

suror, convicted of conspiracy to defraud the city, have been sentenced, the former to seven years in the State prison and \$2,250 fine, and the latter four years and \$900 fine.

NEW ORLEANS, 27.—The farm hands in St. John's Parish have struck for a dollar per day. They had been receiving 75 cents per day. It is stated that the negroes have threatened to cut the levees, burn houses, etc., but no violence has yet been reported.

CAIRO, Ill., 27.—While the steamer *Guiding Star* was making a landing here three men fell overboard and two were drowned. The third, a white man, was struck by the wheel, breaking his leg and arm. His recovery is doubtful. Names unknown.

SAN FRANCISCO, 27.—A San Andreas dispatch says: Two Mexicans named Nariega and Eurobano, were found shot to death, near that town, yesterday morning. Nariega was a well known desperado of this county, having killed four men. No clue to the murder.

WASHINGTON, 29.—The Pacific Coast senators, representatives and delegates are in receipt of numerous letters from their constituents interested in mining, making inquiries as to probabilities of favorable action by Congress upon the recommendations of the public land commission and almost uniformly protesting against those features of the commission's bill, which provides for doing away with the present system of ledge locations. It seems to be practically certain, in view of the great pressure of other business and the magnitude of the questions involved in a number of the commission's propositions for radical changes in the land laws, that no final action will be taken on the bill in either the House or the Senate during the present session of Congress. The representatives of the Pacific Slope interests will endeavor, before the subject passes beyond the control of the House mining committee, to devise some satisfactory provision by which the surface location of mineral claims shall be made dependent upon the pitch of the vein, and thus protect us equally, as may be the locators of blanket ledges, such as may be found in Colorado, and those of owners of lodes like the Comstock, characteristic of all mineral veins in California and Nevada and most of the Territories. The large majority of the House mining committee thus far have manifested a disposition to consider the interests of Colorado mine owners as paramount to those of all other sections. The committee have, however, unanimously agreed to take issue with the public land commissioner's proposition to vest the jurisdiction of conflicting titles wholly in the Surveyor General and Land Offices and will report in favor of keeping the present jurisdiction in the courts.

Last Friday an issue of the *Richmond Dispatch* copies, with approval, a very significant editorial contained in the Wednesday number of the *Charleston News and Courier* on the Spofford-Kellogg case, both of these influential democratic journals foreshadowing a division in the ranks of the democratic senators upon the question, which seems extremely likely to result in Kellogg's retaining his seat and in leaving the question of the control of the next Senate in its present state of uncertainty. The *Charleston* paper is known to reflect the views of Senators Butler and Wade Hampton. The *Dispatch* says: "When a Senator is seated, especially when he is seated after a contest, as was the case with Mr. Kellogg, the question ought to be considered as finally settled as far as his title to the seat is concerned. If he does anything afterwards which would justify his exclusion from the Senate he ought to be expelled for that reason. His credentials ought never to be called in question again. It ought to be held in the Senate as in courts of justice that adjudicated points must stand as settled. If Mr. Kellogg may now be ousted there is no reason why Mr. Butler should not also be ousted, if two or three senators have changed their minds as to his seat, since he and Kellogg were both declared lawful members of the Senate. Two years and more have elapsed since Messrs. Butler and Kellogg were seated. It surely is time that their right to their seats should be considered as settled. But a convincing reason why Kellogg should not be ousted is furnished by the *News* which clearly shows that Messrs. Butler and Kellogg both seated in accordance with a distinct understanding between certain republican and democratic senators that both were to share the

same fate. There can be no excuse for an act of bad faith and that the unseating of Kellogg would be such an act appears from the records of the Senate.

The Chilean legation in this city received a cablegram from Panama last night stating that Mookuequa has been occupied without resistance by 14,000 Chileans and that no fighting occurred. Arica was bombarded for three days by the Chilean navy during which time considerable damage was done on land.

The report of the election committee of the House, by which the democrats hope to deprive Mr. Washburn, of Minnesota, of the seat to which he was elected by a large majority, is said to bear evidence of having been mainly the work of Mr. Donnelly, the defeated candidate.

An attempt will be made to-morrow to seat Mr. Curtin from the 20th district of Pennsylvania.

The Ute agreement bill will meet strong opposition in the House committee.

A bill will be reported in the Senate providing for settling Indians upon land in severalty.

Justice Miller, of the United States Supreme Court, on Saturday signed decrees terminating the lease and receivership and restoring its road to the Denver and Rio Grande Railroad Co., also turning over the entire line which has been in dispute with the Atchison, Topeka & Santa Fe Company for the last two years, between Canyon City and Leadville to the Denver & Rio Grande Co., and dismissing all suits. This is the end of a long and severe legal warfare involving the well known struggle for the Grand Canyon of the Arkansas, and the contest of last summer for the possession of the old Rio Grande road. The line to Leadville will now be completed in two or three months. The compromise thus perfected is based upon a treaty of peace for 10 years between the Atchison, Topeka and Santa Fe, the Union and Kansas Pacific, and the Denver and Rio Grande R. R. Co.'s, and all their subsidiary companies.

BOSTON, 29.—The wool market is comparatively quiet. Sales last week aggregated 2,154,800 pounds, a large portion of which was foreign. Notwithstanding the quiet tone of the market there was a very firm feeling during the past week. There was very little movement in domestic fleeces which are rather neglected, particularly some Ohio and Pennsylvania, but holders are confident that full prices will be obtained for the comparatively small supply remaining on hand. Some large mills are turning their attention to Australian, but supplies of this description will soon be exhausted. In domestic combing and delaine nothing of consequence was done, but there continues a demand for English and Irish combing. In unwashed and merchantable fleeces sales were of 248,000 pounds at full prices. Fall California quiet. Pulled wools steady and firm. Oregon 39 @ 45; fall California, 26 @ 38.

NEW YORK, 28.—Large meetings were held yesterday afternoon and evening, looking to the establishment of an American independent church, at which addresses were made by Rev. Fathers Quinn, Wood-Broderick and others, formerly Roman Catholic priests. It was stated that many priests were at present engaged in the work and that Father Quinn, the president of the organization, was daily in receipt of communications from priests who were preparing to abandon Romanism and who were most anxious to labor for the benefit of poor people in extension of the true principles of Christianity. Letters were read from several priests in various parts of the country, saying their whole hearts were in the movement, and communications were presented from Methodist, Baptist and Presbyterian conferences in Baltimore, Philadelphia and New Jersey heartily endorsing the movement.

FOREIGN.

LONDON, 27.—Insted of the concessions expected before the anniversary of the Czar's accession to the throne, regarding the position of the Jews, there is increased severity. The Jews are driven to represent themselves as Protestant Christians to escape expulsion from St. Petersburg. In the provinces of Tula, Onel and Kharkoff, the Jews in business for many years are ruthlessly expelled. Nineteen sanitary detachments,

doctors and nurses have been set to work in the province of Kharkoff to combat the ravages of the diphtheria.

A Sicily dispatch says: A band of brigands captured the Duke of Saxe-Meinungen, but liberated him upon a heavy ransom.

BOMBAY, 27.—The Duke of Cambridge, commander-in-chief of the British forces in India, has pointed out that the regulations don't sanction the employment of army officers as newspaper correspondents, and has desired that instructions be issued to prevent the infringement of regulations.

A proclamation has been issued declaring that the British have now assumed the whole political administration of north and east Afghanistan.

DR. C. C. GILLELAND, of Gallatin, Mo., writes: "I have sold your Sarsaparilla, Dandelion and Iodide of Potassium, for more than one year, and used it in my family, and can say that I never used or sold a remedy for the Blood or Liver that gave as good satisfaction as this medicine."

I Shall Never Travel Without Them.

BROCKVILLE, Canada, Sept. 25th, 1879.

MESSRS. H. H. WARNER & CO., Rochester, N. Y.—Gents:—While traveling through the State of Texas during the past season, I contracted malarial difficulties that I had almost despaired of ever recovering from, and during the five months of my stay there was frequently prostrated and utterly unable to attend to any business; but through the recommendation of a friend living in your city I tried, as an experiment, your Safe Pills and Bitters, and am only too happy to testify to the beneficial success derived therefrom. I experienced a marked improvement very soon, and in a very short time complete recovery. An occasional dose of the Pills with a regular use of the Bitters kept me in splendid condition during the remainder of my stay. I shall never travel in Texas or the West without your Safe Pills and Bitters as a part of my outfit. If the remedies are not on sale here please send me three bottles of Bitters and half a dozen boxes of the Pills, or tell me where they can be obtained in Texas, or the West, as I am about to return there.

Yours very truly, G. A. J. GADBOIS.

I deem it a duty to state that Mr. [redacted] of this county, had his right lung seriously affected with tubercular deposit, accompanied with night sweats, frequent hemorrhage, copious expectoration and much emaciation and the use of Fellow's Hypophosphites, seems to have arrested the progress of the disease almost immediately, the hemorrhage has not yet returned, his appetite is excellent, and he is able to attend to his business as usual.

If Prof. Edison's Electric Light, is going to supersede the use of gas, we are glad of it. Gas is the Bane of our national existence. When hoarse with too much speaking, take Hall's Balsam. It is especially adapted to congressmen, ministers, and the rest of mankind. eod w

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle 25 cents.

To Country Belles.

Vails and sunshades cannot prevent the summer sun from embrowning your complexions, but "GLENN'S SULPHUR SOAP" will speedily restore them if duly applied according to directions. The great charm of this article is, that nobody would suspect the effect it produces to be artificial. Nothing can be more natural than the soft velvet texture it imparts to the skin, with the tinge of rose which it leaves on the too pallid cheek. Beware of counterfeits. See that C. N. CRITTENTON, Proprietor, is printed on each packet, without which none is genuine. Sold by druggists at 25 cents: three cakes, 60 cents. HILL'S INSTANTANEOUS HAIR DYE introduced about the same time with "GLENN'S SULPHUR SOAP," is an equally valuable article, although fifty per cent. cheaper than the most vaunted dyes in the market. These two specialties have no rivals either in this country or in Europe. Depot, No. 7 Sixth Avenue, New York. deod&w

TESTIMONIALS.

The Rev. J. E. RANKIN, D.D., of Washington, D. C., certifies that he has known of several "permanent cures of diseases of the kidneys and urinary organs," by the use of the Safe Kidney and Liver Cure, and adds: "I do not doubt that it has great virtue."

D. W. BARTINE, M.D., D.D., of East Orange, N. J., certifies that when he was greatly imperiled and suffering from Bright's Disease, he was cured in about two weeks by the Safe Kidney and Liver Cure.

Prof. GREEN, a distinguished allopathic physician of the South, wrote to the Medical Journal to the effect that after all other means had failed, he sent for the Kidney Cure (Safe Kidney and Liver Cure), and to his astonishment cured a serious case of Bright's Disease by administering it, and afterwards found it equally beneficial in other cases. He advised his brother physicians to use it, in preference to anything else, "or kidney disorders."

Rev. C. A. HARVEY, D.D., of East Orange, N. J., certifies that he has been acquainted with the Safe Kidney and Liver Cure for two years, and "in some cases of Bright's Disease, which seemed to be in the last stages, and which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous."

E. W. NEFF, 102 Baggs Street, Detroit, Mich., certifies that he was completely cured of a chronic liver complaint after numerous other remedies had failed, by taking the Safe Kidney and Liver Cure.

R. CAULKINS, M.D., of Rochester, N. Y., certifies that "with hesitation" he administered the Safe Kidney and Liver Cure to a patient whose kidneys and liver were badly affected, and that "the result was satisfactory in the extreme." He adds: "Without hesitation I would now prescribe the same remedy to all similarly afflicted."

CHARLES S. PRENTICE, Esq., of Toledo, O., certifies in a lengthy communication that he escaped death from Bright's Disease by the use of Warner's Safe Kidney and Liver Cure, after having been treated in vain for the disease by several of the most skillful physicians of this country and France and England.

PETER SHOWERMAN, of Batavia, N. Y., certifies that at the age of 70, after a painful kidney disease of 40 years, the Safe Kidney and Liver Cure has made him feel like a new man.

These are sample testimonials condensed.

Warner's Safe Pills, Warner's Safe Nerve and Warner's Safe Bitters are also superior remedies, each the best of its class.
