The third term of the 12th District school closed yesterday. The fourth and last term of the current year begins on Monday. The school is in an excellent condition under the efficient management of Mr. W. Van Cott, ably assisted by Miss Quayle.

LOCAL AND OTHER MATTERS.

In the Assembly Hall.—On account of the impending bad weather, it has been deemed advisable to hold meeting, to-morrow afternoon, in the Assembly Hall, instead of the Tabernacle.

On a Visit.—Miss A. A. Adams, the favorite actress, formerly a resident of this city, but later of San Francisco, arrived this morning from the West, on a visit to her friends and relatives in this city. She intends remaining here this summer, and, it is very likely, will appear upon the stage with some of our home talent, during her stay.

The Telephone.—The first consignment of instruments for the Telephone Company of this city arrived from the east last night, and the system will be in working order inside of a week. The washout on the Union Pacific has caused the delay in the arrival of the instruments. Telephonic communication with Ogden will be established in connection with the Salt Lake Exchange.

Home Again.—Elder James Sanderson, of Fairview, Sanpete County, returned last evening from a mission to the States, whither he went to preach the Gospel on the 19th of December, 1879. He labored in Michigan, held many meetings, allayed much prejudice and made numerous friends. He values his experience very highly, and feels that he has done good in spreading the truth. He leaves for his home in the morning.

Deseret Museum.—The curator returns thanks for the following donations: Fossils from Cambridgeshire England, by Brother James Steece. Also copies of the Utah *Utonian*, the Utah *Farmer*, by courtesy of the respective editors of those papers. A treatise on Sericulture, by Daniel Graves, of Provo City, and a pamphlet, Items on Priesthood, by President John Taylor, have also been presented and filed for reference.

A Fine Entertainment.—The entertainment in the 16th Ward, last evening, for the benefit of Miss Kilpatrick, who died this morning, was a fine affair. Everything passed off nicely. We regret we have not space to describe it in detail, as it was in every way worthy of an extended notice. Professor Thomas and the Theatre Orchestra added much to its success. It was for a benevolent purpose and all who took part in it deserve much credit.

Broken Ribs.—Mr. B. W. Nowling, of this city, met with a serious accident on the street yesterday afternoon. He was standing in the vicinity of Walker Brothers' corner, when Mr. Howard Sebree drove by in a buggy. The horse, shying to one side, struck Mr. Nowlin, knocked him down and trampled upon him before Mr. Sebree could get command of the reins. Two ribs were broken, and the injured man was conveyed home in a serious condition. He will likely recover, but not for some time. Mr. Sebree regrets the accident as much as anyone, and is entirely blameless for its occurrence.

A Pleasant Occasion.—The Mutual Improvement Association and Sunday School of the 21st Ward, had a splendid time last night in their meeting house. The occasion was to celebrate the closing, for the season, of the former organization but also had as its purpose the honoring of Elder A. N. Macfarlane, President of the M. I. A. and Assistant Superintendent of the Sunday School, who is about to depart on a mission to Europe, to which he was called at the recent Conference. The hall was nicely fitted up for the occasion, and upon the stand, which was beautifully decorated, sat the officers of both organizations, while the members of each with their friends made up the main assembly. The evening was passed pleasantly away in singing, reciting, speech-making and social conversation, interspersed with Scotch tunes from the Sunday School Martial Band. Brother John H. Burrows presented Brother Macfarlane with a handsomely-framed written testimonial, the joint gift of the officers of the two organizations, and with a large and finely framed photograph, it being a group of the officers of the M. I. A. Elder W. D. Owen, in behalf of the Sunday School, also presented the prospective missionary with a compendium, a hymn book, a testament, diary and a photographic group of the Sunday School officers. Among the guests were Bishop Burt and Counselors, and Elder Rodney Hillam. The latter is to accompany Elder Macfarlane to Europe. The party broke up about 11.30 and was truly an excellent affair.

No Decision—Court Adjourned.—At 10 o'clock this morning, quite a crowd collected in the Federal Court Rooms, in anticipation of Judge Hunter's decision in the billiard *habeas corpus* case, argued yesterday. But they were doomed to be disappointed. After two hours of eager expectation had been wasted, his Honor entered the Court Room, took the bench and announced that he would deliver no opinion in the case to-day, but would adjourn the February term of the District Court *sine die*. However, the April term begins on Monday, and a ruling in the *habeas corpus* case may then be expected. The case of Maltese *vs.* Jones, is continued until next week.

Passed Away.—Miss Etta Kilpatrick, the young girl who was so badly burned last fall, and who we recently stated was in St. Mary's Hospital, not expected to live, died at 15 minutes after six o'clock this morning. Since the accident she has been an invalid, and was reduced almost to a skeleton. She suffered a great deal and is at last released from her misery.

Sunday Services.—The Sunday services of the Church of Jesus Christ of Latter-day Saints, will consist of the following: Sunday schools at 10 a. m.; general meeting in the Assembly Hall at 2 p. m. Ward meetings in the evening at the usual hours.

Funeral.—The funeral services of Sarah Maud, little daughter of Mr. and Mrs. Hull, will be conducted at 2 p. m. on Monday, April 11, at the residence of Thomas Aubrey, 60, First South Street.

Correspondence.

KANOSH, Millard County,
Utah, April 6th, 1881.

Editor Deseret News:

The Fillmore base ball club, emboldened by their recent defeat of the Deseret club by one tally, have again essayed to meet the Kanosh Clippers, who for about six years have held the championship of Millard County.

Our Fillmore friends came quite unexpectedly, in all nine wagons well filled with ladies and gentlemen from the county seat, who arrived here on the 4th in time to attend the wedding dance of Brother Jacob Hopkins and Sister Barbara Jane Watts.

The Kanosh boys declined a championship match, as they had had no notice of the visit. They therefore agreed to play for two balls and a bat. The match came off yesterday, when, after six innings for each club, the score stood, Kanosh 31, Fillmore 14. Kanosh then played another innings and added 12 more to the score, which entirely satisfied our visitors, who now retired from the contest and gracefully admitted the invincibility of the old champions, who would be pleased to hear from any base ball club in any of the adjoining counties.

Respectfully, G. C.

SHORT AND SHARP.

The girl who was courted by a spruce young lawyer said she liked to be protected by the strong arm of the law.

When men are sorely urged and pressed, they find in themselves a power which they thought they had not.

Art received rather an awkward criticism from a free and easy young man who recently met a sculptor in a social circle, and addressed him thus: "Er—er—so you are the man—er—that makes—er—mud heads?" And this was the artist's reply: "Er—er— not all of 'em; I didn't make yours."

They were walking by the seaside, and he sighed, and she sighed; and she was by his side and he by her side, and they were both beside themselves, besides being at the seaside, where she sighed and he sighed.

A two-foot rule was given to a laborer in a Clyde boatyard to measure an iron plate. The laborer not being well up in the use of the rule, after spending a considerable time, returned. "Noo, Mick," asked the plater, "what is the size of the plate?" "Well," replied Mick, with a grin of satisfaction, "it's the length of your rule and two thumbs over, with the piece of brick and the breadth of my hand and my arm from here to there, bar a finger."—*Punch.*

In the Whole History of Medicine No preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

Should not fail to call in the Studebaker establishment and examine the fine stock of Carriages, Buggies, Spring and Farm Wagons—also the Eureka Dash Lamp, a new and useful hand lantern and dash lamp combined; this is a useful and novel article that all parties having buggies should possess.

A WISE DEACON.

"Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us so long."

"Brother Taylor, the answer is very easy. I used Hop Bitters in time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I will warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other column.
