SHOOTING SCRAP IN DEPT. YARDS.

GOVERNMENT BUILDING PLANS.

**Suspects Released—Wedding and Be-
trotal—Ladies Auxiliary B. of R.
T. Officers—News Briefs.**

A shooting affair occurred here yesterday morning.

George Cunningham, general yardmaster of the Union Pacific, put a bullet into the leg of Jesse Y. Rockefeller after the latter had assaulted him in the yardmaster's office. Rockefeller has been in trouble in Ogden and was working for the company under the name of J. R. Rees. He was once brought back from California on a serious charge, but married the complaining witness and escaped prosecution. He was also arrested later on a charge of perjury, growing out of testimony given in the interest of his brother, who was being tried on a criminal charge. He escaped punishment and went to work for the Union Pacific as switchman, but applied under the other name. He was discharged a short time ago for leaving his engine without authority and since then he has been persistently demanding of Cunningham his service card. Owing to his working under a name other than his own there was some delay and this is attributed to Cunningham. Several times during the past week he has demanded the card and was not satisfied with the yardmaster's statement that it would come through the superintendent's office instead of through the yardmaster's office. Rockefeller on one occasion pulled off his coat and wanted to fight Cunningham on the street, but the yardmaster left him. Yesterday the discharged employee went to the yardmaster's office, apparently looking for trouble. He made a peremptory demand for his service card and Cunningham jumped up to put him out of the office. The two men clinched and fell, Rockefeller being on top. Cunningham beat himself and got over by his desk. Rockefeller then turning his attention to Clarence Heath, a clerk in the office who had come to the assistance of Cunningham, but as the latter reached his desk the trouble seeker turned again in a threatening manner. Cunningham then pulled a gun from his pocket and shot Rockefeller through the fleshy part of the leg. The wound is not serious. Rockefeller left after receiving the bullet.

FEDERAL BUILDING PLANS.

Postmaster Thomas Davis has received from Washington, D. C., the plans and specifications for the proposed federal building to be erected in Ogden on the site of the government plant, located on the corner of Grant avenue and Twenty-fourth street. The plans show the building to be 98 by 54 feet, three stories with basement. It is to be very substantially constructed.

The monthly profit of the city light plant for the second quarter of the year was \$2,000. The profit for the first quarter was \$1,500. The profit for the third quarter was \$2,500. The profit for the fourth quarter was \$3,000. The profit for the year was \$10,000.

SUSPECTS RELEASED FROM CUSTODY.

The two men F. M. Reader and John Nixon who were arrested by Deputy Sheriff Wilde and Officer Hutchins on suspicion of having burglarized the Ogden Co-op, have been released. The men were proved an alibi. The men evidently know something about the crime. The men were released from custody.

CACHE COUNTY AFFAIRS.

The county commissioners at their meeting today purchased from the Hyrum Cattle Co. the Blacksmith Fork canyon toll road and it will hereafter be a county highway. Through Blacksmith Fork canyon lies one of the principal routes between here and Bear Lake valley, but ever since it was built it has been a toll road.

A year or so ago people in the south end of the valley petitioned the commissioners to purchase the road, and thus wipe out completely the toll road system of early Cache. The Hyrum Cattle Co., which controlled the road, asked too high a price, however, and the matter was dropped until today when Manager Wright of the Co-op offered to sell the road for \$750. He was offered \$500, and finally took it.

State Treasurer Dixon today filed suit in the district court against Cache county to recover \$135, which he alleges was illegally paid as fees to witnesses in the Majora case, the said witnesses being state or city officers at the time of testifying.

SUNNYSIDE.

MRS. HANNAH POWELL DEAD.

Epidemic of Influenza—Cool Camp Growing—Mines Working Regularly.

Sunnyside, Carbon Co., Dec. 6.—The many friends of Mrs. Hannah Powell will be pained to learn that she passed to the great beyond on the 3rd of the present month, after an illness of five weeks. She was an earnest worker in Sunday school and Relief society, a member of the choir, and president of the Primary association. The body was interred at Wellington, Utah, her former home.

Ammon A. Leroy and wife, lost their only child on the 2nd, from pneumonia. Mrs. Josephine Robertson is also very sick. The town has been afflicted for the past two months with influenza.

The weather is fine, roads very dusty. Mines are working every day except Sunday.

Supt. A. E. Welch and other officials visited Sunnyside on the 4th in their private car, Wasatch.

The coke ovens are turning out a good quality of coke, under the supervision of Supt. Musgrave.

Ten new cottages of the Utah Fuel company are furnished, and are being painted.

MONROE.

DEATH OF THREE INFANTS.

Whoopingcough is Abating—Lecture on New Zealand—Light Snowfall.

Monroe, Sevier Co., Dec. 7.—We are sorry to report that within two weeks we have had away three babies. The eight-month-old son of William and Julia Farmers, two-week-old daughter of Brigham and Annie Jundlers, and the one-month-old son of Anna and John Vergensen. Whoopingcough and lung affections were the causes of the cough and the disease is disappearing.

Three days ago a snow fell and covered the ground about half an inch deep. It had the effect of laying the dust and purifying the atmosphere.

The six departments of our public school under the leadership of Principal P. D. Jensen are doing most excellent work, though heavy snowed.

At Mutual Improvement association meeting held last Sunday night a splendid program was rendered. The main feature of which was a very interesting sketch of missionary labors among the native and white people of New Zealand, by Elder Constantine, who lately returned from that mission. As the speaker is an inimitable mimic as well as an earnest speaker, the subject was rich in humor and pathos.

Ward conference was announced to be held here last Sabbath, but owing to contagious diseases existing in Richfield the stakeholders thought it best to postpone the same.

HYDE PARK.

LAMB FAMILY REUNION.

Descendants Celebrate Golden Wedding Of Mr. and Mrs. Suel Lamb.

Special Correspondence.

Hyde Park, Cache Co., Dec. 3.—A reunion of the Lamb family was recently held at the residence of Joseph B. and Mary Lamb in celebration of the golden wedding of Suel Lamb and Elizabeth Zimmerman. During the afternoon all of their descendants, with the exception of Lawrence Johnson and William Hawkes, who are absent on missions, gathered at the home of the youngest daughter, Myra Lamb, at which party there were 34 of them being descendants of the worthy couple. Patriarch Lorenzo Hatch, who performed the ceremony making Brother and Sister Lamb husband and wife 50 years ago in Lehi, was also present. At noon a sumptuous dinner was served, after which Hattie Roper and Jessie Johnson gave recitations.

At 3 o'clock all assembled to listen to a fine program, commencing with song and prayer. S. Erasmus Lamb, the oldest son and Mrs. Julia Roper, the oldest living daughter, in brief addresses, spoke of the noble and upright character of their parents, who had ever been good to their children and given them good examples. They had never seen either one of them touch tea, coffee or tobacco. A number of others also made addresses.

Patriarch Lorenzo Hatch spoke of his early acquaintance with Brother Lamb, and prophesied that during the next 50 years his posterity would increase in the same ratio that it had in the last 50 years.

Father Suel Lamb said that when a small boy he assisted in building the Nauvoo temple by carrying water for those who worked, he being too small to perform any other labor; said he was proud of his descendants and grateful to the Lord that they were all members of the Church and all in good standing.

Mother Elizabeth spoke of her early life and experience, and of her father's family.

A permanent organization of the Lamb family was effected, with the object of yearly gatherings. The following officers were elected: Committee,

Elizabeth Lamb is the mother of these boys and seven girls, and has 65 grandchildren and five great-grandchildren.

UNIQUE QUILT FOR PRESIDENT ROOSEVELT.

Mrs. Charlotte J. Creighton of Philadelphia has for several years been making a patchwork quilt which will probably surpass anything of the kind ever attempted. It will be when completed a collection of no less than 2,542 pieces, all of which are put together in the most painstaking and substantial fashion. It is entirely of satin in the national colors in various shades. The materials alone cost upward of \$100. It was Mrs. Creighton's intention to present the wonder to Mr. Garfield, but when that was made impossible she announced her determination to delay the completion of the work for a few years in order to convince herself whether or not his successor should prove worthy of the masterpiece. Now she declares that Mr. Roosevelt shall become the owner of the precious gift on the day of his inauguration.

WHICH HAD MOST TO BE THANKFUL FOR?

IN honor of Thanksgiving the Friendly Circle club resolved that at the mid-November social meeting each member should tell the rest what she thought she had real, solid reason to be grateful for. Some of the ladies had never hitherto considered they had anything to be grateful for, so the proposition sent their minds exploring in new fields, which was in itself a matter eminently thankful.

Miss Faddish opened the programme with: "Madam President, fellow members and guests, I am grateful at this Thanksgiving time to announce that at last I have found the Truth." (Miss Faddish pronounced it with a capital T.) "My life has been devoted to the pursuit of Truth. When the Yoga breathing system was fashionable I went in for it with all my might. I rose at daybreak and, with my face to the east, I practiced breathings, posturings and saying my mantras. That went out of fashion, which showed it was not the Truth. Then came the Mystical Membership of the Peacock Blue Magi. It, too, dropped out of fashion, thus proving it was not the Absolute Truth. Then we who follow Truth found out about thought transference and enlarging the solar plexus and the pineal gland. We kept at the practice enjoined by Azawashur Thinkumny, our master from the orient, till we fairly felt our pineal glands thump in our heads. Then we found out Azawashur was no oriental adept at all, but just a smart ex-vault who had imposed on us all. My, but we dropped our solar plexuses in a hurry! But now, my sisters, I feel I have found the real Truth. It is the cultivation of Theopneustics. Oh, the joy of Being!"

"Well, of all things! Thankful for the blessing of a new fad!" murmured Mrs. Praxu.

Miss Faddish rolled her eyes pityingly over those of her audience who were not Theopneustics. Mrs. Motherly, a gentle little woman, said, with a slight timidity, as coming immediately after Mrs. Praxu:

"For years, I confess, I've longed for a Perlan lamb jacket with chinchilla trimmings. For the past year, too, I've wanted so much of those beautiful white, gold banded china dinner sets with monogram in the center of each piece. This Thanksgiving I've got both, and I'm perfectly delighted."

Mrs. Goodfellow said:

"All this year of 1904 I've been reading in the papers perfectly horrid things about husbands. Something must have broken loose among the planets that has driven husbands to be dreadful. Some of them have killed their wives; others have beaten them; others have stolen their money and run away from them. I never heard the like of such horridness of men toward women as there has been this year. So I'm thankful above all else for a perfectly perfect husband. He's just as nice and polite and sweet tempered to me as he was before we were married. He takes every care of my shoulders, so that I am not worried about money."
