

NORWAY MAY SET UP A REPUBLIC.

Born of Bernadotte Will Not Furnish a King and Danish Royal Family Disapproves.

A QUESTION OF RECOGNITION.

Germany and Russia Will Not Give It Unless King Oscar Consents to Disruption of Union.

Copenhagen, June 9.—All hope that King Oscar or Crown Prince Gustav will yield to the request of the Norwegian storting to place a prince of the house of Bernadotte on the throne of Norway has now disappeared.

It is understood that arrangements are actually being made for a national convention, and this will inevitably result in the declaration of a republic.

According to well informed persons here Russia and Germany will refuse to recognize the Norwegian government until King Oscar consents to the disruption of the union.

Strong efforts are being made to secure similar action by other governments, including that of Denmark, and it is said that these efforts are meeting with encouragement.

The Norwegian press and people, according to advices received here, remain singularly unimpressed.

Thousands of telegrams from all parts of the world are pouring in on Premier Michelsen and the storting.

King Oscar is quoted as saying that he would avoid war at any cost.

Stockholm, June 9.—King Oscar decided, at a meeting of the council of state today, to summon the riksdag for an extraordinary session, June 10.

By this revolutionary proceeding, said the premier, "the storting has, not only without the co-operation of the king, but without the least consideration of the rights of the crown, determined upon the rupture of the union, which existed by virtue of a mutual convention drawn up in accordance with the laws, which in no way is broken without the authority of the two countries."

Inasmuch as the resolution of the storting is a great and profound violation of the rights of Sweden, it is indisputably necessary that the riksdag should be summoned in extraordinary session, without delay, and also in order to take the necessary measures to be taken by Sweden in view of what has passed.

The resignation of the ministers of Sweden and Norway at Copenhagen, Rome and Madrid were tendered by telegraph and accepted.

Albany, N. Y., June 9.—The court of appeals today by a divided court, voting four to three, sustained the lower court in adjudging Albert T. Patrick, the New York lawyer, guilty of the murder of William Rice, the Texas millionaire.

The case reached the court of appeals on March 14 of this year, when David B. Hill, who appeared for the appellant, based his argument for a reversal mainly on the contention that the condition of Rice's body revealed by the post-mortem examination might have been caused by fluids used in embalming.

The prevailing opinion is by Judge Gray, with whom concur Judge Bartlett, Haight and Warner. There is a dissenting opinion by Judge O'Brien, Chief Judge Cullen and Judge Van Curen.

Patrick has succeeded in postponing the ultimate decision of his fate for over three years by a display of acumen and resourcefulness that has excited the wonder of the members of

the bar and the public at large. The opinion of the court, written by Judge Gray, is very exhaustive, reviewing the formidable record in every detail and containing upwards of 16,000 words.

PAUL MORTON ELECTED CHAIRMAN OF EQUITABLE

New York, June 9.—Paul Morton, who retires from the secretaryship of the navy on July 1, was today elected chairman of the board of directors of the Equitable Life Assurance society.

It is known that Brayton Foss and Charles Stewart Smith, who were from the outset of the controversy on the side of the conservative element, presented a resignation of the presidency of the meeting and are believed to have voted against Mr. Morton's election.

The new chairman, to further quote Senator Dewey, did not consent to take office until he had received positive assurance that he would have a "free hand" as to measures and means.

Mr. Hyde "divested" himself of the majority control, but as made clear in his letter to the board, retains a substantial interest in the society.

Mr. Hyde disposed of his stock number some two score individuals, led by Thomas F. Swan, vice president of the Morton Trust company, which has closed relations with the Mutual Life Insurance company, one of the Equitable society's principal rivals.

The price paid for the Hyde estate stock, which is to be trusted practically in perpetuity, was not disclosed, but estimates vary from \$3,500,000 to \$5,000,000.

In addition to the 502 shares held by the Hyde estate, which includes the widow of Henry B. Hyde, founder of the society, and his daughter, Vice President Hyde is said to hold between 100 and 150 shares, and it is the holding, according to Mr. Intermeyer, refers to as the "substantial interests" which his client retains.

Omaha, June 9.—The jury in the case of John and Herman Krause today brought in a verdict finding the defendants guilty on the charge of maintaining inclosures on public lands, and also finding John Krause guilty of preventing Theodore Osborne, Edward Whetstone and other persons, by intimidation, from using the Krause inclosure.

The defendants were tried on three indictments, embracing 14 counts, and both were found guilty on five counts, while John Krause was found guilty on two additional counts.

DISPUTE OVER MEDICAL BILL.

Keogh-Wright Hospital Wants Its Pay for Caring For Deputy Sheriff Childester.

COUNTY REPUDIATES CLAIM.

Says Half the Bill Should be Paid by Highland Boy Company, Whom Childester Represents.

There seems to be some misunderstanding between the county commissioners and the Keogh-Wright hospital as to the payment of the bill for medical services and treatment for Deputy Sheriff Lafayette Childester.

It is contended by Dr. Wright that the bill should be paid by the county but the commissioners have refused to pay the same, which amounts to \$22.

The commissioners claim that the deputy was appointed at the request of the Highland Boy company and half of his salary is being paid by the company and half by the county.

He said that the deputy had been paying half his dues in the accident fund of the mine and hence is entitled to half of his expense while in the hospital out of that fund.

Mr. Childester has been in the hospital since March 25 and was compelled to undergo an operation for the amputation of his leg in order to save his life.
