

## LOCAL AND OTHER MATTERS.

**RETURNED MISSIONARIES.**—Elders Karl G. Maeder, H. B. Clemens, Levi Garrett, Thomas Rogers, Joseph S. Richards, C. Shumway, H. O. Spencer and L. M. Grant reached this city yesterday afternoon, in company with the first arrival of Saints from Europe. Other bygone, we understand, crossed the ocean on the same ship, but stayed back to visit friends in the States. The company numbered 260 persons, and left Liverpool on the 13th of July. There were two births and one death while en route from Omaha to the terminus.

**ANOTHER ATTACK ON THE MAIL.**—T. F. Tracy, Esq., agent of Wells, Fargo & Co., in this city, informs us that on Thursday night last, the coach was again attacked at about the same place as the week previous, near Pleasant Valley; this time the robbers were thwarted without having recourse to shooting. The passenger who was so severely wounded in the former attack is progressing finely, and, contrary to expectation, his recovery is now considered sure.

**MAIL COMPLAINTS FROM CACHE.**—We are in receipt of numerous letters from various parts of Cache county, complaining of the non-arrival of the News during the last three weeks. This morning we received the following from Richmond, dated last last:

"Editor News:—For the last three weeks the WEEKLY NEWS has not arrived until a week after publication, and last week we received no NEWS-WEEKLY. Papers sent in single wrappers come regularly, but it is not so with the package."

The following, on the same subject, also received this morning, is from Smithfield, and was dated the 30th ult:

"Editor Deseret News:—Dear Sir,—For the last three weeks we have not had our Deseret News Weekly as its proper time. The paper that ought to arrive here on Friday does not arrive here till the Tuesday after. There is no reason for this, and papers sent in single wrappers come regularly, but it is not so with the package."

We submitted the above to Col. Wickiser, Special Mail Agent, informing him that we were in receipt of several others to the same purport. We learned from him that he had changed the time of carrying the mails to oblige mail carriers; but as the change was a case of delay and annoyance to the people of Cache county, he would instantly rectify the matter, and that henceforth the mails should be carried as formerly.

This will be very gratifying to our subscribers north, and the promptness of Mr. Wickiser in remedying a public grievance is commendably and praiseworthy in the extreme.

**A NEW TELEGRAPH OFFICE.**—We are informed that superintendent Munsom, of the Deseret Telegraph Co., opened a new office at Levan, Utah Co., yesterday afternoon. Miss Elizabeth Clarrige assumes the duties of operator at this new office.

**A RUSSIAN HUNG.**—The Colorado Tribune of the 31st ult. says:

"Deputy U. S. Marshal Deniston, who has just returned from a visit to Kit Carson, informs us that a Russian named Straight, who came here one day the first of the week, and after cutting up considerably around town, made a break out of town to avoid arrest by the officers who were in pursuit of him. Out near the tank he met an old man, driving a pair of horses, engaged in hauling water for one of the hotels. He commenced unhitching one of the horses as the old man thought, and he interfered by going to the horse's head and taking them by the bit. Upon doing so, the Russian approached and struck him over the head with a gun, fracturing his skull, and from which the old man, whose name Mr. D. did not remember, died. Straight was arrested and looked up. The next night he was taken from the jail and hanged."

**THE OLD STORY.**—A recent number of the Montana Pike and Flee has an article on the famous doings of miners at Emigrant Gulch. The article is based upon a statement made by one John Cope, who says he has struck bed rock and is making \$50 per day, and 20,000 men can find profitable employment on the Yellowstone.

In alluding to this statement, the editor of the Montana Pike, published at Deer Lodge, Mo., of the 20th ult. says:

"Bed rock has been worked in Emigrant gulch for five years. Gulch and bars prospect well. Gravel mining in the upper gulch has paid, but the boulders are so thick in gulch and bars that we do not believe Mr. Cope's story. Hundreds of good miners have failed there, and many thousands have been expended without success in the endeavor to open up paying hydraulic, ground sluice or shovel diggings in the camp. We wish the independent were better, but from personal experience, we warn our miners to go elsewhere. We came out of it one winter, after a summer's work, with just money enough, on reaching Virginia City, to sleep in a stable, and were not worse off than many others who mined there."

**PROLIFIC OF HORRORS.**—An exchange says:

"In Fon du Lac, Wis., last week, there were a kerosene horror, a railroad slaughter, four gunshots, a man killed by a horse, a boy drowned in a barrel of soft soap, and another one killed by eating glass."

## ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

SPRING TRADE.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER

So constructed as to enclose the works and form a protection against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without attention.

The company feel confident, after having had their watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and officers of these roads, with other prominent R. R. officials, endorse them as the best watches for the use of R. R. employees and travelers yet introduced.

The following are presented as specimens of these testimonials.

TESTIMONIAL.

UNION PACIFIC R.R., OFFICE OF GEN'L SUP'T. OMAHA, Dec. 16, 1899.

Hon. T. A. AVERT, President National Watch Co., Chicago, Ill.

Dear Sir:—During the month that I have carried one of your "W. W. Raymond" Watches, I have not had time to write with as much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping, beauty of movement and finish, your Watch is my admiration, and arouses my pride as an American, and I am confident that in all respects they will compare successfully with the best of the world, with similar manufacturers of older nations. They need only to be known to be appreciated.

Yours most respectfully,

C. G. HAMMOND, Gen'l Sup't.

OFFICE OF THE HUDSON RIVER RAIL ROAD, Gen'l Sup't, New York, Jan. 17, 1897.

T. M. AVERY, Esq., President National Watch Co.

Dear Sir:—The Watch made by your company which I have carried the past two months, has kept excellent time. I have carried it frequently on engines, and have been on the road with it almost daily. During this time it has run uniformly with our standard clock.

Truly yours,

J. M. TOUGHEY, Gen'l Sup't.

The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the company have a right to expect, as better finished, more correct and durable, than any in market of similar price, and that they have great confidence in recommending them to the public, on account of their general merit.
