

HOME.

No other word betrays in our minds more pleasing reflection than the little word home. Home is intended to mean only of home. It has attractions that no other addition in Salt Lake City possesses.

In times like the present people look for homes where their lives are likely to be as safe as possible, and their other expenses in proportion. Forest Dale, a subdivision of the old farm of the late President Young, is just for enough from Salt Lake City to be free from city taxes. Vegetation and fruit are cheaper, and for building purposes bricks can be bought for at least one dollar per thousand less than in Salt Lake City. While it is to be considered the question of security, other matters also of great importance. Forest Dale has its own water system; the springs from which the supply is obtained producing over 1,200,000 gallons of pure, clear water in 24 hours. The place has all the things that a home should have, and the people who live there are happy and contented. The Forest Dale Home Club is being formed for the special purpose of furnishing at home plenty of facilities for pleasure, recreation, the old farm house, furnished quarters for comfort, dining and socializing. There, with the Sunday School and kindred meetings giving the young a field for the development of their talents, which, while no people have property unattended anywhere. We desire to sell only to home seekers. If you want a home, my agency will be pleased to take you to the property, and let you see what it is like. Loss of any size can be obtained. Call at room 111 Constitution Building on 3rd of the ground and obtain any particulars you wish. No trouble to show property.
