MINING, BUSINESS AND STOCKS

ONE SESSION OF THE EXCHANGE.

Brokers Took a Half Holiday on Account of the Elks' Day Festivities.

BUSINESS WAS FAIRLY BRISK.

Lower Mammoth Closed Weaker—Ontario and Wabash Participated —Quotations and Sales.

On account of the "Purple day" festivities at the various places of amusement today, the members of the mining exchange decided to take a half holiday. Accordingly only the regular forenoon session was held, when a total of 21,475 shares were transferred, for which was paid the sum of $6,464.50. Carisa was an active stock and participated freely around 20 cents a share. Daly-West came out at $14 flat. Lower Mammoth, which went over the toboggan at a rapid pace yesterday, halted around 46 cents during the regular call, but weakened again on the open board.

Ajax, Ontario, Silver Shield, Wabash and Little Chief were also active.

The closing quotations and sales were as follows:

THE UTAH APEX.

Lower Tunnel Has Been Finished to 300-Foot Point.

Manager Walter C. Orem of the Utah Apex Mining company operating at Bingham was in camp yesterday and returned to the city last evening well satisfied with the manner in which things are being conducted.

The usual tonnage of ore is being forwarded to market daily and the work of driving the lower tunnel ahead is progressing rapidly and has reached the length of about 300 feet. Last week the men working there pushed the tunnel into the mountain 60 feet.

Manager Orem says it is the intention to run about 1,000 tons of mill ore through the custom plant owned by Col. E. A. Wall, as soon as the mill can take it. Just now it is running on ore from the Phoenix mine; a little later the Silver Shield will be given a turn and then the Utah Apex will have a show.

The Apex company is doing some energetic work in Bingham and will be heard from in a substantial way later on.

GOING TO THE DEER LODGE.

Manager E. D. Trenam to Personally Direct Mine Development.

E. D. Trenam, manager of the Deer the mine himself for possibly six district, is preparing to leave for camp with his family and expects to stay at Lodge mine in the Deer Lodge, Nev., months, by which time he hopes to see some important developments accomplished.

At present the company is running a long tunnel to intercept the ore bodies. It will take sometime yet to reach the ore zone, hence there will be little of interest likely to occur for some time.

Today's Metal Quotations:

Local settling prices as reported by the American Smelting and Refining company:

Lead,	$3.50@$4.50

New York Quotations:

Lead, firm,	4.60@$4.70
Copper, firm,	15⅛@15⅜

LOCATIONS MAY BE MADE ON UINTAH RESERVE.

(Special to the "News.")

Washington, D. C., July 27.—In answer to an inquiry, the commissioner of the general land office has expressed the opinion that mineral locations may now be made in that part of the Uintah lands in Utah, which were recently reserved for forestry purposes, in the same manner in which such locations may be made in other forest reservations; but the question has not been authoritatively determined by the secretary of the interior.

Mineral Deeds Filed.

Provo, July 27.—L. C. Peterson and Anna Peterson of Salt Lake City have conveyed to Culbert L. Olson of Salt Lake City, for a consideration of $5,000, the following mining property located in the north Tintic mining district: An undivided one-sixth interest in the Selma, the Selma No. 2, the Bonnie Jene and the Highland Laddie.

CONCENTRATES.

Very encouraging conditions are reported at the Sygnet mine in American Fork canyon.

Alta mining men are about to make another appeal to the Rio Grande railroad to provide the camp with better transportation facilities.

The ore and bullion settlements reported late yesterday were as follows: Crude ore and concentrate, $42,900; base bullion, $31,500; gold bullion, $34,500.

H. V. Croll, former manager of the Allis-Chalmers compan yin this city, has returned from San Francisco to again make his residence here. He will represent an Ohio mining machinery firm here.

The resignation of Warren C. Bogue as general manager of the local house of the Mine & Smelter Supply company has been announced. Is it to be succeeded on Aug. 1 by J. W. Gates. Mr. Bogue will remove to Denver to become manager of the Western Iron Mills company.

Superintendent A. O. Jacobson of the Columbus Consolidated mine of Alta is down from camp and gives out the information that shipments are being made equal to about a car load of concentrates and a car of crude ore per day. Twenty-two four-horse teams are on the road for the Columbus company, and still the congestion of ore at the bins is not yet relieved. At the mill there is at least 800 tons of concentrates and in the crude ore bins no less than 500,000 pounds are piled up ready for market.

Alta Mr. Jacobson says, has never been so active since he has had anything to do with the camp. There is lots of work going on in different parts of the camp, the Columbus is working 100 men; the Continental Alta has 120 on its pay roll; while the Albion, South Columbus and other properties furnish employment for a goodly number.

The camp is in need of better transportation facilities, and there is no doubt but that the mines can furnish enough business to justify the Rio Grande in repairing and operating its present line to Wasatch. Business is steadily increasing, and enough mines have been developed to prove Alta a permanent camp.

The wagon roads are dusty; but the Columbus company has a sprinkler and two men on the road constantly. The county commissioners are also having some work done, and there is every indication that the camp will be blessed with good roads in due time. The Continental Alta tramway is working smoothly and is carrying 10 tons of ore daily to the mill on Tanner's flat.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At Z. C. M. I. Drug Dept. Price 50c and $1.00; guaranteed. Trial bottle free.

OGDEN EXCURSION

Sunday, July 30th.

Sunday, July 30th, via Oregon Short Line. Trains leave 7:10 a. m., 10:30 a. m., or 1:40 p. m. City Ticket Office 201 Main St.

Salt Lake to Portland and return (one way via Los Angeles)..... 50.50

Tickets to Portland and return, direct, on sale daily from May 24th to September 30th, inclusive. Tickets reading one way via San Francisco or Los Angeles on sale July 3, 4, 7, 8, 9, 11, 12, 13, 14, 26, 27, 28. All tickets good for stopovers and limited to 90 days from date of sale. Additional selling dates for tickets via San Francisco or Los Angeles quoted later.

City Ticket Office, 201 Main St.

MUCKLOW OUT WITH STATEMENT.

President of Majestic Copper Company Tells Shareholders to Have Patience.

WHAT IS BEING DONE AT MINES

Work Concentrated at Old Hickory And Harrington & Hickory Mines —Cash Balance on Hand.

William B. Mucklow, president of the Majestic Copper Mining & Smelting company, who has been making an inspection of the Beaver county properties of that corporation, is out with a statement to shareholders:

"Considerable impatience," the president says, "and discouragement have been expressed by stockholders because nothing has been communicated to them since Mr. Newhouse, in February last, became managing director of the company. In explanation I may say that the policy adopted by Mr. Newhouse and his staff has been one of careful and conscientious research, in order to acquire a thorough knowledge of the properties before making extensive and expensive developments. It is now considered a wise and conservative policy to concentrate work on the two properties known as the Old Hickory and the Harrington & Hickory mines. These two properties also, it is confidently believed, can be made to supply sufficient ores to operate both the lead and copper furnaces.

"I have fully discussed with Mr. Newhouse and members of his staff the policy of the company from now on and have just returned from Beaver county, after examining the properties in general, and the Old Hickory and the Harrington & Hickory in particular. In this examination I was accompanied by Mr. Lafayette Hanchett, general manager for Mr. Newhouse, and Mr. James Ingols, the superintendent now in charge of our mines.

"For more than three years I have been in close touch with the Majestic company's properties, and can say without egotism that no one has been more familiar with the conditions during that time than myself. It must be distinctly understood that the conclusions hereafter set forth, as a result of this last examination, are without official endorsement, except so far as I am president and director of the two companies. I therefore accept the sole responsibility for this letter, inasmuch as I shall have no opportunity for the next few weeks of conferring with the other officers and directors.

OLD HICKORY ORE BODY.

"On February 1, 1905, careful measurements of developed ore in the Old Hickory demonstrated that there were upwards of 75,000 tons available for stoping, and the extraction of this ore will be begun immediately. This extraction of ore will be carried on without any additional expense of superintendence or management, and at the same time a visible and available cash asset, constantly increasing with the progress of the work, will be on hand. In addition to this work, the development on the second and third levels will be agressively pushed, and a fourth level has been started from the bottom of the main shaft. Every indication of this new development work points to the finding of extensive additional ore bodies within the next few weeks.

"In the Harrington-Hickory, nearly 100,000 tons of silver-lead ore are now exposed, with several thousand tons already mined and on the dumps. For profitable smelting galena ore is needed, and this is now being found in the sinking under way upon the Gomer chute at the 400 level. When this is obtained in sufficient quantity, all the ore in this mine will become valuable and available for smelting purposes.

"In addition to following in depth the Gomer chute, a crosscut is being made from the 400 level of the main shaft in a southeasterly direction to intercept the four defined fissures appearing on the surface, and I believe this to be the very best development work that can be done. It is the opinion of Mr. Hanchett and other mining men, that the Harrington-Hickory will prove itself to be a property of great value.

O. K. MINE MEASUREMENTS.

"The O. K. mine has, according to careful measurements made by Mr. Newhouse's engineers, more than 200,000 tons of ore above the 200-foot level, with additional bodies on the 300-foot and 400-foot levels. This ore, however, is so silicious that concentration is necessary to make it profitable, but it is not thought wise to put up a plant at the present time. Leasers are therefore working portions of this mine, extracting the higher grade ores. The company receives substantial royalties on everything marketed. The Majestic company, however, in the meantime will continue the sinking of the incline shaft in order to attain water level, where bodies of sulphide ore are likely to be found.

"Work on the other mines of the Majestic company will be confined to the necessary assessment work. The smelting plant of the company is in good condition, and will be put into operation as speedily as possible.

"The stockholders must understand that nothing is being lost, but much is being gained, by securing greater development and the blocking out of additional ore bodies. This will not only keep the smelter in permanent commission, but the extraction and handling of the ores will be more economical.

"I appreciate the anxiety of the stock holders caused by past delays and the many difficulties we have met with, and personally I feel the burden of my position most keenly. I am also sensible of the responsibility incurred in sending you this letter, and have no desire to raise any false hopes, but wish to deal simply with facts as I find them. These facts fully justify a most emphatic endorsement of the Majestic properties. I believe that a little more patience on the part of the stockholders will meet with a substantial reward. Mining is a slow and expensive process until the earning period is fully arrived at. This period in the Majestic company is close at hand.

"I fully believe in the integrity and marked ability of Mr. Newhouse and his staff, and that the interests of the stockholders have been wisely placed in their hands."

Mr. Mucklow states that the Majestic company has no floating indebtedness, and that the company has $125,000 in its treasury to be used for development purposes.

LOCAL MARKETS IN GOOD SHAPE.

Lemons, However, Are Quite Scarce and Steadily Increasing in Price.

UTAH TOMATOES ARE DOWN.

Tomato Blight Has Brought Large Shipments from California —Melons Arriving.

Lemons continue scarce on account of the continued demand for them all over the country in consequence of the protracted hot spell, and prices are stiff, if not positively advancing. Even in New York, a very cheap place for fruits, lemons are selling at $6.50 to $7 per case, which is bracing up the western as well as other eastern markets. There is a slight decline in oats and barley; eastern Mackinaw trout are up 5 cents, and there is a slighth advance wholesale in pork and a corresponding reduction in mutton. Utah new potatoes are down 5 cents per peck, and are crowding out the tubers from outside.

Owing to the blight among the tomatoes in the northern part of this state, sizeable lots are being shipped in from California and elsewhere for cannery consumption, as well as for marketing by which the local demand is being supplied. Oranges are slow on sale, and it is evident that the close of the season is at hand. A car of fancy Alberta peaches from Texas was received this morning, and are selling rapidly. Utah early Alexander peaches are on the market, nice for eating but not so suitable for slicing, and sales are running to free stone peaches for slicing and table purposes. Melons from Idaho are arriving, and the season of cheapness for that class of edibles is at hand.

Utah spring chickens are arriving freely, and the market is in consequence declining. There is quite a demand for live hens, and the market is strong. A fine car of bananas has arrived in good condition, and it seems as though this class of fruit would be on sale the year round. The prices obtaining in today's local markets are as follows:

RETAIL.

Corn, per cwt	$1.50
Corn, cracked, per cwt	1.55

STOCKS WERE MUCH STRONGER

General List Soon Hardened in Sympathy With Rise in Reading.

RAILROADS MADE ADVANCES.

Rest of Market Neglected And Prices Fell Back Slightly.

New York, July 27.—Trading was quiet on the opening dealings and movements of stocks were generally narrow. Eries showed effects of profit-taking but the general list hardened in sympathy with an advance of 1¼ in Reading, St. Paul, Northern Pacific, Great Northern preferred, Missouri Pacific, and Metropolitan Street railway got up 1; the smelting stocks, Lackawanna and Minneapolis, St. Paul and Sault Ste Marie preferred 1½ and Sloss-Sheffield Steel 2; Third Avenue sold at a decline of 1¼. The trading increased in volume decidedly and sharp advances in special stocks acted as a tonic. Chesapeake and Ohio, Ontario & Western, Locomotive, Pittsburg Coal preferred and Union Bag rose 1 to 1. Northern Pacific 2¼; Chicago Terminal preferred, Minneapolis, St. Paul & Sault Ste Marie preferred 2½; Federal 2¾ and Lackawanna 4¾. Great Northern preferred lost its gain. The Eries were carried below last night by pressure to realize, but recovered a fraction in the later trading.

Bonds were steady at noon.

The rise of 1¾ in New York Central carried with it Cleveland, Cincinnati, Chicago & St. Louis and the second preferred ¼ to 2¼. Baltimore & Ohio and Illinois Central gained a point. L. & N. and St. Louis Southwestern preferred 1½; Pittsburg Coal preferred 2⅞ and U. S. Rubber, Cotton Oil and Federal Mining 1. Wheeling and Lake Erie second preferred fell 1. Woolen preferred 1⅝ and Sloss-Sheffield steel preferred 2. The market became much quieter during the noon hour.

Illinois Central extended its advance to 2, Union Pacific, Chicago Union Traction and National Biscuit rose 1, Allis-Chalmers preferred rose 1¼ and Chicago Union Traction preferred 1½. The rest of the market was neglected and prices were allowed to sag slightly.

LIVE STOCK.

CHICAGO.

Chicago, July 27.—Cattle—Receipts, 5,000; market steady. Good to prime steers, 5.15@5.50; poor to medium, 3.75@5.00; stockers and feeders, 2.25@4.25; cows, 2.00@4.60; heifers, 2.40@4.50; canners, 1.25@2.30; bulls, 2.10@4.00; calves, 3.00@6.50; Texas fed steers, 3.00@4.75.

Hogs—Receipts today, 9,000; tomorrow, 15,000; market 5 cents lower. Mixed and butchers, 5.40@6.00; good to choice heavy, 5.30@6.00; rough heavy, 5.25@5.75; lights, 5.50@6.10; bulk of sales, 5.75@6.00.

Sheep—Receipts, 18,000; market slow to steady. Good to choice wethers, 4.65@4.90; fair to choice mixed, 4.00@4.50; western sheep, 4.00@4.80; native lambs, 5.00@7.00; western lambs, 5.00@6.75.

OMAHA.

South Omaha, July 27.—Cattle—Receipts, 2,800; market steady. Native steers, 3.50@5.50; cows and heifers, 2.35@4.40; western steers, 3.00@4.50; Texas steers, 2.75@3.75; cows and heifers, 2.00@3.50; canners, 1.75@2.40; stockers and feeders, 2.50@4.00; calves, 3.00@6.50; bulls, stags, etc., 2.00@3.15.

Hogs—Receipts, 10,000; market 2½ cents higher. Heavy, 5.50@5.60; mixed, 5.35@5.60; lights, 5.50@5.55; pigs, 4.75@5.50; bulk of sales, 5.55@5.60.

Sheep—Receipts, 4,200; market slow and steady. Westerns, 4.00@5.00; wethers, 4.00@4.50; ewes, 3.75@4.35; lambs, 6.00@6.75.

KANSAS CITY.

Kansas City, July 27.—Cattle—Receipts, 4,000; market steady to strong. Native steers, 4.00@5.45; native cows and heifers, 2.00@5.00; stockers and feeders, 2.75@4.25; bulls, 2.00@3.75; calves, 3.00@6.50; western fed steers, 3.50@5.00; western fed cows, 2.00@4.00.

Hogs—Receipts, 8,000; market steady to 5 cents lower. Bulk of sales, 5.65@5.75; heavy, 5.60@5.70; packers, 5.65@5.77½; pigs and lights, 5.45@5.80.

Sheep—Receipts, 2,000; market steady. Muttons, 4.00@5.25; lambs, 5.00@6.25; range wethers, 4.50@5.25; fed ewes, 4.00@4.50.

WOOL.

ST. LOUIS.

St. Louis, July 27.—Wool, steady. Territory and western mediums, 28@30; fine medium, 23@26; fine, 16@18.

New York, July 27.—Sugar, raw, firm. Fair refining, 3 7-16; centrifugal, .96 test, 4 1-16; molasses sugar, 3 3-16.

Refined—Unsettled. Crushed, 5.90; powdered, 5.30; granulated, 5.20.

Coffee—Steady. No. 7 invoice, 8¼.

PRODUCE.

CHICAGO.

Chicago, July 27.—Official forecast of rain for Minnesota and the Dakotas gave moderate strength to the wheat market here today. Shorts and commission houses were fairly active buyers. The selling was mostly by small holders. September opened ⅛@¼ to ½@⅝ higher at 80⅝ to 87, sold at 87⅛ then dropped back to 86¾. Minneapolis, Duluth and Chicago reported receipts of 434 cars against 206 a year ago.

Ideal weather for the maturing of the new crop caused weakness in the corn market. September opened a shade lower at 53⅝. After touching 53⅛ the price declined to 53⅛.

Weakness of corn had a depressing effect on the oats market. Continued liberal arrivals of new oats gave additional cause for selling. September opened ⅛@¼ higher at 28⅜@28⅝ and declined to 28⅛@28⅜.

Provisions were firm on fair demand from shorts for pork. September pork opened 5 cents lower at 15.00. After touching 12.97½, the price advanced to 13.12½. Lard was off a shade at 7.20 at the opening. Later, the price touched 7.22½. Ribs were unchanged at 7.87½.

Cash: Wheat—No. 2, red, new, 78½@88½; No. 3, red, new, 86@87½; No. 2, hard, new, 86@88; No. 3, hard, new, 85½@87; No. 1, northern, 1.10@1.15; No. 2, northern, 1.05@1.10; No. 3, spring, 95@1.05.

Corn—No. 2, 53¼@55½; No. 3, 55¼@55½.

Oats—No. 2, 29; No. 3, 28½.

Close: Wheat—July, 86¾; Sept., 86⅞@87; Dec., 87@88; May, 90¾.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

TEA

What did they do for tea two-hundred and fifty years ago!

"Breed is Stronger Than Pasture;"

But it is not a good substitute for it. Your store may be a

BETTER STORE

than that of the other man—but that will not make it a more profitable one unless your advertising is at least as good as his.
