Ogden, March 30.—Charles Irwin, the young railroad man who was arrested at Elko, Nev., by Deputy Sheriff Wilson and brought back to Ogden yesterday was arraigned before Judge Murphy on the charge of adultery and his bond was fixed at \$750 which he furnished, his father, Edwin Irwin and Jesse J. Driver being his sureties, and he was released from custody. The date of preliminary hearing was not fixed, but it is believed Irwin will waive preliminary examination when the case is called, and go direct to trial in the District court. He appeared to feel very sorrowful when he learned that the young lady whose ruin he is alleged to have caused, had died as a result of maternity. The news state that after his arrest he made a full confession.

SERIOUS RUNAWAYS.

Mrs. John Moyes of Plain City Badly
Injured.

Ogden, March 30.—Two quite serious runaways occurred yesterday in Ogden, in each one a lady suffered painful injuries. Mrs. John Moyes of Plain City was driving along Washington avenue near Fourteenth street, when the top of the buggy came loose and fell upon the horse, causing it to run away. The animal ran to the westward, where it collided with a telephone pole, demolishing the buggy and throwing the lady with great force against the pole, injuring her spine and head. She was picked up by Mr. Allen and taken to his home, where Dr. Osgood attended her injuries, which are quite serious. The second runaway occurred yesterday afternoon near the corner of Quincy avenue and Twenty-fifth street, where a horse being driven by Mrs. M. S. Foss became frightened and dashed down the street, running into a telephone pole, throwing the lady to the ground rendering her unconscious. She was picked up and taken to a near by house where Dr. Dickson soon revived her. Her injuries consist principally of bruises.

Ogden, March 30.—M. Haymen, who for a long time has been running a general furnishing store at 223 Twenty-fifth street, has filed a notice of assignment with the county clerk, naming H. L. White and his son George White, who have been doing a general mercantile business at Kanesville, West county under the firm name of White & Son, have filed a petition in bankruptcy with U. S. Commissioner Thomas Maloney, referee, and their creditors have been notified to appear April 11 to file their claims and show cause, if there be any, why they should not be adjudged bankrupts. The liabilities of the firm are set at \$1,255.24, its resources, stock of merchandise, \$48.25, and outstanding book accounts, \$26.22. C. L. White claims to have received exempt value at \$655. George W. Ekins, of Marietta, has also filed a petition in bankruptcy before referee Maloney, and hearing on the petition is set for April 10. A short time ago A. R. C. Smith of North Ogden secured a judgment in the district court for \$625.12, against the petitioner, and this is the only account mentioned excepting personal property valued at \$301, which he claims is exempt. An oath of impecuniosity has been taken by W. B. Wheatley, who fixes his indebtedness at \$428.

On his arrival here he was in a very weak condition, but every effort was put forth to save his life by the physicians and nurses, but it was all of no avail; he gradually grew worse until the end came. It is understood he was making preparations to be married next month to a young lady in Salt Lake City.

FARCE AT STANFORD.

Production of Salt Lake Boy Which
Won First Prize.

At Stanford university last night the annual farce given by the junior class, was performed, and for the second time, a Salt Lake boy was the author. W. B. Bateman, formerly of the Salt Lake High school, submitted a farce among a dozen, and was awarded the prize, carrying with it \$30 in cash. His title is "The Life Struggle," and the offering includes both music and words, one waltz having already made a hit, under the title of "On the Quad." Bateman was well known while in the High school for his ability in musical and dramatic lines, and his friends here are not surprised to hear of his success. In 1903 Waldemar Young, now sporting editor of the San Francisco Chronicle, was author of a successful Stanford farce. He also was from the Salt Lake High school and took a prominent part in High school dramatics.

A NEW PROPOSITION.

Elimination of Student Participation
In the Speechmaking.

In recent University of Utah commencement the item of parade and ceremony has apparently been carefully fostered by the committee in charge, and one of the objections presented this year to separate graduations for the college seniors was the fact that this arrangement would make the parade display less effective. Now a new proposition is under consideration which calls for the elimination of all student participation in the speechmaking, and for the delivering of formal addresses by men chosen because they are distinguished, primarily, it is stated, that if the new plan goes through an attempt will be made to secure one of the most distinguished men in America to supplant the customary student with his valedictory on how the world ought to be run. This item, it is claimed, belongs rightfully to the class day exercises, which have not yet become a part of the local University life. The committee on University graduation exercises, all of whom are opposed to student participation in them, is composed of R. K. Lyman, Miss Babcock and Edwin Evans.
