The operation is brustle beyond a doubt, but hardly fatal.

"The charge which I have just refuted at the request of the war department was most vague. It was made by "a soldier and to the effect that he had helped administer the water cure to 16 natives." PAINE'S CELERY COMPOUND JUDGE SHOOTS

Makes Nerve Fibre and Nerve Force, Cleanses the Blood and Strengthens and Gives Tone to

Every Function of the Body.

"As a medicine for doing immediate | and effective work in sickness, results ing from impaired nerves and impure blood my family considers your Paine's Celery Compound without a peer." "It strengthens and gives tone to the system." "It has saved many g. doctor's

bill." So writes J. J. Donahue, chief of police of Omaha, to the proprietors of this never-failing remedy. Paine's Celery Compound makes herve fibre and nerve force, and imparts true health to body and brain. It is the only known positive cure for nervous prostration, resulting from business responsibilities, bregular hablts and overwork.

Paine's Celery Compound is the one great remedy for dyspepsia and weak nerves. Dyspepsia is caused by acute inflammation of the nerves centered about the stomach. Palpitation of the heart, dizziness, cardidgia and distention of the stomach are common in dyspepsia. Languor and irresistible drowsiness are certain symptoms.

Paine's Celery Compound keeps the muscular walls of the stomach in vigorous action until the process of digestion is made complete. It restores energy, gives renewed vigor to all affected parts, checks dizziness and allays heartburn. It is a safe and reliable cure for nervous dyspepsia.

Paine's Celery Compound will build up weakened and inflamed nerves, keep the stomach, liver and kidneys in healthy action, and make mind and body healthy. It is the greatest reconstructant of the nervous system known to medical science. It permanently cures nervous exhaustion. It is particularly efficacious in all cases where the afflicted are "worn out" and "run down."

If you have the first symptom of failing health, if you are conscious that something is wrong, that you lack strength, if the buoyant feeling of perfect health does not return after each night's sleep, it is time to give the nerves and blood the food that nature requires. Paine's Celery Compound is rightly called nature's medicine. Medical science has failed to produce its equal as a nerve tonic and vitalizer. It purifies the blood, restores to healthy action every function, remedies depres- the reader.

DUFFY'S PURE MALT WHISKEY.

W. SCOTT. 3758 N. Fifteenth Street. Philadelphia, Pa., March 10, 1901. Dear Sirs—I have now used four bottles of your Malt Whiskey, and think I owe my life to this whiskey. I am 67 years old and have had catarrh of the nose, that and head for twenty-five years or more. I am hard of hearing. About six March 31, 1901.

weeks ago I was so sick I could not eat, sleep and hardly able to walk. Felt more like dying than living. Was under a doctor's care and taking all kinds of drugs and medicine, douches, solutions in nose, etc. The doctor nearly blew my head away with a powerful air pump—medicated air, he called it. It did absolutely nothing in my case. I threw everything away—medicine, air pump, douches—and commenced on Duffy's Pure Mait Whiskey. I felt better from the start. I take one ounce with water before and after each meal and at hedtime, and now, after using four bottles, I can eat and drink and sleep well, and I feel better today than I have for twenty years. I was opposed to all kinds of liquor and used none for twenty-five years, I use buffy's as a medicine only, and shall continue to use it as long as I live if I can get it. I know it will keep me alive, and may in time improve my hearing. I hope it will. me alive, and hearing. I hope it will. hearing. I hope it will. Yours very sincerely, W. SCOTT.

Thousand like Mr. Scott have been cured of Catarrh, Asthma, Bronchitis, Influenza, Grip and Consumption by Duffy's Pure Malt Whiskey which stimulates, entiches the blood, aids digestion, builds new tissue and kills the disease germs. The

# BANK PRESIDENT

MET BY CHANCE IN A STORE

Latter Was Asked to Retract Some Hard Words-Tried to Pull His Gun, but Was Too Late.

Chicago, Feb. 21 .- As the result of a pistol duel at Lawrenceburg, Ky., Alf. Witherspoon, president of the First National bank of that city, lies seriously wounded at his home and Judge Porter Walker is under official surveillance, awaiting a change in the wounded man's condition. The trouble, says the Inter-Ocean's Lawrenceburg special, was begun last fall, when Witherspoon came under the hands of the law by recklessly firing his revolver and shooting through some windows. He was arrested and Walker, as judge of the police court, fined him \$200. Sinde that time it is said bad feeling has existed between the men. Walker had occasion to go to Hawkin's grocery store and found Witherspoon there. Witherspoon cursed Walker, but the latter making no response retired. After he had eaten his luncteon, Walker returned to the store, and finding Witherspoon still there, asked him to retract his recent language. Witherspoon, realizing that trouble was coming, retreated to the door, where he turned and attempted to draw his revolver. The weapon had caught in his pocket and he was com-pelled to turn sidewise while using both hands to release it. Meantime Walker, seeing Witherspoon reach for his gun drew his own and fired point blank at Witherspoon. The latter ducked and the bullet clipped his ear. Walker then fired again, and this time grazed the shoulder of his antagonist. Before Witherspoon could bring his revolver that also the indee had fixed a third into play the judge had fired a third shot, which struck Witherspoon in the back below and slightly to the left of the right shoulder. Witherspoon fell to the floor and was removed to his home, where his life is despaired of. Walker gave himself up to the authorities and was released upon his own recognizance. Witherspoon comes of a wealthy family and is a leading business man. His brother, Hornce, after killing two men, was filmself killed by a man
