DEMOCRATIC PRIMARIES.

To be Held in the Usual Places Throughout the County Thursday Evening, Sept. 1.

LIVELY SCRIMMAGE WITH JAPS

Demise of John F. Keyser—Student Arrested for Prescribing With-out License.

Officers Robert Burke and Thomas Burke had a lively mix-up on the city hall square yesterday afternoon with two Japs, whom they landed behind the bars at city jail, one named Kunayser, charged with carrying concealed weapons, and the other, Takaler, is booked on the charge of interfering with an officer and resisting arrest.

A report came to the police station yesterday afternoon that Kunayser was flourishing a gun on lower Twenty-fifth street. Officer Robert Burke responded to the call and placed the Jap under arrest. While enroute to the police station with the prisoner, Kunayser came and tried to take the prisoner away, and fought the officer viciously. Officer Thomas Burke, seeing the situation, rushed to the assistance of his brother, and after considerable trouble, both the Japs were subdued, disarmed and landed in safe keeping.

Al. Lessenger was placed under arrest by Officer Burke on the charge of battery, preferred against him by Mr. McCordie, proprietor of the car lunch counter. It appears that Lessenger entered the car and entered into a dispute with McCordie over a meal. The dispute waxed warm and resulted in blows being struck and Lessenger being arrested.

Mr. Keyser was a native of Germany, but has resided here about 12 years. He was 50 years of age, and leaves a wife, five children and a host of friends.

FUNERAL OF R. T. PETTY.

The funeral services over the remains of R. T. Petty were held in the meeting house at Richmond yesterday.

The speakers were President W. H. Lewis, W. R. Burroughs, A. B. Hendricks and N. R. Lewis, all of whom paid a tribute to the sterling character of the deceased.

Mr. Petty was one of the pioneers of this valley, having settled here the summer of 1855, and has continued to reside at Richmond since that time. He was born in Nashville, Tenn., Sept. 22, 1811. His parents accepted "Mormonism" in their native state and moved to Iowa in 1839, and thence to Utah settling at Fort Richmond.

Mr. Petty has always been a conspicuous figure in his home town and has often been honored by being placed in important political and ecclesiastical positions. He has a wife and nine children, 16 grandchildren, one brother and five sisters to mourn his demise.

HELD FOR ASSAULT.

Arthur Sink was before Justice Smith yesterday charged with assault upon John W. Att with a deadly weapon.

The two men have been camped at the Logan river for some time past and on Thursday evening became involved in a dispute over money matters which resulted in a quarrel. Att tried to enforce his arguments with a pitchfork and Sink his with an axe, during the scuffle Sink got possession of the pitchfork and jabbed Att in the face, inflicting a pretty bad wound and barely missing an eye. A telephone message to Justice headquarters brought down Officer Benson who placed both men under arrest. Judge Smith placed Sink under \$500 bonds pending trial in October, and Sink was held to secure bondsman he was placed in the county jail.

Prof. J. A. Bixell, and wife returned from the east Wednesday. The professor will resume his duties at the Agricultural college.

Efforts are being made today to raise an amount sufficient to induce Miss Nance Ford to sing in Logan. She will come only on the assurance of \$500.

MUNICIPAL LIGHT PLANT.

There is considerable discussion on the part of the city fathers as to whether or not it is likely that the proposition will be seriously considered. Efforts, however, are being made to induce all loyal citizens to patronize the city plant.

Supr. Smith reports that the city plant is now furnishing 2,788 lights, of these 450 lights are on the streets, and 2,338 to patrons. For the latter the city receives monthly from the power company \$372. The monthly expense for operation is nearly \$550, leaving a net revenue to the city of \$178 per month. To reduce the operating expenses to about \$475, and they will have power sufficient to increase the income to about \$1,000 per month and by adding another wheel and generator to double the capacity of the plant. Smithfield, Hyde Park and Richmond are now figuring on erecting a pole line and buying power from the Logan City plant.

It would be much cheaper than to put in plants themselves.

Mr. and Mrs. John W. Crawford are rejoicing over the advent of a new girl child, their daughter, who was born on the 24th inst. at the home of Henry Watterson of the Third ward.

Rev. R. E. Gilpin of the Methodist church has resigned his charge in Logan and will take charge of the flock at Corinne, Utah.

The Fifth ward Sunday school children were entertained by the teachers on the tabernacle square yesterday. Refreshments were served, and the day spent in playing games and dancing. Several hundred children were present.

Beautiful Women.

Pump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Hays' Food each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 31, 1901: "We have used Hays' Food in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria."

Robinson was not present, but was away from home, but his counselors, Gearson S. Bastian and Joseph Eckersley, presided.

I earnestly recommend it to any one suffering from sprains." 25c. 50c. \$1.00.

DEATH OF RESPECTED PIONEER.

Dr. Silas G. Higgins, another Dixie pioneer, died last Thursday evening and was buried Saturday morning. He was born in Portland, Maine, Nov. 16, 1821, and moved to California in 1849, where he joined the Church in 1855. He was called to Oregon on a mission in 1855. Being called home with other Elders on the advent of the army into Utah, he was ambushed and nearly killed by Indians en route, being pierced by 13 arrows and a bullet. He reached Utah in 1862 and was called to St. George in 1862, where he has since resided. Brother Higgins was a faithful Latter-day Saint and a successful farmer and physician, and was endeared to the people of Dixie. As much of his professional career was largely a labor of love, he died a poor man in the things of earth, but rich in the esteem of the people.

Harvesting is in full blast, with prospects of a good harvest. People are beginning to get some return for their labors on this once barren soil.

The canal has carried an abundance of water all summer and has been but very little expense to maintain. Not a break has occurred during the entire irrigating season.

In this country it is not a question of water, but having a canal to carry that water you want to use. The Snake river is one of the best rivers in the Intermountain region. It heads in the National Park and keeps up during the irrigation season.

Politicians are looking around the country, but we have not the excitement that prevails in Utah.
