

SHUTTING OFF THE HOLIDAYS.

Gov. Pardee Will Give at Least
Five Days' Notice Before
It is Done.

THIS WILL SAVE MORTGAGES.

Canadian Parliament Still Has \$100,000 at Mayor Schmitz's Disposal.

San Francisco, May 8.—Gov. Pardee made his first appearance before the committee on reconstruction at its meeting this morning in the hall of the Century club.

Atty. McEnery pointed out "that many of the savings banks now have in their vaults, which still remain closed since the fire, many mortgages which would be outlawed the very day the holidays cease and the banks resume business unless proper action is taken. In order that this may not happen," he added, "it would seem to me wise that before the governor declares the holidays at an end, he should give notice of his intended action."

"Due notice will be given," said the governor, "in order that the banks may be prepared. I will announce the cessation of the holidays at least five days before they end."

Mayor Schmitz elicited applause by reading the following telegram:

"Toronto, May 8, 1906.—The Canadian parliament voted \$100,000 for the relief of San Francisco, which was declined by President Roosevelt. It is still awaiting acceptance. Will you take it offered directly? Please rush answer."

Mr. Phelan was asked to answer the message of aid in the affirmative. He said: "I have a report today on the walls and piers and the approaches. These are intact," he said, "though we suffered a loss of \$500,000 by the earthquake and \$200,000 by the fire. The damage, however, was such that it has not interfered with the handling of business which has come to this front. I will interfere with any additional business that may be offered. We have docked 21 vessels up to the 5th of this month. I have only one suggestion to make to the citizens of San Francisco and that is that they take prompt action in removing their freight in order that the docks may not be congested by collection of freight thereon."

Mr. Phelan announced that the committee on parks, reservoirs, boulevards and general beautification and the committee on Burnham's plan had joined forces and organized.

Reporting for the finance committee, Mr. Phelan announced that the outside subscription for May 5 amounted to \$165,198, and \$10,500 from local sources, a total of \$175,698; added to this the total previously reported and \$10,000 unconfirmed, it makes a grand total of \$185,698.

This did not include \$500,000 now held by the chamber of commerce of New York City awaiting the plan for rehabilitation of San Francisco, but it did include \$250,000 already given and reported. There was now at his command \$1,135,698, and in process of collection \$1,083,138, or a total of \$2,218,836 dollars.

For the committee on judiciary Mr. McEnery announced that it had subdivided its labors by appointing subcommittees to inquire into the condition of the court records and the machinery necessary to carry on the adjudication of the law.

TWO MEN KILLED.

By the Electric Cars in the City of Los Angeles.

Los Angeles, May 7.—Two men were instantly killed today by electric cars. One was almost beheaded, the other was ground to death under a work train.

The first accident occurred between Graham and Madison stations. Peter Keating, an employee of the Sunset Telephone company, was digging a ditch under the trestle, and a Long Beach car suddenly ran up against an obstruction which jarred the occupants of the coach. The motorman stopped the car and the conductor ran back to see what had happened. Keating's body was found in the ditch, the head almost cleanly severed. It is believed the man raised himself up and stuck his head through the ties just as the car came along.

P. C. Martin, 160 East Twenty-eighth street, a motorman on a Pacific electric work train, was hurled beneath the trucks of his car, near Tiltwheel, on the Santa Ana line, and killed.

VESUVIUS SHOWS SIGNS OF RENEWED ACTIVITY.

Naples, May 8.—Vesuvius is again showing considerable activity. Today a dense column of smoke is rising from the crater and spreading like an umbrella, accompanied by loud detonations and electrical discharges which are especially noticeable from Resina.

The main crater is discharging sand and cinders.

PLAYS IN BEER HALL.

Seattle, May 8.—Sarah Bernhardt played to 1,600 people in the Leshi pavilion, a beer and concert hall in Leschi park, located three miles out of the city. She will give two more performances in Seattle. The first 10 rows of seats were chairs and the remainder canvas camp stools.

GEN. JOHN T. HORNE DEAD.

Knoxville, Tenn., May 8.—Gen. John Horne, commander of the Tennessee division, United Confederate Veterans, died today, aged 61 years.

ALLISON AMENDMENT TO RATE BILL PRESENTED.

Washington, May 8.—Senator Allison today presented the Allison amendment to the railroad rate bill. They will be printed and lie over until they are reached in their regular order.

The reading of the Allison amendments, in which senate leaders are agreed, was listened to with great interest, and at its conclusion the amendments were hurried to the printing office with instructions to have them printed and returned to the senate today.

The amendment, after striking out the words, "fairly remunerative," in section four of the bill, provides for the insertion after the word "prescribed" the following:

"All orders of the commission, except orders for the payment of money, shall take effect within such reasonable time and will continue in force for such period of time, not exceeding two years as shall be prescribed in the order of the commission."

In the same section the provision specifying when orders of the commission shall take effect is stricken out. Then comes in the original Allison amendment providing for the hearing of suits against the commission, and after the word "office" is to be inserted the following:

"And if the order of requirement has been made against two or more carriers in the district where any one of said carriers has an office, and the carrier has its principal operating office in the District of Columbia, then the residence shall be in the district where the carrier has its principal office, and jurisdiction to hear and determine such suits is hereby vested in such courts."

In the same section, after the word "suits," is to be inserted "including the hearing on an application for a preliminary injunction."

After the word "cause" is to be added.

"Provided that no injunction or interlocutory decree suspending or restraining the enforcement of an order of the commission shall be granted except on a hearing after not less than seven days' notice to the commission."

An appeal may be taken from any interlocutory prior decree granting or continuing an injunction in any suit, but shall lie only to the supreme court of the United States. Provided further, that the appeal must be taken within 30 days of the entry of such order of decree, and shall have precedence in the appellate court over all other cases, except causes of like character and criminal causes.

The amendment further provides for striking out the last sentence of section 8, which reads as follows:

"Whenever an order of the commission, made in pursuance of section 15, as amended, other than an order for the payment of money, shall have been complied with for the period of three years, such order shall not thereafter be in force as against the carrier so complying therewith."

SPOKANE STRIKE OVER.

Spokane, May 8.—The strike of 120 teamsters and shovelers of the Barber Asphalt Paving company ended at noon today. The company agreed to raise teamsters' wages to \$5 per day and shovelers' to \$2.50.

The strike of the electric linemen of the Washington Water Power company has been referred to the Central Labor union. Should the Power company be declared unfair, it is rumored all union men will be asked to refrain from riding on its street car lines.

A general strike of union plumbers may occur before the end of the week, in an effort to force the Master Plumbers' association to change its rules from the open shop to the closed shop system, which the masters are not willing to concede.

RAILWAY ACCIDENTS.

Resolution Introduced in House Calling for Inquiry Into Them.

Washington, May 8.—To secure greater safety to the traveling public and railway employees, Representative Campbell of Kansas presented a resolution in the house today directing the secretary of commerce and labor to inquire into the cause of the many fatal railroad accidents in the past four years.

The report with recommendations, is to be made to the president.

THE "BREAD LINE" IS HEDGED ABOUT

Gen. Greely Adopts Severe Regulations to Protect It From "Grafters."

THOSE WHO CAN MUST WORK.

Men Worse for Liquor Who Attempt To Visit San Francisco Are Turned Back.

San Francisco, May 8.—With the increasing severity of the regulations surrounding the "bread line" Gen. Greely has hopes of soon eliminating from the relief lists a large percentage of the people who are now receiving free food supplies. It is becoming more difficult every day for able-bodied men to secure their army ration.

When a healthy-appearing man presents himself for food he is frequently confronted by an offer of employment and if he refuses to engage in the proffered work he is denied relief. All the women must prove beyond doubt that they are in need of assistance. Tickets good for only a few days of food are furnished them and at the expiration of the privilege they must again demonstrate their destitution before aid is given them.

Already there is a big decrease in the daily output of supplies and the officials expect that by June 1 their labors in this direction will be practically ended. It is anticipated that when the savings banks are opened for payments to small depositors that there will be a further lessening in the number of men and women who are now forced to ask for their sustenance from the stations.

The sale of liquor in neighboring counties is causing the San Francisco police much trouble. Since the saloons have been closed here drinking places have been established just across the county line in San Mateo, and the saloons of Oakland across the bay have recently been allowed to resume business. The result has been that thousands of idle men are visiting the resorts and returning here much the worse for liquor. Chief of Police Dignan today issued an order that all persons coming from outside points under the influence of drink be turned back on a return journey, and he detailed 50 men to enforce his ruling.

Among the recent shipments of freight received was a quantity of corrugated sheeting and many of the temporary structures for business purposes are being built of this material. This addition to the available building supply has broadened the field of the contractors and in many blocks of the burned district dozens of small structures will be built by this week which the fresh stocks of merchants.

WILL RESUME WORK IN COAL FIELDS THURSDAY.

Seranton, Pa., May 8.—Work will be resumed by the mine workers through out the anthracite field Thursday morning. The repair men and any others necessary to prepare the collieries for general operations will report for work tomorrow morning. This was decided upon at the closing session of the convention held this afternoon. At this morning session the agreement entered into on Monday in New York between the operators and the sub-scale committee was formally ratified.

A few of the radicals once more took the floor when the motion to ratify the Monday agreement was made and once more urged that the suspension be turned into a strike. They were hopelessly in the minority and their remarks were listened to in silence.

The convention adopted resolutions condemning the state constabulary and providing for the mine workers as an organization taking an active part in politics in the nomination and support of legislative candidates.

President Mitchell was not present during the earlier proceedings of the convention. When he entered the hall he was vociferously applauded and was called upon for a speech. He said:

"This will probably be the last time that I shall address you and it might be well for me to say one or two things. Some are inclined to believe that because we have not secured an advance in wages or any improvement in the conditions of employment we have not accomplished anything. I want to say that I believe that you have taken the most advanced step in the history of this movement."

"You have secured what you have never before secured—a signed agreement, which is not entered into with the United Mine Workers, but with the officers of that organization; they have signed an agreement with your national president and with your district officers. I am convinced that if the United Mine Workers maintain the strength and solidity of their organization three years hence the railroad presidents will ask you to make an agreement with them, rather than that you should be forced to ask them to make an agreement with you."

"Last summer I made a tour through this region and urged the mine workers to come back into the organization. At that time there were only 34,000 members. At the close of that year there were 80,000 members in the organization. Had not that tour been made there would have been a reduction in wages, according to reliable information that I have in my possession. My information that the railroad were ready to increase the working day from nine to ten hours; to require the engineers to work seven days in the week, and to require the firemen to work 15 hours instead of eight. If this is true, then we have won a victory."

Mr. Mitchell concluded with a plea for loyalty to the union. There was a tremendous outburst of applause when Mr. Mitchell sat down. The convention adjourned sine die immediately after.

Mr. Mitchell will leave here tomorrow afternoon for Indianapolis.

New York, May 8.—An unknown man, who walked down the main street of Hoboken today, kicking an American flag along in the dirt, was mobbed by citizens, clubbed by a policeman, sentenced by a court and put to work breaking stones in a penitentiary before the day was over. The man refused to disclose his identity when questioned by the court, but said he was the "King of Bums" and came from "Nowhere."

When Recorder Stanton read a lecture to him in court for abusing the flag, he interrupted, declaring "That is all it is good for."

The recorder sentenced him to six months.

SLAYER OF CREFFIELD TO RECEIVE GOLD MEDAL.

Seattle, Wash., May 8.—George Mitchell, the Portland boy who shot and killed Frank E. Creffield, the leader of a notorious "Booby Hater" band in Oregon, on the streets here yesterday, is to be presented with a gold medal by the citizens of Corvallis, Ore., in recognition of the deed.

O. V. Horst (father of Creffield's widow), arrived here today and announced that Corvallis people who are now subscribing to a fund to buy the medal and pay an attorney to defend Mitchell. It was at Corvallis that Creffield caused so much indignation three years ago in the practice of his immoral creed.

Mitchell shot and killed the self-styled Joshua as revenge for wrongs said by him to have been done to his two sisters by Creffield.

The Watch-Dog in your Vest Pocket

YOU can buy Health Insurance now.

Several good "Accident" Companies sell it. Sixty dollars per year will bring you \$25.00 per week, for every week you are Sick.

But, your time alone may be worth far more than that. And \$300 per week might not pay for your suffering.

That's why "Cascaret" Insurance which prevents Sickness, is worth ten times as much money as other "Health" Insurance.

Yet "Cascaret Insurance" will cost you less than Ten Cents a week. That gives you a "Vest Pocket" Box to carry constantly.

"Indigestion" means food eaten but only partially digested. "Constipation" means food retained in the body undigested too long, till it decays. It then supplies the poisons of decay to the system, in place of the nourishment it might have supplied.

Isn't that a tremendous handicap worth insuring against? What does it cost to Cure Constipation or Indigestion, with their train of small and great ills, and to insure against a return of them?

Not so very much. One 10 cent box of Cascarets per week, at most, perhaps half that. One candy tablet night and morning, taken regularly for a short time, is warranted to cure the worst case of Constipation or Indigestion that walks the earth.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you. Because 90 per cent of these ills begin

in the Bowels, or exist through poor Nutrition.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach. No,—they act like Exercise on the Bowels, instead.

They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

They strengthen these Bowel-Muscles by exercising them.

The time to take a Cascaret is the very minute you suspect you need one. —When your tongue is coated a little. —When your breath is not above suspicion. —When your head feels dull, dizzy, or achy.

—When you have eaten too heartily, or too rapidly. —When you have drunk more than was good for your digestion. —When you have a touch of Heartburn, Gas-belching, Acid-rising-in-throat, or a Coming-on-Cold.

Carry the "Vest Pocket" Box where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil.

It costs only 10 cents. At any drug-gist. Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BOMBON BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cent stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded. Send to-day, mentioning this paper. Woman's
Relief

"I suffered every month for years," writes Mrs. John A. Keeton of Cephas, Va., "and at those times was hardly able to do anything. My back ached all the time for nearly five years and I was so nervous I couldn't stand any noise. I spent over \$50.00 on medicines that gave me no relief, and so I commenced taking Wine of Cardui. Less than half a bottle relieved me, and now I have taken only one bottle and a half, am perfectly well and happy, and doing every bit of my housework. God alone knows the gratitude we feel to Wine of Cardui. I feel like I want a voice so I could speak to all suffering women and beg them not to suffer like I did, but to take Cardui at once."
