SENATE.

WASHINGTON, 2. — Thurman, from the committee on judiciary, reported a bill reviving and continuing the court of Alabama claims, and for the distribution of the unappropriated money of the Geneva award; placed on the calendar.

Edmunds said the report was not unanimous. He and other members of the committee disagreed.

Pendleton from the committee on Indian affairs, reported a bill to authorize the Secretary of the Interior to deposit certain funds in the United States Treasury in lieu of investments; placed on the calendar. This is a new bill, drafted to escape the objections made to the former bill, which was considered and recommitted.

The bill passed providing that a writ of error from the Supreme Court of the United States to the Supreme Court of any Territory, shall lie in criminal cases, when the accused shall have been sentenced to capital punishment, and in such cases allowance of such writ shall operate as supersedeas, and all cases removed from the Supreme Court of any Territory to the Supreme Court of the United States as provided by the act, shall have precedence of hearing in said court. The act applies to all cases heretofore tried and determined in which judgment has not been executed. In such cases defendant shall have six months from the passage of this act in which to obtain and perfect such writ of error.

Messrs. Cameron, of Wisconsin, Pendleton and Kirkwood, presented petitions from ex-soldiers against the passage of the Senate bill 496, for medicinal examination in certain pensions.

Kirkwood—I think it right to say the bill is now undergoing some investigation, and I am strongly inclined to believe the petitioners misunderstood both its purpose and its effects in case it should become a law.

Kirkwood, from the committee on pensions, reported adversely on a bill granting an increase of pension to the widow of Major Thornburgh, late of the United States army.

By request of Sanders the bill was placed on the calendar.

The Senate then went into executive session.

Pendleton, from the committee on census, reported a bill to amend an act to provide for the taking of the tenth and subsequent censuses; placed on the calender.

The credential of Randall Lee Gibson, Senator from Kentucky for six years from March 4th, 1883, were read; adjourned.

HOUSE.

WASHINGTON, 2.—Bills were introduced this morning as follows:

By Phelps—Appropriating $100,000 for the relief of sufferers in Ireland; also one levying a duty of 30 per cent. ad valorem on all bonnets, hats or hoods imported into the United States, composed of palm leaf, chip, grass, willow, straw or other vegetable substance, or of hair, whalebone, or other material not otherwise provided for.

By King—For the appointment of a commission of military, naval and civil engineers to examine and report upon routes of the inter-oceanic communication; also requesting the President to tender to Peru, Bolivia and Chili the good offices of this government for the restoration of peace.

By Bland—For the free coinage of the silver dollar.

By Blackburn—Providing for the registry or enrollment of vessels built in foreign countries.

By Robertson—Repealing clause 22 of the Texas Pacific bill, which grants land to the New Orleans and Baton Rouge Railroad Company, and re-enacting in favor of the New Orleans Pacific Railroad Company.

Wells, from the appropriation committee, reported the Indian appropriation bill; printed and recommitted.

On motion of Reagan, the rules were suspended and the House considered the bill from the committee on commerce making certain appropriations.

The House went into committee of the whole on the revision of the rules, notwithstanding the opposition of the greenbackers, who desired to obtain a vote on the resolution, which it was expected Weaver would offer, to the effect that all metallic or paper currency shall be issued by the Government and not by banking corporations.

The following were introduced:

By Coffroth—Granting pensions to soldiers and sailors of the late war who were disabled while in military service; also increasing the pensions for loss of leg or arm.

By Mr. Shelly—For the delivery of letters having insufficient postage.

By Thompson—For the benefit of the citizens of the States which did not go into the rebellion and which have claims against the Government. It provides that the accounting officers of the Government shall not disallow any claim of citizens whose States did not go into the rebellion, on account of disloyalty, unless such proof as will convict of treason shall be made against the claim.

By Young — Authorizing the President to call an international sanitary convention to meet in Washington.

By Brown—Proposing a constitutional amendment, providing that House of Representatives shall be composed of 300 members, to be apportioned among the several States, as provided in Section 2 of Article 14 of the amendments to the Constitution.

By Bland—For the free coinage of standard silver dollars. It provides that the mints of the United States shall be free and open to the coinage of standard silver dollars on the same terms and conditions as now or may hereafter be provided for the coinage of gold bullion; said silver dollars shall have the same legal tender capacity, and certificates shall issue thereupon in the same manner as now provided for by the act of February 28, 1878.

By Buford—Authorizing the committee of claims to hear and determine all claims for depredations committed by Indians outside their reservations, or for depredations against United States officers and employes residing on a reservation.

Wells, from the committee on appropriations, reported the Indian appropriation bill; ordered printed and recommitted.

By Fort—To put certain articles imported and used in the manufacture of paper, glass and woolen fabrics on the free list, and to reduce the duty on Limburger cheese.

The seventh section of the rule which relates to the duties and powers of the committee on commerce having been reached, Reagan offered an amendment striking out the clause providing that the committee on commerce shall report the river and harbor bill for reference to the committee on appropriations, and inserting in lieu thereof a provision that the committee on commerce shall have the same privileges in reporting bills and making appropriations for the improvement of rivers and harbors as the appropriation committee has in reporting the general appropriation bill; adopted, yeas 110; nays 40.

The committee rose and the House, on motion of Fernando Wood, took a recess till 7.30 p. m., the evening session to be for the purpose of listening to the address of Parnell.

It was near 9 o'clock when the Speaker called the House to order. Very few were present, but the seats of the absentees were occupied by ladies, and the galleries were closely packed with spectators. The Speaker gracefully introduced Charles Stewart Parnell. (Clapping of hands.)

Parnell said the American Republic, in his opinion, would be of the greatest importance in enabling them to obtain a settlement of the Irish question. He proceeded to speak of the tenure land question in Ireland as being the most pressing question of that country, and quoted the testimony of historians against the principle of private property in land. He also quoted approvingly the New York notion against immigration as a remedy. He proposed to imitate the example of Prussia and other continental countries where feudal tenure had been tried, found wanting and been abandoned. He proposed to give an opportunity to every occupying farmer in Ireland to become the owner of his own farm. He referred to John Bright's proposition for a company to advance money for the purchase of Irish farms, and criticized Mr. Bright for shrinking from asking the English Parliament's sanction of that principle In conclusion, he said that it would be a proud boast for America if she would force, by public opinion alone, and by the respect with which all people looked upon any sentiment prevailing in America, to obtain for Ireland, without the shedding of one drop of blood, without drawing the sword, without one threatening word, to aid in the solution of that great question. He was proud and happy in the belief that in the way he mentioned, and in no other way, America would be an important factor in the solution of the Irish land question. (Applause.)

On motion of O'Connor, the House then adjourned, and a personal introduction of members and others to Parnell followed.

EASTERN.

WASHINGTON MOTES.

WASHINGTON, 2.—The House committee on war claims have decided to report adversely upon 30 southern war claims for amounts ranging from $6,000 to $30,000.

A bill was introduced in the Senate to-day by Senator Harris to increase the efficiency of the National Board of Health. It provides that the board shall report to the President whenever any place in the United State is considered to be dangerously infected, and, after official publication of such report by the President. The bill prohibits the transportation of goods or persons from such place into a State other than that within such place located. The prohibition continues until the President proclaims the place no longer dangerously infected.

The House committee on post offices and post roads decided to report adversely upon Springer's bill, which proposes to repeal the acts authorizing the Post Office Department to print and furnish without extra charge special request envelopes for the return of unclaimed letters.

Southern Utes, Ignatio, Salvaro, Buckskin Charley and Ojo Bancho, arrived last night in charge of Col. Page, United States Army.

The committee investigating the charges preferred against ex-Commissioner of Indian Affairs Hayt, will probably conclude their work to morrow. Secretary Schurz said to-night that the report of the committee will be submitted to the board of Indian commissioners at their meeting in New York, on Tuesday next. It has not yet been determined who will succeed Hayt as commissioner of Indian affairs.

The Senate confirmed the nomination of Jackson Ferguson to be Supervisor of Census of the district of Nevada; D. Porter, Associate Justice of the Supreme Court, Arizona; Jno. Cook, Indian Agent, Rosebud Agency; Milo Boynton, Mequis, Pueblo Agency, Arizona.

It is expected the Secretary of the Treasury will to-day or to-morrow advertise for ten or eleven millions outstanding 6 per cent. bonds, for sinking fund.

The public debt statement issued to-day shows a decrease of the debt for January of $1,101,426.

Parnell's Charge Against Victoria.

NEW YORK, 2.—In reference to the statement made recently by Parnell that Queen Victoria contributed nothing in 1847 to the Irish famine, a denial of which statement by Lord Randolph Churchill was cabled here, Parnell has addressed a letter to the New York *Herald*, in which he says: "In reference to Lord Randolph Churchill's contradiction of my statement that the Queen gave nothing to relieve the famine in 1847, I find I might have gone still further and said with perfect accuracy that not only did the Queen give nothing, but that she actually intercepted £6,000 of the donation which the Sultan of Turkey desired to contribute to the famine fund. In 1847 the Sultan had offered a donation of £10,000, but the English Ambassador at Constantinople was directed by the Queen to inform him that her contribution was to be limited to £2,000, and that the Sultan should not in good taste give any more than Her Majesty. Hence the net result to the famine fund by the Queen's action, was a loss of £6,000.

Damages Demanded.

Henry E. E. Legraw, a commercial traveler, has brought action against James N. Rowan, grain merchant, to recover $30,000 for alleged alienation of his wife. Rowan was a resident of Jamaica, L. I. He is a member of the New York Produce Exchange, and trustee of the Brooklyn Tabernacle; is married and has a family. A suit for divorce will also be instituted.

New York Republican Convention.

The next republican State convention will be the smallest in many years, the representation being based on the vote for Cornell. New York County alone loses seven delegates Erie is the only county which gains, and it only gains one. The convention will consist of 410 members, against 451 usually.

Panic in an Opera.

CINCINNATI, 2.—To-night at the Grand Opera House, during the performance of "Somnabula" by the Mapleson Opera Company, a decided smell and appearance of smoke issuing from the closet under the stairway near the main entrance, came near causing a disastrous panic. Campanini and Marimon with Cheus were on the stage. As the smoke became distinctly apparent, the people in that part of the house rose en mass and began an exit. The singers kept their senses and continued with the opera. Cries of "Sit down!" and hisses, aided by the energetic action of ushers and others, succeeded in staying the frightened ones. Meantime the smoke which came from the furnace was shut off and the opera went on, though few left the house.

Railroad Sold.

The Indianapolis, Cincinnati and Lafayette Railroad was sold at noon to-day under an order of the United States Circuit Court. George Hoadley, Cincinnati; Henry Bates, Indianapolis; George F. Bliss, New York, are the purchasing commissioners for the bondholders and bid it in for $2,500,000.

New England Weather.

BOSTON, 2.—A dispatch from Mount Washington says: There was to-day the greatest change in the weather ever known on that mountain in the same length of time, the thermometer at noon being 19 above and at 9 o'clock in the evening 27 below zero, with the wind at 99 miles an hour.

From the Factory to the Wearer.

Shirts of Superior Muslin, Extra Fine Linen Shield Bosom, French Yoke, and completely finished for

$7.50 A DOZEN!

Having completed arrangements with one of the largest Cotton Factories in the United States for the manufacture of their "Shirting" Muslin, at extremely low prices, and having largely increased our facilities for the manufacture of men's and boys' Shirts, in all styles, we have decided to make an important departure from the course usually adopted by manufacturers, and place our goods in connection with the consumer, thus avoiding the enormous profits required, unless dealing in connection with the retail trade, and enabling us to make the following unprecedented offer. We warrant these Shirts to be first-class in every respect, to be substantially and neatly finished, and equal in appearance, durability and style to any Shirts in the market, selling two, three times as much. Send size of collar worn, circumference of chest and length of arm from middle of back to end of cuff, and state if you wish open in the back or front. We recommend open back shirts, as we can insure a more perfect fit. The following goods are first-class in every respect, much lower than the same quality can be bought for elsewhere, and will be sent post-paid on receipt of price.

Linen Cuffs 25 cts. per pair, $2.50 per doz. Linen Collars, standing or turn down, 12½ cts. each, $1.40 per doz. Celluloid Cuffs 40 cts. per pair. Celluloid Collars, standing, 20 cts. each; turn down, 50 cts each. Fancy Striped regular made Half Hose 20 cts. per pair, $2.00 per doz. Knitted Unbleached regular made extra heavy Half Hose 20 cts. per pair, $2.00 per doz. Linen Handkerchiefs, $1.15 per doz. Wright's Patent Rolled Waist Steels, 10 cts. per pair. Patent Duplex Vulcanized Arnolet 25 cts. per pair. Rolled gold plate Scarf Pins 50 cts. each. Rolled gold plate Scarf Ring 62½ cts. each. Rolled gold plate, 2 band Persian diamond Shirt Studs, per set (3) $1.25. Rolled gold plate Onyx Sleeve Buttons $1.00 per pair. The above gold plate goods are manufactured expressly for us, we guarantee they cannot be bought for three times the money elsewhere and are not to be detected from solid gold.

Remember in order to save you all outside profits, Boys' Shirts are sold at same price as above. Postage Stamps and currency taken. Catalogue of goods sent with all shipments.
