COUNCILMEN'S PAY WAS INADEQUATE.

Hence Voted Extra Compensation For Themselves—Defense Of F. W. Chambers.

HEARING OF OTHER CAUSES

Began Today—Jurors Summoned to Hear Cases Against Councilmen Craig and Moyes.

Ogden, Feb. 17.—City Councilman Fred W. Chambers expects to prove his innocence of the charges brought against him by J. D. Skeen, the court having given him permission to put in evidence to show that he performed services for the city on special committees and board of equalization and review of special taxes during the past four years, for which he received the extra compensation of \$50 for 1902 and 1903; \$100 for 1904, and \$100.50 for 1905.

City Treasurer R. A. Moyes produced the records of warrants paid by him, which show that the amounts mentioned, and the same were cashed, but he said that Mr. Chambers had returned the money paid him on the last warrant of \$100.50.

Former City Councilman P. J. Henderson was called for the defense. To questions put to him by Attorney Macmillan he testified that he had served Ogden City during the years 1902 and 1903 as city councilman. That soon after his election, extensive improvements were commenced by the city in paving and macadamizing the streets, putting in sewers and other work which had required a great deal more money than had been expected by the councilmen when elected to the office, and that they had found difficulty in securing councilmen to serve on these special committees and boards because of their being busy business men, and they felt that the compensation of \$50 per month was not sufficient to pay for the increased duties, and they consulted Mayor Glasman on the proposition and he agreed to approve of an extra compensation for such work, and the councilmen agreed among themselves that \$50 would be fair extra pay for the work, which amount they voted to each member. He said the council had often discussed the proposition to pass a new salary ordinance and increase the salary of councilmen, but they realized that if they did, the increase would only benefit their successors, as the law provided that they could not increase their own pay during their incumbency in office. Witness said the mayor had told them it was perfectly plain that they must have extra pay for the services rendered, as it was customary in Salt Lake City, Provo and other cities to give extra compensation to councilmen on committees. He was asked if the city attorney had been consulted on these matters, and replied that he did not think so, but that he was present when they were discussed and did not make any objections and the council approved of their action.

Judge Kimball put witness through a very severe cross-examination, which brought out the fact that the councilmen did not pass a new salary ordinance because they thought their successors could do the same as they had done, appropriate to themselves whatever amounts they thought would be just compensation for what work they might do.

Ex-Councilman J. C. Nye testified to similar facts as the former witness.

HEARING OF OTHER CAUSES.

Judge Howell then stated to the attorneys that Saturday was the last day on which the cause of Mr. Skeen against the other two councilmen, William Craig and A. H. Moyes, charged with similar offenses, could be commenced, as the law provides that the trial of such cases must be commenced within 20 days from the date of filing the accusations and today is the twentieth day. The court therefore has drawn the following named special jurors to appear in court this afternoon at 2 o'clock: Charles W. Mayberry, R. W. Treseider, William Moyes, Bernard S. Stone, Charles H. Edwards, E. F. Reed, Anton E. Christensen, Thomas N. Jones, Robert W. Maw, Jonathan Browning, Walter L. Holbrook, John Hoxer, Aaron Jackson, William Pierce, Walter W. Grant.

District Attorney Halverson suggested to the court that two juries be impaneled this afternoon, one to serve in the Craig case and the other in the Moyes case, and then continue the hearings, but just what action the court will take in the case was not indicated.

DIVORCED AND MARRIED AGAIN

Harry Campbell Makes Short Work of His Matrimonial Affairs.
Harry Campbell was granted a divorce yesterday afternoon in the district court by Judge Howell and in less than an hour he appeared at the county clerk's office with a 17-year-old girl and secured a license to wed again, evidently believing that "it is not good for man to live alone." The divorce suit of Campbell against Mary Campbell was called for hearing at 5 o'clock. The plaintiff testified that his wife had deserted him and gone to Boise, Ida. He must have just left the court-room and gone immediately to the county clerk's office where they secured a license to wed, the father giving his consent.

OTHER DIVORCE CASES.

Peter C. Green, 78, of Plain City who, Nov. 8, 1903, took unto himself a young wife, 21 years of age, was yesterday granted a decree of divorce from Clara L. Green, by Judge Howell. The evidence introduced showed clearly that the old man had had a little wedded bliss, as according to his statements Mrs. Green struck him, spit on him and treated him cruelly in other ways. The court decreed that the defendant should be paid the plaintiff the homestead he gave her soon after their marriage, and plaintiff must give defendant \$400 as permanent alimony.
Kate Bartholomew was granted a divorce from Harry Bartholomew on the grounds of failure to provide and habitual drunkenness. She was also given custody of their two minor children and alimony. They were married May 8, 1882, at Ogden.

NEW EVIDENCE AGAINST CUNNEY.

The officers feel certain that they are now going to be able to bring evidence sufficient against P. B. Cunney, one of the alleged burglars of L. L. Clark & Son's store two weeks ago, whom Judge Murphy did not convict, as there was sufficient evidence against

J. C. Boyd, formerly of this city, but of late years of Lost River, Ida., has returned to Provo. Mr. Boyd has been stricken with blindness, and is making arrangements to go to a hospital for treatment. Some months, probably a year ago, so friends here have informed him, an inquiry as to his whereabouts was made through the "News" with the statement that the person making the inquiry had information to impart which would be of advantage to Mr. Boyd. Now, Mr. Boyd is anxious to know who made the inquiry, as his condition would make good news very welcome.

MURRAY DEPARTMENT

The "News" is delivered in Murray and vicinity from the branch office every night. L. E. Lauritzen, Branch Manager. Orders for Church Works and advertisements received. Office at D. B. Jones' Block.

The following business was transacted by the Murray city council Tuesday evening. The question of a handling merchandise was discussed and whether or not they should pay merchant's license. The marshal was instructed to collect a license from all who sell articles of merchandise.

BUSINESS MEN MEET.
The Murray business men, Wednesday night, discussed the possibility of obtaining a 5 cent fare from Salt Lake City to Murray. They were of the opinion that if the Utah Light and Power company were approached in a proper manner that this rate could be secured. No definite plan as to how the proposition was to be presented was devised but was left open for consideration. The association will also urge the opening of streets and avenues and ask for free postal delivery. After the by-laws of the as-

JUVENILE COURT COMMISSION.

Yesterday the juvenile court commission appointed W. B. Erickson as juvenile judge. Mr. Erickson now has to qualify and appoint his probation officers and then the court will go into operation. As the appointee has every qualification and is a type of true manhood he will undoubtedly make a good and able judge.

THE BAND CONCERT.

The band concert given Tuesday night was a great success. Every piece was excellently rendered. The excellent program should have drawn out great numbers of the Murray people, but there were only a few in attendance. The people of this community evidently do not appreciate a good band or they would not hesitate to lend it their support. The band is made up of local boys, all of whom are working hard to develop their musical talent and have always shown a willing disposition to turn out and help anything that was for the benefit of the community, but when they receive such cool treatment as they did Tuesday night their ambition is crushed, and they feel that their service is not wanted. The leader, W. N. Morris, after the concert, said "that he thanked those who had unflinchingly lent their assistance to the organization and that his gratitude went out to them for always voicing a helping hand and for their sake he would lead the boys on with determination." Such a disposition to be abused and it behooved that the people will help nourish it.

BURY MURRAY.

That Murray will open with an industrious spring is demonstrated by the many improvements that are being made and the new buildings under construction. Several of the large firms and business houses here are enhancing their capacity and making many convenient improvements. Three new buildings have just been completed and others will be commenced as soon as the roads and weather will permit. The Murray-Whelan company is clearing its corner on Eleventh and South and is about to erect its new home. This will be the largest business block in the city and in connection with those just finished on the opposite side, will add a business-like appearance to that corner.

SCHOOLS HAVE \$22,407 ON HAND.

The salary committee reported one case of contagious disease having developed at the Central school this week, Hannah Christensen, but the room was thoroughly fumigated and all the children were not vaccinated and had the treatment attended to. The school report showed an enrollment of 4,356, with an average daily attendance of 4,116. The punctuality in the schools during the past month was 99.5 per cent. 225 new pupils have been received and 113 transferred. There were 269 withdrawals during the month.

EDEN, ARIZONA.

IRRIGATORS JOIN INTERESTS.
To Establish More Permanent Irrigation System.

Special Correspondence.
Eden, Graham Co., Ariz., Feb. 1.—The high water and floods of last season have caused a great portion of the irrigation canals here. The head of each ditch was destroyed. The loss caused the people to unite on the one upper ditch and a more united front to prevail there over before. An effort will be made to put in a more substantial head for the canal on higher ground and on a more permanent foundation.
Good crops were raised here last year and the prospects are good for this season. There are good openings in this region for energetic, industrious people. Good places can be purchased on very reasonable terms. The climate is all that could be asked for. The greatest drawback is the drinking water, which has to be hauled from a spring about two miles away. This, however, could be piped at a reasonable cost and would be a great blessing to the town. An artesian well has been drilled here and water obtained, but it is not fit to drink as it is so impregnated with mineral.
A number of locations have been made on the other side of the river below St. Thomas and there are some good openings there for home seekers as land and water rights can be obtained on reasonable terms. Fruit raising could profitably receive greater attention in this district, as it brings excellent returns. This is an ideal climate for all the more tender varieties of grapes and an excellent market can be had in the nearby mining camps. There is no reason why industrious, intelligent people should not soon make a competency here.

CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA.

La Grippe Is Epidemic Catarrh.

LA GRIPPE spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are all subject to la grippe. None are exempt—all are liable.

The grippe is well-named. The original term, la grippe, is French, but it has been shortened by the busy American to one word "grip."

Without any intention of doing so, a new word has been coined which describes the disease exactly.

The ailment clings to the patient as tenaciously as if some terrible giant had clutched him in a fatal clasp.

Men, women and children—whole towns and cities are caught in the baneful grip of this terrible monster.

Have you the grip? Or, rather, has the grip caught you? If so, read the following letters.

These testimonials will show you the quickest and best means of ridding yourself of this tenacious disease and its after-effects.

Suffered Twelve Years From After-Effects of La Grippe.

Mr. Victor Patneade, 838 Madison St., Topeka, Kas., a well-known carpenter and member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength—but grew weaker every year, until I was unable to work.

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again.

"This winter I had another attack of la grippe, but Peruna soon drove it out of my system.

"My wife and I consider Peruna a household remedy."

Pneumonia Followed La Grippe—Pe-Ru-na, the Remedy That Brought Relief.

Mr. T. Barneott, West Aylmer, Ontario, Can., writes:

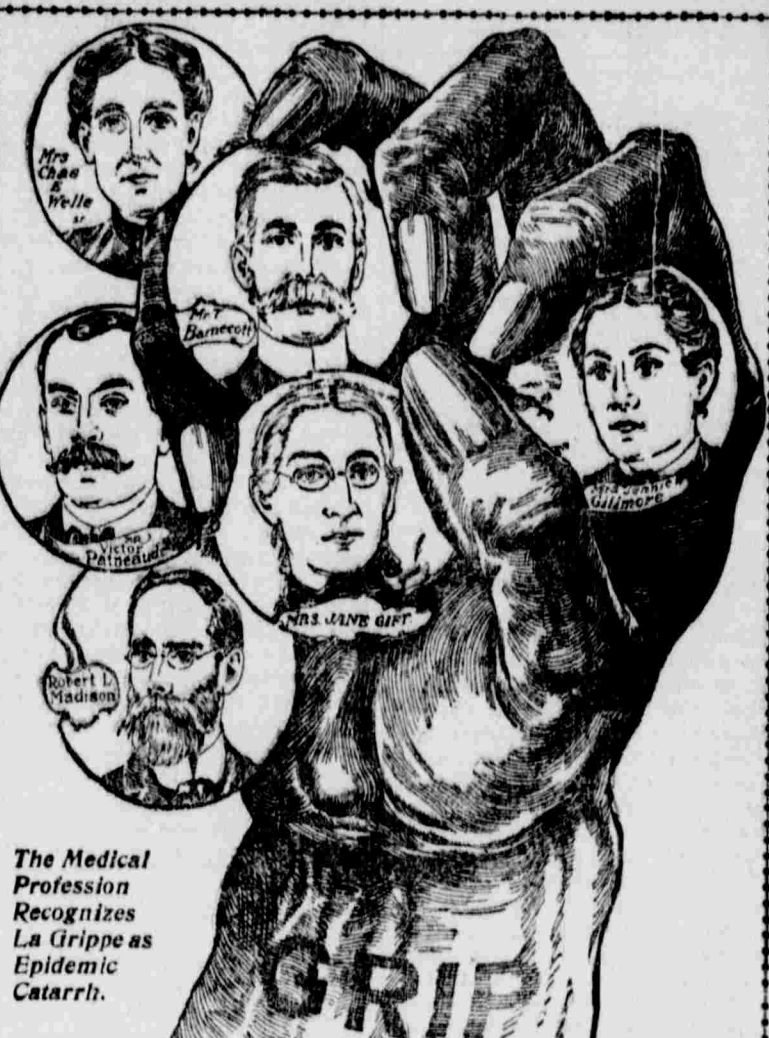

"Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months, when I became quite well, and I can say that any one can be cured by it in a reasonable time and at little expense.

"Every time I take a cold, I take some Peruna, which makes me well again.

"I also advised it for my daughter who was so ill with prostration that she could not follow her trade of dress making.

"A bottle of Peruna made such a change in her that she has been able to follow her trade ever since.

"I also induced a young lady, who was all rundown and confined to the house, to take Peruna, and after taking Peruna for three months she is able to follow her trade of tailoring.

"I can recommend Peruna for all such who are ill and require a tonic."

Systemic Catarrh, the Result of La Grippe. Pe-Ru-na Recovers Credit for Present Good Health.

Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., formerly Housekeeper for Indiana Reform School for Boys, writes:

"Six years ago I had la grippe, which was followed by systemic catarrh. The only thing I used was Peruna and Manalin, and I have been in better health the last three years than for years before.

"I give Peruna all the credit for my good health."

Pe-Ru-na—A Tonic After La Grippe.

Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes:

"After a severe attack of la grippe, I took Peruna and found it a very good tonic."

Judge Horatio J. Goss, Hartwell, Ga., writes: "I had a severe spell of la grippe which left me with systemic catarrh. A friend advised me to try Peruna. The third bottle completed the cure."

For special instructions, address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.
