

CONCERNING THE COULTER SPEECH.

Mrs. W. A. Nelden Produces Letters Bearing on the Much Discussed Proposition.

OLDEN WOMAN WILL NOT SPEAK

This in Effect is the Burden of the Message Received Here—Mrs. Nelden's Statement.

Concerning her connection with the protest against Mrs. Coulter's appearance at the biennial meeting of the General Federation of Women's clubs, to be held at St. Louis May 17 to 23, Mrs. W. A. Nelden makes the following statement:

About three weeks ago announcement was made in the Salt Lake papers that Mrs. Coulter had been invited to speak at the approaching biennial at St. Louis. It surprised me very much, because Mrs. Anna D. West, chairman of the program committee, had voluntarily told me of the efforts being made to secure a place for Mrs. Coulter and that they had been denied.

"I paid no more attention to the subject until some 10 or 12 days ago, when I learned that I was being the credit for the appointment. This was more than I was willing to stand for, so I, individually and not to voice the indignation of others, or because I am a member of the general board of directors, but individually, wrote to Mrs. West, expressing my surprise at the appointment and asking for information.

MRS. WEST'S LETTER.

"The reply received on Monday is as follows:

"Olm Point Comfort, Va., April 13, 1904.

"My Dear Mrs. Nelden:

"Your letter was forwarded to me here, which is the reason of my delay in replying. I do feel very sorry about what you wrote me in regard to Mrs. Coulter. I did everything possible to keep her from appearing on the program. Two different people wrote me asking me to give her the place. I answered and said she must select some special topic on which she wished to speak and then apply to the chairman of that department. After this I heard that she wished to speak on Household Economics, so no one wrote to her. The chairman, and asked her not to give her a place. This seemed to cover the ground, so I had no fears about it. It seems she has asked her to speak two minutes or allowed her to speak five, to speak for this length of time.

"Now you can say this from me or over my name or any way that will not implicate you. That her name does not appear on the program and if she is to speak at all it is to be in discussion that is open to all. You may make this statement as public as you please, print it if you want to over my name.

"Mrs. Neville had on right to allow the public to know of any one who speaks in discussion, for it is supposed that all speakers in discussion are to speak impromptu and that there is to be no arrangement made for the discussion. I have written Mrs. Neville what I think about her. No one can be more sorry than I about this and I want you as a favor to make public the fact that she is not to be a speaker at the biennial.

"With much love,

"ANNA D. WEST."

MRS. NEVILLE'S POSITION.

Mrs. Neville, in a letter to Mrs. Nelden, received yesterday, explains her position in the matter as follows:

"Green Bay, Wis., April 23. My Dear Mrs. Nelden—Mrs. West writes me that there is trouble in Utah and I, all unwittingly, am the cause. Mrs. West wrote me when I first set about preparing my program that I would receive an application for a position which I was not to grant. She would explain when we met. She did not mention any names and thought I would understand, which, of course, I did not, but I fitted the warning to the wrong person and of her own state. When I received a letter from one of your state officers asking recognition for one who had held a prominent position in the federation, I replied that Utah was the only state which had not a standing committee on economics, and when a letter from me asking that a H. E. be appointed was read at a state convention, I refused. I did not see how there could be expected to teach there or speak, but if the person had anything to say she could take part in the discussion and at the conference would also have an opportunity.

"I wrote the same to the person herself, saying I would give her five minutes at the conference. Her name will not appear on any program. The discussion and conference are free to all, so to her is accorded the same privilege accorded to everyone who will be present, except that I may have written that she could speak from the platform—I do not remember—and that, of course, was only in the smaller hall.

"You are at liberty to make just as much of this letter public as you desire. I shall not mention it so your connection with the affair will never be known unless you wish to tell. Only I am so vexed and chagrined at my mistake that I could not refrain from writing.

"Yours most sincerely,

"ELIA H. NEVILLE."

WHAT MRS. NELDEN SAYS.

In a talk with a "News" reporter today Mrs. Nelden expressed her deep regrets that the matter should have created such a stir, but candidly admitted that what she did she did as an individual club woman and not as a representative of the federation of this state. She further said that she had read Mrs. Coulter's statement as published in last night's "News," and had only this to say, that if Mrs. Coulter referred to her when she spoke of a certain Salt Lake woman who was continually stirring up strife in the ranks of the club women of Utah, that the lady certainly did her a great injustice, as her desire had always been to harmonize conflicting interests, and she had constantly worked to this end. It was not her purpose to create friction among the club women of this state.

CONFERRING DEGREES.

Scottish Rite Masons Will Conclude Reunion With a Grand Ball.

The Scottish Rite Masons are conferring today, the ceremonial and official degrees, 21 and 32 inclusive. The work is being done by the Utah Consistory No. 1, of which Fred C. Schramm is master of rituals. The exercises of the reunion are concluded with a grand ball and buffet lunch tonight in Unity hall. The floor committee are: E. C. Page, P. T. Roberts, Edward Rosenbaum, C. S. Schmidt, all 22 degrees Masons. The music of the reunion has been placed under the direction of Major F. C. Evanson, the highest in Masonic rank in this part of the country, is in attendance on the Scottish Rite reunion. The major reports good promises of petroleum in this section in southwestern Wyoming, as the individuals are all that way.

JOHN W. YOUNG FOR PRESIDENT.

Member of the Local English Colony is to Represent British Stockholders

OF SANPETE VALLEY RAILROAD.

Election Takes Place on Monday—Believed That Supt. Kerr Will Still Remain in Charge.

Since the tragic death of Theodore Bruback the Sanpete Valley railroad has been without an executive head. Following advice received from the English interests across the ocean there will be a meeting of stockholders of the company held in the headquarters here on Monday, on which occasion the stock will be for the major part be voted by proxy. The man selected to succeed the late Mr. Bruback as president is said to be John W. Young, vice president of the Pacific Investment company, and a well known member of the English colony in this city. He is the choice of the English stockholders and consequently will undoubtedly be elected. It is thought that H. S. Kerr, who for the past 10 years has been general superintendent of the road, will be re-elected to manage affairs.

The Sanpete Valley is building up quite a traffic in coal from the Sterling mines, and the outlook generally for the line, which runs from Nephi to Morrison, never was brighter.

SANTA FE STRIKE.

Machinists at Albuquerque Shops Walk Out on Account of Non-Union Employees.

Albuquerque, N. M., April 23.—Sixty-five machinists, helpers and handy men employed at the Santa Fe shops here struck because the company put to work 26 non-union machinists. Two foremen were discharged for refusing to work with the new men and one man struck with the machinists. The men left the works peacefully and, although a large force of armed guards patrol the company's property, its services do not appear to be required. The presence of the guards, most of whom are Mexicans, is assigned by the strikers as one of the principal causes of the walkout. Most of the new men carried revolvers strapped to their waists when they went to work, but the strikers manifested no disposition to molest them. It is reported that the steam fitters, boiler makers and blacksmiths to the number of 75 will also quit work.

SALT LAKE SOUTHERN.

Work to be Resumed on the Inter-Urban Electric Line.

Work is to be resumed on the Salt Lake Southern next week when teams and graders will commence operations at Mill Creek. A. V. Taylor, manager of the suburban road, says that the company has the motive and spent \$1,500,000 this year getting things into shape. Already a large shipment of poles and ties is on the road from Oregon and will arrive here this week, when men will be put to work getting the material into place. Among other things an improved power plant is to be installed at the mouth of Mill Creek canyon with a capacity of 5,500 horsepower. It is proposed to lay out a resort in this canyon which for the present will be the terminus. The company has secured 5,000 acres at a point about three miles above the power plant site. This land will be parked, an hotel erected and cottages for summer residence put up. The road commences at First South and Second East, running south to Ninth South, thence east to Fifth East and south to Fourteenth South. From this point branches are to be built to Murray and other towns as far south as Bingham Junction and the smelters. Poles have been placed already within the city limits, 65 pound rails will be put down and heavy cars capable of carrying baggage and express matter will be operated. Mr. Taylor estimates that the run on to Mill Creek canyon will be made in 30 minutes.

HARRIMAN HEARING POSTPONED.

New York, April 23.—The hearing in the Harriman case against the Northern Securities plan for distribution of railroad stocks, which was to have been before United States Judge Kirkpatrick at Newark today, was again postponed, adjournment being taken until Monday, May 9.

SPIKE AND RAIL.

James Peabody has been appointed head of the new department of statistics, which is to be organized in Chicago for the Santa Fe.

Arthur R. Smith, auditor for the Yellowstone Park company, has been appointed assistant general passenger agent of the Northern Pacific.

Maj. S. K. Hooper, general passenger and ticket agent of the Denver & Rio Grande, is quartered at the Knutsford today.

E. W. Gillett, general freight and passenger agent for the Salt Lake Road, has returned from a trip to the coast. He says everything looks favorable for the traveling public to make the trip to and from Los Angeles via Calientes early in the coming year.

LATE LOCALS.

Today's local bank clearings amounted to \$384,117.60, as against \$320,199.93 for the same day last year.

Today's weather map is a dry one, with a high barometric area approaching from the coast. However, cloudy weather is predicted by the local weather office, with possible showers.

A large number of the leading housewives of the city are this afternoon attending a demonstration lecture on cookery by Fannie Merritt Farmer, the Boston expert. The subject is "Salads, Entrees and Desserts." and Miss Grace Cannon, one of Miss Farmer's graduates, is authority for the assurance that it will be an occasion long to be remembered by the dames of Salt Lake.

WOOD'S PINK PILLS

These are the best pills for all ailments, indigestion, headache, jaundice, biliousness, etc. They are reliable to prevent a cold or break up one. Mild, gentle, certain, they are your confidence. The Book Tells You How To Get Well at My Risk.

If you want to feel better.
If you want more strength.
If you lack ambition.
If you can't do things like you used to.
If your nerve—your courage—is leaving you.

If your confidence in yourself is less.
If you lack vim, vigor, vitality.
If something is eating away your constitution.

Ask me by letter for the book. Don't send a penny. Let me take the risk. Let me tell you of a drugless near who will give you six bottles for \$3.50. Restorative on a month's trial. Take it and see for yourself what it will do. Then decide.

No cost—not a penny—if you say, "I am no better." Don't leave it to the druggist or to me. We might be prejudiced. You, you alone, shall say the word, whether you pay \$3.50 or nothing. The druggist can't complain. He is to bill the cost to me at your own risk.

Try Dr. Shoop's Restorative at my risk. Not a penny if it fails. It's a two-cent stamp—or a postal—against six bottles of my Restorative—against \$3.50, their cost. Don't you begin to believe the Restorative can do something unusual for the sick? I have found long ago how certain it is, how seldom it fails.

I'll risk my reputation on it. And the cost of the medicine, too. I know, and I want you to know. This is my way of gaining your interest. Others don't do it that way. It's pay anyway with them. Ask me for the book you need.

Write me. Now—today.

Simply state which book you want and address Dr. Shoop, Box 5713, Racine, Wis.

Book 1 on Dyspepsia.
Book 2 on the Heart.
Book 3 on the Kidneys.

O. S. L. TRAIN IN DITCH AT TOPAZ.

Passenger No. 11 Derailed Near McCammon This Morning Bright and Early.

WASHOUTS TIE UP SYSTEM.

Cloudburst in Mountains Above Bear River Canyon Put Two Bridges To the Bad.

The Oregon Short Line system came today as near being tied up as it has for many a day. Yesterday afternoon a little stream which a man could jump across under normal conditions went on the rampage and away went two bridges above Bear River canyon. A cloudburst was assigned as the cause. Whatever it was trains between here and Pocatello were abandoned, but the Granger route was still open. At 6 o'clock this morning the westbound O. S. L. passenger train No. 11, due at Pocatello at 7:05, was derailed near Topaz, seven miles east of McCammon. From some cause the engine tank jumped the rails ditching the engine, baggage car, mail car and derailling the front trucks of a day coach. Beyond some bruises and a bad shaking up no one is reported to have been seriously hurt. Shortly after the news was received the wrecking outfit went out of Pocatello, followed by enough cars to make a complete transfer.

This is General Supt. E. L. Buckingham's first experience of a tie-up on the Short Line, but is not as bad, by any means, as what Mr. Calvin went up against during the first two weeks as general manager of the O. R. & N.

METHODISTS ARRIVE.

Ministers Come in at Noon and Look at Salt Lake from "Seeing" Cars.

A large number of eastern ministers of the Methodist church arrived in Salt Lake today en route to Los Angeles. There were three Pullman cars of them and they came in at 12:30 this afternoon over the Rio Grande and will remain until tomorrow morning. This afternoon they are looking over the city in "seeing" Salt Lake cars. On Saturday another large delegation will arrive here and remain over Sunday. It is regretted that they cannot be entertained by the local church at the Tabor. That desire cannot be carried out for the reason that a great force of workmen are now engaged in renovating the building.

PARTY PERSONNEL.

The ministers are on their way to San Francisco to attend the annual conference of the church. A prominent divine in the party was Rev. L. B. Bates of Boston, who is the father of the present governor of Massachusetts. The party is in charge of Frank W. Lund.

Those in the party are:

From Boston—Mrs. E. M. Bragg, Dr. John B. Brainerd, Rev. L. B. Bates, Mrs. A. C. Clark, Mrs. Emma Bates Harvey, Mrs. C. Edwin Miles, Charles R. Magee, Mrs. Charles R. Magee, Mrs. L. B. WANT TO QUASH MURDER CHARGE.

John Rice, Accused of the Killing Of Buettler, Makes Important Move.

TO RECALL "NOT GUILTY" PLEA

Notorious Abe Hunter Will Probably Take Similar Action Tomorrow—Case to be Heard at That Time.

A motion to set aside and quash the information in the case of the State of Utah vs. John Rice, who is charged with the murder of Fred Buettler in this city in 1897, has been filed in the district court by Attorney A. J. Weber and J. M. Hamilton, who represent Rice. The motion will be argued before Judge Morse tomorrow morning at 10 o'clock, at which time defendant will be allowed to withdraw his plea of not guilty heretofore entered. The motion is based upon the three following grounds:

First—That the committing magistrate had no jurisdiction to hold the defendant to answer in the district court to the charge of murder or any charge.

Second—That no preliminary examination of defendant was held upon the charge preferred or any charge.

Third—That the preliminary examination was not waived and that there was no legal evidence produced to establish either that a crime had been committed as alleged in the complaint or otherwise, and there was no legal evidence produced to establish or prove that there was probable cause to believe that defendant committed the crime of murder, as alleged in the complaint or that he committed any crime.

It is very probable that the attorneys for Abe Hunter, who is also charged with the murder of Buettler, will file a similar motion in behalf of their client, as they have already asked permission to withdraw the plea of not guilty which was entered last Saturday.

CONDEMNATION CASE.

The jury in the condemnation suit of the Oregon Short Line Railroad company against Archibald M. Buchanan et al, this morning returned a verdict in Judge Stewart's court in favor of defendants for a total of \$3,550. The property condemned is 35 feet by 10 feet located on Third West street, facing east, between First and Second South. The jury found that the land is worth \$3,500 and the improvements \$1,750.

FOR PERSONAL INJURIES.

Charles A. Hanson, by his guardian ad litem August Nielsen today filed suit in the district court against the Utah Light and Railway company to recover \$2,500 damages for personal injuries alleged to have been received by coming in contact with a live wire at Fourteenth South street on April 21, 1904. It is alleged that the wire broke on the night of April 20 and defendant was notified of the accident but failed to repair the break, with the result that on the next day about noon plaintiff, while on his way to work, came in contact with the wire and received severe injuries for which he claims damages in the amount stated above.

THE MAYS MAKE UP.

The domestic troubles of Alice E. Mays and her husband, Luther M. Mays, a druggist of this city, have been settled out of court and the divorce suit instituted by her last Friday was dismissed today by Judge Hamilton upon motion of plaintiff's attorneys. In her complaint Mrs. Mays charged her husband with cruelty in that he, on several occasions in the past year, struck her in the face with his bare arm and in one instance blacked her eye.

DEFAMATION SUIT.

"An old drunken Swedish wash woman," and "an old sow," are some of the epithets which Helen Ole alleges were hurled at her by Bertha McFarley, whom she is now suing in the district court for \$2,500 as damages for malicious defamation of character. The complaint was filed today and it alleges that defendant used such language towards plaintiff in December, 1903, and in April, 1904. She also alleges that defendant charged her with unchastity. By reason of such statements concerning her plaintiff claims big damages. Her own name have been damaged in the community to an extent of \$2,500, for which amount she asks judgment.

A PAINFUL ACCIDENT.

Arthur Guest Suffers a Broken Arm While Repairing a Generator.

Arthur Guest, an employee of the Utah Light & Railway company, suffered a broken arm last night while assisting in repairing the big generator at the Central station. The upper part of the great machine had been jacked up by three screws and was being lowered into its regular position when Guest failed to lower his screw with the same speed as the others, causing the big machine to tip. Presently it fell and caught the poor fellow up by the arm. It was broken in two places, and it was considered a wonder that he was not more severely injured. Guest was taken to the Holy Cross hospital, where he is being attended to.

FINE NEVADA ORE.

Exhibit of the Rarer Metals from Freiberg, Nevada, District.

J. V. Brooks, the Nevada mining operator, arrived in this city a few days ago, with a fine collection of minerals on exhibition today in the office of the B. T. Lloyd in the D. F. Walker building. The exhibit came from the Freiberg district, in Lincoln county. Nevada. Aside from the gold, silver and copper ores, Mr. Brooks shows ores containing some of the rarer metals—vanadium, bismuth and uranium. Mr. Brooks has acquired 18 claims in the Freiberg district, all showing ore. The collection was gathered from these properties.

A massive gold quartz ledge, 1,000 feet in width, that Mr. Brooks' properties, which, he declares, will average \$1 to the ton in gold.
