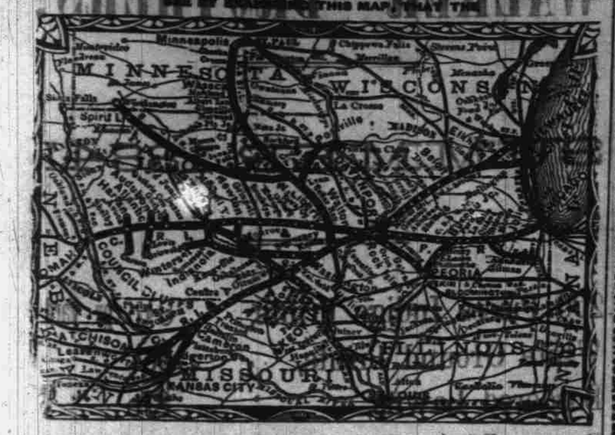
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL BE BY GLANCING AT THIS MAP, SEE THAT THE



CHICAGO, ROCK ISLAND AND PACIFIC R'Y

Being the Great Central Line, affords to travelers, by reason of its unrivalled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Gallatin, Trenton, Unionville and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

As it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of COMMODIOUS, WELL VENTILATED, WELL HEATED, TASTEFULLY UPHOLSTERED and ELEGANT DAY COACHES; a line of the MOST MAGNIFICENT HORTON RECLINING CHAIR CARS ever built; PULLMAN'S latest designed and handsomest PALACE SLEEPING CARS, and DINING CARS, that are acknowledged by press and people to be the FINEST RUN UPON ANY ROAD IN THE COUNTRY, and in which superior meals are served to travelers at the low rate of SEVENTY-FIVE CENTS EACH.

THREE TRAINS each way between CHICAGO and the MISSOURI RIVER.

TWO TRAINS each way between CHICAGO and MINNEAPOLIS and ST. PAUL via the famous

ALBERT LEA ROUTE.

January 1882, a new line will be opened, via Seneca and Kankakee, between Newport News, Richmond, Cincinnati, Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

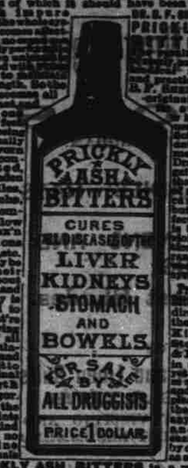
THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from the disordered condition of the liver. In this organ the blood is purified, and the bile secreted, which is so necessary to digestion, as also the peculiar properties which are to result in the excretion of the worn out and effete matter of the body. When the liver is inactive or torpid, the bile is not secreted in sufficient quantity, and what should have been secreted, instead of passing off through its proper channel, is taken up by the absorbents, carried with the blood through the system, and produces [illegible] which it should have been secreted to remove. [illegible] years



PRICKLY ASH BITTERS is a medicine of pure vegetable extracts, and all its curative properties are obtained by [illegible] vegetable in its composition. This is the secret of its wonderful success. It is a GOOD PURIFIER of the blood, and all other medicines are [illegible] for it in a fair trial. If he has none on hand, ask that it be ordered for you.

SUNDAY NIGHT'S DISPATCHES.

From Seven to Thirty Persons Buried Alive.

WASHINGTON, D. C.—The back part of the United States Hotel building, situated on Pennsylvania Avenue, a short distance west of the Capitol fell in without warning this evening, and buried in the ruins a number of people variously estimated at from seven to thirty. The building has a frontage of 125 feet on the avenue and a depth of 180 feet, the rear end of the wing facing an alley leading from Third to Four and a Half Street. A small partition of the rear wall was the first to give way, and a general collapse of the whole rear portion immediately followed, sending up a great cloud of dust. A general fire alarm was sounded, which brought to the scene of disaster a number of fire engines and hook and ladder companies, and a force of police. Cries and groans could be heard from the ruins, showing that all who were there imprisoned were not dead.

The Rescued.

A large force of men went to work at once and in the course of an hour Ernest Snooks, a boy 11 years of age, and Annie Dickson (colored), chambermaid, were taken out, both alive, but badly injured. In the meantime it had been ascertained that the number of persons buried in the ruins did not probably exceed seven, viz.: Mrs. Belden, wife of the proprietor, the boy Ernest Snooks, son of a restaurant keeper next door, and five colored servants. It is feared that these who have not yet been rescued are dead. Part of the building which fell contained chiefly rooms appropriated to the use of the employees of the hotel, and it is believed that none of the guests have been either killed or injured. The United States Hotel is one of the oldest structures in the city and it is said to have been for a long time in an unsafe condition. The barkeeper is reported to have made a complaint to the inspector of buildings some days ago with regard to its condition.

Mrs. Belden, wife of the proprietor of the hotel, was rescued alive at half-past eleven o'clock after having been imprisoned four hours. She was on the first floor of the back building, and was caught in a narrow space formed by a part of the second floor resting in a slanting position against a side wall. After the firemen and volunteers had worked two hours digging down into the debris from the surface, a force of firemen under Capt. Cronin entered from the front of the building against the back of which the timbers and bricks had partly lodged, and hearing groans worked their way back. By removing timbers and supporting others they finally got near enough to see Mrs. Belden and to talk to her, and eventually to hand her some water and whisky. She was not crushed but held down by her clothes and pinned by the fallen timbers. Jacks were brought and the weight held up while saws and axes were used to cut a way to her. At last the rescuers got close enough to cut her clothes loose, when they were enabled to extricate her. She was apparently not seriously injured but very much exhausted, and fainted as she was carried out.

Lynching in Missouri.

ST. LOUIS, 3.—During a negro picnic near Glasgow, Mo., yesterday, two men from Moberly got into a quarrel and two officers interfered to preserve the peace. One of them, Sam Sophey, was shot and killed by Harrison Mickey, one of the Moberly men. This latter was arrested and the mob attempted to lynch him, but were prevented by the firmness of those having the prisoner in charge. All parties concerned are colored.

LATER.—A dispatch from Glasgow to-night says 75 to 100 negroes went to the jail between 1 and 2 o'clock this morning and demanded the keys of the jailor, and when they were refused by that official, the door of the jail was broken in by the mob and Harrison Mickey taken out and hanged to a tree just outside the town. Before being strung up, Mickey was asked if he wished to pray, or whether he desired to make any statement, he answered: "No, I'm not a praying man," and told the crowd if they intended to hang him, to do it quickly. He was then hoisted up and left to strangle to death. The affair was conducted quietly and very few persons outside of the mob knew of it until the body of the negro was discovered hanging to a tree this morning. Sophey, the man shot by Mickey, was a well known and highly respected negro.

DANGEROUS SUBSTITUTES
FOR
HORSFORD'S ACID PHOSPHATE

Several inferior and dangerous "substitutes" for the genuine "Horsford's Acid Phosphate" are being offered for sale; and we hereby caution the dealers and public against buying or using them, as they will not produce the same effect upon the system as the genuine "Horsford's," and the ingredients in some of them are dangerous to health.

Some of these "substitutes" or imitations are simply Dilute Phosphoric Acid, which interferes with the digestion; while the genuine "Horsford's" not only causes no trouble with the digestive organs, but materially assists in their action.

One preparation that is being offered for sale, by the gallon, contains Meta- or Pyro-Phosphoric Acid, which are declared by the highest authority to be poisonous. The same preparation also contains Chloric Acid, which is a compound of Chlorine. "Horsford's" contains neither of these ingredients.

These "substitutes" are liable to be found at soda fountains, because of their cheapness.
