Martha Washington is Stronger-Lower Mammoth and Ajax Were Active.

The mining stock market was in good form today as is evidenced by the sales sheet which shows a good demand for lower priced securities. Martha Washington and Yankee Con, led the upward pace which was followed by very few of the other stocks. The former opened at 27 and sold up to 28 with a slight reaction at the close, while the latter sold from \$2 up to \$2.13 and closed strong. Ajex sold from \$1.14 down to \$1,13%, while Daly dropped 200 at 2,023/2. Eagle & Blue Bell found a buyer at 74. Mammoth was quite strong at \$2.31%. May Day sold around 90. Sacramento was a little weaker today with transfers being made as low as 411/2. Silver Shield slumped to 7 at which price 7,000 shares changed hands. Star Con, opened at 58% and afterwards sold down to 58. Utah found a buyer at 60, while Ben Butler opened at 191% and moved up to Butter opened at 19% and moved up to 10%. Boss Tweed let go 1,200 at 15, Joe Bowers participated at 13% and Manhattan hung around 15-16. Tetro opened at 10 but sold down to 9½. West Morning Glory was very active as high as 35. BOND TO BE FILED TOMORROW

Sales were Made as High as \$2.13 | Mammoth Company Will Put Up at \$75,000 and Get Injunction.

Judge Rives Beturns Today With Samples-Butte Consolidation Enjoined-Daly-West Looks Well.

The fight between the Mammoth and Grand Central Mining company is about to be started again in earnest, and it is probable that no quarter will be asked for or given until the famous case is decided in the supreme court. The first step will be taken tomorrow, when the Mammoth company will file the required bond of \$75,000 with the court at Nephi. Preparations were completed today by the selection of the bondsmen, one of whom is James A. Cunningham of this city. The morning train will convey the party to Nephi as soon as they arrive an injunction will be asked for preventing the Grand Central from extracting any more ore from the disputed territory on the 700 and 800 levels. It was stated today by the officers of the Mammoth company that the filing of the bond is all that necessary to secure the injunction, which, it is thought, will be made binding until the case shall be finally decided. No ore has been taken either company from a small strip of ground between the two mines, pending the decision as to the point at which the dividing line occurs. The injunction against the rest of the disputed ore body on those levels was annulled by Judge Higgins' decision, Consequently it is said that the Grand Central has been drawing upon some of the disputed ore bodies for part of its

The re-opening of the case promises to be even more interesting than the previous encounter, and the points to be raised will prove interesting to mininm men all over the West.

INJUNCTION IS GRANTED. Will Prevent the Consolidation of Montana Copper Companies.

New York, April 26.—The Herald says: Legal steps have been taken preventing the consolidation of the Boston and Montana and the Butte and ton and Montana and the Butte and Boston Copper companies with the Amalgamated Copper company. A temporary injunction has been granted by Vice Chancellor Pitney in Jersey City, restraining the Amalgamated Copper company from purchasing control of the stocks of the two companies until the full terms upon which the deal will be made are fully disclosed to the stockholders. The order is returnable on May 6.

ble on May 6.

The application for the injunction is signed by Calvin O. Geer, who states that he is the owner and holder of 104

shares of stock of the Amalgamated Copper company. In his bill of com-plaint he prays for a writ of injunc-tion restraining and enjoining the Amalgamated Copper company, its directors and agents from purchasing or taking over by way of exchange of se-curities for cash any of the stock of the Boston and Montana Consolidated Copper and Silver Mining company upon any terms whatsoever in excess of their actual value and not until the terms offered these companies have been submitted for approval to the stockholders of the Amalgamated Cop-

per company. per company.

The complaint also asks the court to further enjoin and prevent the directors of the Amalgamated Copper company from hypothecating, mortgaging or creating any lien on the property and present assets of the company or creating any indebtedness whatever to take over the two Boston copper companies until the stockholders of the Amalgamated company are fully acquainted mated company are fully acquainted with the terms of the deal, which are to be approved by them. The injunction granted incidentally prevents any increase in the capital stock of the Amalgamated Copper company. A director of the company in an interview annument that stubborn corrections. announced that stubborn opposition to the injunction would be made in the courts.

Mammoth Dividend for May.

The Mammoth Mining company will pay its next dividend about the 8th or 10th of May. Such was the informa-tion sent out by President McIntyre in reply to a question. The distribu-tion will be \$20,000 or 5 cents a share.

Returns from Lower Mammoth.

E. C. Coffin came in from the Lower Mammoth today after examining the property quite thoroughly. He reports the 900 level looking well. The drift is being pushed in ore of good quality and the property, in Mr. Coffin's opinion, never looked better. On the 800 level the company is running a cross-cut to the west fissure. The new motor will be in place within the next 36 hours and the management will then make things hum.

Daly-West Lower Level.

Superintendent John A. Kirby, of the Daly-West, was in town today from the Park City bonanza and reports every thing moving along very satisfactorily. He has drifted about fifty feet each way on the intermediate level below the 1,400, and good milling ore is being en-countered. The mill is handling the usual tonnage. The road leading to the mine is nearly impassable at present through the thawing out of the which has disappeared around the com-pany's hoist and boarding house. At the Daly, Mr. Kirby reports a few leasers at work on one of the back veins of the property.

RAILROADS CONSPICUOUS.

Speculation Very Broad in Many Usually Quiet Stocks.

Marked Decline of Union Pacific, Inducing Free Selling, Weakening of Market and Recovery.

New York, April 26.-The market

showed well distributed strength at the opening, but the most conspicuous movemets were in the United States Steel stocks, Rock Island, Northern Pacific, Union Pacific and Kansas & Texas, in which the advances ran from 1 to 2% on first sales of from 1,000 to 25,000 shares for the individual stocks. Amalgamated Copper sold at 120 to 121, then receded to 119% on the transfer of 4,000 shares. The stock rellied momentarily, then fell back below 120. Smelting lost over a point. These stocks were both affected by the issue of injunctions interfereing with the proposed consolidations which each company has in view. While the tone of speculation was strong, the leading rallroads did not advance much beyond their opening prices as the demand was only about equal to the realizations. B. & O. was a nota-ble exception, rising 2½ to 104½. Specu-lation was very broad, many usually quiet stocks being actively dealt in. Pennsylvania rights sold at from 8½ to 912. Sugar was bought heavily at a gain of 2 points but Brooklyn Transit and People's Gas fell sharply. Union Pacific declined from 109½ to 107½ at II o'clock which induced free selling of other Pacifics and grangers, and the entire market weakened. The depression was short lived, as an aggressive demand for special stocks caused a general demand for both accounts, and trading became enormous on the ad-vance. Leading features on the rebound were Sugar, Tobacco, Amalga-ted Copper, Chicago, Preat Western and the Colorado Southern stocks gained 264. Northern Pacific and the grangers rallied to the best. Burlington touch-ing 1981, but Union Pacific, the United States Steel stocks and Southern Pa-cific met abundant offerings and did not cover fully. Bonds were firm.
