

Washington, Sept. 24 .- The action of the president is required in the cases of seven officers of the army who were convicted by courtmartial of serious of. fenses and sentenced to dismissal, and in two of the cases imprisonment. The officers are Licuts. John McL. HamilDr. Charles G. Stockton was sum-moned at noon, when Mrs. Davis' con-dition alarmed those in attendance. Late this afternoon another physician was called in for consultation. Dr. Stockton when leaving the hotel shortly before 6 o'clock, said: "Mrs. Davis is in a serious condition, but her fillness is not of a nature that neces-sarily must prove fatal. I must be ex-cused from discussing her case further tonight. Tomorrow morning, perhaps, we will be able to make a statement." Mrs. Davis came to Castle Inn on

be made very promable here, if ener-getic men were to engage in it. I have been reading an article in the news-paper concerning this industry. In it the editor snys: "It is estimated that there are 3,000 stands between Solornon-ville and Thomas. In an ordinary sea-son, with proper care, each hive should produce 120 pounds, making the aggreproduce 120 pounds, making the aggregate amount from 3,000 stands 360,000

taugh, Hamilton Foley and S. L. Bucker, and Cadets James G. Steers and William A. Ganol, the two latter from Pennsylvania. The cases will be sub-mitted to the president on his return to Washington.

HEARST AUDITORIUM.

Formally Dedicated and Presented to University of California.

Berkeley, Cal, Sept. 24.—In the pres-ence of nearly 10,600 people, the open-air theater or auditorium presented to the University of California by William Randolph Hearst, was dedicated this afternoon with the Greek play, Aristo. phanes' "The Birds," the production of which was in every way a success. Benjamin Ide Wheeler, president of the university, opened the ceremonies with a few remarks, John Halen How-ard, the supervising architect gave u

ard, the supervising architect, gave a brief address. Ben Wede, of the class of 1894 also made an addres. Both W. R. Hearst and his mother

were present.

The auditorium is modeled after ancient classical buildings, but no single model has been followed. It is located on the university campus, and is semi-circular in form, the diameter being 254 feet. There are two concentric tiers of seats, accommodating about 10,000 per-sons. The stage is 123 by 28 feet in size. The entire structure is built of ce-ment ment.

Klondike Gold Output,

Vancouver, B. C., Sept. 24.—Despite adverse conditions, the output of gold from the Klondike this season up to the end of August is only \$1,000,000 behind that of last year for the same period. Lack of water caused the decrease in the output. Early this month a fair amount of rain fell and washing recom-menced in carnest. menced in earnest. The figures given are from the rec

ords of the comptroller's office at Daw-son, and are based upon the export tax entries. The total gold shipments durduring May, June, July and August of this year were \$6,957,133. The total output during the corresponding months of 1902 was \$8,058,707. The decrease amounted to \$1,101,664.

It is expected that the total clean-up during the present month will so ex-ceed that of September of last year that the production for both years will be equalized.

A Montana Pioneer Dead.

Helena, Mont., Sept. 24.-Col. Sam Word, one of the pioneers of Montana, died here tonight of paralysis. In ad-dition to being one of the first men to dition to being one of the first men to come to the territory he joined the early rush to the Klonkide. At Daw-son he built the waterworks system by which the place is supplied with wa-ter. Last winter, while in Los An-geles, he underwent an operation for an affection of the eye and refused to take an anaesthetic.

BANDIT CONNORS.

He Does Not Appear to be Seriously Wounded.

ously Wounded. Fortland, Sept, 24.—The bandlt who rails himself Jim Connors, who fell form the express messengers' shot lies at the Good Samaritan hospital. He does not appear to be badly wounded in bas the use of all his faculties, but herefuses to answer questions further than to repeat the name he gave at first and relterate that he is from portland. Connors is helleved by the officers to be a laboring man. His hends work. From the man's determined work. From the fact that he was leading the party toward the attack on the express car. If is believed that he was either the man in charge of the party or at least one of the leaders in the hold-up. He has shown evidence

We will be able to make a statement." Mrs. Davis came to Castle Inn on Monday from Port Colborne, Ont., where she has been spending the sum-mer. A party of friends accompanied her, 20 in all, one of whom is her granddaughter, Miss Lucy W. Hayes of Colorado Springs. It has been Mrs. Denied

Colorado Springs. It has been Mrs. Davis' custom to spend her summers in Canada or at a northern resort, living in New York city during the winter months. Her first visit to Canada was made shortly after the close of the Civil war, when she and her husband spent some time in Toronto. Since then the science to in Toronto. Since then the sojourn in Canada has been a frequent occurrence.

POISONING SHEEP.

Sheepmen of Boise Lose Very Heavily.

Heavily. Boise, Ida., Sept. 24.—Sheepmen of Boise and some other places have lost very heavily during the past week by poison. The losses occurred on the head-waters of the Little Smoky and Beaver creek, along the route by which bands of fat sheep are driven to be loaded for market. A poisonous plant designated as a wild pea is the cause. Its root is poisonous. When the soil was soaked by the recent storm the sheep were able to pull the plants and ate them roots and all. Messers. Pratt, Fraser, Bettis and McAfee lost an entre band of 3.-000 head. O. B. Johnson sustained a loss of 1.700 head. Bogardt & o. lost 1.400 and others lesser numbers. The plant is barmless until the sheep get the roots. harmless until the sheep get the roots

As is very frequently found the stomach trouble and headache in the following case came from the same cause. Dr. Miles' Anti-Pain Fills, like all of Dr. Miles' Remedies, are designed to cure the disease, not the symptoms? This readily explains why these sterling medicines can cure such a variety of diseases. There is no remedy, formula or prescription which in any way equals Dr. Miles' Anti-Pain Fills for the speedy cure and relie for headache and kindred ailmeuts. "Un to the are of twenty-three my son was "Up to it's age of twenty-three my son was greatly troubled with severe pains in the stomach. After he had served his term of enlistment with the army in the Philippines he came home and was unfit for anything because of terrible headaches. He found that Dr. Miles' Anti-Pain Fills not only re-neved him of the headaches but would pre-vent an attack if taken in time. He contin-ted their use for some time and to his surheved him of the headaches but would pre-vent an attack if taken in time. He contin-act their use for some time and to his sur-prise and delight he found they had cured he stomach trouble also. You may imagine tow grateful both he and myself feel to you or the good the Anti-Pain Pills have done tim. I may add that I have used your med-cines in our family for many years and keep a bothe of Nervine in the house all the time. I think it an ideal household remedy and all the remedies are just what you recommend he remedies are just what you recommend hem to be. You have my permission to ablish this."-MRS. M. L. FARRAR, Walla Walla, Wash.

All druggists sell and guarantee Dr. Miles' Anti-Fain Pills. They are non-laxative; con-tain no opiates, never sold in bulk, 25 doses, 15 cents. Dr. Miles Medical Co., Elkhart, Ind.

This at cents per bound • ould amount to \$180,000." All other industries seem to be on a par with the bee industry, though I understand they are not all worked to their utmost

capacity. A great deal might be accomplished in Arizona if the inhabitants only realized the possibilities of this sunshiny territory. All that this southern coun-try needs is men who are try needs is men who are progressive and have money enough to develop the resources that have hitheoto laid undeveloped, and aid in obtaining the best results from those under development.

RICHES OF THE GILA.

The Gila valley measures 15 by 80 miles. It is said to be one of the richest valleys in the world and if more thought were giving in aiding nature to produce her best, wondertul results might be obtained.

"The people of this valley," says the Enterprise, "have made wonderful im-provements in clearing up and develop-ing the land, but the time has come when scientific work must be applied to min exist and a superior and a set of the set of the

when scientific work must be applied to gain satisfactory results." As I look around me I think what a great place this may become if capital-ists were to become interested in it. Prest. Kimbali is doing his best to bring Arizona, her possibilities and her resources, before the public, but one man or even two cannot accomplish much in this direction. much in this direction.

SPLENDID WATER SUPPLY.

The Mammoth tunnel, which is being built through the Graham mountains, is being pushed through as rapidly as possible, 120 feet having already been put in. When completed it will be 10 miles in length and will connect with a reservoir of 12,626 acres which will un-doubtedly be a great advantage to this entire country. The artesian water belt which has been discovered in the Gila valley would have been developed ere this had it been found in Utah, nor is the water supply from these wells grow-ing less as some people have magined. It is said that the artesian wells in this valley are flowing as much water as all the other artesian wells in the territory combined. The Mammoth tunnel, which is being combined.

All the residents of the Gila valley are prosperous. So much for Arizona, I must really cease to chatter about her. Do not think that we are suffering from the heat, as it has been raining, and we think it is perfectly delightful here. Although the weather has been warm, we have been favored with rain as an advance agent nearly every place that we have been. Stake conference was held in Layton Saturday and Sun-day and Mutual Improvement confer-ences were held in Thatcher on Wednes-day. I go to three and four meetings daily, often riding some distance be-tween each. All the residents of the Gila valley are ween each.

Natives Kill Escaped Prisoners.

Manila, P. I., Sept. 25 .- Two prisoners named Rudd and Black, escaped fugi-tives from the United States military prison on Malagi island, in Laguna de Bay, Luzon, have been killed by na-tives. In defense the latter claim that tives. In detense the latter thatm that the killing took place during an attempt to capture the fugitives to gain the re-ward which was offered for their arrest and return to the military authorities.

FOUR LIVES LOST In a Hotel Fire in Rochester,

New York. New FORK. Rochester, N. M., Sept. 25.—At least four lives were lost in the fire which destroyed the Hotel Brunswick early today. The bodies were taken from the third floor and are not identified. About 40 guests, most of them visitors to the annual county fair here, were in the building when the fire broke out about 1 o'clock. It is believed that re-mains of other guests not accounted for will be found in the ruins. The regis-ter of the hotel was destroyed in the

Turkish Soldiers Steal Women.

Sofia, Sept. 24.—Advices from Uskub say that five battalions of Turkish troops left Sovovitch yesterday for Morotsoro, from where a band of revo-Offices in Progress Building, Salt Lake City, Utah.

COMMERCIAL NATIONAL Intionists had been threatening Per-lepe. Three other battalions have proceeded to Neveska, where insurgent bands have reappeared. Turkish soldiers recently took 50 women from the burned village of Klis-surti and all attempts to recover them have been unavailing, the soldiers re-fusing to obey their officers.

Capital Paid in. \$200,000, General Banking in all its Branches. DIRECTORS: John J. Daly, O. J. Salisbury, Moylan C. Fox, W. P. Noble, Geo, M. Downey, John Donnellan, A. F. Holden, J. B. Cosgriff, J. E. Cosgriff. Kassuthist Revolution Possible. Capital fully paid \$200,000.00

London, Sept. 25.—The Daily Mail's correspondent at Berlin telegraphs the sensational statement that there is a possibility of a Kossuthist revolution in Hungary. He says that as a result of the German emperor's visit to Vienna Germany has promised to assist Aus-tria with troops should Austria be faced with the necessity of using armed force in Macedonia and simultaneously sup-pressing a revolution in Hungary. That the latter is not impossible, continues the correspondent, may be gathered from the fact that Gen. von Beck, chief of the Austrian staff, gubmitted a plan

The idea of placing Prince Eitel Frederick, the second son of the Ger-man emperor, on the Hungarian throne, receives no support in Germany,

Russia and Corea.

London, Sept. 25.—The 'Times' cor-respondent at Tokio, referring to the de-parture of Baron von Rosen, the Rus-sian minister to Japan, for Port Arthur,

says it is regarded as especially import-ant as the baron's influence is certain to be exerted in the cause of peace. to be exerted in the cause of peace. The correspondent further states that Russian having asked Corea to protect Russian subjects at Yongampho against Chinese brigands, Corea replied that Russians occupying a non-treaty gettle-ment must take their own risks. Mr. Pavloff, the Russian minister at Seoul, retorted by hinting that in default of Corean protection as promised by the Corean protection, as promised by the number concessions, Russian soldiers would be employed.
