft mission might result in American intervention. A prominent Moderate, who declined to allow the use of his name. said tonight:

"I told Secy. Taft that he would find the situation far more serious than he alticipated. It is not merely a fight over the elections, but the general spirit of revolt prevails to such an ex-tent as to make reconciliation almost Impossible and new and peaceful elec-tions equally difficult. Anarchy is abroad in Cuba, and thousands of armed men with irresponsible and unscrupulous leaders are arrayed against our unprepared and impotent govern-ment. The ugliest feature is that it is fast assuming the form of a race war,

as a great many of the rebels, excepting the leaders, are negroes or mu-lattoes. I am not surprised that Secy.

A meeting of the executive committee of the Moderate party was hastily sum-moned this evening, and it was voted voted moned this evening, and it was voted unahimously to accept whatever dispo-sition of the controversy Messrs. Taft and Bacon may decide upon, in the hope that such a concession will in-duce the Liberals to yield similarly. The latter, however, have as yet signified no willingness to accept the decision of

the American mediators. The rumor is abroad tonight that President Palma, the members of his cabinet and the representatives and senators elected last December will re-sign tomorrow, thus conceding practic-

tonight Secy. Taft spoke hopefully. Al-though some progress has been made, he said, no definite program had been reached. He told of the arrangement to meet representatives of the insurgents and of his previous hesitancy to take this step, and said that "something may come of it." The arguments of the leaders of both the Moderates and the Liberals have been submitted and translated for future reference by Messrs. Taft and Bacon, but the latter said that nothing of a definite nature had been suggested by a hurried read-ing of the briefs. The mediators have sifted the grievances and define them as a demand by the insurrectionists for new general elections and an absolute rejection of those demands on the part

of the government. PEOPLE SIMPLY DISSATISFIED.

SAGE WILL CONTEST WILL BE BITTER AFFAIR.

New York, Sept. 21 .- The announceneut that Senator Brackett of Saratoga would today begin a contest of the will of Russel Sage has attracted widespread attention and interest. The pinion was expresed among lawyers that the case would develop into a bitter and long drawn out legal battle. While Senator Brackett will be-gin proceedings only on behalf of Ed-M. Conreed, the 8-year-old great grand nephew of Russell Sage, it has become known that many of the other heirs have engaged counsel to watch the proceedings. Among the lawyers so engaged are Postmaster William R. Wilcox of New York: Nelson P. Bonney of Notwich, N. Y. and A. Wel-Bonney of Norwich, N. Y., and A. Wel-les Stump. These gentiemen and Sen-ator Bracket held a conference yes-terday. At present neither Mr. Wil-cox nor Mr. Bonney means to take any direct steps on behalf of their clients, but they intend to watch developments and be ready to infervene at any time The putting forward of the Conrect boy, according to lawyers, is a shrewd move. Under the terms of the will \$25,600 was left to 25 of the nephews and nelces of Mr. Sage, with the pro-viso that if any one of them attempted to break the will he would be abso intely cut out. It was evidently held that no one of them would risk his share in the chances of the law. But Edeon can only expect \$6,250. He is the only son of the late Mrs. Nathan C. Conreed, who was one of the four children of Alfretta Lockrow, a niece of Mr. Sage, would have come in for one fourth of the money left to her. If young Conreced fails in his soit it easy for the other branches of the Sage family to compensate him for his loss. As they will not appear in the contest their own legacies are safe and they stand to gain enormously if

by chance the will is broken, Edson M. Conreed lives with the parents of his father. Nathan S. Conreed, at Troy His father is the guardian of his person, and the Adirondack Trust company of Saratoga Springs is the bring the action in his name, Senator Bracketi obtained permis-

sion yesterday from Surrogate Fitzgerald to photograph Mr. Sage's will. He will have this done this morning. Delancy Nicholl, who represents Mrs. Sage, said that no notification had been sent to his client of any contest, and the first that he had heard of any opposition to the probate was from the newspapers. Asked as to the possibil-ity of any compromise on the part of Mrs. Sage, he replied with the utmost vigor. "Never, never, never."

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: ".4 medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Dreps," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CON-TAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used: remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company-California Fig Syrup Co. -plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
