OGDEN NEWS.

OGDEN, June 19, 1900.

OGDEN MUNICIPAL AFFAIRS.

Weber County Business Transacted by Board of Commissioners.

Sittings of Board of Equalization—See Serious Bike Accident—Death of R. B. Quibell—Postal Changes.

City council met in regular session and transacted the following business: The resolution was adopted prohibiting any committee or employee expending more than five dollars without first having obtained an order from the city council.

The mayor was allowed \$200 for his contingent fund.

The mayor suggested that a resolution making the Standard the official organ for publication be rescinded so that the city may have the advantage of competition in printing. Ordered filed.

Miscellaneous claims amounting to \$17,314 and pay rolls amounting to \$2,270 were allowed.

The committee on streets recommended that the petition of J. W. Hovenden, Sr., for remuneration for the use of the city's water block of the city be not granted and the report was adopted.

The bill of L. H. Beards, \$7.50, repairing Officer Farr's bicycle was disallowed. The wheel being the personal property of the officer.

The city recorder reported that blank refunding bonds had been received and had been properly signed by the city treasurer, and had been turned over to the city treasurer. Arrangements had been made with the Ogden State bank for the proper exchange and transfer.

Full Tax Collector A. G. Harris reported 253 poll taxes collected during the month of May, presenting a list of delinquents.

Max Davidson and others asked for the construction of a sewer on 21st street between Jackson and Wall avenues. Referred to the sewer committee.

T. F. Darnigan was granted a plumber's license.

Sam Drysdale and others asked for repair of Monroe avenue between 21st and 22nd streets. Referred to the committee on streets.

The ordinance creating sewer district No. 4 passed its third reading.

A discussion came up relative to how long on the sprinklers were being paid, after which Mr. Brown moved that the council re-advertise for bids to sprinkle the streets demanding ten hours per day, and no pay for rainy days. The matter was laid over for one week. After which the council adjourned for two weeks.

WEBER COUNTY BUSINESS.

The board of county commissioners met yesterday and transacted the following business:

Health Officer E. C. Richardson was allowed his claim of \$25 for services.

Treasurer Chambers informed the board that the quarterly interest on the county bonds was due, amounting to \$1,750. A warrant was ordered drawn for that amount.

A quit claim deed was issued to Jos. Edman, on payment of back taxes.

A communication was received from J. A. Wright, secretary of the State board of horticulture. The letter states that when the owner of orchards has failed to comply with the spraying act, it may necessitate the hiring of extra help to spray such orchards, to be paid by the county, afterwards to become a lien on the property of the delinquent.

Some minor tax matters were discussed.

Bids will be received by the board for the sprinkling of Ogden Canyon road, to wit, including Monday morning at 10 a. m., June 25, 1900.

BOARD OF EQUALIZATION.

The board of equalization will hear complaints on Wednesday, Friday and Saturday of this week; any adjustments of assessment matters that should be made must be brought before the board on one of these days, as Saturday will be the last day for the transacting of such business.

PAINFUL BIKE ACCIDENT.

Charles H. Barton, paying teller in the First National bank, met with a severe accident Sunday evening while coming down Ogden Canyon on his bicycle, which resulted in the breaking of his collar bone and terribly lacerating his right arm and bruising his right thigh badly. Mr. Barton, who is a member of his friends had been up the canyon being and was returning home, the cause of the accident was some distance ahead of Mr. Barton, when he observed a wagon coming and turned out of the road, and as to whether he struck a wheel or what, he does not know; but he was knocked from his wheel and landed on his back, his head being struck by the handle of the bicycle.

When he came to himself, he found he could not move, but he managed to get down the canyon, his companions not having observed that he was missing until they got near town. Some of the crowd went back for him and brought him home, Dr. Conroy was summoned and set the bone and dressed the wounds. While Mr. Barton was getting along fairly well, it was several weeks before he will be able to attend to his business again.

ANOTHER VETERAN GONE.

On June 15, at 1:30 a. m., Bennett B. Quibell died of general debility. His age was 38 years, 16 months and 11 days. Mr. Quibell was born in Blockington, Lincolnshire, England, and emigrated to the United States forty-three years ago. He leaves an aged wife and nine children, four boys and five girls to reverse his memory. The funeral services will be held at the Wednesday afternoon, June 20, at 2 o'clock. The remains may be viewed on date of funeral, from 11 a. m. to 1 p. m.

HELD FOR BURGLARY.

A warrant was issued yesterday for the arrest of John Saunders, on the charge of burglary, sworn to by Detective James Pender. Saunders was taken on or arrested, and being unable to furnish bail, is held in the city jail.

He is suspected of being the burglar who stole the \$200,000 worth of goods from the pawn shop a few days past. When arrested he had some of the stolen goods in his possession.

POSTAL CHANGES.

A new postal regulation goes into effect June 19, 1900, in the Ogden post office, which will be much appreciated by the public in general, as it will prevent any one desiring to send a registered letter was obliged to go to the postoffice to get it registered, but after

above date mail carriers in the residence part of the city will be provided with a registry receipt book and stamps, so that letters can be registered right at the home and save the trip to the office. This order does not extend to the business part of the city but may do so in the near future.

WANT A SAUCER TRACK.

The Salt Lake and Ogden professional bicyclists have petitioned the management and directors of the Glenwood park to construct a saucer track on an early day and pledging their support.

The petition is signed by John Lawson, the Terrible Swede, Chicago; J. M. Chapman, Atlanta, Ga.; Ivan Lawson, Buffalo, N. Y.; Clem Turville, Philadelphia; Gust Lawson, Buffalo; Oscar Julius, New York; W. V. Vaughan, San Diego; O. E. Emery, C. E. May, H. C. Allen, R. S. Hodgert, J. P. Gann, Frank Freeze, and A. L. Cope, Salt Lake; S. H. Sherman, Ithaca, N. Y.; John McGreger and Bert Goodsell, Ogden.

It is thought that the Glenwood people will give the matter due attention and put in a track to add their many attractions, but it is understood that if they refuse to put in the track this year the Glen club will put one on their grounds if the bicyclists will agree to support it.

LIVELY RUNAWAY.

A lively runaway occurred last evening on Twenty-third street. Will Richardson was driving his horse and buggy down the Twenty-third street hill when the animal became frightened and dashed down the street. At the corner of Washington avenue the buggy struck against a telegraph pole and was badly smashed. Mr. Richardson jumped from the buggy just before it struck and escaped with a few bruises.

K. O. T. M. EXCURSION.

The Silver Tent No. 1, K. O. T. M. have arranged to join the other tents of Utah in a grand excursion to Salt Lake on July 13th. The Ogden tent has chosen the O. S. L. as the railway for their transportation.

A decision has also been arrived at between the K. O. T. M. of Utah, Idaho, Wyoming and Nevada to have a grand reunion to take place sometime in August here at Ogden at Glenwood park.

WEDDING CHIMES.

Marriage licenses were issued to Stanley Johnson, 24, and Miss Lettie E. Austin, 20; George L. McGregor, 28, and Miss Rosa L. Farley, 25; Daniel P. Stephens, 25, and Mary Williams, 26; all of Ogden.

Two wags were run in by the police last evening.

A little trouble occurred yesterday at the Ogden Steam Dye Works, in which the foreman, John H. Hovenden, and Mr. Rosh, the dyer, got into a scrap over the settlement of the profits of the business.

OGDEN BRIEFS.

W. R. White, Esq., has gone to the coast on business.

Born to Mr. and Mrs. George Burton, Jr., on June 18, a fine baby boy. Mother and child doing well.

J. H. Knaus Jr. has returned to Butte, Mont., to resume work.

Prof. Marshall of the State School for the Deaf and Blind has gone to the coast for his summer outing.

Charles Power, an aged German, from Pennsylvania, was picked up by Sheriff Hall yesterday and sent to the city hospital. The old man was quite sick and needed attention.

Fish and Game Warden Goff notified the Utah Light and Power Co. that they must put in a fish run over their dam in Ogden canyon.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery, which really cured me. Hundreds have used it and my advice and all say it never fails to cure Throat, Chest and Lung troubles." Regular size \$5 and \$1.00. Trial bottles free at Z. C. M. I. Drug Dept.

PROVO.

REGISTRY AGENTS APPOINTED.

In Judge Booth's Court—Councilman Wilkins' Residence Burned.

Special Correspondence.

Provo City, Utah, June 15.—The following business was transacted in the Fourth district court by Judge Booth:

James Carter was granted a divorce from James C. Carter on the grounds of cruelty. The defendant was ordered to pay \$15 per month alimony, costs of suit and \$25 attorney fees.

defective flue in the frame kitchen, where a big fire was being kept in the stove. The flame started between the roof and ceiling of the kitchen and soon spread to the other part of the house.

The fire department soon had the flames under control. The neighbors carried out all the furniture and fixtures from the building before the fire gained much headway.

The city council held a regular session last evening and routine business claimed the greater part of the evening.

LOGAN.

B. Y. College Alumni Elect Officers—Looking for a President.

Special Correspondence.

Logan, Cache Co., June 17.—After the banquet of the Alumni association of the B. Y. college on Friday evening the annual election of officers of the association was held, resulting in the following: President, Mary Lyman Gowans, vice-president, W. W. Henderson, secretary, and Mary Sorenson, treasurer.

LOOKING FOR A PRESIDENT.

In connection with the filling of the position of president of the B. Y. college, it is understood that the name of Prof. John A. Whitsoe is being considered to the extent that that gentleman has been communicated with by cable in regard to the matter. There is no doubt that such action would please the majority of people interested in the welfare of the Brigham Young college, as well as of the Agricultural college.

Prof. Whitsoe is a brilliant and able young man and would doubtless do justice to the position with the B. Y., while there is no disposition on the part of anyone to desire that the direction of the great State institution on the hill shall appear "one-sided."

Some think now seems to be the case.

DESERET.

Some of the Resources of This Once Desert Place.

Special Correspondence.

Deseret, Millard Co., June 15.—The resources of Utah are not known to the dwellers therein. Here at Deseret, for instance, Mrs. M. D. Gibbs has a fine

show of Lithia water. Two thousand eight hundred gallons were shipped to Salt Lake City the past year. Several cures of kidney and other troubles have been effected by the use of these waters. An analysis cost the lady some two hundred dollars, and the voice of science says:

Organic matter.....0001
Free carbon dioxide to form bicarbonates......1848

Of this water one can drink and drink again. One lady has a record of two gallons and two glasses per day and left the place cured. The more you drink the more you want, and the more comfortable and refreshed you feel, and still you want another glass.

The supply going to Salt Lake City is the only export of the water; private individuals all over the State are sending in orders for its shipment. One came yesterday from Soda Springs, Idaho. Father Flynn, the veteran postmaster of St. George (our Dixie) testifies in strong terms of the curative properties of this water, and no doubt as its virtues shall be made known, a sanitarium will be established here to which will come the invalids to test the curative properties of this water.

Last year there was shipped thirty-five cars of lucerne seed from this but a few years ago desert land.

The brick meeting house, 45x70, is the largest audience room of Millard county, for which reason the greater number of the State conferences are held here.

Six dollars per ton for lucerne hay is being offered by the stores, and only a small amount selling at that price. Oats, \$1.60 per cwt.; butter, 20c; eggs, 12c per dozen.

Some five stores compete for the trade on the fast increasing population. Messrs. Mace and Dameron (the latter your agent here) at the old W. A. Ray stand, Davenport on the corner, Joshua Bennett—another like place over the hill—and the furniture house of Chris. Peterson.

Messrs. Hay, Hawley, and Moody have a seed house at Oasis station, with an acre owned by Smithwate of Ogden; these people are buyers and shippers of the immense amount of lucerne seed grown in the neighborhood.

The promise of lucerne seed of the present season is good, the large fields are aglow with a deep blue, showing the buds of the blossoming season indicates, a good output.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Electric Bitters have cured me of several ailments, which has caused me great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but after her health was restored by Electric Bitters, the best blood purifier known, I feel the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Z. C. M. I. Drug Dept."

FILLMORE.

County School Superintendent Brown Renominated.

Special Correspondence.

Fillmore, Millard Co., Utah, June 15.—The county convention called for the purpose of nominating a county superintendent of schools, met on the 16th, pursuant to call and placed in nomination the present superintendent, Harry P. Brown, who has served in that capacity for five years; as the call was non-partisan, there will not be any other candidate in the field.

SUNDAY SCHOOL CONFERENCE.

Yesterday the best Sunday school conference ever held in our county was closed with many regrets that it did not last longer; every part of the program was carried out successfully and the rendition was far superior to anything witnessed in this county for years. The instructions by W. D. Owen, of the aids to the general board of Sunday schools, were much appreciated and the singing of Geo. D. Fryer was simply grand.

A. A. Hinckley, who has been absent laboring as a missionary for three years in Holland, has returned to his home at Hinckley and paid his parents and many friends residing here a visit.

HARRISVILLE.

'And They Shall Have Families Like a Flock.'

Special Correspondence.

Harrisville, Weber County, June 15.—The death notice in your Saturday's issue of the passing of P. B. Taylor, was much appreciated. were grandfathers, sixty grandchildren and four great-grandchildren, seventy-nine souls in all. But while surrounded with his joyful posterity, the most of whom he had never seen before, he received the dispatch calling him home to the deathbed of his mother. He returned here Saturday with four sons, two daughters and two grandchildren. One of these daughters is the wife of Bishop A. K. Dabell of Grant, Idaho, who is the mother of fifteen children, twelve of whom are living. As he did not see all of his descendants while on his short visit, Patriarch Taylor contemplates completing his visit in the near future. Brother Taylor is a remarkable and venerable Patriarch in Israel, the father of 38 children and over 200 descendants.

TORREY.

William Glassman's Lecture—Chasing After a Lost Appointment.

Special Correspondence.

Torrey, Wayne Co., June 15.—Hon. Wm. Glassman delivered his famous illustrated lecture on "Expansion" in Torrey Hall this afternoon. Billy's eloquence held all present (even to babies) spell-bound for over three hours.

Mr. Glassman was billed to lecture in Torrey on the evening of the 18th by N. L. Sheffield (Republican county chairman), and the people, from neighboring towns came on the 13th to hear Billy lecture. Torrey Hall was filled to its full capacity, but Billy failed to fill the bill that evening, and after waiting until 9 o'clock for Mr. Glassman to lecture altogether, Hon. Wm. McCarty and John F. Childer were in Torrey today attending the lecture.

The Torrey irrigation company is working on the Sand creek dam preparatory for the season's work.

Mr. Hutchinson and family returned home from Boulder today.

Mrs. Leo A. Clayton was taken very ill this afternoon with heart trouble. We had a nice rain on the 10th.
