

OPPOSED TO WILL OF IRISH PEOPLE.

Such, According to John Redmond, Is Present System of Government in Ireland.

A DEMAND FOR HOME RULE.

Chief Secretary Wyndham Gave an Explanation of How Unfortunate Misunderstandings Arose.

London, Feb. 20.—In moving as an amendment to the address in reply to the speech from the throne the declaration that "the present system of government of Ireland is opposed to the will of the Irish people," John E. Redmond led the Irish party in the House of Commons today in an attack that contained for the Conservative ministers a demand for home rule.

The Redmond amendment was carried by a large majority. Interest in the debate was intensified by a well-known speech from the Earl of Aberdeen, who declared that the Earl of Dudley had resigned the lord lieutenancy of Ireland. This report, which was given wide credence, put heart in the Nationalists, who made the attack on the Earl of Dudley one of the features of their speech.

The Earl drew crowded galleries, and peers especially were noticed, among them the Duke of Abercorn, the Earl of Londonderry, the Earl of Aberdeen, the Earl of Cadogan, the Earl of Westmeath, the Earl of Ashburnham and others interested in Ireland. It was generally believed that the debate would bring out a soundly national scene, but while nothing of this kind was expected, the Irish Nationalists, the critical situation, coupled with the clever tactics of the Irish Nationalists, kept the galleries interested and alert until midnight.

Redmond's speech was an uncompromising demand for home rule. He directly and unapologetically charged individual members of the Irish administration with incompetence. Both Mr. Redmond and Mr. Moore (Irish Unionist), who followed, made a special point of what they termed the "shameful treatment" of Sir Anthony MacDonnell in connection with the now famous difference in the military over the devolution scheme.

Mr. Wyndham, chief secretary for Ireland, delivered a straight forward explanation of how those unfortunate misunderstandings arose. In doing so he paid a splendid tribute to Sir Anthony MacDonnell, who, he said, was asked to accept the post of under secretary, not in the capacity of an underling, but as a wise and able colleague. Mr. Wyndham said he had given MacDonnell a free hand to deal with the situation. He had discussed the situation with him, and he knew that MacDonnell and Lord Dufferin had been considering a reform scheme, but he did not know all the terms of their plan. Mr. Wyndham said:

Health of American Women

A Subject Much Discussed at Women's Clubs—The Future of a Country Depends on the Health of Its Women.

Mrs. T.C. Willadsen Miss Mattie Henry

At the New York State Assembly of Mothers, a prominent New York doctor told the 500 women present that healthy American women were so rare as to be almost extinct.

This seems to be a sweeping statement of the condition of American women. Yet how many do you know who are perfectly well and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular menstruation, leucorrhoea, displacement of the uterus, ovarian trouble, indigestion or sleeplessness? There is a tried and true remedy for all these ailments. Lydia E. Pinkham's Vegetable Compound has restored more American women to health than all other remedies in the world. It regulates the female organism and cures diseases of the worst forms of female complaints.

Such testimony as the following should be convincing.

Mrs. T. C. Willadsen, of Manning, Ia., writes:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life and I cannot express my gratitude to you in words. For two years I spent lots of money in doctoring without any benefit for me. I was so weak and I had been for many months of ever being well again, but I was persuaded to try Lydia E. Pinkham's Vegetable Compound, and three bottles have restored me to perfect health. Had it not been for you I would have been in my grave today."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

PHYSICIANS EVERYWHERE

Know the Value of Pyramid Pile Cure.

"Gratitude alone prompts me to testify to the efficacy of Pyramid Pile Cure. I bought a bottle of this medicine at the drug store, which cured me of bleeding piles, and I was a sufferer from them for eight years. I had not been troubled with them since until last September, when I gave birth to a baby girl and after that I had a very severe case of protruding piles, which a trained nurse said was the worst case she ever saw and my doctor told me to get Pyramid Pile Cure again, which I did and was completely cured in three days. I have not had piles of any kind since and all owing to this wonderful remedy. My nurse took a box, which I was glad to be able to give her, for I know she will be able to help lots of suffering people whom I could never see or know."

"I recommend Pyramid Pile Cure wherever I know of any one suffering as I did. It gives me great pleasure to be able to say I am entirely cured, which my doctor says is true. I say God Bless Pyramid Pile Cure." From a former great sufferer, Mrs. F. A. Annett, 1206 Unity St., Frankford, Philadelphia, Pa.

This remedy, which is sold by druggists generally, in fifty-cent and dollar packages, is in a suppository form, is applied directly to the rectum and performs its work quietly and painlessly. Its value is evidenced by the testimony given above and by the fact that it is a little box on the outside and a little box on the inside. It is sold by the Pyramid Drug Co., Marshall, Mich., and will be sent free to any address.

told him that it was, in my judgment, quite impracticable."

Mr. Wyndham said he was absent for a holiday when the devolution scheme was published, and that, when he returned, without consulting MacDonnell, he wrote to the papers demanding the elective council feature. Mr. Wyndham said the cabinet never had doubted MacDonnell's loyalty, but simply had recorded itself as not approving the action of an under secretary who had approved of a scheme without first submitting it to his chief. Mr. Wyndham admitted that MacDonnell, perhaps, was justified in taking his approval for granted.

The night session was taken up by T. W. Russell, Winston Churchill and others, who bitterly assailed the government's management of Irish affairs and the Earl of Dudley's administration. The rumor of the resignation of the Earl of Dudley quickly spread through the house of commons, but late tonight the lord lieutenant's secretary declared the rumor to be unfounded. A special meeting has been summoned for tomorrow to discuss the situation.

BRITISH CABINET CRISIS.

London, Feb. 21.—Until after today's meeting of the cabinet probably nothing will be known definitely as to the outcome of the MacDonnell incident. In spite of denial, there is a strong impression that the crisis will not end without some modification of the cabinet. Secy. Wyndham's speech is admitted by his own newspaper supporters this morning to have been rather a weak performance, and throughout he appeared very uncomfortable, especially when Winston Churchill put to him the awkward question why, if Sir Anthony MacDonnell was reprieved, the vicerey escaped reproof?

Will Call General Strike.

Kief, Feb. 20.—The employees of the Southwestern railroad met today, discussed their grievances and decided to call a general strike, but without recourse of coercive measures. Representatives of the company tried without avail to induce the men to reconsider their decision.

FREIGHT FOR GOLDFIELD.

Express Co. Refuses to Receive Machinery and the Like.

Reno, Nev., Feb. 20.—Wells Fargo & Co. today flatly refused to receive a shipment of machinery and other appliances necessary to establish a laundry at Goldfield. As a result, the owners will be compelled to ship the material in by teams, for it is impossible to ship the machinery by freight. The Southern Pacific company having placed an embargo on everything except perishable goods.

Yesterday a banker at Goldfield sent

Clean House

with Fels-Naptha. The easiest and best cleaning you ever had.

Fels-Naptha Philadelphia

an order to have several thousand bricks shipped to the employment being one amounting to almost \$700, but cannot be handled.

The action of the express company today gives rise to the report that they, too, will be asked to handle goods upon the blacklist.

AT POINT OF DEATH.

An Old Man Victimized by Gold Brick Swindlers.

Portland, Or., Feb. 20.—Lying at the point of death in his home, 25 miles south of this city, is a man 75 years of age who three months ago was victimized by \$10,000 because two confidence men, who used the antiquated "gold brick" trick, deceived him. The old man became aware that he had been swindled, he suffered an attack of heart disease. His relatives who came to Portland the next day, and reported the matter to the police, refused to make known the man's name as they say that the publication would kill him. The confidence men, after scheming for several weeks, managed to sell the man a "gold mine" the first installment being \$10,000. After having secured this sum, as usual they posted a letter to him stating they presumed he knew that he had been swindled. The letter stated that it would do the old man no good to "make a fuss" about it as he would be "sore" by all his friends, and concluded by advising him to "keep quiet and make the best of it." When the old man got the letter, according to his relatives, he fainted and became delirious. During lucid moments, they say, he begged piteously that his name be kept secret.

The detectives have little hope of capturing the two men owing to the meager description given them.

MISS ALICE ROOSEVELT.

Will Accompany Secy. and Mrs. Taft to Philippines.

Washington, Feb. 20.—It is understood that Miss Alice Roosevelt will accompany Secy. and Mrs. Taft on their visit to the Philippines next July, unless other engagements prevent. It is probable that the trip will be made on the army transport Sumner, and will occupy about three months, allowing one month each way and one month in the islands.

ALONE ON THE DESERT.

Demented Reno Man Almost Perishes of Cold.

Reno, Nev., Feb. 20.—Ed White, Jr., a resident of Reno, who here last Saturday for the southern country. He was ill at the time and while riding on a stagecoach from Tonopah and Goldfield, he became demented, tore off his clothes and jumping from the stage started across the desert. It was some time before he was found, but was finally captured. He was suffering greatly from the cold, his flesh was wasted and he was almost exhausted. By the combined efforts of several friends he was forced into a rig and taken to Goldfield, where he is now in care of a physician.

Montana Railway Commission.

Helena, Mont., Feb. 20.—The Republican at a joint caucus this evening selected Nathan Godfrey and Milton Davidson as members of the proposed railway commission. Godfrey is a shoemaker and Davidson is a merchant. The commission is to have three members. The Democrats will select their member at a caucus to be held this week. The bill will be up for final reading in the house tomorrow and indications are for its passage.

Charges Not Sustained.

Charleston, W. Va., Feb. 20.—The senate investigating committee adjourned tonight without substantiating any of the charges of malfeasance and bribery made against Gov. White or any other state official.

RECOMMEND EXPULSION OF BOODLE SENATORS.

Sacramento, Cal., Feb. 20.—The special committee appointed to investigate bribery charges against Senators Emmons, Bunkers, Wright and French, recommends that they be expelled from the senate.

The senators mentioned were accused of demanding and accepting a bribe for protecting certain building and loan associations from investigation by the legislative committee on retrenchment and reform, of which they were members. A trap was set for them and marked bills were given to a go-between, who was seen to pass the money to them. Each senator received \$350. They have been indicted by the Sacramento grand jury.

After the presentation of the report of the special committee, which stated that each of the four accused senators had received \$350 to influence his action in regard to the reporting on the management of building and loan associations, Senator Belshaw, chairman of the committee, said that additional testimony had just been received, and remained to be printed. He therefore recommended that the committee's report be made a special order for next Thursday morning, and this motion was adopted. Debate on the adoption or rejection of the committee's report was then postponed until Thursday.

Dist. Atty. A. M. Seymour occupied the entire morning in Judge Hart's court, replying to the argument presented Saturday by Atty. H. V. Moore. The demurrer filed on behalf of Senators Emmons and Bunkers, who are charged with bribery indictments by the grand jury.

In answering the argument made by Moorehouse that the legislature has no power to investigate private corporations, Seymour held that it was not necessary to have any investigation brought to the attention of the committee to prove bribery. The fact that the accused had been charged with accepting money for their votes brought them under the authority of the courts was also pleaded by the district attorney.

How Girls Should Salute Flag.

New York, Feb. 21.—After a heated debate in which 40 women of the Bayonne N. Y. Political Studio club, have voted, by a large majority, that the proper way for a girl to salute the flag is to touch the forehead with the right hand, precisely as a man does.

The club is composed of the leading society women of Bayonne and vicinity, and has been considering the question of saluting for some time, and one of the members went so far as to ask President Roosevelt for his opinion.

In the debate which preceded the voting an elderly club woman declared that women should "wait until the lords of creation give us our rights and a full measure of citizenship before we salute the flag at all."

SENECA INDIANS.

Four Confined in Castle William For Desertion.

New York, Feb. 21.—Castle William, an old military prison on Governor's Island, has received a quartet of Seneca Indians, three of them in school days famous athletes of the Indian school at Carlisle, Pa.

The redmen, who began to serve terms for desertion from the army, are Glen Pierce, a few years ago, one of the tackles on a Carlisle football team; W. D. Dockstader, one of the best shortstops the Indian school ever produced; Luke Ahren, a star pitcher four years ago, and a Seneca boy who was not so fortunate as to get a chance to distinguish himself at the Indian school.

They were arrested recently at Fort Porter near Buffalo, to serve one year each. They deserted from the First infantry, garrisoning that post.

FOUR MEN DEAD, FOURTEEN INJURED.

Result of the Explosion of a Stationary Boiler at Provident Coal Company Mine.

ALL WERE IN THE BOILER HOUSE.

Had Congregated There, Day Being Wet and Cold, to See if Their Services Were Wanted.

St. Clairsville, O., Feb. 20.—Four men are dead and fourteen injured, five of them seriously, as the result of an explosion today of a stationary boiler at No. 1 mine of the Provident Coal company near here.

THE DEAD.

William Adams, president of the local branch of the United Mine Workers of America.

Ell Minty, engineer, aged 26, married, of St. Clairsville, O.

Michael Meili, aged 33, of Glencoe, O. Unknown Hungarian miner blown to pieces.

The mine shaft, which has recently been completed, has not been operated daily on account of the installation of new mine machinery, but the employees reported every day to learn if their services were needed.

Today was wet and cold and the men congregated in the boiler house, a temporary structure, equipped with an old boiler, which had been used in sinking the shaft and was still in use pending the installation of the new boiler. Without a moment's warning, the boiler exploded with a terrific report, hurling the men in all directions and blowing the building into fragments.

CANADIAN LAND DEFENSES.

Dominion Will Take Them Over From Imperial Government.

Ottawa, Feb. 20.—Details of the acquisition of the Canadian land defenses by the Dominion government, which will take over the works from the imperial government on July 1, are made public. It is understood that the British government suggested that Canada should pay \$250,000 sterling, or \$1,350,000 of the cost of maintaining the defenses, and leave the control in the hands of the British government. Canada would not consent to do this. She adhered to her outstanding offer to assume control and foot the whole bill, which will be over \$2,000,000. What Canada objects to is making permanent expenditure which would not be under the control of the Dominion government. The British authorities have agreed to Canada's offer.

Too Much Frenzied Finance.

New York, Feb. 20.—Dennis Donohue, financial editor of the New York Commercial, who has been tugging in a magazine a series of articles, "The Truth About Frenzied Finance," which are in reply to the statements of Thomas W. Lawson, about financial conditions, was arrested today on a warrant charging criminal libel, issued upon complaint of Herbert Gray of Haverhill, Mass.

Montana Legislature.

Helena, Mont., Feb. 20.—Gov. Toole today signed three legislative bills, one providing heavy penalty for destruction of railroad property, the measure being prompted by the depredations of Isaac Gravelle, who committed suicide after he had been convicted of dynamiting the track of the Northern Pacific in an effort to compel the officers of it to pay him \$50,000. A fellow servant bill, holding companies responsible for accidents to employees, where a sub-officer or foreman is responsible, was also signed. The last bill was one providing for public scales and public weighers.

Montana Pioneer Woman Dead.

Helena, Mont., Feb. 20.—Mrs. Angie Potts is dead here from a complication of diseases, aged 59 years. She was the widow of Gen. A. F. Potts, who served as governor of Montana territory for 12 years.

Wreck on Canadian Pacific.

Nelson, B. C., Feb. 20.—The mixed Canadian Pacific railway train running between this city and Procter, while the west arm of the lake is blocked by ice, was impeded close to Procter today. A freight car and one passenger coach left the rails. Seven passengers were slightly injured. One of the latter was G. O. Buchanan, a capitalist of Kelso, who spread rail was the cause of the accident.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.
