LOCAL AND OTHER MATTERS.

THEATRE.—Do not forget to attend the Theatre to night to-witness "Through by Daylight," with Mr. J. M. Ward in his triple character of "George Glenroy," "Dick, twin brother to Mick" and "The unexpected friend," his rendition of which has created a furore wherever presented. Miss E. Couldock will sustain the role of "Edith," the heroine of the piece; Mr. D. McKenzie will appear as Arthur Cumstock jr., Mr. Graham as Johnny alias Rip tearing Johnny," other characters by Messrs. Thorne, Marden Dunne, Bowring, Harris, Mrs. Bowring, and many others. The piece consists of a prologue and three acts, abounding in scenes and situations said to be more startling in character than any production of the modern stage, and to be realized they must be seen.

The Rocky Mountain Vocalists will appear in the piece, and sing some of their choice pieces. Go and hear their "Sword of Bunker Hill," it's a beautiful patriotic song.

APPOINTMENTS.—By reference to our dispatches it will be perceived that Utah is to have a new revenue assessor and a new register for the Land Office.

In the DESERET EVENING NEWS of the 29th ult., and in subsequent issues, there appeared a notice from Hon. E. Smith, Probate Judge of this county, apprising all persons concerned, that on and after the 11th of this month, E. W. East, Clerk of the Probate Court, would be ready to file the declaratory statements of owners of lots in this city, under the act of the Legislative Assembly of Feb. 16, 1869. This is an important duty devolving upon all owning homesteads in this city, and one which the recent entry of the site of Salt Lake City confers upon them the privilege of complying with. The law allows until the 22nd day of next May for the filing of these declaratory statements, and all parties interested must comply with its requirements to secure a *bona fide* title to their land; and the sooner the necessary steps are taken the better. In doing this it will be well for parties to go to the gentleman named in the advertisement already referred to, or to other responsible parties, several of whom are round, and their advertisements may be found in the advertising columns of the News. We call attention to this matter just now, because of a circumstance which transpired not more than a week since in this city, and which we think should be made known, to put the people generally on their guard. About six or seven days ago two men called at a house in——Ward, occupied by a widow lady, and asked her if she desired to procure a government title to her lot, by the way, a very valuable one, situated in a central and populous part of the city. Not suspecting anything wrong, and being naturally desirous of securing the title to her property, she expressed herself accordingly. The parties then left, promising to call again. After leaving, the lady mentioned the call to some of her personal friends, and they advised her not to entrust the transaction of the business to strangers, but rather to responsible persons well known and respectable. She took no further steps in the matter at that time, and a few days subsequently she received a second call from her former visitors, the would-be negotiators of real estate and this time it became fully apparent that they meant business if possible, for they volunteered to procure her a government title for her lot *if she would give them a portion of it* for so doing. Their services, on such terms, were promptly declined.

This circumstance is one that actually transpired, and from its publication the people will see that sharpers and swindlers are on the alert to fleece the unsuspecting. By all means take every step necessary to secure the government title to your lots, but go to parties whom you know to be respectable and responsible, and have nothing to do with strangers who go round on the quiet soliciting such jobs, for ten to one such characters are swindlers and thieves in disguise, and very thin disguise too.

INVESTING.—The Gold Hill *News* says—

"London just now is moving through the experience of New York and Philadelphia ten years ago in the matter of gold and silver mining stocks. It is said that mining companies based upon properties in California, Nevada, Utah, etc., are being organized in that city at the rate of about one every other day, and that they are doing well. One London journal contains the prospectus of five new companies of this character, with an aggregate of $6,000,000 capital. Four of those companies are based upon undeveloped mining properties of which very little is definitely known in this country. It is none of our business how England spends its money, but this fact suggests some little reflection in the way of financial history."

Personally, and as an integral portion of the community to be more or less benefited by the above mentioned organizations and investments, we must rejoice therein, and we may take occasion once more to state that recent and current investments of capital in this Territory would have been much larger, had not they been prevented by unwarrantable judicial proceedings. At the same time, we ought also to remark that if our foreign friends invest in any possibly wild-cat institutions, as indicated by our contemporary, those investing must bear the loss and those misrepresenting the character of the mines must bear the blame.

WADING.—We always consider Salt Lake City one of the cleanest and pleasantest cities of its size and amount of population that can be found in the Union. It is the city between Chicago and San Francisco that one experiences the greatest desire to dwell in. Still, in damp times underfoot, like the present, the streets are not the most agreeable places in the world, and any persons who exert their ingenuity and energy towards a more improved sanitary condition and a little less mud, are entitled to the honor of being considered public benefactors. The frost king is friendly in the matter of roads, but he is not strong enough at present in this locality. However, our citizens are not the worst off in this particular, judging by the following from the Gold Hill *News*:

"OUR RIVER OF MUD.—The filthy confluent mud of Main street was never more thoroughly disgusting in its total pastiness than it is to-day. No one can cross the street without wading about knee deep through the dark brown flowing compound, except at two points—the block crossing in front of the Bank Exchange, and the railroad crossing at the upper end of town. More crossings are needed."

AN IMPROVEMENT.—We observe the taking up of the old wooden posts for the chain fencing in front of President Young's residence, and the putting in of some square pyramidal granite posts, an improvement having the elements of beauty, serviceability, and durability.

THERE is a message at Deseret Telegraph Office for Samuel McMasters.

JUSTICE.—A short time ago the New York *Tribune*, speaking of certain court proceedings in this city, said—

"The indictment, however, is part and parcel of the legal proceedings instituted against sundry leading Mormons, and, it must be confessed, is not so much in the interest of abstract justice as in that of society."

From which two things are manifest—first, that the *Tribune* does not consider the interests of justice accordant with the interests of society; and second, that the *Tribune* does not think indicted "Mormons" are likely to get justice. If the *Tribune* had said that the interests of justice and the interests of party were not identical, it would have shown a fuller comprehension of the situation.

ALL PERSONS knowing themselves indebted to Naylor Bro's are requested to call and settle before the 25th of Dec., '71, to save further expense. d13 2w

140,000
SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR. — *Scientific American*, June 10, 1871.

The Singer Manufacturing Company,
AT THE WORLD'S FAIR

—Constituted by the homes of the people—

Received the Great Award of the Highest Sales and have left all rivals far behind them, for they

Sold in 1870 127,833 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "WORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,060
Wheeler & Wilson	83,218	Gold Medal	6 913
Howe	75,150	Elias	5,806
Grover & Baker	57,402	Empire	3,560
Weed	35,002	Finkle & Lyon	2,400
Wilcox & Gibbs	28,860	Parham	1,760
American Buttonhole & Overseaming	11,573	Wilson	500

And several other companies who sold a few Machines.

It will be seen by this table that the popularity of the **Singer Machine far exceeds that of all others**, their sale being **one-half greater** than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the **Singer Company** have **lately** commenced making, besides their old and well-established manufacturing machine, what is known as their **"New Family Machine," which is selling at the rate of nine to one better than their old style.** Their total sales for 1869 were 84,781 machines against the 127,833 of 1870, **showing an increase of one-half in the latter year.**"—*New York Sun.*

One-half of our Gigantic Sales, now nearly

THREE-QUARTERS OF A MILLION
Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS

But the greatest increase of our Sales over all other Machines, being within the past year This is incontestible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This New Family Machine is now capable of a range and variety of work such as was **only recently** thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the **interlocked-elastic-stitch**, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to **first-class work.** Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the **GREAT BLOOD PURIFIER** and **A LIFE-GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
