TAH'S POSITION AS COPPER STATE

presentative of Eastern Firm of Brokers Talks of Copper.

EWS BINGHAM PROPERTIES

ys Boston, the Center of Copper Market Long Wedded to Superior Region, Seeks Utah Stocks.

'. J. Phelan of Boston of the well own brokerage firm of Hornblower Weeks of Boston and New York who looking over the copper producing nps of Utah, yesterday visited Bingm. While at that camp he inspected s underground workings of the Comrcial an ally of the Bingham Conidated, and will extend his observans through the other holdings of that npany in that camp as well as varis other Bingham properties before urning east. As to whether the copr zone in Beaver will be the object Mr. Phelan's observations will de nd upon further instructions from his use.

n speaking of Utah's present posin and its future prospects as a copr producer Mr. Phelan last night oke most encouragingly.

Boston, he said, aimed to keep posted conditions concerning copper, as it d been the leading market for the l metal for 50 years. That market said, had been wedded to the Lake perior region and its securities for long time and it had taken time to tract attention elsewhere. Utah, wever, is making such gains in copr production and gives such signs permanency that it is now considern an important factor in the copper arkets of the world by investors. Mr. elan looks for an increase of eastern vestors who will seek the stocks of ah's copper producing mines.

RICH SILVER ORE IN UTAH MINE.

Car Promised by End of Month Carrying Old Time Values.

ASSAYS SHOW 1,000 OUNCES.

Best Former Shipment Was in 1892, When Car Sold for the Sum Of $10,535.77.

The office of the Utah mine this morning received an encouraging letter from Supt. Charles Crismon who is at the mine at Fish Springs. A car of ore carrying the usual values is now being loaded on wagons preparatory to the haul to Oasis. Mr. Crismon also tells of rather startling showings in the recent strike on the 300 foot level where from the face of the workings samples show from 500 to 1,000 ounces of silver to the ton. The letter also states that a car carrying old time values will be shipped before the end of the month. Old time values are explained by the company's records to mean several thousand dollars to the car. The largest shipment ever made was in may, 1893, when $10,535.77 was realized from the sale of a single car.

Month's Output at Tintic.

Progress at Dixie.

J. E. Beveridge, consulting engineer for the Dixie at St. George, has returned from a trip to that property. He reports a fine showing of ore on three levels down to 700 feet, and work on the foundation of the new smelter being carried rapidly along.

Litigation Over Emma Ores.

A $200,000 damage suit was instituted in the district court late yesterday afternoon by the Regulator Mining company against the Emma company, limited. It is alleged in the complaint that plaintiff owns certain claims in the Little Cottonwood mining district, and that, on Aug. 1, 1900, the agents of defendant company commenced excavating and extracting ores from four of plaintiff's claims, and that such excavating has contained up to the present time.

Plaintiff alleges that defendant has extracted ores from each of its said claims to the value of $50,000 or a total value of $200,000 from the four claims. Judgment is accordingly asked for that amount, and it is also asked that an injunction be issued to restrain defendant from further trespassing on and extracting ores from plaintiff's ground.

Paymaster Strike.

Th Paymaster group near St. George under the management of A. J. Malloy is presenting some remarkable showings from the work of developing its grounds. A surface showing of copper has been followed to a depth of 10 feet where the vein is found to be 13 feet wide and carrying 10 per cent copper.

Out of Debt.

The Lower Mammoth management yesterday secured the wherewith for discharging the last of its indebtedness by the proceeds of a 115 ton shipment of its ores. The total amount realized was $5,216.52, or $55.23 a ton. The values were distributed in 102 ounces of silver, 5 per cent copper and 80 cents in gold to the ton.

They Visit Bingham.

John Hays Hammond, Samuel Newhouse and Manager Herbert of the Rio Grand Western railway yesterday visited Bingham and inspected Mr. Newhouse's Boston Consolidated property in that camp. Mr. Hammond also looked at the workings of the Highland Boy.

Viewed the Majestic.

R. P. Chapman of Hartford, Conn, who has been for 10 days at the Majestic holdings and other properties in which he is interested in the south, returned to Salt Lake this morning and will continue east tomorrow.

Mr. Chapman confirms all god reports heretofore made of the O. K. mine and says that it has large bodies of ore exposed, work is being pushed on the company's smelter. Mr. Chapman also inspected the grounds of the Manhattan at Pioche.

MINING NOTES.

Uncle Sam is among today's shippers with 5 cars of ore.

George R. Hancock came down to Salt Lake yesterday from Mackay, Ida.

The Eagle and Blue Bell appeared on the market this morning with a car of ore.

The Bullion-Beck swelled the day's ore receipts with a consignment of seven cars.

Thomas Weir of the Ajax and Loclede properties went out to Tintic this morning.

The United States mine is a shipper on today's market to the extent of three cars of ore.

Ernest Bamberger left last night for Oregon, where he will inspect a mining proposition.

Tony Jacobson has gone to Santaquin to examine the Crown Jewell group, a silver-lead proposition.

The Daily Judge property appeared on the mining exchange board this afternoon as a listed property.

The Taylor and Brunton sampler this morning reported the arrival of 30 cars of ore from Bingham and one car from Tintic.

Joseph Dedericks yesterday visited Stockton camp where his firm is installing machinery on the Honorine grounds.

Manager John G. Rhodin of the American Flag property, after a two days' stay in Salt Lake, returned to Park City this morning.

President A. B. Lewis of the Majestic and state senator-elect, came up from Milford this morning and will spend the day in Salt Lake.

A. O. Jacobson, superintendent of the Columbus at Alta is down from camp providing for winter supplies and attending to the putting together of the last ends of machinery being installed on the company's grounds.

Joseph Scelll, manager of the Black Bess property in Big Cottonwood, is down from the mine for a short stay in Salt Lake. He reports work progressing satisfactory on the properties with encouraging indications being revealed.

NEW YORK METAL PRICES

Lead and copper dull, unchanged.

STOCKS SHOWED WEAKNESS.

Opening Slightly Irregular, Changes Being Small Gains.

MOVEMENT WAS DOWNWARD

Big Break in Anaconda and Pressure Against Coalers Increased It—Decline Invited Buying.

New York, Nov. 6.—There was some slight irregularity in the opening dealings, but the majority of changes were fractional gains. Dealings became active and feverish. A break of 4 points in Anaconda and pressure against the coalers stimulated the downward movement. The market was exceedingly irregular all the morning. Occasional distribution of buying orders lifted a few stocks a point or more and hardened the general list slightly, but when buying orders had been executed prices slipped back again. St. Paul, Mo. Pac., Louisville, Illinois Centrai, Penna., U. P., Sugar, Colorado Fuel and Peoples Gas were most affected. Northwestern rose 2 points. On the other hand Lackawana lost 5; North American 3, and D. & R. G. a point. There seemed less apprehension over the foreign pressure for gold and there was little liquidation in evidence.

Bonds were dull and irregular at noon.

Fresh selling orders appeared in the coalers led by Reading which fell below 64.

Other stocks weakened and but little trace remained of the forenoon rise in special stocks. The decline brought prices to an inviting level for the short interest and they promptly covered. The Pennsylvania group of stocks and Mo. Pac. were most in demand and touched the best prices of the day.

At other points the raly was confined to fractions and not well held. American Cotton Oil advanced 3¼ on the declaration of a 6 per cent dividend.
