18 ANARCHISM DEFUNCT?

Saturday

SINCE shortly after the execution of the Chicago anarchists there has been a lull in the agitations of that dangerous fraternity. This aspect has caused a feeling of security to supervene. The subject no longer appears on the surface to be one of national importance. The idea prevails to a large extent that anarchism was killed when the Chicago men were hanged.

As a consequence, general interest in adequately crush any violent demon-

is now made.

It may well be considered whether the present luli is not the calm that is the presage of a storm more violent pertinent to enquire whether anarchsion sought to be stamped upon them | tus! was that they could not carry out their pefarious designs in this country under any circumstances. A probabie lesson taught them was, however, that in order for their conspiracies to carry, they must change their

the manner of a sudden thunder storm when not a cloud is to be observed over ead, and no adequate preparations are made to meet its contingencles? It is a question as to whether anarch-

ism is not more to be feared in its meanor. It is not the barking dog that is the most dangerous, it is the brute whose nature is impregnated with suppressed ferocity, who creeps silently up to the intended victim and inserts his fangs in his flesh before he is aware of his presence. So in relation to men; it is not he who is outspoken and open. but the silent, scheming, determine

villain who is most to be feared. Are the anarchists at work? is an important question. If so there need
