## Thousands of Sick Ones.

#### Every Week Write For My Book

And to each one I send an order-good at any drug store-for six bottles Dr. Shoop's Restorative. I let the sick one test it for a month at my risk. If it succeeds, the cost is \$5.50. If it fails, I pay the druggist myself. And the sick one's mere word decides it.

You see this offer everywhere-all the time. Don't you realize that I hust be curing the sick ones, else the offer

. I care not for prejudice nor doubts, for they are quickly removed when a patient meets me or writes me. All I ask is that you who need help-you whose health is at stakewill let me convince you.

When a physician-after a lifetime experience-has such faith in himself, you are wrenging yourself not to learn what he knows

I have perfected a treatment which strengthens the inside nerves. It is my discovery, and the sum of my whole Ilfe's work.

When any vital organ is weak, my Restorative brings back the nerve power that operates it-the only power that can make the organ do its duty.

With any other treatment we can only doctor the organ, and the best results are but temporary. My way restores the power that Nature gave the organ at the start. There are but few of these chronic diseases which can ever be cured in any other way.

I cannot always cure. Some of these troubles result from incurable causes, like cancer. But in the past 12 years I have furnished my Restorative on trial to over half a million sick ones, and 35 out of each 40 have paid for it gladly, because they weer cured.

There are 39 chances in 40 that I can cure you, and I will pay for the medicine you take if I fail.

Simply state which book is wanted, and address Dr. Shoop, Box 713, Racine, Wis.

Book No. 1 on Dyspepsta.
Book No. 3 on the kidneys.
Book No. 4 for Women.
Book No. 5 for Men(scaled.)
Book No. 6 on Rheamatism.

Mild cases, not chronic, are often cured by one or two bottles. Dr. Shoop's Restorative is sold by all druggists.

#### HOLDUPS LAST NIGHT. Two Committed Under the Shadow The Police Station.

Near the corner of Second East and Second South streets about 8 o'clock last night, O. E. Erickson, clarionetist of the Grand orchestra, was held up by two young robbers and relieved of a watch and chain and 50 cents. The robbers were very bold in their work. After holding him up within a short distance of several persons, they walk ed along for a block or so with their victim. Erickson was walking rapidly toward the theater and noticed two men in front of him. As he passed or attempted to pass them, one of the men stuck a big gun in his face and told him to hold up his hands and be quiet. He did so, The police were notified and are in hot pursuit.

It was also reported last night by

#### SHAKESPERIAN LECTURE. Frederick Warde Will Speak at L. D S. University Next Week.

There is a treat in store for the stu dents of the Latter-day Saints' unfversity and a few of their immediate friends next week. The eminent Shak-espearean actor and lecturer, Mr. Frederick Wrade, has consented to deliver his most famous lecture, "Shake-speare," at Barratt hall next Wed-nesday or Thursday. This lecture was for it during the last visit of Mr. Ward to this city. It is generally considered the best that he delivers. Frederick Warde is one of the foremost living interpreters of Shakespeare. He is no alyst as well; and he has the facult f portrayal to such a degree that to hear him lecture on Shakespeare is to witness, as it were, the wit, wisdem and tragedy of the immortal bard, almost as if it were enacted on the stage,

Herbert E. Quigley, superintendent of construction of the United States public uliding at Boise says: "I am in re celpt of the several copies of the Christmas Utah-Idaho number of the Deserst News, for which I extend to you both my thanks and my compli ments—the latter for the fine, clean, bright, readuble way in which the number is gotten up. I think it must mark the high water place in all your editions, and it is certainly a credit to your office. It gives me pleasure to be able to give several copies here to people who are interested."

### THE LAKE WILL RISE.

Such the Opinion of Officials of the Weather Bureau.

The great lake has remained stationary during the last two weeks, and still scores the lowest record of 3 feet 6 inches below the zero mark on the official scale. The local weather office officials believe the report two weeks shown by the number that have given

from now will show a slight raise, and that it will be years before the lake is as low again as it is today. It is considered probable that there will be a steady rise for the next 15 or 20

At the time of the highest point reached about 20 years ago, there was fear lest the rise would continue and this city be endangered. But it was this city be endangered. But it was discovered by engineers that long be-fere the water was high enough for that it would flow out over the Tooele or Great American desert, covering an area equal to its present size; and this vent with the precipitation would surely prevent the lake's becoming a source of danger to the city.

#### WILL RESUME MONDAY. Public Schools All Ready for the New Year's Opening.

The schools of this city will resume session on Monday morning. It is a source of great satisfaction that the system is in such a thriving condition, successful in its history. With the prestige already achieved, the work will go on with still greater work. Three cases of will go on with still greater strides, and the mission for which they were intended will be fully accomplished.

A number of changes have been made in the teaching corps, caused by withdrawals in great part by reason of ill health. At the Jackson, Miss Galbraith has been compelled to go to Denver to recuperate, and her place will be filled by Miss Kathryn Johnson, formerly of liff academy, Payson. The late Miss Hill of the Lowell will be succeeded by Miss Knudson, and a successor to Miss Scholes of the Grant, and who is now in St. George, will be Miss Morf. The vacancy at the Whittier, caused by the filness of Miss Simons, will be filled

Miss Houghton, who taught at the Summer, will be followed by Marion Van Cott, and Miss Carolyn Williams' place at the Washington will be filled by the appointment of Miss Roxy Cum-mings, and Miss Mary Moffat succeeds Miss Elarth at the Franklin. Miss Engilman of the Lowell will remain in Pueblo two weeks longer, and her place will be supplied by Miss Schion. All of these appointments are substitutes, and

number of pupils drop out about a month before the holidays and return mmediately after. This will increase e enrollment to the number of 200 or

#### CONTAGION INCREASING. Ten New Cases of Smallpox Developed Daring the Week.

The total deaths in Salt Lake City for the week ending Jan. 3 were the same as for the previous week and three less than for the same week last year, 19 having been reported, 9 males and 10 females. For the same period there were 23 births reported, 14 males and 3 females. Five bodies were brought here for burial during the week and 6 were sent to other places for inter-

The new cases of scarlet fever are two in excess of last week. 4 having developed during the week, but the total number in quarantine is two less, there being 8 cases in quarantine as ompared with 54 for the corresponding week a year ago. The new cases of diphtheria increased from 3 last week to 8 for the week just closed, while the total number in quarantine is 11, 7 in excess of the week previous, and one mere than for the same period last year. The total number of cases of smallpox was increased by the devel-opment of 10 new cases, but the recovery and discharge of 14 cases dur-ing the week made the total number in quarantine 4 less than the preceding week, 28 cases. There were 7 cases of measles reported, 3 of chicken pox and 1 of typhoid fever.

Of all diseases required to be quarantined, there are now 54 in the city as compared with 51 for the preceding week and 88 for the corresponding week

#### PENSIONS FOR TEACHERS. Movement of This Kind Now Taking Definite Shape.

There is a somewhat prevalent opin. ion that teachers are as a rule well paid, but it is a known fact to those only who are in a position to speak that after the school year closes and all expenses are paid, teachers have but little of their earnings left. From stat-istics obtainable it is also ascertained that teachers, especially ladies, after having taught eight or nine years, are in a state of nervous prostration, as is up work recently as well as those who, every year, are obliged to discontinue their work, either temperarily or per-

manantly. This fact is making a deep impression here, so much so, that matters are takhere, so much so, that matters are tak-ing definite shape looking to a plan by which teachers may receive pensions. Supt. Christensen stated today that steps are now being formulated wheresteps are now being formulated where-by a movement, voluntary on the part of the teaching fraternity in the city, is to be made, and in the very near future, an advisory board is to be ap-pointed, which will be empowered to aunch this enterprise. It is probable that this committee will recommend that small sums be deducted monthly by the cierk of the board, and which will constitute a pension fund. When it will constitute a pension fund. When it is seen that the movement is popular legislative action will be invoked. An incident that recently occurred in

the city has emphasized the import-ance of the undertaking. A lady teach-er, whose health had been in a decline for some time, found that a change of climate was necessary. A few of her fellow teachers, knowing her limited means, and without the knowledge of the lady, raised a handsome sum for her, which was accepted with profound gratitude, and she was enabled to take the only means possible of restoring her lost health.

### MARKLAND'S SANITY.

Case Taken Under Advisement by Deputy Clerk Eldredge.

The examination of Charles B. Markland as to his sanity was again taken up today by Deputy County Clerk Eldredge and Drs. Mayo and Odell. S. S. Deutsch, who swore to the complaint, charging Markland with the complaint, charging Markland with insanity, withdrew his charge and Attorney Hutchinson moved that Mr. Markland be discharged. Deputy Clerk Eldredge refused to discharge him, because he thought that the public should be protected in this matter. He accordingly took the matter under advisement until Tuesday afternoon at I o'clock, in order that Judge Hall may be consulted on the question.

#### COPPER PRODUCTION. That for 1902 Exceeds that of 1901 Very Considerably.

port compiled by the New York Metal exchange there has been an increase in the production of copper for the year just closed. The figures for 1902 are 293,830 tons as compared with 266,716 tons in 1901. Adding the net importations of foreign copper the total for 1902 is 368,757 tons, as compared with 328,002 in 1901. The exportations, how ever, have been nearly doubled.

In 1902 the total exports of copper were 168,435 tons against 98,941 in 1901. Consumption also increased, probably on account of the low prices and it is estimated that the country consumed 203,000 tons last year compared with Summing up the results of the year the statement shows that the stocks at
