A WOMAN'S HAND

Only a little, soft, white thing
Made for wearing the cost'y ring;
Made for fleeting the dainty fan
As only the belle of the season can;
Made for the stolen pressure or kiss
(Long Branch fashion), raising to bliss,
By merely the touch of fingers white,
Her escort down on the beach that night;
Made for a "prize" for the highest bid
(And under the rose a thorn lies hid)—
A thing which the honest summer sun
Has taught his ardent beams to shun,
Lest freckle or tan its beauty spoil,
And make it too near a hand of toil,
Instead of only a dainty thing
Meant for ease and the diamond ring.

Only a sunburned, useful thing
To which the hearts of the needy cling;
To which they turn who have learned the worth
Of a woman's hand on this weary earth;
Made for healing, or smoothing o'er
The hearts of those who are faint and sore;
Made for honest work each day,
For driving the shadows of life away,
For holding the "cup of water" to all
Who, faint and thirsty, for succor call;
Made for leading the timid on,
For blessing all it may rest upon;
Made to be won by a loyal heart,
Who in its labor will bear a part;
Made to be clasped by a loyal hand,
Which chooseth the best in all the land.
Worth—oh! double its weight in gold,
This useful hand that can ne'er grow old.

Last Night's Dispatches.

EASTERN.

The Toeasury Department.

WASHINGTON, 10.—The following is the law relative to appointments in the Treasury Department: That on and after January 1st, 1876, the appointments of this department shall be so arranged as to be equally distributed between the several States of the United States and Territories and the District of Columbia, according to the population under the act approved March 3d, 1875. The above law Secretary Sherman will rigidly enforce, and under it there can, at present, be no appointment from New England, New York, Pennsylvania, Ohio, Maryland, Delaware, West Virginia, Arizona and the District of Columbia. The Secretary will also insist that only one member of a family shall be employed in the Treasury Department.

More Revenue Frauds.

Extensive revenue frauds in the manufacture of tobacco, in North Carolina, have recently been discovered. Some thirty manufacturers in the county of Surrey are charged with participation, and have been indicted. The frauds are estimated to exceed a third of the total amount of the internal revenue taxes collected in that State.

Fresh Beef Exports.

The exports of fresh beef to Great Britain from New York and Philadelphia in March amounts to 6,707,855 pounds, valued at $590,000. The total in nine months amounted to 29,908,810 pounds, valued at $2,677,383.

Coalville, Utah—General Land Office Decision.

Commissioner Williamson, of the General Land Office, to-day, rendered an interesting decision in the case of Buel and Bateman, applicants for patents for certain coal lands in contact with the application of the town of Coalville, Utah, for a patent for its townsite. The Commissioner directs that the patents shall be issued to the coal land claimants, reserving the right of the townsite claimants. In effect it will, therefore, be patented as a townsite, and the underlying coal deposits will be patented to other parties.

The Liquor Licenses—Temperance Crusade.

NEW YORK, 10.—The Court of Appeals having reversed the decision that the Board of Excise cannot legally grant licenses to persons other than keepers of inns or hotels to sell spirituous liquors and wines, to be drunk on the premises of those licensed, James Gebney, liquor dealer, for selling liquor under a license of the board of excise, was, to-day, fined by Judge Sutherland one dollar. The punishment was made light because the dealer was not aware that he was violating the law. This created an intense excitement among the liquor dealers, and District Attorney Phelps has had a consultation with the police commissioners on the subject. Meanwhile the temperance people are taking advantage of the situation, and have organized a temperance crusade, with Oliver Cutler at the head, for the wholesale arrest of liquor dealers should the police not take action in the matter.

Arrested.

Henry Cooper Hollander has been arrested as the person who ignited the clothing of Lucy Freeman, about a fortnight ago. Cooper asserts that it was an accident. The girl declared in the hospital that the act was wilful.

A Dangerous Experiment.

A good deal of excitement was caused, to-day, at the appraisers' store, corner of Laight and West Streets, by the discovery in a cask of wine of a large tin box filled with dynamite cartridges, which were attached to wires to gutta percha fuses. The cask was one of a cargo from the steamer *Frisia*, which were brought, with a number of others, to the appraisers' store. It was invoiced as thirty litres of wine, and is supposed to be from Hamburg. It was addressed to a person in Huntington, Illinois, and is thought to be a foolhardy attempt of some person to ship dynamite to this port. Had an explosion occurred in the appraisers' store, the consequences would have been very disastrous, as fully 400 people are employed there, and the property in the place is valued at $1,500,000.

Supposed Abduction Case.

COLUMBUS, Ohio, 10. — Martin Havens, a seven year old boy, residing in Orange township, Delaware County, mysteriously disappeared on Sunday, simultaneously with a negro, named Edward Booker, with whom he was last seen. Booker's wife, like him a farm servant, also left, and came here, where she was arrested, to-day, but she disclaims any connection with the affair. Both negroes are hard cases, and it is believed it is a case of abduction, as the child's father is rich.

Another Strike.

SPRINGFIELD, Ills., 10.—About four or five hundred men, employed as rollers and heaters in the Springfield Iron Rail Company's mills, have been thrown out of employment by a disagreement with the company concerning wages. The company will fill their places with non-union men.

The Louisiana Commission Visited by Various Delegations.

NEW ORLEANS, 10.—The commission this morning received a delegation of about thirty colored men, representing all learned professions, being merchants, brokers, and planters. Colonel James Lewis, the commander of a colored regiment during the war, headed the delegation. Several addresses were made portraying the struggles and hardships of the colored race and the necessity of protection. They asked the national government to assist them, asserting the title of Governor Packard to be equal to the title of President Hayes, but they intimated that if Nicholls was ultimately to become governor, they would like to be heard upon the matter, not for the purpose of trading, but on guarantees of the future of their race. They impressed the commission as able and faithful men. McVeigh, Harlan, Hawley, and Judge Lawrence responded.

Many other delegations waited upon the commission and expressed their views in regard to the legality of the Packard government.

The Nicholl's Legislature.

At noon to-morrow the probation of time allotted by the resolution of the Nicholl's legislature for all absent members to take their seats, with full per diem expense expires. The impression among conservatives is that enough members will avail themselves of this resolution to give Nicholls' house a returning board quorum.

The Grasshoppers—A Special Day of Prayer.

ST. PAUL, 10.—Gov. Pillsbury issued a proclamation, to-day, setting apart Thursday, April 26th, as a special day for prayer throughout the State, for the annihilation of the grasshoppers.

BELLOWS FALLS, Vt., 10—Wooley, the fratricide, has been sentenced to imprisonment for life.

Execution Stopped.

WILKSBARRE, Penna., 10. — A writ of error from the supreme court reached here, to-day, and stopped the execution of Thomas Campbell.

Wholesale Shooting.

EAST MONTPELIER, Vt., 10.—Hiram Arbuckle, this afternoon, shot George Short, and leaving him for dead, then shot his brother-in-law, George Bancroft, dead, and then going home, put a bullet through his own heart; insanity is supposed to be the cause.

Bogus Railroad Tickets.

OMAHA, 10.—John W. Frye was arrested and jailed, to-day, for having in his possession bogus railroad tickets, which he has been trying to sell here. He had forty tickets to San Francisco, representing $4,000.

Reform Convention—The Bible in Public Schools.

CHICAGO, 10.—The National Reform Convention held its first annual meeting here to-day. During of the afternoon Davie McAllister, of Philadelphia, stated the objects the association, which are to maintain the Bible in public schools, Sabbath laws, the oath and other Christian features of our government, and to provide for them an undeniable legal basis by a religious amendment to the federal constitution. Dr. Edwards, of Peoria, was chosen president. He made a long speech, and said the object of this was not formed to make a new party, but to lay the foundation of what should be in this nation a holy book, a holy name, and a holy day. He argued that the constitution did not now embrace the thoughts which it did when first promulgated by our forefathers, who did not anticipate the changes in the religious sentiment of our people, which has been superinduced largely by foreign immigration.

Spotted Tail's Services Recognized by Hayes.

The *Inter-Ocean's* Washington special says the President will markedly recognize the services of Spotted Tail in bringing in the hostiles so as to make an example to the Indians of the treatment of those whose promote peace.

Removal of Troops From Alaska.

Secretary McCrary, to-day, ordered the removal of the troops from Alaska, and Secretary Sherman has ordered a revenue cutter to Alaska to supply their place.

Surprised at Chamberlain's Sudden Weakening.

Chamberlain's sudden weakening caused much surprise here, because his recent letters have indicated a different course. He could have prolonged the dispute indefinitely, owing to the peculiar condition of the courts, and he has received much encouragement from both. He is wise, brave and generous, and doubtless saw clearly that it would all avail nothing. In the end it would ruin him personally, do damage to the State, and perplex the President. He saw that while the great mass of the republicans oppose this new southern policy, they are willing to try the experiment. His letter is generally commended as manly and able, but somewhat bitter.

Jail Prisoners Arrested For Counterfeiting.

The *Tribune's* Washington special says officer Bauer, of th secret service, reports that he arrested six of the prisoners in the Knoxville, Tennessee, jail, who were engaged in the manufacture of fifty and twenty-five cent counterfeit silver coins. He captured the coins and implements.

WESTERN

Something Wrong.

SAN FRANCISCO, 10.—A suit was brought, to-day, in the Circuit Court, by the United States, against David W. Cheeseman, ex-Assistant Treasurer of the San Francisco mint, to recover an alleged deficit in the Internal Revenue stamp account, to the amount of $17,000. Defendant alleges that the stamps were shipped to him in packages purporting to contain quantities and values, several of which fell short, amounting in total to the alleged deficiency.

FOREIGN.

TURKEY.

The Porte's Circular—Russia Fixes the Date for the Porte's Decision—War Inevitable.

CONSTANTINOPLE, 10. — The Porte, to-day, telegraphed a long circular to all the Ottoman representatives abroad. The circular lays stress on the Porte's desire for peace and determination to execute reforms. It does not yet reject the protocol absolutely, but only those points which admit of foreign interference in Turkey's internal affairs. It repels the declaration appended to the protocol by Count Schouvaloff, and says the Porte will only consent to send a delegate to St. Petersburg and disarm if Russia is disposed to disarm simultaneously. It asks the powers to induce Montenegro to show a more conciliatory attitude.

A St. Petersburg report, that Russia has fixed the 13th inst. as the date before which the Porte must give its decision in regard to sending an extraordinary ambassador to St. Petersburg, is confirmed.

The *Agence Russe* says everything depends upon the decisions which the ambassador would bring, but in any case Russia, having gone to the utmost limit in the path of concession, will not go a single step further.

The Bourse *Gazette* declares war inevitable, and retreat impossible for either party.

Montenegro's Demands Rejected—The Armistice.

The Turkish Chamber of Deputies rejected the demands of Montenegro by a vote of 65 to 18.

There is some question of prolonging the armistice between Turkey and Montenegro after April 13th.

They tell the story in New York that a man dressed in female clothes had his secret discovered, because he thanked a gentleman who offered him a seat.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

WE ARE NOW PREPARED to receive orders for BRANCH and WARD RECORDS, of a new and improved form, which has been approved by the presiding Bishopric and others.

We shall make them of four, five and six quires each, holding 2,040 2,560 and 3,090 names each, respectively, and the price will be for four quires, $12.00, five quires, $13.00, six quires, $15.00. Each book will contain a suitable index, and be well bound in Cloth and Russia Leather with ornamental lettering pieces for name of the Ward on the side. The book being of a large size, we do not think it advisable to make them over six quires.

Specimens can be seen at this Office, and orders received for size of book required.

Bishops in the Country desiring records can order by mail, and we will make accordingly and forward
