BY TELEGRAPH.

FOR THE WEEK END, MARCH 21, 1883.

AMERICAN.

WASHINGTON, 20.—The President
will remain here to entertain the
President of the Diet and will
probably join Secretary Folger at
Fortress Monroe the latter part
of next week, from which place they
will not doubt proceed to Europe.

The President has ordered the
suspension of Judge Everett J.
Conger, Associate Justice of the
Territory of Montana, against whom
charges of drunkenness and gam-
bling have been preferred.

Secretary Chandler has issued an
order fixing the hours of labor in
the navy yards at eight.

James Merritt & Co., of Detroit,
Michigan, are declared by the Post-
office Department to be engaged in
fraudulent advertising, and are
prosecuted at Detroit.

The Postmaster General has directed
to discontinue the delivery to that
firm of registered letters or money
orders.

During the closing hours of the
last session of Congress a bill passed
authorizing the Postmaster General
to adjust the salaries of certain
postmasters, but that bill makes no
provision for carrying out its
requirements. It is said at the
Postoffice Department that the law
can't be executed without an ap-
propriation and an additional force
of clerks. It is estimated the ad-
justment of salaries directed by the
bill will require the expenditure of
at least \$50,000.

The French and American Claims
Commissioners made two small
awards against the United States,
and their counsel for France moved
that the Commissioners declare the
grounds on which they disallowed
the claim of Etienne Derbois. This
was claimed by the proprietor of a
newspaper in San Francisco for in-
jury to his establishment alleged to
have been caused by troops of the
United States. The action is taken
under advertisement.

The Secretary of the Treasury has
called for the detailed statement of
the condition of the Treasury with
a view to acting upon various propo-
sitions which have been submitted
to him in relation to the future
financial operations of the government.

The Secretary of State has trans-
ferred to the Secretary of the Navy
the Japanese indemnity fund, and
the whole matter will now be
settled without delay.

The Secretary of War has informed
the Postoffice Department that
owing to the inadequate appropriation
made by Congress for the support
of the Signal Service, the chief
of the Signal Service has been com-
pelled to resign, and has been suc-
ceeded by General Sherman.

The price fixed at 35 cents a can

said that 35 cents is all they can
pay. A milk war is probable.

"It's a Lie."
New York, 20.—The Times Phila-
delphia special says: A reporter in-
terviewed Judge Black, a "press
sensation" about the distinguished
jurist which stated that public
meetings were being held
throughout the Territory
concerning the failure of Congress to
pass the Edmunds anti-polygamy
bill, and that the meetings would
continue throughout the week.

"Well," said the Judge, "they cer-
tainly have the right to rejoice.
These bills have been presented by
men who have been influenced by
their prejudices. Congressmen do
not know what effect such bills have
on the people they try to oppress.
Let me touch upon the consti-
tutionality of the anti-polygamy
bill. It will be made shortly. As
lawyer for the Mormons, I read now.
You say that telegram was an As-
sociated Press dispatch. It's a lie;
the meetings are not being held."

So show.
On the republican chances for the
Presidential candidacy, he said:
"Edmunds has not the ghost of a
chance. The man who looks to me
as the most probable candidate is
Conger of Michigan. I have heard
his name mentioned in a quiet way
among prominent politicians. He
has the elements of a leader. He is
not an eloquent and brilliant man,
but he has a heart in him, more than
Edmunds and Garfield combined.
Conger has no enemies. His record,
both private and public, is clear."

The Secession.
The fifteenth annual dinner of
the Secession was held at Delmonico's.
Mrs. Croly, who has just been elected
president for the eighth time,
read the annual address. The
field, Miss Emily Faithfull, Louise
Thomson, Virginia Titcomb, Mrs.
Phoebe Hamford and Mrs. Dr.
Lester made short speeches, in all of
which the theme was severely dealt
with. Among the guests were
Mrs. Dr. Newman, Mrs. E. Finch,
Mrs. E. C. C. and Mrs. Madge
Mackay. An original paper on "Huma-
nitarianism" was read by E. A.
Smith, which his many public men,
and which was received with much
applause.
