XLVIII CONGRESS.

SENATE.

WASHINGTON, 7.—The chair laid before the Senate a new set of credentials of Wm. M. Evarts, Senator-elect from New York. Read and filed.

Sherman, from the committee on library, reported a joint resolution, which passed, accepting the offer made the Government by Wm. H. Vanderbilt and Mrs. Grant of the swords, medals, bronze and paintings and other articles of value presented to General U. S. Grant by the various governments of the world as tokens of appreciation of his illustrious character as a soldier and statesman. [The resolution expressed the thanks of Congress to Mr. Vanderbilt and Mrs. Grant, and provides that the articles be placed in charge of the librarian of Congress. The secretary was, however, to receive them for safe keeping until a proper repository may be provided for them in the Congressional library.]

Cameron, of Pennsylvania, called up the bill to authorize a retired list for privates and non-commissioned officers of the United States army, who have served 30 years or upwards.

After debate the bill passed—yeas 37, nays 9, the nays being Coke, Colquitt, Harris, Saulsbury and Vest.

Van Wyck moved an amendment to one of the private pension bills, providing that all soldiers', widows or minor children who by existing law are or may become entitled to $8 a month, shall in the future receive $12. Van Wyck explained that the amendment was the same as that which the Senate had put in the Mexican pension bill. There seemed no other chance, Van Wyck said, to get justice done to a large number of deserving people who were now receiving a pittance of $8 per month.

Blair thought the amendment might defeat the Mexican pension bill.

Van Wyck said it was already substantially defeated. Neither the Mexican soldiers nor any others would receive anything from the House before the 4th of March.

Van Wyck's amendment was agreed to—yeas 37, nays 12. Those voting in the negative were Bayard, Beck, Chase, Cockrell, Coke, Fair, Harris, Maxey, Morgan, Riddleberger, Saulsbury and Vest.

Mitchell moved to add to the bill the further provisions of the Mexican pension bill, namely: First, that in considering the cases of dependent parents, it shall be sufficient to show that such parents are without other means of comfortable support than their own manual labor or contributions from persons not legally bound for their support; second, that proof that applicant was regularly mustered into the service shall be presumptive evidence of his soundness at the time, but subject to rebuttal; and third, that no person shall be entitled to more than one pension at a time unless specially declared by Congress.

These amendments were agreed to—yeas 39, nays 17. Those voting in the negative were Bayard, Beck, Call, Cockrell, Coke, Colquitt, Fair, Garland, Hampton, Harris, Jackson, Maxey, Morgan, Riddleberger, Saulsbury, Slater and Vest.

After executive session the Senate adjourned.

HOUSE

WASHINGTON, 7.—Reagan asked unanimous consent to take from the Speaker's table the inter-State commerce bill with the Senate amendments thereto, for the purpose of non-concurring in the amendments, but O'Neil of Pennsylvania objected.

At 5 o'clock, while the House was in committee of the whole on the river and harbor bill, Townsend moved that the committee rise. He wished to move that the House adjourn, having been advised that it was the intention of the friends of the river and harbor bill to continue this legislative day throughout Monday, and thus crowd out the regular appropriation bills.

The motion was lost, and the House took a recess until Monday.

AMERICAN.

RIOTOUS MINERS IN HOCKING VALLEY.

KILLED BY A STRAY BULLET IN EUREKA.

A SUSPICIOUS LOOKING PISTOL.

SHOT TWICE THROUGH THE BREAST.

Phelan's Pistol.

NEW YORK, 7.—An immense throng of Irish Nationalists, members of the Fenian Brotherhood, dynamiters, and others, were at the Tombs police court this afternoon when Richard Short, who stabbed Captain Phelan in O'Donovan Rossa's office, was arraigned for examination. The police force was well represented. When Phelan appeared, and Short had been led to the bar, Short's counsel said he would like to know if Phelan had been searched. Judge Patterson replied that he supposed he had, but directed the police to search him. The sergeant put his hand among the bandages which supported Phelan's left arm, and pulled out a Colt's five-shooter with a long barrel. There was quite a sensation when the revolver was discovered. Short laughed nervously, but seemed relived when the weapon was taken from the Captain. Short's counsel asked the court for adjournment on the ground that he had just come from Albany, and was unprepared for the examination. The prosecution opposed adjournment. The judge finally set the case down for Saturday next. The prisoner's counsel made a motion to reduce client's bail from $3,000 to $2,000, but the court denied the motion, saying the bail was none too much in a case like this.

Fatal Riot in Nevada and Expulsion of Chinamen.

EUREKA, Cal., 7.—During a riot last night between Chinese a stray bullet killed David Kendall, a member of the City Council, and another severely wounded a boy. The news created such intense excitement that a mass meeting was called, and over a thousand citizens responded. Resolutions of indignation at the lawless acts of the Chinese were adopted, and a committee appointed to notify the Chinese that they must all leave the city. Groups of citizens visited each Chinese house, compelled them to pack up their effects and then marched them to a large warehouse, where they are imprisoned, awaiting the departure of the steamer for San Francisco to-morrow. A second mass meeting, attended by 2,000, was held to-day and a standing committee appointed, empowered to prevent any Chinese from locating in this city in the future.

Riotous Miners.

COLUMBUS, Ohio, 7.—Hocking Valley has been greatly excited to-night over rumors of a concentrated attack by the strikers. Over 400 shots were fired in the neighborhood of Nelsonville and Buchtel, about 10 o'clock, but no attack was made. Patrol trains drove the strikers off.

Fatal Shooting.

WABASH, Ind., 7.—Lee Linn, editor of the *Courier*, was accosted by Wm. Hickey, of Logro, who had made threats against Linn's life. The latter pulled a revolver and shot him through the breast twice. He will die. Hickey came to Iowa last night for the purpose of assaulting Linn, but was avoided by his intended victim. This morning he was lying in wait for Linn, who, after warning him to keep away, shot him. Linn has not been arrested. Hickey called at Linn's office last fall, and was then shot at by the editor, but escaped unhurt.

SUNDAY NIGHT'S DISPATCHES.

FOUR THOUSAND ANARCHISTS ARMED WITH RIFLES AND DYNAMITE.

NIHILISTIC NESTS IN CHICAGO, PITTSBURG AND CLEVELAND.

Drilling in Allegheny County.

PITTSBURG, 8.—The story that anarchists are armed and drilling here and that dynamite is stored in various parts of the city, seems to have some foundation. In an interview with a reporter of the *Dispatch* to-night, a prominent police official stated that he had reliable information that dynamite was stored in at least one place within the city limits, and that a large supply of guns had lately been received by the Pittsburg anarchists, which it is thought have been shipped from Chicago. The party having these arms he says were foreigners, and not workingmen out of employment, but anarchists.

Herr Joseph Frick, a prominent Socialist, to the reporter of the same paper, admitted that the anarchists were armed in this city, and that they had regular nights for drilling. He said there were ten "groups," and about four thousand members in Allegheny County.

Socialist and Anarchist Meetings.

CHICAGO, 8.—The Moderate Socialists held a largely attended meeting on the West Side this afternoon. Speeches were delivered in English and German, counseling agitation to secure the adoption of their principles. Another large meeting was held on the North Side at which moderate Socialists and Anarchists divided the time in discussion. The Socialists counseled moderation and agitation, the Anarchists, as usual, the use of dynamite, which, as one of the speakers remarked, would make one man equal to a thousand. He favored the defiance of all law.

Interview Between President-elect Cleveland and S. J. Tilden.

NEW YORK, 8.—President-elect Cleveland, accompanied by Daniel Manning, boarded the train at the Grand Central depot at 9 this morning and took a seat among the passengers. Cleveland was recognized as he passed through the depot, and the railroad employees and many passengers made toward the car, anxious to catch a glimpse, and if possible, shake hands with the President elect. When the train arrived at Yonkers, Cleveland and Manning were received at the depot by Mr. Tilden's private secretary, Mr. Smith. As Cleveland stepped from the car the people about the station raised their hats and pressed forward to shake hands, but he hurried into Tilden's coach and the party were rapidly carried to Greystone, the residence of Tilden. The guests were welcomed by Tilden and his nieces and, after a short general conversation, an adjournment was taken to the study, where the host and guests could converse, free from interruption.

At 2 p.m. dinner was announced. Tilden occupied the head of the table, with the President-elect on the right and Manning on the left. Nearly two hours were spent in the dining room. After a short walk in the grounds the gentlemen repaired to the study, where they spent the remainder of the afternoon.

Cleveland Socialists Ripe For a Riot.

CLEVELAND, Ohio, 8.—F. L. Geger, of 62, Linden Street, former agent of the International Workingmen's Association, anarchists, says: There are four groups of the order in this city, with 200 members and many sympathizers. Two are Bohemian and two German. A fifth, American, will be organized to-morrow. He says the workingmen here are ripe for a riot, and that unless the times improve, the greatest revolution the world has ever seen will be inaugrated. Socialists are increasing in numbers here very rapidly. Geger is a railroad clerk at present. The agent of his group is Franta Sakrid, of 186, Craton Street.

Judge Dusenberry Interviewed.

CHICAGO, 8.—Judge W. H. Duesenberry and Dr. H. R. Pike, of Provo, Utah, were at the Palmer House, today. They constitute a committee to investigate the various insane asylums of the country with a view to recommending the good features of several state institutions, to the end that they may be incorporated in the Utah Asylum at Provo. They will visit Kankakee to-day and will then inspect the Kalamazoo institution, thence journeying eastward until all the principal asylums have been examined, when their return trip will be begun. Speaking of the Edmunds "Mormon" bill, Judge Dusenberry claimed that it was proving a great injury to the Mormons who were unable to secure justice in the courts on account of prejudiced juries. The bill and its workings had engendered considerable ill feeling and as a result, business was demoralized and many residents of the Territory were contemplating an early removal to more favored locations. The residents hoped that a general amnesty would be granted the Mormons who had contracted polygamous marriages previous to the passage of the Edmunds bill. This was the only relief which they expected, and failing in this, still greater demoralization of business might naturally be expected.

WAR AND RUMORS OF WAR.

ITALY WILL SEND THIRTY-FIVE THOUSAND TO THE SOUDAN.

PRECARIOUS POSITION OF GEN. STEWART.

Cabinet Meetings.

LONDON, 7.—The Cabinet meeting to-day was prolonged until 3:30 o'clock this afternoon. Messengers were dispatched every few minutes between Downing street and the War Office and Admiralty.

The *Observer* says that General Wolseley asked for specific orders as to what he should do in the event that Gordon was found to be dead. After a very long and animated discussion the Cabinet replied: "The campaign will be prosecuted until the rebellion is suppressed." Another Cabinet council will be held to-day.

Instructions to Wolseley.

It is rumored that an order has been telegraphed Wolseley to ascertain, if possible, before taking decisive action, whether Gordon be dead or alive. If still alive, Wolseley is instructed to endeavor to terminate the campaign without further fighting.

The war office reports that no troops can be spared from Ireland.

Gen. Stewart's Force near Gubat.

Advices from Gubat dated Feb. 7th, give gloomy statements about the condition of Stewart's little army there. The men have been placed on three-quarter rations. These have once been supplemented with a dole of beans and fresh meat. The camels have plenty of forage.

Shendy, on the opposite bank of the Nile, and Metemneh, three miles from Gubat, are occasionally shelled by the steamers. The troops are busily employed cleaning the ground in front of the camp, and in detached work in the adjoining villages. The main earthworks erected for the protection of the camp from the river front have already been greatly strengthened. Several men, wounded in the desert battles, have died since the arrival of the army at Gubat. The others are doing well. The remainder of the Royal Artillery and Naval Brigade, with 10 guns, including one Gardner, have arrived.

Rumors.

On his way from Gubat to Khartoum, Jan. 26, Col. Wilson was told by natives along the Nile that Gordon had been fighting hard for 15 days. Jan. 27, a native reported Gordon dead. On his return from Khartoum to Gubat, several natives reported to Wilson's party that Gordon and all the Coptic troops who stood by him had been captured by El Mahdi's men.

Later on, during the return journey, several Shagiyeh men came aboard Col. Wilson's boat and declared it was the intention of their tribe to join the Mahdi. These men said Gordon, Consul Nicoli, 50 Greeks and some soldiers, when pressed to desperation, shut themselves up in the Catholic Church, whither they had removed a quantity of ammunition and provisions.

Executed.

BERLIN, 7.—Reinsdorf and Keuchler, the Anarchists sentenced to death some weeks ago by the Imperial Court at Leipsic for attempting to cause the death of the Emperor and royal persons at the Neiderwald celebration, were executed at 6 o'clock this morning at Halle. The execution took place in prison, and was by the sword.

35,000 Italians.

ROME, 7.—It is stated that the government is prepared to send 35,000 Italians into Soudan. All political parties express warm sympathy with England, and the strongest desire for a close alliance. It is evident that Italian statesmen see an opportunity for Italy now to assert for herself a position among the first powers of Europe.

SUNDAY NIGHT'S DISPATCHES.

Turkey Preparing For War.

LONDON, 8.—A fleet of Turkish war vessels has been ordered to prepare for sea within a month. This order, as interpreted, means a fixed determination to oppose Italy's encroachment on the Red Sea, and prevent any aggressive movement by Italy in North Africa.

BRIEF TELEGRAMS.

Portland, Ogn, 7.—In the senatorial ballot to-day the democrats voted for D. C. Lininwebir, of Astoria. Hirsch received 28, a gain of 2, and a majority of the republican votes. Hare received 6, Falling 6, George 5, the remainder scattering.

Sir Evelyn Baring, British consul-general at Cairo, advises the dispatch of 20,000 Indian troops for service in Egypt.

The governor of Angola announces that Portugal seized both banks of the Lower Congo river between the 15th and 18th of January.

A marriage has been arranged between Princess Clementine, daughter of King Leopold of Belgium, and Prince Albert Victor, elder son of the Prince of Wales.

Thomas Morris, negro, aged 23, was taken from the calaboose at Schulienberg, Texas, yesterday, by a masked mob and hanged. It is alleged that he ravished a white girl of 13.

Senator Pendleton, from the committee on foreign relations, to-day favorably reported his bill to direct the President to cause the return of $586,400 to the Chinese government as the sum due that government as the sum due that government from the Chinese indemnity fund. The bill provides, however, that before the payment is made to China that the Sec'y. of State shall pay to the executor of Charles E. Hill $30,000, in full satisfaction of his claim against China for the loss of the steamer *Koongeon* in 1863.

The executive committee of the United States Association at the New Orleans Exposition waited on President Arthur to-day and presented a statement of the affairs of the Exposition, together with a memorial to Congress asking an additional appropriation, which he was asked to transmit to Congress with his approval. The President promised to give the matter prompt and careful attention.

Washington, 8.—Senator Morgan, from the committee of foreign relations, reported the bill introduced by him a few days ago, to construct and maintain a telegraph or cable line between the Pacific Coast of the United States and the Asiatic coast, with an amendment providing that the line must be completed within ten years.

Secretary Lincoln has instructed Lieut. McDonald not to turn over to the Governor of Southern California the Mexican mutineers recently arrested by his command in Arizona, near the border line, but to hold them subject to the receipt by the Department of State from the President of Mexico of proper extradition papers. This action is taken at the request of the Mexican government.

New York, 7.—Conant, the missing editor of *Harper's Weekly*, has been heard of. On January 21st he met the proprietor of the Ocean Hotel, Coney Island, and borrowed $5 on a watch and chain. He signed the receipt "T. P. Stearns." the handwriting is identified by a son of the missing man.

New York, 7.—Assistant Bishop Potter has consented to have Rev. Heber Newton presented for trial. Counsel for the presenters are busily engaged in preparing the necessary papers, which will be ready next week.

SANPETE TEACHERS' INSTITUTE.

The members of this Association met at Moroni on Saturday last, January 31st.

Superintendent Wm. K. Reid called the meeting to order.

After the opening exercises, he read a paper on the "Objects and Benefits of Institutes." He said methods and principles—not essays, lectures or class drills—should be the leading features. Such meetings brought the teacher in contact with his fellow teachers, and he learned to measure himself and his endeavors with his equals and superiors. The essay was commended, but once reading was not sufficient to fix all the points in the memory.

Mr. Aaron Hardy next gave a class exercise on percentage. Members expressed satisfaction at the proficiency of the class, but would have liked to see the method used to produce the efficiency.

Next came a primary reading class, conducted by Mrs. Crowther. Superintendent Reid exercised the class to show his method of training young pupils.

Geography was then treated on by Mr. J. P. Baxter, of Spring City, who did not think the study should be introduced before pupils entered on the fourth reader.

The Superintendent took exception to this, claiming that geography can be taught to advantage by object lessons to very young pupils.

Next was a primary arithmetic class, conducted by Miss Anderson.

Mr. Geo. Scott gave the recitation of "The Ruined Cottage," which closed the forenoon exercises.

The first exercise in the afternoon was a grammar class, conducted by Mr. J. F. Allred, of Spring City.

An orthography exercise, conducted by Mr. Abram Johnson, of Mount Pleasant, produced a good deal of criticism, as to the best methods of teaching spelling.

A short paper on "Grading Schools" was read by Mr. A. Hardy, but its discussion was left over till next meeting of the Institute, members to prepare in the mean time to decide for or against the measures proposed.

Mr. Joel Shoemaker made a few interesting remarks on "Physiology and Hygiene," and his method of teaching the science.

Supt. Reid proposed that Messrs A. Hardy, Geo. Scott and J. F. Allred be appointed a committee to draft resolutions of condolence and respect on the loss by death, of John E. Christiansen, second president of the institute, and report to next meeting.

The institute was adjourned, to meet in Spring City last Saturday of March.

At intervals the Moroni choir and brass band rendered vocal and instrumental music, which showed careful preparation and a very creditable degree of proficiency. G. S.

TABERNACLE SERVICES.

The services in the Tabernacle yesterday, commenced at 2 p. m., Elder Elias Morris presiding.

Choir sang:

Come all ye sons of Zion
And let us praise the Lord.

Prayer by Elder Edward Snelgrove.

Singing:

A poor, wayfaring man of grief
Hath often crossed me on my way.

Elder W. B. Burton addressed the meeting. We are told in Holy Writ that where two or three are met together in the name of the Lord there will He be also. He referred to the advent of our Savior among the Jews, and the labors and fate of himself and His Apostles, reviewing the rise, growth and final apostacy of the Church in that day, and compared it with the work of God of the Nephites after Christ appeared on this continent, showing that in both instances the people did not long cleave to the true plan of salvation, but soon substituted doctrines and ordinances of their own. They divided themselves up into different sects and parties, until at the present day these denominations are exceedingly numerous. He showed by relating the dream of Nebuchadnezzar and its interpretation by Daniel, that this Church and Kingdom is the "stone cut out of the mountain without hands" and that it should finally fill the whole earth. This is the dispensation of the fullness of times in which all things spoken of by the Prophets shall be fulfilled. God has raised up a Prophet in our day and introduced the same Gospel and Priesthood that Christ introduced in His day. A promise is extended to all who will comply with the requisite conditions that they shall know for themselves that this is the kingdom of God, and thousands have received that testimony. The channel of communication between man and his Maker is again open, and it is useless to fight against God's work. History is fruitful in examples of the folly of measuring arms with the Almighty, therefore let the Latter-daySaints live their religion and trust in God, and all will be well.

Elder A. H. Raleigh—It has been believed by the most of mankind in all ages that, at some time in the history of the world, the Lord would set up a kingdom of His own, that would differ materially from all other governments—one that would be permanent and have a more holy and pure organization.

This kingdom has been organized. Joseph Smith was the instrument through which it was revealed and established, and it will continue to grow until it shall fill the whole earth. Other governments have had elements incorporated in their organization that always tended towards their dissolution, and therefore, they are not permanent. No so with this kingdom; it is designed to last forever, and the day will soon come when this will be recognized as a literal kingdom, and Christ will be the King. I was acquainted with Joseph Smith before his death, and I know that he was a true prophet, on the same principle that Peter learned that Jesus was the Christ. I know that this nation will eventually become dissolved, and I don't consider this statement treason, either, for the ancient propets have predicted this concerning the different nations of the earth—all have got to come into subjection to the great kingdom of our God, and it will not be many years hence. Let us, then, be faithful and keep our covenants, that we may be worthy to stand forever.

Choir sang an anthem, and the services ended with prayer by Bishop Samuel Woolley.

"Sawdust Used Medically."

This is one of the latest ideas in medicine. But what ever you do with your sawdust, dont take it internally. Bath your head with it, scratch your back with it, or make a sticking plaster of it—only don't swallow it. The great medicine for debility, weakness, dyspepsia, rheumatism and liver troubles, is Brown's Iron Bitters. Mr. John Jenkins, of 138 Jefferson St., Baltimore, says, "Malaria left me very weak. Brown's Iron Bitters gave me health and strength."
