

SECY. TAFT BEGINS CUBAN HEARING

Moderate and Liberal Leaders Submit Their Respective Statements of Fact.

CONFERENCE IS PRELIMINARY.

American Representative Was Careful Not to Commit Himself to Either Faction.

Havana, Sept. 19.—The presidents of both the Moderate and the Liberal parties this afternoon submitted to Secy. of War Taft and Asst. Secy. of State Bacon, representing President Roosevelt, their respective statements of the facts leading up to the revolution and the conduct of belligerents. Each of the presidents tomorrow will present a written statement of the terms he is willing to agree to in the interest of peace. Gen. Menocal, representing the veterans, also related to Secy. Taft and Bacon the effort he had made in the line of peace and the difficulties he had encountered, and gave his opinion as to what courses should be pursued to bring about a settlement. A committee of five of the American also appeared, but got little satisfaction, their attorney simply presenting a statement of their grievances, which was not taken up.

Today's hearing began at the home of Minister Morgan in the village of Marianao, which is about three miles from the most advanced post of the insurgent forces, that of Col. Baldomero Acosta, which is encamped in the vicinity of Arroyo Arenas. The proceedings were conducted very quietly. No crowd surrounded the beautiful and spacious Quinta Hidalgo, which has been the home of the American minister to Cuba since the birth of the Cuban republic. The hearings were held privately in a room adjoining the library, no one being present in the house except those directly interested and newspaper men.

Secy. Taft informed Vice President Menocal, Senator Alfredo Zayas and Gen. Menocal that the day's conferences would be purely preliminary, and all would be heard again. Vice President Menocal was given an appointment for 10 o'clock tomorrow and Senator Zayas for 2 o'clock. After the hearings Secy. Taft said to the Associated Press that he had just begun his work and that he was not yet in a position to make any statement. He said that he had not yet had time to read the reports of the agents of President Roosevelt, which he considered a great deal of work and that he was not yet in a position to make any statement. He said that he had not yet had time to read the reports of the agents of President Roosevelt, which he considered a great deal of work and that he was not yet in a position to make any statement.

A private telegraph wire is being strung from Minister Morgan's house to the cable office in order that Messrs. Taft and Bacon may be able to report direct to President Roosevelt.

A detachment of 200 rural guards has been sent to Marianao, which hitherto has not been specially protected.

After the conference, Vice President Menocal said that the government was absolutely opposed to any plan which involves new elections.

Senator Zayas said he had been asked not to talk about the conference, but asserted that he had been urged to use his influence in all possible ways to stop fighting. He said he feared he would be unable to reach distant insurgent camps in time, and pointed out that the attack by a government force on the insurgents under Tello Sanchez at Sancti Spiritus on Tuesday was a violation of the government's promise. Senator Zayas related to Secy. Taft the efforts he had made for the relief of the prisoners arrested as conspirators, and Mr. Taft informed him that President Palma had stated that the prisoners under indictment would be released under bail. Up to tonight, however, they had not been released.

Mr. Taft was careful not to commit himself to either faction, but encouraged all to talk freely.

During Secy. Taft's visit to President

Hurry and Worry

Hurry, like a cyclone, whirls you along at a rate that quickly exhausts your energy, and leaves you a nerveless, wrecked, broken-down physical wreck.

Worry accomplishes the same results in another way. It drags you through the dark, gloomy tunnel of forebodings, wrecks your nerves and breaks down the constitution.

Then don't hurry; don't worry. But you will; and your nerveless, exhausted condition brings headaches, neuralgia, heart, stomach, liver and kidney troubles. The thing to do is: Strengthen the nerves with Dr. Miles' Nerveine.

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, dizziness, couldn't stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nerveine, and before I knew it I had finished the first bottle, and to-day I am entirely cured."

—MRS. JOSEPH SENTER.

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Palma earlier in the day the latter spoke freely of the situation and the future possibilities, adding that in the contingency of a general election being ordered he would not feel that it would be consistent in him to continue in office as president. No member of the cabinet, President Palma said, would be willing to concede to the proposition for a general election under any circumstances.

Following his visit to President Palma, Secy. Taft boarded the cruiser Denver to return to Commander Colwell's call. He found there Senator Zayas awaiting him under a prearrangement with Commander Colwell, and thus cordial relations were established both with the palace and with the revolutionists. Senator Zayas had on Tuesday sent a letter to Secy. Taft through Charles d'Arbigny, sleeping, tendering him his greetings. Unfortunately the letter did not reach Mr. Taft, but Senator Zayas made it public today. The conditions in the field are quiet, although the situation at Cienfuegos is threatening. Gen. Rodas said this evening that rural guards and military are patrolling the entire outskirts and suburbs of Havana. One thousand militia from Matanzas have been removed from the Cabanas fortress to Camp Columbia.

Gonzalez Munoz, editor of the Spanish edition of the Havana Post, an American newspaper, was arrested tonight by order of Secy. Montalvo on account of his publication of an editorial article criticizing the government and Secy. Montalvo in particular, and insisting that justice demands the immediate release of political prisoners.

In addition to his journalistic work, Senor Munoz also is private secretary to Gen. Freyre Andrade, speaker of the house of representatives. Government officials continue to question as particularly reprehensible because of its emanating from an employee of the government.

It is said that Gen. Ashert, one of the insurgent leaders, has sent a letter to President Roosevelt giving his reasons for the revolution and adding that if the president does not agree to a new general election supervised by a United States commission the revolutionists will continue the war. The letter is alleged to say that the insurgents do not fear the United States army, and that the liberals could raise an army of 20,000 men.

Detachments of marines and sailors from United States warships have been landed at Cienfuegos for the protection of the Soledad, Constancia, and Homoguerro, American sugar estates.

MONGOLIA PASSENGERS.

Government Advised of Their Condition and Will Send Relief.

Washington, Sept. 19.—The plight of the 20 passengers of the Pacific Mail steamship Mongolia, which recently went ashore near Midway, Ind., today was known to government officials here today through a cablegram received by the manager in this city of the Commercial Cable company.

The necessity for immediate sending of supplies was made apparent, and the question was raised if it would be in violation of the coastwise navigation laws to send a relief ship under foreign register. The matter was brought to the attention of the department of commerce and navy, and in turn the treasury department officials were consulted, and the decision reached that there would be no objection to sending a foreign built cableship, registered now at Honolulu to Midway at once, carrying enough provisions, supplies and working apparatus for the relief of the Mongolia and passengers. There are evidently less than 40 people on Midway island, and the influx of 20 additional population would mean a serious drain on the resources of the island, unless immediate relief were given.

CASHIER DISAPPEARS.

Otto D. Stallard, of People's National Bank, Sedan, Kan., Gone.

Sedan, Kan., Sept. 19.—Otto D. Stallard, cashier of the People's National bank of Sedan, disappeared last night and has not been heard from since. He left a letter addressed to his wife stating that he was leaving for a short time, and that he could not bear the disgrace of having it found out. The amount of Stallard's shortage is unknown, and the cashier's department officials were consulted, and the decision reached that there would be no objection to sending a foreign built cableship, registered now at Honolulu to Midway at once, carrying enough provisions, supplies and working apparatus for the relief of the Mongolia and passengers. There are evidently less than 40 people on Midway island, and the influx of 20 additional population would mean a serious drain on the resources of the island, unless immediate relief were given.

CRUSHED BETWEEN CARS.

New York, Sept. 19.—Caught between two street cars at Broadway and Thirty-third streets tonight, an automobile touring car, owned by John H. Springer, of the Grand Opera House, and occupied by himself and family, was ground to pieces while the occupants marveled at the speed with which the car was crushed.

Springer suffered most, being painfully bruised, while Mrs. Springer, a son, John H. Jr., and daughter Gladys and Charles, suffered less. There are no serious injuries, though some of the children suffered more from shock.

Mr. Springer was driving his car across the tracks when it was struck by a northbound car which was passing. In a moment the machine doubled up and its occupants found themselves in a strange position, pinned between the cars which had been brought to an abrupt stop.

WIFE ABANDONS FAMILY.

Vancouver, B. C., Sept. 19.—Mrs. Daisy, the wife of a prominent rancher at Mara, B. C., disappeared on the night of Sept. 17. She is believed to have been driven off by a man who is not known, though she went east or west from that station. A family of children is left. She had threatened to leave her husband, who is a wealthy man, and she is believed to have been driven off by a man who is not known, though she went east or west from that station.

YOUNG OFFICERS FOR CUBA

War Department Making Preparations for Any Eventualities That May Arise.

GEN. FUNSTON WOULD LEAD.

His Chief Lieutenants Likely to be Brig.-Generals Barry and Duval.

Washington, Sept. 19.—Young officers for command in Cuba in case the army is sent there is the plan practically decided upon by the war department. Gen. Frederick Funston probably will be in command, and his chief lieutenants are likely to be Brig.-Gen. Thomas H. Barry and William P. Duval.

These two officers have recently completed an inspection of the German maneuvers in Europe and have notified the war department that they intend to sail for this country on Sept. 29, but owing to the acute situation in Cuba they have been advised that their presence in this country at an earlier date will be desirable.

Notwithstanding the presence of Secy. Taft and Asst. Secy. Bacon in the Cuban capital on a mission looking to the pacification of the island preparations are going forward to meet any emergency that may arise in case the reconquest of Cuba is accomplished. Whatever Secy. Taft or Mr. Bacon may have to communicate will be sent direct to President Roosevelt, as they constitute a special presidential mission, which is quite independent of the department of state.

No information from the diplomatic representatives of the government in Cuba concerning the progress of negotiations instituted by Secy. Taft and Mr. Bacon is expected at the state department, for the reason that these representatives have been notified of the government's position, and, officially, have nothing to do with the occupancy of the special commission, and would not assume to report on any of its functions. Of course, any complaints received by the state department of the destruction of property of American interests will be used in the performance at the Grand Opera House in Havana. MAYOR PHELAN PROTESTS.

Against His Name Being Placed on the Mutual Life Ticket.

San Francisco, Sept. 19.—When James D. Phelan learned today that the Mutual Life Insurance company had placed his name as one of the candidates for trustee (he having been previously notified on behalf of the international policyholders' committee), he immediately dispatched the following message to Alton B. Parker of New York, who is chairman of the executive committee of the international policyholders' committee:

"My dear Sir—I am informed that the Mutual Life Insurance company has placed my name as a trustee on a third ticket. This would seem to have been done merely as a trick to deceive policyholders. The use of my name on that ticket was unauthorized. I think the tactics employed by the Mutual Life in this matter, aside from the disgraceful exposure of the past, should be sufficient to convince policyholders of the need for a change of administration."
