GOTHAM'S ITEMS.

The Trade of the Metropolis.

NEW YORK, 6.—The *World* says: The general trade of the city during the past week was again very active, and the distribution of merchandize from this point to various stations of the country was enormous in volume. Probably the greatest activity was in the department of dry goods, and has been without any precedent in the history of the trade. Buyers were from all parts of the country, although those from the south were largely in the majority. Business with the commission merchant's was fair, but the jobbers were pressed to an extent that necessitated the full employment of their entire forces, not only during the day, but far into the night. Broadway and side streets, wherein jobbing houses are largely located, presented busy scenes for blocks. The sidewalks were crowded with cases of merchandise turned out for shipment; it seemed as if business was being conducted in the streets rather than indoors. Electric lights were brought into requisition and altogether such scenes of activity and animation were never before witnessed in New York.

It is estimated that fully four million dollars in gold left foreign ports the past week for this point.

The special feature of the stock market last week was the active demand for the investment shares which in many instances reached the highest figures ever recorded.

Drowned Spaniards.

The *Herald's* Paris special says: Our Madrid correspondent telegraphs as follows: Further accounts of the Logrono catastrophe show that one captain, six lieutenants and four ensigns of a regiment from Valencia and one lieutenant of engineers and 98 privates perished. It seems that the battalion was crossing the river on a large raft constructed on pontoons, and in the middle of the stream, which is deep and rapid, the raft began to leak and the men got alarmed and capsized it. Only half the battalion escaped with the assistance of boats and ropes. Planks were quickly cast in the Ebro by the inhabitants. The scene at night in recognizing the bodies was heartrending. Many officers and sergeants were married men and their wives and families rushed to the banks during the search for the bodies by torchlight. Next day, in the presence of the garrison and an immense concourse, 110 bodies were laid in two graves. King Alfonso, the Queen and the royal family have headed a subscription list with $8,000.

Another Steamer Lost.

At the Maritime Exchange this afternoon the probable loss of the steamer *San Salvador* with all on board is reported. She left Truxilio August 7 for Havana, where she was due on the 11th, and has not been heard of since. Her agents at Havana telegraph that they fear she was lost in the cyclone of the 9th. She was an American steamer of 971 tons, built at Wilmington, owned by London merchants, and engaged in the cattle trade. Her captain is Parke, a Honduras gentleman. Her first mate and engineer are white men, and shipped from this port. The others are black men.

Samuel Hausar, alias Jacob Habick, charged with extensive forgeries on the Industrial Bank of Germany, was arrested to-day on board the *Celtic*, from Liverpool. Habeck at first denied his identity, but evidence among his papers, the names of merchants in Odenheimer, Eppenheimer, Wellingarten, Bonshoal, Heidelberg and other places, were forged to checks on the Industrial Bank in sums ranging from 900 to 2,400 marks. Hauser said he would waive all examination and return home.

A Drunken M. P.

The *Tribune's* cable special says: There was a discreditable scene in the House of Commons, Saturday night, when Philip Callau, the member from the County of Louth, came in drunk and delivered a wild speech in which he insulted the chairman of the committee and denounced the members generally as infidels, Scotch Presbyterians, contempt-nonconformists and despicable shop keepers. He was named by the chairman, and expelled by the speaker for the remainder of the sitting. Callau is the Pariah of the Irish party. His colleagues left the House in a body at the beginning of his speech. During the elections he accused Alexander M. Sullivan, M. P., of conniving with the Tories, and Mr. Sullivan refuses to sit with him as one of the members for Louth. Callau awaits trial for libelling Mr. Sullivan. O'Connor Power apologized on behalf of the Irish party for Callau's conduct.

Weather and Crime.

The weather continues extremely hot, the thermometer reaching the nineties at midday. Sunstrokes are numerous. The weather, however, promises relief to-day.

The journals this morning have an unusual record of crime and casualties. The Sunday murders and accidents are over the average.

There was one funeral procession which ran the gauntlet of beer saloon at the gate of the Evergreen Cemetery, Brooklyn, yesterday, which did not yield to the proprietors of those wide-open establishments a single customer. The procession was composed of Chinamen, about 50 of them were in carriages, and were following a hearse in which lay the remains of Lee Wan. The procession on its way through the streets from the Roosevelt Ferry attracted much attention and elicited many shout of derision from spectators.

Elijah Alliger, arrested for dealing in the stolen bonds of the Milwaukee and St. Paul Railroad Company, to-day identified Col. Chas. Broadhead as the person who had given him the securities to hypothecate.

Cattle Diseases.

DENVER, 6.—The *Republican's* Leadville special says: On Sunday night, Homer Richards, formerly captain of the Leadville police force, was fatally shot by Ed. Jones. There was a quarrel of a week's standing between the men, and it is said that Jones threw stones at Richards, who fired in retaliation.

Last Friday, as a party of contractors were shooting a fire in a stove in the shaft beside of the Pennsylvania mine, an East Side Italian was wounded and another killed by about 20 feet by some gunpowder which had been placed in the stove by some malicious persons.

The *Tribune's* Lake City special says: Andy McGlaughlin shot and killed Joseph Nevins at Rose's cabin. They quarelled over a game of cards. Nevins assaulted McGlaughlin with an axe and the latter shot him in self-defense.

Mexican Murder.

CITY OF MEXICO, Aug. 30.—Wm. H. Greenwood, who for several years was chief engineer of the Denver Railroad, and has recently been engaged in making surveys for Palmer & Sullivan, railway contactors, was mudered yesterday at Halnepantla, 18 miles from the capital. He was accompanied at the time by his assistant, Mr. Miller, and a servant, and had gone on in advance to examine a barranca. A few minutes after Mr. Miller came upon his dead body with three bullet holes in it. The murderers had taken his pistol and horse, but left his watch and money, probably because they had no time to rifle the body. The authorities are making efforts to find the murderers.

Killed by Lightning.

UPTONVILLE, Ky., 6.—Last evening a rain storm came up. Quite a number of persons collected at the house of Moses Prewitt, four miles south of Uptonville, for the purpose of shelter from the storm. While they were in the house a flash of lightning came down the chimney, bursting through above the mantlepiece, killing Mrs. James Walden and James Prewitt, and wounding Mrs. Prewitt, the mother of the young man. All in the house were shocked. At the time Mrs Walden was killed she was holding a four year old girl in her lap. The child was not injured.

Arkansas Election.

LITTLE ROCK, 6.—The indications are that at the election for all the State and county officers and members of the legislature to-day, the democrats carried the State by the usual majority. The election here passed off quietly. The republicans claim the election of N. S. Oliver as sheriff of Pulaski County. There were three tickets in the field in this county, the democratic, republican and greenback, and an official count will be necessary. The county gave 2,000 majority against repudiation, and it is probably defeated elsewhere.

Whirlwind's Damage.

RICHMOND, 6.—During the heavy rain storm last night, a whirlwind struck the lower portion of the city, unroofing several buildings, prostrating fences and trees and doing other damage. The whirlwind covered a radius of not more than half a mile. The weather for the past few days has been excessively hot, the thermometer during the middle hours of the day ranging from 98 to 102 in the shade.

Brief Politics.

CHICAGO, 6.—The *Inter-Ocean's* Washington special says: A son of Senator Wallace reflects his father's opinion in saying the chances are largely against Landers in Indiana. Congressman Frye writes Maine will go 15,000 republican. Commissioner Raum is so confident of overwhelming success that he will throw up part of his engagements to speak elsewhere.

Suicide Attempted.

COLUMBUS, O., 6.—Charles Miller, attorney at law, and son of ex-State Senator Wm. Miller, attempted suicide by taking morphine, because of his father discovering two small forgeries of his son and had a warrant issued for his arrest. He took an overdose and will probably live.

Libel.

FON DU LAC, Wis., 6.—A criminal warrant was issued to-day for the arrest of Howard M. Kutchen, editor of the *Daily Commonwealth*, for charging Gen. Bragg, Member of Congress, with selling a cadetship.

Boiler Explosion.

GALLIPOLIS, O., 7.—The boiler of a portable saw mill, near Vinton, Grilla County, exploded, killing Samuel Davis and James Donnelly and seriously injuring another employe.

More Surrenders.

FORT KEOGH, 6.—The Sioux chief, Big Road, came in and surrendered to the authorities, with four followers. His party of 190 braves are expected to arrive in a day or two.

Fire.

MOBILE, 6.—A fire this afternoon destroyed a large amount of property, starting in Dunlap's dry goods store, burning 10 business places and doing damage to the amount of $350,000; insurance $230,000.

Vermont Drouth.

WHITE RIVER JUNCTION, Vt., 6.—Fearful drouths prevail all over Vermont, and manufacturers have been compelled to suspend to work for want of sufficient water to run the machinery. The temperature for 10 days has been almost equal to the hottest days in July.

Whiskey Burned.

OWENSBORO, Ky., 6.—N. M. Lancaster & Co's large distillery, a mile west of here, burned to the ground this morning. The machinery is a total loss. A corn crib, with 25,000 bushels of corn, was also destroyed.

Colored Jurors.

LOUISVILLE, 6.—To-day, for the first time in Louisville, colored grand and petit jurors were chosen to serve. They were drawn in accordance with a recent decision in court.

Survivors.

CHARLESTON, 6.—Six of the crew and one passenger of the lost *City of Vera Cruz* have arrived from Jacksonville.

A Dastardly Trick.

HAGERSTOWN, Md., 6.—Some unknown person fired into the democratic procession at Washington last night, and instantly killed Perry Wilson, a spectator. No arrests were made.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 6.—The Irish meeting in Hyde Park to-day was drunken and disorderly. Several thousand people were present, a majority merely from curiosity. T. P. O'Connor denounced the House of Lords as the most disgraceful and oppressive assembly existing. His remarks were only audible to his immediate neighbors. In a few minutes the temporary platform was completely carried away by a rush of the crowd. Resolutions for the cessation of evictions and reforms of the House of Lords were subsequently declared carried.

The Lancashire weavers have resolved that the district be brought out on a strike and supported by contributions from other districts until the masters concede an advance in wages. A general lockout is expected.

Candahar, 6. — The Afghans fought bravely until the Baba walls were broken in the rear. They then lost heart and fled in wild confusion. The cavalry pursued them fifteen miles. The portions that held together were completely dispersed and took to the hills. This does not apply, however, to the Cabulese regiments. Ayoob Khan escaped with a small following. The enemy's loss is not known, but it is said 400 fell. In the pursuit the enemy left 200 dead.

Probably Herat will rise against Ayoob Khan, who will fly to Persia, or surrender himself to the English.

The Lahore *Civil and Military Gazette*, declares that previous to Gen. Burrows' defeat Sir Frederick Haynes, Commander-in-chief, and member of the Supreme Council of India, protested against the weakness of Gen. Burrows' brigade and the Candahar garrison, but was overruled by the Viceroy.

We hold Ayoob Khan personally responsible for the murder of Lieut. McLane. Ayoob Khan fled at 11 o'clock in the morning, leaving McLane and six sepoy prisoners. They were soon after paraded for execution, but five Sepoys escaped. The Afghans only saved their mounted battery. The enemy was so completely broken that further pursuit was useless.

Ragusa. — The British iron-clad *Temeraire* with Admiral Seymour on board, the British gun-boat *Falcon* and German man-of-war *Victoria* have arrived. Fourteen vessels of the fleet are now assembled here. As soon as the French division arrives, a council of war will be held under the presidency of Admiral Seymour to decide upon the character of operation. Admiral Cremer, commanding the Russian fleet, has gone to Cettinj.

Belgrade.—Two explosions occurred on Saturday in the magazine of a fortress here, setting fire to the upper story of the building. The soldiers immediately removed half a ton of powder stored in the lower story, as it was feared the fire would communicate to the main stock of powder, consisting of 400 tons. There was great consternation in the city for 24 hours. The fire is still smouldering, and the magazine is a total wreck.

The Montenegrins have already occupied some points in the ceded district, but the Albanians hold the *tete du pont* on the river Zim. Prime Minister Kadrie Pasha has offered the inhabitants of Dulcigno lands south of the Bojan twice the value of their present holdings. The Porte hopes this proposal will be accepted and a naval demonstration obviated.

St. Petersburg.—The railroad from this city to Simpheirenopol was watched night and day by 9,000 peasants and 45,000 troops during the emperors recent journey to Livadia.

Yakoob Khan's eight wives and two sons aged seven and nine years, joined him at Mussoovic.

Heavy rains here and in the northwest are relieving the anxiety about crops. More rain is wanted in Punjaub.

The *Soir* announces that a boat belonging to Prince Galitz foundered on the 3d inst off the coast of Finisterre. Viscount Fleury, Mrs. Hennessy, an American lady, and two natives of England were drowned.
