Professor Blot, the lecturer on Cookery, says that housekeepers should insist upon obtaining Burnett's Flavoring Extracts, as the strongest and most healthful.

The Qualities of Burnett's Cocoa, as preventing the hair from falling, are truly remarkable.

Enrapturing.—An embroidered handkerchief moistened with Burnett's exquisite perfume, Florimel.

All Painful Troubles and discolorations of the Skin may be alleviated or removed by the use of Burnett's Kallistion.

Ex-President Martin Van Buren was made comfortable by the use of Jonas Whitcomb's Asthma Remedy.

ECONOMICAL, RELIABLE, THE BEST.—We mean Dooley's Baking Powder. It is superior to all others in market. Free from any injurious substances, and so nicely compounded that the contents of each box will make light, sweet, healthy biscuits, rolls, pastry, &c., with uniform success. Only two teaspoonfuls to a quart of flour is necessary, while those of ordinary manufacture require from one-third to a half more. Ask your grocer for Dooley's Chemical Yeast Powder, and take no other. Try it and be convinced.

LOCAL AND OTHER MATTERS.

LEFT FOR OGDEN.—President Young left this city for Ogden early this morning. He will return home to-morrow evening.

MADAME SCHELLER.—The very popular artiste re-appears at the Theatre to-morrow night in "The Maid and the Magpie." Her engagement is a very short one, so all of her friends should make good use of the time by going to witness her most pleasing renditions.

TO WHOM IT MAY CONCERN.—This certifies that M. D. Merrick, of Franklin, Cache Co., was cut off from the Church of Jesus Christ of Latter-day Saints, for unchristian-like conduct, by the High Council at Salt Lake City, this 11th day of October, 1869.

Wm. DUNFORD, Clerk.

SMITHFIELD.—"Citizen," writing from this thriving settlement, on the 4th inst., says "We are now entering into a co-operative system of farming. A portion of the best land has been selected in our field, consisting of about 300 acres in a body, which can be surrounded with water. The owners of said land, expressed at a mass meeting their willingness to exchange the use of said land for land in other parts of the field, for the coming season. The 300 acres forms two fields, with committees appointed to give out the land in proportion to men's families, and in no wise to refuse a portion to those who apply on the plea of their being non land-holders, being assured that some who donate the use of their land will not ask other in exchange. By this means we think we can insure our bread another season, and Mr. Hopper surely cannot complain.

"On Friday last, a small bay mare, having a Spanish brand on her left hip, with saddle, bridle, hair and grass ropes on, was found in Bear river by three boys who were hunting along the bank of the river, immediately west of this place. The animal appeared to have been very recently drowned. A grey U. S. blanket was under the saddle. The supposition is that the rider had undertaken to cross the river, not knowing of its quick sand banks, when the animal, getting entangled with the ropes, became unmanageable; the rider probably sacrificing his own life, while trying to extricate the animal. Such are the surmises, in the absence of any knowledge in relation to the matter."

THIEVING IN THE SEVENTH WARD.—A sneak thief has been going the rounds of the Seventh Ward during the last few nights, appropriating all he could lay his hands upon. One resident of that ward has lost about fifty dollars' worth of tools, another a portion of his wagon, while a third has had a quantity of under clothing abstracted. The gentleman steals with nice discrimination, taking the best articles only, leaving those of lesser value for the use of their rightful owners. The citizens of the Seventh and neighboring wards should be on their guard and give the fellow a warm reception as soon as they are sure of their man.

SANTAQUIN FEMALE RELIEF SOCIETY.—This society held its first annual meeting on the third ult., when the report of the society was read, showing an income of \$152.22. Its Presidentess, Elizabeth J. Stickney and her counsel, addressed the meeting, also President D. H. Holladay and others. The room was tastefully decorated for the occasion, and there was a fine display of articles manufactured by the society. In the evening there was a dance, at which the music played gratuitously so that the proceeds might increase the funds of the society.

PASSED THROUGH CHICAGO.—Amongst our telegraphic dispatches received this morning we came across the following item:

"Three hundred and fifty Mormons, principally Welsh and English, passed through Chicago last evening for Utah."

We presume the late heavy floods in the Eastern States must have somewhat delayed these passengers, for they ought to have been considerably further west than Chicago last evening.

INDIAN TROUBLES AT FORT FETTERMAN.—Col. Hilson, writing to the Omaha Herald regarding affairs at Fort Fetterman, makes the following startling assertions:

"There is no longer room for a doubt but that we are on the eve of a general and malicious war with the Sioux, Cheyennes and half-breeds. I do not think the Arapahoes will participate, though they have not been about the post for some time.

"I am afraid they will capture the mail party or log train, and perhaps burn the saw mills, wood piles and hay stacks.

"There are not more than seventy-five men for duty in the garrison. If we don't get a reinforcement soon, you may depend upon our having trouble. Gen. Angur is expected here this week to meet the Arapahoes, but Capt. Patterson cannot find a messenger brave enough to go to their camp after them."

FROM WEDNESDAY'S DAILY.

INDIANS IN SANPETE.—We have received the following short note from Col. R. N. Allred, of Springtown, dated the 11th inst. "In justice to the Indians I wish to correct a mistake found in No. 35 of the *DESERET NEWS*, headed 'Indians Mad in Sanpete' over a communication from Fairview. I have good reasons for saying that it should have been headed 'Indians glad in Sanpete.' They are glad to find stock 'upon the thousand hills' which becomes an easy prey to their natural instincts. Further proof is at hand."

BARTON RUSH HUGHES.—A. W. Street,

Esq., P. M., has received a letter from Mrs. Mary Hughes of Warsaw, Benton co., Mo., who is anxious to hear of her son Barton R. Hughes, who she has been informed, was in this city about a year ago. Mrs. Hughes is nearly one hundred years old and is very anxious to hear from or see her son once more before she passes away. If any of our subscribers can give the old lady any information of her son or will communicate with Mr. Street they will be doing her a great favor.

PASSED OMAHA.—Elder Warren N. Dusenberry telegraphs to President Young that the company of Saints, under the guidance of Elder James Lawson, left Omaha at noon yesterday, in eight cars. Elder Dusenberry will travel with this company to Ogden, where they may be expected on Thursday or Friday.

A GENEROUS GIFT.—We clip the following from the *San Francisco Hebrew*:

"The following letter, inclosing a draft of \$400, from the First Hebrew Benevolent Society in Salt Lake City, was received by Mr. C. Meyer, President of the First Hebrew Benevolent Society of this city:

SALT LAKE CITY, Sept. 28th, 1869.

MR. C. MEYERS:—Dear Sir—At a meeting of the First Hebrew Benevolent Society, held on the 26th instant, the motion was unanimously carried to send to you four hundred (\$400) dollars of our funds, for our suffering co-religionists in Western Russia, which I take pleasure in sending you herewith. Please accept the same, and oblige by acknowledging the draft.

Yours, respectfully,

SOL. LEVY.

In the name of our suffering brethren far away, we express to the members of the First Hebrew Benevolent Society of Salt Lake City, our best thanks."

To which we add our hearty amen.

THE HOWSON TROUPE.—The Howson Sisters, having completed their engagement at Omaha, have accepted one to perform at Wood's Museum, New York.

LEFT US.—The Wilmington excursion party left this morning, for their onward journey, per U. P. R. R.

THE DENVER PACIFIC RAILROAD.—Denver, like Salt Lake City, is building a branch road to connect it with the Union Pacific Railroad, the which, according to our Denver and Cheyenne exchanges, is progressing rapidly towards completion. The track is now completed beyond the "Summit," the highest point on the road, and is now being laid at the rate of above a mile a day. The Cheyenne Leader observes:

"It is really worth a visit to witness the almost marvellous rapidity of the work, and the splendid system which has been adopted by the Superintendent (Capt. Clayton) to facilitate operations. We are informed that the same rate of speed can be kept up as long as the season remains favorable."

FROM THURSDAY'S DAILY.

THE UTAH CENTRAL RAILROAD.—President Brigham Young returned from his trip to Ogden last evening, accompanied by President Geo. A. Smith, W. Jennings, Esq., Vice President of the U. C. R. R., and F. Little, Esq., Superintendent of Construction. While in that city they had the pleasure of witnessing the first locomotive run along the track of the Utah Central Railroad and over the Weber river bridge dragging in its wake fifteen cars, loaded with iron and ties. The track is now laid about three miles this side of the Weber river, over the most difficult portion of the road, and is progressing at the rate of about half a mile a day. John W. Young, Esq., assisted by seventy men, is laying the rails, and as a sample of what they are doing, he telegraphed to President Young last evening, to the effect that yesterday they laid 2,800 feet of rail besides loading and unloading twenty car loads of iron and ties. Twenty more car loads were to be brought to the front by the locomotive this morning.

All appears favorable for the early completion of the track, and we know of no reason why the snort of the iron horse should not be heard in the streets of this city before 1869 gives way to 1870.

President Young and the other gentlemen who returned with him, speak with much pleasure of the gratification the sight of the first locomotive on the first road built and owned by the people of this Territory gave them, which argued so much for the future wellbeing of Israel.

CORRECTION.—In our report of awards at the late Territorial Fair, published in yesterday's News, the name of Brother T. C. Jones, brush manufacturer, of this city, to whom a diploma was awarded for the best home-made brushes, was omitted.

THAT FOX.—John W. Young, Esq., and several other gentlemen, have undertaken

to establish a manerie in this city, to be more especially devoted to the native animals of this section of the continent. One of these animals, a silver grey fox, lately escaped from the residence of Mr. Young, and has not yet been recovered. It is a valuable animal, and it is possible another of the same kind cannot be obtained; should any of our citizens find it, and will return it, they will confer a favor on Mr. Young. See his advertisement, where he offers \$15 reward for its recovery.

ANOTHER MATCH.—There will be another base ball match on the 8th Ward square, on Saturday, Oct. 16th, at 1 o'clock p. m., between the Eureka Club, of this city, and the Base Ball Club of Camp Douglas. This is an excellent opportunity for the lovers of this sport to witness some fine play.

DISTRICT COURT.—Pursuant to adjournment, the Court met at 10 a. m. to-day.

Several aliens were admitted to citizenship.

In the case of Wilson and Morton vs. J. Browning and C. L. Williamson, judgment was rendered for amount claimed.

In the case of J. F. Nounnan & Co. vs. U. P. Railroad, an affidavit for continuance, filed by complainant's counsel, was granted.

In the case of Godbe and Mitchell vs. Nounnan, Orr & Co., a jury was waived and the case submitted to the Court. John Thompson and R. W. McAllister were sworn and examined. The deposition of W. H. Miles, jr., was read and put in evidence.

The case of Mrs. Nellie Kay Robinson vs. Salt Lake City, in ejectment, was argued.

The above case was instituted, as is generally known, on complaint of Dr. J. K. Robinson, in this Court, in September, 1866, Hon. John Titus, Judge. It may with propriety be termed a case of "long standing."

The argument for the complainant, thus far, has partaken of as much of professional vim as if it were just coined from the legal mint.

The petit jury was excused till to-morrow at 10 a. m.

Adjourned till 2.30 p. m.

The troubles of an opium eater are told in a Bombay paper. A witness in the Bombay High Court while under examination told the Chief Justice that he was an opium eater, and wished to get away to eat his daily quid. The Chief Justice said: "Unless I am satisfied that it is dangerous to his health not to eat it at this time, I will not allow him to do so. If a medical man comes and tells me it is dangerous to his health that he remains here, he may go, but not otherwise." The witness was here supplied with a chair, and went on with his evidence for a time, but in reply to a question said: "I don't know, it's my time of eating opium, and I am not in my senses now—I feel giddy. I don't know what I am about now. I know that opium eaters eat at regular times, and they never fail to take it." He was not permitted to take his dose until his evidence had been given.
