900 delegates, representing nearly half the people of the Union. See how they construed the Republican platform. They even denounced the Republican

party, for its failure to carry out its pledges as to statehood. They believed it meant the admission of those terri-tories into the Union, and they were

right, as the Republican senators on this floor are right in favoring this bill

Vote of Cities and Towns at Annual Elections Shows That Sentiment In Favor of It Grows.

White River Junction, Vt., March 4. -More Vermont cities and towns at their annual elections have voted in fafor of selling intoxicating liquor than favored the change from prohibition to high license in the general vote last month, while in those communities still opposed to the traffic the majorities have been as a rule decidedly reduced. The total vote in 221 cities and towns out of 246 was: Yes. 27.728: no. 23,578, as compared with last month's vote of yes, 28,163; no, 28,289. The missing 25 towns stood last month yes, 2,692; no, 1,426. This shows a gain for high license of 435 and a loss for prohibition of 4,711,

The state after 50 years of prohibition decided a month ago to permit the cities and towns to decide the question of granting the sale of liquor restricted by high license. The majority at that time was decidedly small, about a thousand in a total vote of 60,000 and from the result it was believed that the state might possibly return to prohibition inside of the next two or three

But from the last vote it appears that there is a more decided sentiment throughout the state in favor of liquor selling than a month ago. Although 83 cities and towns voted in favor of icense it will not be until after April that the selling of liquor will actualy begin. In the meantime the state will undoubtedly be drier than ever before in its history, for all the socalled town agencies have been aban-

Shaving a Delight

The emollient, sanative, antisept cleansing, purifying, and beautifying properties of CUTICURA SOAP render it vastly superior to all other shaving soaps. No trouble. No delay. Use the regular Cuticura Medicinal and Toilet Soap. A soft, creamy, emollient lather is always certain. After shaving rub a bit of CUTICURA OINTMENT gently over the shaven surface, then wash the face and scalp freely in hot water and CUTICURA SOAP. An inexpensive luxury for all who shave, especially those with tender, easily irritated or humoury skin. Sold throughout the world,

MRS. COULTER'S MEASURES.

Those Killed Yesterday to be Reconsidered Today-Still Plenty

The days of fillbustering have arrived n the house and it is becoming more and more evident every day that as the session draws to a close there will be a passage or be rushed through pell-mell without any kind of investigation, Just now a measure fails of passage one day only to be reconsidered the next-and esterday with Cahoon's liquor bill. It assed by a vote of 29 to 14. Yesterday three of Mrs. Coulter's measures for the reformation of the youth met an apparent death. Today they may be esurrected and possibly passed.
It does not seem as though the five minute limit rule for debate is cutting off talk very much. There is an un-

Cures a Cold in One Day, Grip in 2 Days 6. 7. Grove box. 25c

nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I feit a change for the better within a week. After aineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all

suffering women knew of its good qualities.

Headaches are the danger signals of coming disease. Malarial headache predicts fever. Bilious headache foretalls liver broubles. Neuralgic headache shows overworked nerves. Periodical headaches tell of female weakness.

Both men and women suffer the first four kinds of headaches, but the last, periodical headache, falls only to the lot of women and cannot be mistaken, for it is the unerring sign of irregular menstruation and bearing down pains.

No woman need give up and accept a life of suffering unless she allows herself to despair. Mrs. Snow, in her letter shows every suffering woman how not only suffering can be avoided but how weakness can be conquered and the best health assured. She tells, how even when the best medical aid failed, Wine of Cardui worked a complete cure.

Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain she was made a strong and healthy woman again. One week of suppression is a serious thing. But nine months! Think of it! Can your suffering be greater than here? Can your case be more seeningly hopeless? Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, hearing down pains or any female weakness. Mrs. Snow's attention was attracted to Wine of Cardui when she was discouraged and beyond the help of physicians—if she hadn't been beyond doctor's help she probably never would have come to take Wine of Cardui. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui, and try it now. Remember that headaches mean female weakness. They are from the same cause. as the irregular flow. Cure one and you care both. Do not postpone your case. Secure a bottle of Wine of
