Tuesday, April 12, 1904.

## TALK OF THE TOWN.

Cold and breezy.  
R. C. Chambers, Esq., is back from the east.  
W. S. Godbe has returned from England.  
President Joseph Young still continues to improve.  
The City Council convenes this evening at 7 o'clock.  
Mrs. Dr. White, of this city, has gone east for improved health.  
The orchardist is now watching the weather with a jealous eye.  
John Dullin has been appointed postmaster at Thistle, Utah County.  
Cornelius Vanderbilt passed through Ogden, going east, on Sunday.  
Hall commenced falling this forenoon, but soon degenerated into a sleet.  
The bonds required of the Silver Reef strikers vary from \$700 to \$1,000.  
The Langard Troupe will play here on Friday and Saturday of next week.  
O. J. Averill, Esq., Clerk of the Third District Court, has gone to Europe.  
The street car track on First South Street, east of Main, is undergoing repairs.  
The street sweep is busily plying his brush on our crossings, and his labors are justified.  
Jared Dalton, the murderer of Mrs. Parker, has been sentenced to 12 years in the penitentiary.  
Ogden is to have powder works. The residents of the Junction City are blowing up over the affair.  
Judge Hunter's extraordinary ruling, in the billiard case, is the text of street conversation generally.  
Bishop Sharp and the Utah Southern paymaster, were at Frisco last Saturday, paying off the railroad hands.  
Captain Codman, who has been spending a few days in Salt Lake, recently, left for San Francisco Sunday evening.  
The Second District Court has adjourned. Judge Twiss will be here on the 29th inst. to attend the Supreme Court.  
Pointexter Hunt, the assailant in the colored shooting scrape on Sunday, is still in the jail, unable to give the required bail of \$500.  
Stephens, convicted of manslaughter at Beaver, a short time ago, and now an inmate of the "Pen," is serving out a sentence of four years.  
One of the freaks of Aeolus, to-day, was to lift off a lady's bonnet, near the Deseret Bank corner, and deposit it softly—oh so softly, in the middle of the muddy street.  
A number of arrests were made last night: A man and woman for lewdness and prostitution, and three others, including one woman, for drunkenness and disturbance.  
It is rumored that the electric light won't work. Two causes are assigned, viz: the altitude of Salt Lake City, and the inexperience of those in charge of the machines.  
Professor S. S. Hamill and family leave on Saturday for San Francisco, where they propose remaining two years, prior to sailing for Australia. They intend making the tour of the world.  
The "Mormons" have often been falsely termed, "a lawless community." A few more District Court decisions, like that of yesterday, and in one sense at least, we will deserve the title.  
An old saddle, supposed to have been dropped from a wagon, was picked up in the street last evening. The owner can learn the whereabouts of the article by enquiring at the Deseret News office.  
A woman keeper of a house of assignation, was before the Police Magistrate this morning. She got a good talking to, promised to do better, and was permitted to "go and sin no more."  
Many citizens are indignant over the shooting affair of Sunday morning, by which the lives of a number of people were jeopardized. The enactment of a law making a penal offense of carrying concealed weapons is advocated.  
The Wood River country still blooms. A number of our citizens are awaiting the clearing up of the weather to pack up and go. Mr. John Groenbeck, who has some valuable mining claims up there, will soon leave with a prospecting party.

District Court Proceedings.—Proceedings in the Third District Court, Tuesday, April 12, 1881, Chief Justice Hunter presiding.  
P. P. Longstreet vs. Wm. E. Winsor et al.; dismissed.  
J. H. Mott vs. J. B. Smith; Bennett and Harkness appear as counsel for plaintiff.  
People etc. vs. James Green, demurrer to complaint; submitted without argument.  
J. W. Campbell vs. Elizabeth Duder; motion for new trial, submitted without argument.  
H. W. Van Legat vs. Chas. R. Cohn; demurrer to complaint argued and submitted.  
De Morand Griffin et al. vs. Morris Griffin et al.; new plaintiffs substituted and submitted.  
Chas. B. Cunningham vs. Joseph Marion; demurrer overruled, judgment on the pleadings as prayed.  
Wm. Asper, etc. vs. London Bank of Utah; demurrer to the complaint argued and submitted.  
Bentley Moore vs. Geo. H. Raughter et al.; motion to dismiss, appeal argued and submitted.  
Frederick Carpenter was sworn as Bailiff.  
Solomon Saxton was admitted to citizenship.  
Court adjourned till Wednesday, at 10 a.m.

Birthdays.—A very pleasant little party was held last evening at the residence of Dr. Ellen B. Ferguson, where a number of this gifted lady's personal friends met for the purpose of commemorating the anniversary of her birth. It came on the Sabbath, but the party was designedly given one day later, and was a complete surprise to Sister Ferguson, who came home from her office after the company had arrived and taken possession of the house. An excellent picnic accompanied the self-invited guests, and with a fine supper, a very pleasant entertainment of music, readings and speeches, congratulations and eulogistic, and the expression of numerous good wishes for Sister F.'s health, the time from six till half-past 11 p.m. was passed away in a very happy manner. Among the presentations was that of a fine clock, which called forth the song, "Grandfather's Clock," which was rendered with great gusto by the entire strength of the company. Sisters E. B. Wells and R. B. Pratt were the arrangers of the party, which was as pleasant and enjoyable as it could possibly be.

A Handsome Present.—Mrs. E. B. Wells, editor of the *Exponent*, has been made the recipient of a beautiful specimen of ornamental paper work, done by Mrs. Thomasa Sorenson, Fillmore, at present the guest of Dr. Ellis R. Shipp of this city. The work is a circular ornament of black, variegated with figures of birds and plants and other objects in gilt. One of the latter is a pair and another a pair of scissors, both symbolical of the labors of the editor, and on the lower part of the circle, in gilt letters, are the words: "Success to the Woman's Exponent." The centre piece is a bird on a branch, holding in its mouth a scroll upon which appears: "E. B. Wells." The lady who designed and executed the ornament wishes to take orders for similar kinds of workmanship.

Powder Works.—The Ogden Post of yesterday, says:  
"We learn that Dr. Slooper, of Amboy, Illinois, has lately perfected a superior and safe blasting powder, which is soon to be introduced in the West. It is looking around for a suitable place for its manufacture, he has selected Ogden as being the most desirable location, because of its central position to the mines of Utah, Idaho, Montana, Nevada and Wyoming. He has associated with himself E. L. Toaker, of Terrence, and Harry Davis, of Tonus, and it is proposed soon to erect suitable buildings in this city for the manufacture of a blasting powder, which possesses power equal to the best of other makes, while it is safe from explosion by concussion. Experimenters so far made with this new compound have been very satisfied, and its manufacture in this city is destined to become an important industry."

Trial Calendar.—Following are some of the cases set for trial during the April term of the District Court, with the dates of trial:  
Z. C. M. I. vs. O. J. Hollister, set for May 5th.  
George Orinsson, etc., vs. E. C. and C. F. R. R. Co., set for May 2d.  
Salt Lake City vs. Wm. S. Clays et al., set for May 9th.  
Thomas Fenton vs. Salt Lake County, set for May 11th.  
Salt Lake City vs. James Weston, two cases, set for May 13th.  
F. W. H. Medhurst vs. London Bank of Utah, set for May 10th.  
E. B. Shoebridge et al. vs. Morris Goldberg et al., set for May 17th.

A Good Letter.—We have been permitted to read an interesting private letter from Elder John H. White, now on a mission to Europe, and at present located at Faversham, Kent, England, from which he wrote on the 10th ult. He is enjoying his mission, is doing good, keeps in good health and has an excellent spirit. Some part of his letter is quite poetical, showing that our young friend can write as well as preach. We wish him every success while laboring for the salvation of souls.

Having Trouble.—We learn from a reliable source that the U. P. R. R. and western R. R. Co. are having trouble over the coal mine situated at Twin Creek, formerly owned by Bell Brothers. On Saturday last, the U. P. sent 10 armed men from Evanston, down to the mine to protect the company's interest. Coal lands in the neighborhood of Evanston are becoming very valuable. No less than four railroad companies are now surveying, with a view to running a coal field.

A Celebrated Case.—As will be seen by the advertisement in another column, this beautiful and thrilling play is to be repeated by Mr. John S. Lindsay and company, on Thursday evening next. It is a splendid piece and well worthy of a big house. Go and see it.

Fire at Frisco.—From the Times of the 9th instant, we learn that a fire at Frisco, early last Friday morning, burned the barn of Gilmer, Salisbury & Co., used as a stage stable and feed warehouse. The cause of the blaze is not determined. The loss is quite heavy. No stock was in the stable at the time, it being all in use on the line. A buck-board was taken out by Agent Adams at the commencement of the fire, but considerable other property was destroyed. The most strenuous efforts of the citizens prevented adjacent buildings from catching and sharing a similar fate with the barn. The way the fire originated was at first a mystery, but on Friday evening, Mr. Adams, the company's agent, was arrested for arson, it being alleged that he went into the office room in the barn, and was found there when the doors were forced.

LOCAL AND OTHER MATTERS.  
Notice.—The members of the Vigilant Hose Company No. 4 are notified that the regular monthly meeting will be held at the Fireman's Hall to-morrow evening at 7.30 p.m. sharp.  
B. RANDALL, Sec'y.

Laborers Wanted.—Bishop John Sharp yesterday received the following telegram from Thos. L. Kimball, General Passenger and Ticket Agent for the Union Pacific Railroad:  
"The contractors on our Denver and South Park Tunnel, want two hundred (200) laborers immediately. They guarantee for good men, two dollars and fifty (\$2.50) per day, without board. If you can secure them, I will make a rate of ten dollars (\$10) from Ogden to Denver. Answer."

There is a chance for good workmen. All desirous of availing themselves of it must make arrangements at the office of Superintendent Sharp, in this city, immediately.

A WINE DEACON.  
Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us so long.  
"Brother Taylor, the answer is very easy. I used Hop Bitters in time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I will warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other column.

HEALTH AND HAPPINESS.  
It seems strange that anyone will suffer from the many derangements brought on by an impure condition of the blood, when SCOTT'S BLOOD AND LIVER SYRUP will restore perfect health to the physical organization. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the best blood purifier ever discovered, effectually curing Scrofula, Nervousness of the Kidneys, Weakness and Debility. It cures indigestion. It makes the old feel young, and the young feel gay, and will invariably drive out of the system the many ills that human flesh is heir to. A single bottle will prove to you its merits as a health restorer, for it acts like a charm, especially when the complaint is of an exhaustive nature, leaving a tendency to lessen the natural vigor of the brain and nervous system.

It is a compound of the best vegetable alternatives, with the Iodides of Potassium and Iron, and it is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent restorer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been the most available medicine for the suffering sick, anywhere. Beware

Nothing Short of Unmistakable  
Benefits  
conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SASSAPARILLA enjoys. It is a compound of the best vegetable alternatives, with the Iodides of Potassium and Iron, and it is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent restorer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been the most available medicine for the suffering sick, anywhere. Beware
