# MINING, BUSINESS AND STOCKS

# CALIFORNIANS IN SOUTHERN UTAH

Syndicate Formed in Los Angeles To Operate Coal Mining Property.

#### PLAN TO BUILD A RAILROAD

R. A. Kirker Mentioned as a Director -Will Cater to California and Nevada Markets.

A syndicate of Los Angeles business men has completed the organization Standard Copper ...... .20 of a coal mining company which will have its base of operations in southern Utah. It is to be known as the Harmony Anthracite Coal company and will be capitalized for 1,000,000 shares of the par value of \$1 each The officers named are: Peter Adler, president; F. O. Wyman, vice president; F. O. Adler, secretary; Charles T. Inman, treasurer; and Thomas E. Gibbon, counsel. In addition to the officers the following have been elected to serve as directors; Dr. W. W.
Hitchcock, Dr. G. W. Tape, J. L. Dillinger, Robert A. Kirker of Utah, H.
J. Woollacott and G. W. Luckey.
It will be noted from the foregoing

It will be noted from the foregoing that R. A. Kirker of this city is one of the directors; hence it is presumed that the properties to be operated by the new company include the holdings of Mr. Kirker and associates, which are located in Iron and Washington counties.

It is proposed to build a line of railroad from a convenient point on the Salt Lake Route to the mines and to cater to the markets of southern Nevada and California. It is said that by the time the railroad is completed and the proper equipment installed, the mines will be in condition to output 1,000 tons of coal per day.

#### LIVELY ON EXCHANGE.

Sioux Consolidated Continues to Be In The Limelight.

One of the liveliest sessions in the history of the local mining exchange was held today and it was nearly noon before trading ceased and brokers had left the pit. Sioux Consolidated was again the feature; there was tremendous buying and selling of this stock, which advanced to 50 cents and closed with strong bidding for it at 48 cents on the open board. Its behavior was a surprise to a great many, believing that the complete vindication of Manager Holdaway by several members of the board of directors in his statement that the mine contained no developed ore, would result in a reaction from the high prices which prevailed yesterday. On the contrary the demand for the stock was more eager than ever and as a consequence it took more money to buy it. Iron Blossom was also in good demand at better prices and between it and Sioux Consolidated the greater part of the time was consumed on the open board.

A few unlisted stocks were sold, however, Mason Valley sold at \$1.35 and that price was bid for it at the close: Ohio Copper came out at \$2.35; Uintah Treasure Hill, at 21 and Standard Copper at 20 cents.

The closing quotations and sales One of the liveliest sessions in the

# PITTSBURG SILVER PEAK.

#### A Net Profit of Forty-Five Thousand Dollars Made in April.

Local shareholders of the Pittsburg Silver Peak Mining company have re-ceived a circular from the eastern head

celved a circular from the eastern head-quarters which states that the mill run during April to about 90 per cent of its capacity, and the later developments in the mine show the opening up of a large ore body of somewhat higher value than we had anticipated. The gross returns from the mill for April amounted to \$84,680, of which, upon a conservative calculation, at least \$45,000 may be classed as profit. In order to pay off an obligation of \$310,000, the sum borrowed late last year upon the personal guarantee of ear upon the personal guarantee of he president and vice president of the orporation, the directors have decided o offer the unissued stock of the con-

to offer the unissued stock of the company, amounting to about 300,000 shares, to stockholders of record on the 5th day of June, 1908, at the price of \$1.20 per share, each stockholder being entitled to subscribe for his proportion, which will amount to about 12 per cent of his present holdings. In case any portion of the stock is not subscribed for, a group of stockholders conversant with the affairs of the company have agreed to take it at the price above named.

# PARK CITY SHIPMENTS.

# UTAH CON. WANTS THE UTAH APEX

Late Buying of Stocks Is Said to Have Been In Interest Of Former.

#### HAYDEN RESIGNS FROM BOARD

Report Has It 160,000 Shares Have Been Bought by a Utah Con, Official.

In Boston and New York quite a good deal of interest has been aroused in Utah Apex. For some time there has been a quiet buying of the stock going on and now it is said the purchases have been made in the interests of the Utah Consolidated Mining company,

According to late Boston advices, Charles Hayden has resigned from the directorate and R. A. Haffenreffer, Jr., of Fall River, Mass., has been elected to succeed him.

Another director of the company is quoted as saying:

"We have been endeavoring for some time to trace some mysterious buying of Utah Apex stock during the past six months, and our investigation leads us to the belief that interests identified with the Utah Consolidaed company have been buying the stock, leaving it in the original names so as to hide the source of the buying.

"We believe a director of the Utah Consolidated Mining company has been the real buyer, and that it has not been for himself but for the company in which he is a director.

"We figure that 160,000 shares of stock have gone to this source, and that it means that the Utah Consolidated company is seeking control of its adjoin-'We have been endeavoring for some

means that the Utah Consolidated company is seeking control of its adjoining properties in order to increase its mineral acreage and to enable the proper development, without litigation, of its ore bodies to the west."

It has been asserted from another source that Utah Consolidated interests desire to obtain control of the Yampa mine, in which event the ores of the Highland Boy mine would be brought down to the mouth of Bingham canyon for smelter treatment. The interests of the Utah Consolidated, Utah Apexand Yampa are in common and the and Yampa are in common and the three properties could be operated un-der one management very advantage-

### THINKS IT IS GREAT.

Newhouse Believes Pioche Ore Zone Extends Many Miles. current issue of the Salt Lake

The current issue of the Salt Lake Mining Review contains an interview with Samuel Newsouse about the camp of Pioche and its mines, in which the latter is quoted as having said:

"Pioche has not only the earmarks but positive proof of permanency and the persistency of its ore bodies, and the ore zone I have seen for three miles in length is actually continuous, and beyond the last property which I saw,—the Dorris Emilie—I would not be surprised if the ore zone extended for many miles.

The chief factor which has kept the camp in a backward state has been the inactivity of the two large com-panies who own jointly what is known panies who own jointly what is known as the Independent vein. If these companies would unite in some plan of action for the working of this vein from the different shafts now down to great depth, and in splendid, large ore bodies, shipments of high-grade ore, in large quantities, would immediately give Ploche a standing among the best mining camps of the west.

"My visit to the Ohlo-Kentucky and to the Prince Consolidated was a revelation to me. In the Susain Duster property of the Ohio-Kentucky, I found immense bodies of fine concentrating ore, with streaks of high-grade, while in the Prince Con. mine I found a

ore, with streaks of high-grade, while in the Prince Con. mine I found a continent of ore, sufficient in quantity to feed the largest smelting plant in the world with high-grade fluxing ores consisting of iron, manganese, lime, lead and silver. The Prince Con-stands alone as the most unique prop-erty I ever saw so far as smelting facilities and advantages are concern-

If the camp of Ploche, with its

"If the camp of Pioche, with its ore showing, were as easily accessible to Sale Lake as are the camps of Bingham and Tintic it would have a population of 10,000."

In speaking of the Builtionville tailings Mr. Newhouse said that this proposition was "a mine on the top of the ground." and that all that was needed to turn these thousands of tons of pay dirt into coin of the realm was nearby smelting facilities.

# MINES OF PIOCHE

Much Mining Machinery Shipped to Big Nevada Camp.

One of the truest indications of the manner in which the several companies in and around Ploche intend operating, is the large amount of machinery being ordered, says the Ploche Record. Several of the companies for some time past, have been gradually putting the operating department of their mines on a most substantial basis. stantial basis.
The Boston & Pioche Mining com-

The Boston & Ploche Mining company has recently completed the installation of a 100 horse-power gasoline engine, which will be used for the purpose of generating air for the machine drills in the mine; along with this, will be used a 100 horse-power compressor, which is now at the depot and will soon be landed on the ground.

Prince Consolidated company The Prince Consolidated Company has received a 100 horse-power gasoline engine. A large air compressor for this mine is at the freight depot now, and this property is being thoroughly equipped for the extraction of a large tonnage during the coming

summer.

The Mendah company has a large consignment of machinery on the road, as has the Nevada-Des Moines. These, together with several companies who are placing the preliminary or lighter machinery, will constitute

The new directorate of the Uncle Sam Consolidated Mining company con-sists of the following: John Dern, James Chipman, M. P. Braffet, Joseph Nelson and George Havercamp.

# B. Y. U. COMMENCEMENT

Close of Successful School Year is Marked With Exercises of Merit -Big Class Graduated.

(Special to the "News.") (Special to the "News.")

Provo, June 2.—Commencement exercises of the Brigham Young university were held here today. The faculty and students assembled at the school and marched to the tabernacle, at the head of the columns being the Stars and Stripes, and the school colors, white and blue. Next came the band, the High school, the classes of 1911, 1910, 1909, and 1908, with the faculty and board of directors next in line.

The following program was carried out:

ried out:

Song, "We Will Never Stop,"

Students
Prayer . Prest. Stephen L. Chipman
"Slumber Song," . Miss Ellen Grace
President's report.
Song, "The Fisherman,"

Waldemar Call
Presentation of certificates.
Commencement Address

Elder George Albert Smith
The alumnic exercises are being held

The alumni exercises are being held this afternoon at the Tabernacle, after which all will go to Temple hill, where ground will be broken for the Maeser Memorial hall. A banquet will be held this evening, commencing at 6 o'clock. The president's address showed that 24 professors had been employed during the school year just closed, with nine assistant professors and 41 instructors, a total of 74. There were enrolled 1,756 pupils, and in the library are 9,470 books, besides class room books and reference works. The school has done extension work in theology in four outextension work in theology in four outside stakes, has a lecture bureau, ora-torical and debating societies, a Sunday

school and theology school. Certificates of graduation were awarded to 24 students of the training school; preparatory school, 56; special certificates in elocution, 13; music 4. Diplomas given in normal school, 65; high school, 15; music 5; commercial, 15; agricultural, 5.

15; agricultural, 5. Degrees were awarded as follows: J. W. Robinson, A. B.; W. E. Morgan, A. B.; Edna Holdaway, A. B.; Sadie Preston, A. B.; E. G. Hughes, B. O. Graduates to receive honorable mention: Sarah Preston, W. E. Morgan, of the college; normals, Curtls Larsen, A. J. Ashman, Rosetta Baker, Margaret Bean, Gertrude Brown, George W. Larsen, Gertrude Brown, George W. Larsen, A. J. Ashman, Rosetta Baker, Margaret Bean, Gertrude Brown, George W. Larsen, A. J. Ashman, Rosetta Baker, Margaret Bean, Gertrude Brown, George W. # STOCKS WERE IN GREAT DEMAND

Union Pacific a Big Feature With Running Sales of 8,000 Shares at an Advance.

#### MADE AGGRESSIVE RISE TO 150

Free Offerings Caused Some Serback-Some Making Up of Loss in Final Hours-Close Was Firm.

New York, June 2 .- Vigorous demand carried opening prices of stocks strongly over last night's level. Union Pacific was a feature with running sales of 8,000 shares at 148½ to 149, compared with 147½ at the close last night. The gains ran to a large fraction in the majority of stocks traded in and the demand was broad and active.

mand was broad and active.

Further advances were made by the leaders, the feature of the market being the aggressive rise in Union Pacific to 150 and the heavy demand for St. Paul, Reading and Southern Pacific.

Considerable Union Pacific was offered after it had touched 150 and there was a general set back running from 1 to 1½. St. Paul extended its rise to 2½ before reacting. Reading's gain reached -¾ and it became prominent in a rally before 11 o'clock.

before il o'clock.

Pressed Steel Car pfd. fell 2%.

Reading's 2% poins advance was not effective in holding it and prices ran off severely. The reaction carried some stocks to lower prices than last night, but the market steaded and became outer.

and the market steaded and became quiet.

Bonds were irregular,
After Missouri Pacific had extended it advanced to 54¼, profit-taking sales became numerous, and it ran off 1¾, but without much effect on the rest of the list which became very dull with a firm undertone.

the list which became very dull with a firm undertone.

The market became weak in tone and there was a sharp fall in prices. The Hill stocks ruled fractionally below yesterday's closing and St. Paul and other active stocks surrendered all of their gains. Canadian Pacific lost 1, Baltimore & Ohio and American Smelting preferred, 1½. Granby Mining advanced 5. The market closed firm, Republic Steel preferred showed a loss of 11/2

from the reaction. Some restoration of the price level was effected in the final hour, but previous high prices were not maintained and the rally was not fully held.
