Judge John A. Marshall of the United States court returned yesterday from Little Rock, Arkausas, where he has been holding court for Judge Williams. Federal judge of the district of Ar-kansus. Judge Marshall's court will be

opened here on December 20th. Nepht Howcroft, the well driver, has been endeavoring to locate if possible the line of the natural gas belt east of State street, he says that so far as he can ascertain the belt terminates at a distance of about two blocks east of

State street. The southern limit has not yet been found. A requisition for \$3,097.40 has been recelved by the State auditor, from the trustees of the deaf and dumb school, for general maintenance for the month

of November. From the State industrial school, for the months of September. October and November, the requisition is for \$2,662.84 for maintenance, \$191.41 for manual training and \$2,623.17 buildings and sewer system. The Argenta lodge No. 3, A, F, and A.

M. met last night and installed its newly elected officers, Past Master J. A. Reeves officiating. The officers for the ensuing year are: W. F. Shelton, master; N. S. Hewitt, S. W.; N. D. Estes, J. W.; J. S. Scott, treasurer; M. C. Phillips, secretary; L. S. Dickinson, S. D.; F. H. Knickerbocker, J. D. After the installation on a coverble headen. the installation an enjoyable banquet was spread and speeches and toasts indulged in to a late hour.

A number of militia officers headed by Captain Joseph E. Caine, late captain of troop A. Utah volunteer cavalry, are making an effort to effect the organization of a crack cavalry troop for the National Guard. No effort in ction has been made since the war with Spain, because of there being war with Spain, because of there being no equipment, but conditions have changed, and there is acw a prospect that full equipment can be obtained, therefore an effort is being made to recruit a full troop. Those who are interested in this movement, are going to hold a meeeting at the Guard armory

Friday evening at 8 o'clock.

local organization last night in Federa-tion of Labor hall, with about fifty members to begin with. All classes of machinists, but mostly railway machinists, were included among those who joined, and an adjournment was taken for ten days after the objects and aims of the movement had been explained in detail. In the meantime a charter will have been received, and a permanent organization can then be effected. The machinists of the city are manifesting considerable interest in the movement.

WOOL AT TWENTY CENTS. Fancy Prices Paid for Utah and Idaho

Clip.

The denial of purchasing agents to the contrary notwithstanding, wool is today selling here for 20 cents a pound, the top price for a good many years, says the Boise Statesman. Purchasing agents have a purpose, and a good one from their point of view, in not only bearing the market but in denying it whenever they pay a fancy price for a clip.

recently been sold at 20 cents a pound and publication of the fact has set some of the Idaho growers to mak-ing quiet investigations, for they can not always depend absolutely on the figures sent out perennially by the commission houses. These houses, like their representatives, find it profitable to get wool as cheaply as possible. In explanation of the Utah sales Ida-ho growers were informed that the

Several large lots of Utah wool have

wool of the sister State was worth any time a cent or two or three more than the Idaho product. But that was a fairy tale, and Idahoans held out for the top price. They are getting it. The Statesman has positive informa-tion that the clip of L. L. Ormsby of this city has been sold for 20 cents a pound and that Mr. Ormsby is in re-

ceipt of an advance payment of \$10,000. The wool was bought by the eastern house represented by Charles R. Kel-sey of Mountainhome, Mr. Ormsby's wool clip amounts to about 200,000 pounds. The clips of R. F. Cooke and Mr. DeHaven have also been purchased by Mr. Kelsey and it is understoop the very top price was paid for them. So, after all, there seems to be some Idaho wool that is worth as much

that produced in Utah.

The fact appears to be that the wools the two States run almost hand in hand. The Ormsby wool is not the first that has sold for 20 cents a pound. The Clip of Robert Chattin went at the The buyer was anxious to get it at that price.

PETITION IN INTERVENTION

It is Filed by the Bear River Land, Orchard and Sugar Company.

The Bear River Land, Orchard and Beet Sugar company yesterday afternoon filed a petition in intervention in the United States court in the case of S. M. Jarvis and R. R. Conklin, trustees, vs Bear River Irrigation and Waterworks company. The intervenor was formerly the Corinne Mill, Canal and Stock company, and claims to have transferred a large tract of land (about 15,000 acres), to the defendant company in exchange for water rights. It has given to the defendant company a large amount of securitles aggregating about \$100,000 for water right deeds. It is contended that the title to the water conveyed to them has falled through the foreclosure of the Garland lien up on the water rights and that the petitioner was induced by fraud to make these transfers. The petitioner prays for the ownership of all lands con-yeyed, together with all obligations from the receivers who are now in charge of the property. The attorneys for the ptitioner are Brown and Hen-derson and Dickson, Ellis & Ellis.

SALT LAKE BAR MEETING. Last Night's Session Resulted in a Formal Call Being Made.

Thirteen members of the Salt Lake bar met in the Federal courcroom last evening, to consider the proposition to create an additional Federal circuit.

Those present were Parley L. Williams, C. O. Whittemore, A E. Snow, J. A. Williams, H. V. Van Pelt, C. W. Morse, D. H. Twomey, George Westervelt, P. Cherrington, Walter C. Shoup, E. O. Lee, Parley P. Christensen and W. H. King.

Parley L. Williams was elected to the chair, but on taking it, he promptly suggested the issuance of a formal call, and an adjournment until such time as a large attendance of attorneys

C. O. Whittemore put the suggestion in the form of a motion, which in-cluded the appointment by the chair of a committee of five including the chairman, to issue the call.

D. H. Twomey thought that the call should be made general, contending that litigants were interested more than the attroneys, in the establish ment of the proposed new circuit. He made an amendment to that effect, but it did not meet with favor, however, and was lost, Mr. Whittemore's motion was carried.

The committee was then selected, which is made up of the following: Chairman Williams: W. H. King, D. H. Twomey, C. O. Whittemore and George Westervelt. These gentlemen met promptly and drafted and signed George Westervelt.

e following call: 'At an informal meeting of members of the bar, held at the Federal court-room in Salt Lake City, Utah, on December 12, 1899, the undersigned were appointed a committee to formulate and publish a call for a meeting of the members of the bar of the State of Utah for the purpose of considering and taking action upon the proposition to create an additional Federal circuit "Pursuant to such action an invita-

tion is hereby extended to all the mem-hers of the bar of the State of Utah to attend a meeting to be held at the Federal courtroom in the Dooly block at 7:30 o'clock, for the consideration of

CHANGE OF CRADE DECIDED ON.

City Council Adopts Report Regarding North Main Street.

HEAR PROTESTING CITIZENS

Vote to Change Established Grade Was 12 to 3-City Auditor Offers Suggestions.

voted the greater portion of their time at last night's meeting to a consideration of the North Main street grade question. After a discussion of the street committees' report, recommending a change of the 91/2 per cent established grade to a 1214 per cent grade. lasting nearly two hours, it was adopted by a vote of 10 to 3.

A number of citizens were present and for and against the proposition. Mr. O. R. Young, a civil engineer, said he was opposed to the change contemplated in the committees' report. He wanted the best grade and that was not the one asked for by J. A. Fritsch and others, nor recommended by the committee.

Chairman Morris said his committee had considered the matter for months and a majority favored a change, fully believing it would prove to the best interest of the city. The grade would be about 12 per cent for 300 feet and 8 per cent for 30) feet north of Currant street. He read letters from Engineers Brooks and Hill and gave a verbal statement from Engineer J. Fewson Smith, al of whom gave it as their opinion that it would be unwise for the city to maintain the established grade.
J. A. Fritsch, in behalf of the petitioners, made quite a talk for a change, and recited the benefits that would

committee's report was adopted.

Architect S. C. Dallas, by means of a piece of string and a rule, gave a a piece of string and a rule, gave a practical illustration of what a 12½ per cent grade was like. W. H. Shearman said the established

come to the property owners if

grade was a "monstrosity" and ought not to be longer tolerated. Isaac Barton suggested mature delib-

eration. The question was an important one, not only to the residents of Main street north of First North, but to every person in the city. He fav-ored a postponement of the matter until further inquiry had been made. Buckle introduced another petition signed by 45 business men and private citizens. They asked that action be postponed until other plans, now der consideration, had matured. The petition was ruled out of order. The motion to adopt the commit-

tee's report was put and carried by a vote of 10 to 3, Barnes, Buckle and Robertson voting in the negative.

A CHANGE PROPOSED.

City Auditor Douglas A. Swan called the attention of the Council to the unsatisfactory condition of the accounts of his office, due, Mr. Swan says, to the improper system in which the books have been opened and kept, and the ac counting between the auditor's office and the departments of the city. Swan says no records appear to show the correct value of any property

owned by the city. The location of the various lands belonging to the city, the auditor says, is contained in the records of the engineer's department; but there is nothing either there or in the audi tor's office to show their value. Furthermore Mr. Swan says that ame representing operating expenses have been charged to accounts representing property, such as the crematory, fire department, etc., so that the accounts never show either the current operating expenses, or the cost of the patents.

Again, Mr. Swan says, for some time prior to 1897 accounts showing in-come and expenditure have not been counts showing the cost of various imauditor says, still remain open. accounts in no sense present the city's liabilities and resources, they are made to appear as such. If those accounts on

both sides were closed, Mr. Swan says, the difference would be a debt balance of about \$670,000. Mr. Swan further states that there is

no regular system of reports existing between his office and the city depart-The auditor, Mr. Swan says, should be in a position at all times to furnish the Mayor, Council committees or publle, any information with respect to a general financial condition of the city. The law, he says, requires his books to show, but under the present system

it is impossible to do so. auditor recommends that the Council appoint a committee to ap-praise the value of all the city's property; that the auditor be authorize to investigate the accounts listed; that a proper system of accounts be firstletuted, under the direction of the auditor, supervised by the finance commit-tee, in all the departments. Mr. Swan further recommends that whenever any special work is done by any of the departments, an appropriation be made to cover the cost; that the auditor be instructed to audit no bills in excess of the appropriation for the purpose; and that he be required to make a report showing the amount of appro priations remaining unexpended. ferred to finance committee.

"THERE'LL BE A HOT TIME."

Edward McCarthy, chairman, and W. T. Ayland, secretary, of the Firemen's invitation committee, sent in a com-munication inviting the members of the Council to attend a banquet and entertainment to be given at the fire department headquarters, by the mem bers of the fire department. Monday evening next. The banquet is to be given in honor of the Mayors, present and elect, and the Councils, ditto, of All the members present voted to attend.

ENGINEER'S COTTONWOOD RE-PORT.

City Engineer Kelsey presented a preliminary report on the Big Cotton-wood Creek water investigation. Some parts of the report were not fully com pleted, as Mr. Kelsey said he had not been able to obtain and compile all the information necessary to complete it He asked for permission to finish the report before it was considered by the Council. The report will be ready by ext week. The request was granted without apposition.

FIREMEN'S RELIEF FUND. Relative to the firemen's fund Chief Devine, in a communication addressed to the Council, said it now amounted to \$1.150. The chief suggested the ap-pointment of a committee, consisting of the Mayor, chairman of the commit-tee on fire and police, a captain of the fire department, selected by the mem-bers of the department, the chief and assistant chief, for the purpose of devis-ing a plan for an investment or dis-

lation looking to the legal creation of a firemen's relief or pension associa-tion for Salt Lake and maybe other cities. Referred to committee on fin-

LAKE BREEZE LINE.

The report of the committee on mu The report of the committee on mu-nicipal laws stating that the Salt Lake City Railroad company would not run its cars across the Jordan to Lake Breeze, and in preference to doing so would tear up the three blocks of track this side of the river, went over for one week. The committee declined to recommend that the company be compelled to forefit its franchise, because the discontinuance of the service on this side of the river would harm the residents in that district without benefiting those in Lake Breeze. Buckle made quite a talk and said the railroads seemed to own the streets of the city and to suit their own pleasure, without considering the convenience of the public. He hoped the action of the company in this in-stance would prove a warning in the granting of future franchises.

CLAIMS COMPROMISED.

The recommendation of the city attorney and committee on municipal laws for a compromise of the case of Sarah Radeliffe for \$1,2000, Nellie B. Erickson \$1,000, and J. H. Griffin for \$8,900, was adopted in the first two instances, and the Griffin matter was, on motion of Wallace, eliminated and put The contract for plumbing the Fourth

the lowest of six bidders—Davis & Coulam, for \$469. The other bids ranged from \$623 to \$645. The committee on public grounds recommended that steps be taken for the purchase of 307 acres of land near the sewer farm, offered by S. S. How-ard to the city for \$15 per acre. The

precinct fire station was awarded

was referred back for more de talled investigation. CITY REAL ESTATE TO BE SOLD. On recommendation of the committee on public grounds, Nettle Weimer will be allowed to purchase part of lots 6 and 7, block 150, plat A, for \$600. The property is near the Warm Springs.

The petition of V. L. Halliday to buy the end of Fifth street on City Creek The Irrigation committee recommended that the weir in Parley's creek be opened to permit 20 per cent of water to flow down the Kennedy di Action was postponed for one week. Chief Hilton appointed George Margetts and Charles J. Smith, ushers at the Tabernacle, as special police-men to serve without pay. Both con-

firmed J. A. Heiss notified the Council of the unsafe condition of the flume carry-ing the waters of the Brighton At North Point canal over the surplus canal. The city, he says, must keep it in safe condition. Referred to committee on irrigation.

Chief Devine called the Council's attention to the matter of his salary of \$15 per month as inspector of street lighting, which he said had not been

paid for the past twenty-two months.

Referred to finance committee.

W. C. Willits, civil e gineer, spoke to the Council in behalf of a map of the city, which he desired to have the Council parchase. He explained the various details shown upon the map, and declared that it would be valuable. He wanted the city to purchase several of the maps in order to help him pub-lish it. Referred to finance committee. Capt. A. W. Crawford of the Salva-tion Army asked permission to cut a few branches of evergreens in City Creek canyon to be used for decoration in the children's Christmas party which the army intends to give for the poor children of the city. The request was granted.

Dey & Street presented a claim of Dr. C. W. Higgins for damages in the sum of \$49.25, alleged to have been sustained by his four-horse team and rig through the stepping of one of his horses into a decayed bridge in Liberty park. Referred to committee on claims.

PIPE TO ALL HALLOWS.

Allen, towards the end of the session, called up the report of the water committee recommending the expenditure of \$8,500 for running a twelve-inch mair from Parley's conduit to Seventeenth East street, with a view to supplying water to All Hallows college, the colege to pay \$5.500 and receive water scrip therefor. The report was adopted, and the board of public works instructed to advertise for bids and materials. A six-inch main will connect the pipe-

line with the college grounds.

Wallace moved that \$100 be appropriated to the Mayor's contingent fund in payment of a bill for salary presented by George Stringfellow, one of the hold-over members of the board of public works. The Council some time ago reduced the salary to \$25, though whether the reduction affected Mr. Stringfellow is a question. On motion of Buckle the matter was referred to the finance com-
