University of Utah Plays Aggies, Granite High Meets Butte Eleven and Salt Lake High Plays Ogden.

Local football enthusiasts will watch with interest for results in three football games scheduled for Thursday afternoon. The games mark the close of the season. Probably the most important will be that between the U. of U. and the Aggies on Cummings field. The Aggies are somewhat crippled by the absence of Loei and Schaefer, while the U. team will be down. Thursday morning and will be royally entertained. They will be given a dinner at the Commercial club by John and John C. Sharp and Matt Thomas. The team will be accompanied by a big crowd of rooters and the Aggies expect to give the U. team a hard fight. The Aggies arrived today and appeared to be in fine shape. There will be a special train of rooters down Thursday night and it is estimated that at least 500 will come.

The Granite high school team is in the city ready for the fray with the heavy Utah team. The Granite team is in fine shape and the Granite team is in fine shape and the Granite team is in fine shape.

Interest in billiards and kindred table games ought to take on a great boom this season from the start that has been made by the room keepers of New York and neighboring cities in the preliminary organization of the National Room Keepers' association, that has for its object the promotion and encouragement of billiard games, both of amateur and professional, held in America. The necessity for an organization of this kind has been felt for years, and the important changes taking place in the promotion of big tournaments are the most radical in the history of billiards. Many matches are scheduled to be held, several intercity tournaments are being planned, and one big professional tournament to decide the 18.2 ball line championship is now on in New York from Nov. 22 to Nov. 29. Six of the most expert wielders of the cue are entered in the competition. The players are George Slosson of New York, Calvin Demarest of Chicago, George Sutton of Chicago, Harry P. Cline of Philadelphia, Al Cutler of Boston and George P. Slosson of Paris. The tournament promises to be the most striking battle in the history of the sport. Five American players will be opposed by the best professional player in France, and \$5,000, with the gate receipts, will be divided into 40, 30, 20 and 10 per cent. Willie Hoppe has announced that he will play the winner for a side bet of \$10,000.

## CHANGE OF RULES IN TROTTER RACES

New York, Nov. 23.—Two out of three heats will hereafter constitute a victory in trotting races recognized by the American Association of Trotting Horse Breeders, according to an announcement made at the annual meeting of the association tonight. In a vote by mail, opposition to the three in five races was 35 to 33. The proposal made last year for the establishment of a national stake for the trotting championship of the United States was renewed today by Frank J. Kilpatrick of Santa Rosa, Cal., and by W. E. Stokes of Kentucky. Mr. Kilpatrick urged that Pacific coast trotters should have inducement to meet winners in eastern events. He would have a series of three races, representing the east, central and west and Pacific coast districts, with a final contest for the American championship. The contests, he suggested, should be at Boston, Indianapolis and Lexington, Ky., for the championship meet. United States Senator Bailey of Texas, president of the association, said that the national championship idea had the approval of the association and that the plan would be taken up when stakes of \$50,000 were guaranteed. Senator Bailey was re-elected president and all other officers were re-elected.

## TWO RINGERS IN OKLAHOMA RACES

Lexington, Ky., Nov. 23.—Horsemen here are greatly interested in the efforts being made to properly identify the two horses in Oklahoma that are believed to be ringers, and since the racing manager, Mike Bowerman, as Mary Laidley, it is the consensus of opinion among the local horsemen that the bay gelding that has been trotting under the name of New State is none other than the noted gelding, Rush, 2:16, who was raced by Tom Price of this city during the season of 1907 with much success, he having taken his record at Nashville, Tenn., on Sept. 24 of that year.

The fact that both horses were purchased by the same parties at the Chicago sale, and that one of them had been positively identified by his former owner and trainer as Mary Laidley, has led the horsemen to the belief that Rush is the other horse suspected of being a ringer. At the close of the campaign of 1907 Price sold Rush to Robert S. Strader of this city, and the latter consigned him to the Chicago sales, and while neither Price nor Strader has been called on to go to Paula Valley, Ok., to try and identify the gelding, both are of the opinion that New State and Rush are one and the same horse, from the published description of the horse.

In speaking of the matter here this week many prominent trainers expressed surprise that any one would endeavor to race Rush under any but his right name, and that one of them had even seen him under circumstances. But as the conditions concerning the identification by marks of Mary Laidley are practically the same as regarded Rush and as "Ringer" has positively been identified by Bowerman as Mary Laidley with a record of 2:07 1/2, it is the general opinion among local horsemen that the person who would attempt to use one of them as a ringer would be just as likely to attempt to race the other. Both Mary Laidley and Rush were raised and trained over the Lexington track, and both any horseman here could identify either or both of them.

## "UNCLE" SOLD BY OWNER SAM HILDRETH

New York, Nov. 24.—Sam Hildreth has sold his great race horse Uncle to Charles Kiebler, of New York, a man that he never is to be raced again. He will be retired to the stud next spring. Uncle worked a half-mile in 47 seconds to a race last season, but injured himself soon afterward, and Hildreth always contended that but for this injury Uncle would have been for this large wages lost on his demand cost him more than \$100,000.

## DEMAND IS TO BE RETIRED SOON

New York, Nov. 24.—After three years of discouragement, Sam Hildreth has decided to retire the colt Demand, a famous \$50,000 favorite, to the stud. Hildreth said that since he had after he had traveled half a mile in 46, but instead of living up to his great work, his performance were as bad that Hildreth became disgusted and practically retired from racing. It is estimated that his purchase price and the large wages lost on his demand cost him more than \$100,000.

## RUNNERS GOING TO NATIVE LAND

Laughi, the Italian, Will Serve Three Years in Army—Wilson Back To England.

New York, Nov. 24.—Emilio Laughi, the Italian runner, who has broken three time-honored world's records since his arrival in this country, will return to Italy next week to serve in the Italian army, the time prescribed by law. On completing this service, which will be about three years, Laughi expects to return to his athletic activities in this country. Laughi established a new record in the 100-yard race, breaking a record, which had stood for 27 years. He established a new half-mile record and broke the record in a two-thirds of a mile race. Harold Wilson, England's fastest mile runner, is also going back to his home country. Wilson, who won the 1,500-meter race at the Olympic games in London last year, has not met much success in this country.

**HARD COLDS.**  
People whose blood is pure are not nearly so likely to take hard colds as are others. Physiology goes into the reason. Hood's Sarsaparilla makes the blood pure, causing healthy action of the mucous membrane and giving strength and tone to all the organs and functions. This great medicine recovers the system after a cold, as no other does.

## MORE TURKEY MONEY

We collected money last week for all of the following clients and for many others. We are collecting hundreds of dollars every day. Some of the money we collected for these clients had been owing them over seventeen years. When the money came it was just as good as though it had been paid years ago, and it was just as easily collected as though the bills had been contracted last month. It is a pleasure to collect honest debts, and it is a pleasure for people to pay honest debts. Read the list; you may know some of them:
