THE HOUSES have no excuse for the

contamination of dandruff on the heads of their children while they are at school, and means to obtain a few cakes of GLENN'S SULPHUR SOAP, and the strength to keep it. Indeed, if all families were supplied with that antiseptic and disinfectant agent there would be very few diseased children, and certainly none afflicted with the scalp diseases that are so common where Glenn's Sulphur Soap is not used.

The economic aspect is a strong point in favor of Dr. Price's Special Extracts, Vanilla, Orange, Rose, Almond, Lemon, etc. They are three times the strength of the ordinary extracts; the bottles hold nearly twice as much as those of the same size.

That Dr. Plant has done more for my wife's health than any other doctor. It is my duty to tell the world. I have paid much money to other doctors, but none could tell her the cause of her suffering, or how to cure it. Dr. Plant understood what was the matter with her, and has, at four different times, taken four tape worms, about fifty feet long each, from her. Therefore I feel thankful to him. He has also been very reasonable in his charges.

The following gentlemen were elected: William Nelmeyer, Joseph M. Benedict and Eber Case.

Young People's Mutual Improvement Association of the Second Ward met last evening, and re-organized. The officers are: William L. Ball, President; William Hart, First Counselor; E. F. Branting, Second Counselor; James T. Wilson, Secretary; Christine Damske, Assistant Secretary.

Departed.—Mrs. Nuckolls, wife

of Col. S. F. Nuckolls, died last evening at her residence, in the 18th Ward. Her husband, who was absent in the Sweetwater country, was telegraphed to the other day, regarding the critical condition of his wife. He is expected to reach home this evening. The deceased had the reputation of being a most estimable lady, universally respected by those acquainted with her. The cause of death was general debility.

was held, and a short address was delivered by Bro. C. W. Stagner, President of the 20th Ward Institute, relative to the best method of conducting such associations so as to make them successful in every respect.

JOHN H. BURROWS, Secretary pro tem.

Compendium.—Elder James A.

Little is now engaged in compiling materials for a doctrinal concordance or compendium, with a view to publication. In 1857 a work of a similar character, entitled, "A Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter-day Saints," compiled by Elder Franklin D. Richards, was published at Liverpool. It has been of great service to the Elders, especially those actively engaged in missionary labors abroad, but is now out of print. Elder Little commenced his labors in compiling materials for the proposed work by direction of the late President B. Young, and it is intended to make it as comprehensive and complete as practicable. It is a book that is greatly needed and for which there is likely to be a lively demand when it is published. The collection and preparation of the materials require much study, patience and research, and it will

therefore be some months at least, before the book will make its appearance.

Bishops' Meeting.—Bishops

meeting to-night, at the Council House.

Juvenile Pioneers.—The other

day three boys entered the store of Brother Mark Lindsey, at his garden, near the city cemetery. Mark happened to approach the premises as they were getting away with a number of stolen articles, and gave them chase. They fled to the adjoining hills, pursued by the doughty Mark, for whom, however, they proved too fleet of foot, getting clear and secreting themselves in the surrounding brush.

Suspected Sheep Poisoning.—A

little over a week ago the West Jordan sheep herd was taken to the head of Three Mile Cañon, east of Parley's Park, when some of the animals died suddenly. The herder, thinking some poisonous weeds were the cause, moved the flock, a week ago to-day. Mr. Samuel W. Egbert, of West Jordan, took his sheep herd to the same locality, and in a little over two days he lost 150 head. He suspects that poison had been purposely strewn on the ground by some maliciously disposed persons.

Rifle Match.—The rifle contest

between the foreign born and native born teams came off on Arsenal Hill to-day. The range was two hundred yards, off hand shooting. The match, which was witnessed by a large number of spectators, resulted in a victory, by a score of six, for the foreign born. Herewith we give the score:

George A. Means is Captain of the foreign born team, and C. E. Wallin of the native born team.

The gentlemen who participated in the match will attend a banquet, at the White House, to-night.

Jubilee.—The Sunday schools of

Weber County are divided into three districts for musical purposes, under the direction respectively of Professors Fowler, Pugh and Ellis. This arrangement was made in consequence of the Ogden Tabernacle not being sufficiently spacious to accommodate the children of the combined schools of the whole county on the occasion of a jubilee.

The districts under the musical superintendency of Professors Fowler and Pugh had each a jubilee at Ogden, some time since. That in charge of Professor Ellis, of North Ogden, had its musical festival, at the same place, yesterday. The exercises were highly creditable, and the occasion was a most pleasant one. During the course of the entertainment brief addresses were delivered by Elder Richard Ballantyne, County Superintendent of Sunday Schools, Mayor Farr, Elder David M. Stuart, and President L. J. Herriek.

After the exercises at the Tabernacle the children adjourned to the Grove. The proceedings wound up with a social party at the Ogden City Hall, in the evening.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned the "FIRST RANK" in the SEVERAL REQUISITES of instruments of the class by the judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled. They have also received MEDALS, but, as is well known, medals of equal merit have been awarded to all articles deemed worthy of recognition; so that it will be easy for many makers to advertise that they have received a first medal. The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Best Organs and Harmoniums shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz. Soundness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in degree, but in every respect only, but in the SEVERAL REQUISITES of such instruments of the class. Only ONE ORGAN of the class has been so uniformly awarded the highest honors in competitions in America, that, by giving the MASON & HAMLIN ORGAN CO. the highest rank, they have been awarded the highest honors in competitions. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA, 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors.

Every World's Exposition!

at which they have been exhibited; being the ONLY American Organs which have ever obtained ANY Award at any competition with best European Organs.

NEW STYLE, with improvements, selected by the judges, and given away as prizes in great variety. Prices very lowest compared with other Organs of the class. Organs sold for cash on installment, or rented until rent paid. Every Organ guaranteed to give entire satisfaction to every reasonable purchaser or renter. MONEY REFUNDED ON RETURN.
