

SURGEON STOKES TELLS OF THE RELIEF'S ESCAPE

San Francisco, Jan. 2.—Surgeon C. F. Stokes, who was in command of the hospital ship Relief during the storm in which the vessel had such a narrow escape from shipwreck, arrived in this

city yesterday from the orient. Stokes tells a graphic tale of the terrific battle which the ship in his command had with storm and fire. When the ship was rendered practically helpless by a typhoon fire broke out, and it was only after the most heroic efforts by officers and crew that the vessel was saved from complete destruction. The surgeon declared that the enlisted men of the hospital corps on board the Re-

lief proved themselves fighting men of the first water. Dr. Stokes denied the report that there was friction on board the Relief. In this connection he said: "We passed through trials such as few ships survive, and throughout it all the discipline was perfect. In all matters pertaining to the handling of the ship Capt. Leach's judgment was supreme and never at any time questioned by me."

ALLEGED HEIR TO WALDEN ESTATE TURNS UP

Los Angeles, Cal., Jan. 2.—An heir to the estate of Mrs. Mathilde Walden, who died here last July, leaving an estate valued at \$200,000 without known heirs, has appeared in Cincinnati, ac-

cording to a dispatch to the Times. This claimant is James E. Walden, 26 years of age, who declares he is a nephew of the dead woman and the sole heir to her estate. According to Walden's story, he was kidnapped at Tropic four years ago. He thinks persons interested in depriving him of the estate committed the kidnapping.

CAR STRIKES AUTO.
Los Angeles, Jan. 2.—Elbert B. Osborne of 1508 Harvard boulevard, agent of a Chicago dry goods firm, was perhaps fatally injured last night when his automobile was hit by a swiftly moving Los Angeles-Pacific car. His wife escaped without injury. The machine was overturned and Osborne was pinned beneath it. Mrs.

Osborne was thrown clear of the machine and fell on soft ground on the right of way. Your complexion made clear and beautiful by keeping your blood clear. Hollister's Rocky Mountain Tea cleans the blood as no other remedy does; nothing so good for the complexion. Your friends recommend it. 25 cents. Tea Tablets. Godbe-Pitts Drug Co.

WALKER'S JANUARY WHITE SALE

Sale begins Monday morning—lasts the week

With the dawning of the new year, we inaugurate the greatest sale of white goods ever made in this city—to surpass the wonderful record made last year by this splendid January event, we have extended every effort—Months ago we began planning, and with this end in view, our buyers visited the markets, seeking only the very best in white goods and buying in quantities that would allow for even closer selling margins than ever before—every piece of embroidery, every muslin undergarment, every piece of linen and every yard of white wash fabrics, new and fresh, bought for the year 1909—Come and select from these lines at the lowest prices ever quoted on similar lines, even close to the quality.

An innovation is the January sale of muslin underwear

To do things differently is our aim—to be leaders is our custom, and in keeping with this policy, we've arranged our January undermuslin sale in a new and better way

Every garment that was bought for the year 1909 was closely inspected, the price carefully computed and the selling price marked just as close to cost as was possible to make it—There'll be no tame little reduction of one fourth off—but every garment has been marked so low, that were we to quote the selling prices as you'll find them marked in other stores, the reduction would show much greater than the usual 25 per cent.

It's the new way and the only way—every piece will be marked in plain figures at the sale price and the values will be self evident

The wonderful assortment represented in this beautiful stock of undermuslins has never been equalled in this city—every garment is a beauty—every one perfect and the styles are in the very latest from the fashion centers.

Fabrics are dainty, sheer long cloths, nainsooks, cambrics and muslins with fetching embellishments of lace, embroideries, insertion ribbons, etc.—a collection that every appreciative woman in this city will revel in.

The Main Street windows give an idea of qualities and exclusiveness of the garments—each garment ticketed to show the great savings to be realized.

In addition to the white goods offerings, there'll be countless money saving opportunities on seasonable merchandise not white, in every department.

Six days of unprecedented white goods selling

The initial event of 1909 will be but an example of the way Walker's will do things this year—greater, better, broader will every event be; nothing half way—we'll go the limit every time. This sale will open a new chapter in merchandising in Salt Lake City—it will bring thousands of people into the store to see the great billows of white merchandise—and the money saved on every item purchased will verify the opinion generally expressed that Walker's is THE metropolitan store of the west.

Every department will offer remarkable values—every line of white goods in the entire store will be on sale—one or two lines, restricted in price by manufacturers will be the only exceptions.

Our premier embroidery event, Monday

The sensation of the season will be the great display of embroideries at Walker's this week—Our previous sales of this character, though always expressing the very best, both in quality and in prices, never gave such great promise as this wonderful event.

The collection comes from the greatest embroidery makers in the world—fabrics are all dainty, sheer, hand loom Swisses—the designs express all that delicacy, beauty, originality and daintiness implies—the quantity is simply marvelous—thousands upon thousands of yards of beautiful new flouncings, insertions, edgings and waist frontings.

The prices in keeping with all other lines advertised during the white sale, are lower than ever before—every piece has been carefully judged as to cost and quantity and the price made as low as sane merchandising will allow.
