LOCAL BRIEFS.

Rabbi Reynolds will lecture at the synagogue this evening on "The Birth of Israel.

The weather station at Modena will be in temporary charge of Observer John Grover of the weather bureau of this city.

County Clerk James says that tomorrow the Cambrians will give a reception, to Miss Elizabeth Hughes, visiting here from England.

A civil service examination will be held in this city on June 3rd for the position of secretary of the National Bureau of Standards in the treasury department. The salary is \$2,000.

Streams in Tooele county have just received 30,000 Eastern brock trout from the State fish hatchery. Most of them have been placed in Clover creek, near St. Johns. The fish hatchery is in excellent condition this year,

The funeral of James M. Ricketts was held this afternoon from the Alta club. A large number of friends witnessed the services which were con-ducted by Rev. Thatcher. The remains will be shipped to Lincoln, Nebraska, this evening.

W. T. Powell, manager of the Wilbur-Kirwin Opera company, which is billed to play at the Sait Palace this summer, guest at the Knutsford. He is here making arrangements for hotel accommodations for the members of the company,

The Christensen brothers will give a The Christensen brothers will sive a ball at Saltair on Saturday night for the students of the University and High School and their friends. The chaperones will be Mrs. Rachel Miller, Mrs. Emery Holmes, Mrs. Hoyt Sherman, Mrs. A. H. Tarbet.

Secretary J. T. Axton of the Y. M. C. A. and wife leave for Boston on June 3d, to attend the golden jubilee of the association. Mr. Axion goes to represent the Salt Lake association, and will be absent about one month. G. P. Dantel will act as secretary in Axton's absence.

Mrs. George S. Nickum has received word from Wichita, Kan., of the death at that place of Judge Glenn, her brother-in-law, Judge Glenn was S2 years of age, and was at one time lieu-tenant-governor of Illinois, and at the time of his death was city treasurer, of Wichita. He visited Salt Lake in 1837, and had many friends here. and had many friends here.

Night sprinkling of the streets will

work being done in this line of workare cordially invited to be guests at the event, and it is hoped that a large number will be present.

The training of nurses classes is perhaps the most important and philanthropic work taken up by the Relief Societies, and it is doubtful if the full extent of the noble work involved in extent of the hoble work involved in the responsibility and training of these classes is realized by the public at large. Dr. Margaret Roberts, who has had charge of these classes, gives her time and teaching free three days in the week for the training of the nurses. Mrs. Nelson A. Empey superintends the placing of their services where most needed, and Mrs. Priscilla Riter gives instruction in cooking for the sick and the proper care of the sick room, etc., which tends to make the system perfect in all details. The services of all are given free of charge, and this makes possible the free care of the poor in cases of sickness, as the services of the nurses trained under this system are at the call of the Relief Society for n stated period, after graduation, in return for the free training and these are reserved for the privilege of those who are too poor to pay for trained nurses in cases of illness. The entire work is most noble and worthy and deserves the sincere and enthusiastic

appreciation of the community. ABOUT FLAG DAY.

Letter of Instructions Being Sent Out by State Superintendent.

The following circular letter regarding the observance of "Flag Day" is being sent out by the state superintendent of public instruction to the various county superintendents, and through them to the different school boards:

Acting upon a communication which was submitted to this office a short time ago by the chief executive of the state, the state board of education, at its last meeting, adopted the following resolution: "Resolved that it be recommended to all the boards of school trus-tees and teachers of Utah that Flag to the contrary. Day, June 14th, 1901, be observed among the schools of the state by the display

of the Stars and Stripes from the school buildings, and by patriotic exercises suitable to the occasion, and that all the schools that may close before June 11th, hold exercises commemorative of Flag

Day in connection with the Desoration day program." Teachers will do well, by the carrying out of appropriate programs in their schools, to instit into the hearts of their pupils a deep-scated love for their coun-try and its face try and its flag. The right kind of early impressions are lasting and productive of good results. Let our emblem of lb-Troper emphasis now arty receive en, its true meaning will among the blldren. men and wo steadily dawn upon them, filling their inspiration which goes hearts with that to make the true American citizen and

GIRLS IN COURT. Two Are Allowed to Go, the Other is

Held.

the happy American home.

In the police court yesterday afternoon Clara Carney failed to Night sprinkling of the streets will be started tonight, says Supervisor Condie, in compliance with the resolu-tion passed by the council Tuesday evening. Mr. Condie, however, dentes that any favoritism has been shown towards the west side of the city at the seven sprinklers he says that sixteen west and one in the paved district. Dr. A. S. Bower of this city has breat prised of an honor that has come to member of the committee on organiza-tion of the American Medical associa-tion. The committee will meet at St. Paul, on Monday, June 3d, and Dr. Bower will leave for the East soon to attend the meeting. The committee has to be shell for first offense, and having the shell the state industrial school. Matter the was superded. show up when her name was

teenth street that C. A. Tripp, general agent of the Missouri Pacific, will resign next June and that H. B. Kooser, general agent of the road in Salt Lake City, will be transferred to Denver as

his successor. Mr. Tripp yesterday was non-committal on the subject of the rumors and said: 'There is nothing known of the policy of the Missouri Pacific at present.' It is said that Mr.

Pacific at present. It is said that Mr. Tripp contemplates removing to his orange orchards in California." When seen this morning General Agent Kooser of the Missouri Pacific simply stated that unless he received orders to the contrary that he would stay in Salt Lake for some time yet to come. From other sources it is learned come. From other sources it is learned that there is something in the rumor regarding Mr. Kooser and that there is a material advance in store for him either in Salt Lake under the reorganized Missouri Pacific system which will embrace the Rio Grande Western, or else at some big general agency yet to be specified. Mr. Kooser is the son-in-law of C. G. Warner, second vice président of the Gould system, and is num-bered among the most wideawake and progressive railroad men in this city.

MORE RUMORS. A. E. Welby States that He Has Not Heard of Any Change.

There was a persistent rumor in Og. There was a persistent rumor in Og-den this morning to the effect that General Superintendent A. E. Welby of the Rio Grande Western was going over to the Southern Pachle next month. When seen this morning Mr. Welby smiled and said: "There are so many rumors going the rounds lately intereveryingly has a super coming. many rumors going the loads coming. I have had no offer for anything better than I have at present. The truth of the matter is that when Mr. Gould gets ready to make up the list of appointments under the consolidations now pending that he will submit the names of those he wishes to retain to the di-rector; and they will ratify his action. I do not think that anyone knows who will be appointed and will not do so un-til Mr. Gould gets ready." Mr. Welby then stated that he would remain with the Rio Grande Western unless notified

HOLD A MEETING.

Directors of the San Pedro Met Last Night-Senator Clark Coming.

Vice President J. Ross Clark of the San Pedro, Los Angeles & Salt Lake arrived in town over the Rio Grande arrived in town over the this offande Western last evening and at once pro-ceeded to attend an informal meeting of the resident directors of the road in the offices of Attorney C. O. Whitte-more. The meeting continued until af-ter 10 o'clock, and it is understood that matters of importance were decided upmatters of importance were decided up. on. During the progress of the consul-tation Engineer McCartney made numerous trips across the hall from his of-

fice, bearing armfuls of blue prints. After the inceting broke up Mr. Clark said that there was nothing to give out to the public beyond the fact that they had decided upon a plan of active cam-paign which would be carried out, and ere they got through the Oregon Shor Line would know that they had been in a fight. As to the legal aspect of the conflict Mr. Clark stated that that por-tion of the fight was in competent hands, and every foot of the ground would be contested for all it was worth In course of further conversation he said that his brother, Senator Clark had not as yet landed in New York, in fact, he was not expected to arrive in America until tomorrow week. After spending a few days in New York at-tending to business the copper king tending to business the copper king was expected to arrive in Salt Lake on or about June 7th, accompanied by Hon. R. C. Kerens and the other St. Louis directors. Just as soon as the senator arrived here Mr. Clark said that the meeting of directors of the road would be called, after which important developments would be in for

Vice President J. Ross Clark expects

MISS HUGHES TO PUPILS.

A noted educator from England, Miss Elizabeth Hughes, visited the high school yesterday and made an address to the pupils. Miss Hughes said that American public schools were superior to those of England, but one misfor-tune which the United States possessed was the lack of such schools as those of Eton and Rugby. On Saturday Miss Hughes will address the public school teachers at the High School.

Byron E. Hartwell of Park City has instituted divorce proceedings against his wife, Margaret J. Hartwell, in the Summit county division of the Third district court. The reason given for seeking divorce is cruelty, and the com-plaint contains some sensational charges. The marriage took place here on January 18, 1872, and four children were born, two of them being daughters still under age. The husband says that his wife and he pulled along the first fifteen years of their marital pil-grimage without any serious hitch. Then came unfortunate real estate in. vestments which resulted in serious losses and, worse still, the souring of Mrs. Hartwell's temper, who developed into a termagant of the most pronounced type. Hartwell says that he has made his wife an allowance of \$100 a month, but she is unsatisfied with this amount, and has made life a bur-den for him. He also accuses his better half of using vile language to him and charging him with committing adultery with a Mrs. Watson, a Mrs Wooisen and a Miss Mattle Green.

On April 20th Mrs. Hartwell appeared before Justice Sommer charged with striking her husband over the head with an umbrelia in the White House and Hartwell says that by false representations she secured the publication in the daily papers of articles to the effect that she was going to have him arrested for alleged adultery. Hartwel also charges his wife with having threatened his life on various occa-

MINNESOTA STUDENTS HERE

Studying Practical Smelting at the Highland Boy and Germania.

Fourteen of the students of the mining department of the University of Minnesota are in the city under the care of Professors Appleby and Van Bernevald, chiefs of the metallurgical department of that institution. The remainder of the class are in Park City engaged in underground surveys. The students have been in the Park ever since the first of May making a prac-tical study of mining. They went to the Highland Boy and Germania smel-lers today to study practical smelling. They will leave for home about June 20th. They all express themselves at being delighted with their sojourn in Utah. Not only because of the miner al wealth of the state, which has af-forded them such excellent opportunity for study, but because of the kind and courteous treatment that has been ac corded them. Professor Appleby say that Utah is bound to become a power in the commercial world because of he boundless mineral resources.
