MINING, BUSINESS AND STOCKS

MT. NEBO DISTRICT COMING TO FRONT

Much Development Work In Progress With Highly Gratifying Results.

THE UNION CHIEF PROPERTY

Large Vein of Good Ore Opened--Car Lond of High Grade Ready for Shipmen

The Mt. Nebo mining district is coming to the front and there is every reason to believe that it will develop into a right lively camp. For some time past, the Union Chief Mining company has been carrying on a vigorous development campaign and Secy. and Treas. J A. Jacobson said today that s, vein 40 feet wide, containing a rich streak from 1 to 3 feet of shipping ore, had been exposed in the workings. What is classed as high grade brings about \$45 a ton in gold, silver and lead—based on present' metal quotations; while the low grade ore has a valuation of \$15 a ton. A carload of high grade ore has been sacked and will be shipped to the 'smelter shortly.

The company is running a deep tunglet Mr. Jacobson stated, that will tap

The company is running a deep tunnel, Mr. Jacobson stated, that will tap the ore bodies about 200 feet below the present lowest workings. The avenue has already been run a distance of 350 feet and it is figured that it will require 250 feet more to get in under the workings now showing the values. A letter received Saturday from Foreman Albert Larson contained the information that the face is already showing strong mineralization and it may be that it is getting somewhere near an ore body not shown in the upper workings.

per workings.

Quite a little development work is in progress at the present time in the district and results thus far have been highly encouraging to those interested.

BUTTE COPPER OUTPUT. What Mines of Noted Montana Camp

Did in August.

The estimated production of the Butte miness for August was 25,317,700 pounds of copper, a decrease of 917,600 pounds from the July output, but with the exception of July and May the largest yield of any month of the past eight, according to information sent the Boston News Bureau. In August, 1907, the Butte camp showed a copper pro-duction of 23,127,000 pounds, or 2,190,000

less than the August, 1908, returns.

With the great reduction in cost of production already accomplished, and the general strength in the copper maryet, the Butte camp was able to treat last month a much lower grade of ore than during any previous month since than during any previous month since

opeations were resumed.

The yield by months since the beginning of 1908 is shown in the following

		Decrease
	1908.	from 1907.

CALIFORNIA METALS.

Mines Produced Less Silver and Gold Last Year Than in 1906,

Charles G. Yale of San Francisco has issued a statement for use of the United States geological survey, show-ing the metal output of California in

1907.

"Compared with the mine production of 1906," he says, "these figure; slow a decrease of \$2,004,524 in value of gold and of \$66,182 in value of siyver, a total falling off in value of the precious metal output of \$2,070,708. The average commercial value of silver in New York per the output of \$1000 years. New York per fine ounce in 1906 wa 67 cents, and in 1907 was 66 cents standard value of gold is \$20.671834625323 per fine ounce."

Butte county led in the output of

gold; while Shasta county carires the honors of having produced the most

TINTIC'S NEW SMELTER.

Behavior of Plant Highly Satisfactory To Its Owners.

The new Tintic smelter is reported to be giving splendid satisfaction from a metallurgical point of view and is turning out about 40 tons of lead-silver builion per day. The furnaces are treating 400 tons of ore daily. Mechanical Engineer Howard P. Saunders says no new plant as however.

ders says no new plant ever began its career with more satisfaction to the owners than the Tintic plant. The materials for the addition to the roasting plant are being received now, and the materials also for the two new blast furnaces are beginning to come in, but as is usual everywhere, the roof-

AT THE SWANSEAS.

Compaign of Development Is Progressing Along Vigorous Lines.

Special Correspondence. Eureka, Sept. 5.—Supt. William Mat-thews of the Swansea is running threa-drifts on the 700 level in that prop-erty. One is headed toward the north, one towards the south into virgin country, and the third in a westerly direction. The Swanseas have produced some very rich ore in the past, one big stope reaching from the 700 level to the surface.

the surface. The workings are down 850 feet, A few weeks ago the water filled the mine up to within about 20 feet of the station on the 700 level; but the diffr-culty is rapidly being overcome by the big electric pump recently installed. The North Clift is soon to be in The North Clift is soon to be in operation, again, preparations for the event now being under way. This property has a lot of silver-lead ore exposed in the workings and shipment, may be inaugurated almost any time. Returns from the last shipment were highly satisfactory. All things considered, the North Clift is one of the most promising properties in the south end of the district.

The Diamond Queen Mining company will hold its annual meeting Sept. 25,

will hold its annual meeting Sept. 28, in Eureka, at which the election of officers will take place.

BOSTON CONSOLIDATED.

President Newhouse Releases Information About August Production.

The News Bureau of Boston says about Boston Consolidated:
"There has been a material improvement in operations of the Boston Con-solidated. The concentrates are now running 22 per cent copper, as against 17 per cent and 18 per cent the last few months, and the mill is now mak-

ing a recovery of 73 per cent.
"President Samuel Newhouse, who
furnishes this information, says that
additional sections of the Boston Consolidated mill should be in operation by the middle of this month, when the mill will be able to handle 2,000 tons

mill will be able to handle 2,000 tons of porphyry ore per day.

"In procuring a new contract with the American Smelting & Refining Interests, whereby the Boston Consolidated company will derive a benefit from the iron contents of its concentrates, which was not provided for in the original contract, it was necessary to make an agreement with the Guggenheim interests to withhold the shipment of the Boston Consolidated concentrate output until Jan. J. The agreement was made necessary by the fact

centrate output until Jan. 1. The agreement was made necessary by the fact that the Garfield smelter is not at present in position to handle all the tonnage shipped to it.

"While this restriction does not interfere with the operation of the Boston Consolidated concentrating mill, it does prevent the shipment of concentrates to the smelter, though the Boston company has the privilege of drawing upon the Guggenhelms for 85 per cent of the assay value. cent of the assay value.

cent of the assay value.

"This new agreement may turn out to be a very desirable one, as the Boston Consolidated will be settled with on Jan. I at the then ruling prices for copper, and since this contract has been made, the price of copper has already advanced about one-half cent."

DIVIDENDS TODAY.

Uncle Sam and May Day Will Repeat July Performance.

Dividends will be posted this afternoon by two mining companies, the Uncle Sam Consolidated and May Day, for payment during the present month Both will repeat what was done last month, when the former disbursed is cents a share, or \$25,000; the latter, 144 cents a share, or \$12,000.

CONCENTRATES.

Calls of the mining exchange will be resumed at the usual hour tomorrow

Ernest R. Woolley returned this morning from a trip to Nevada on min-

Only two miners reported for duty at the properties of the Utah Copper company in Bingham this morning. Practically no work is being done in the various camps of the state today.

TREATMENT OF PARK ZINC ORES

Reconstruction of Concentrator Is Progressing Favorably in Summit County Camp.

AMERICAN FLAG MEETING

Old Board of Directors Retained-Work in Big Cottonwood-List Of Ore Shipments.

The work of reconstruction and en larging at the zinc plant is going along in good shape, and the work will be pushed to completion with all possible speed, says the Park City Record. With its increased capacity, the output when all is ready for ac tive operations again, will be more than double what it has been, and now that the plant has been proven a success on a small scale no doubt it will pay big a small scale no doubt it will pay yell as the Daly Judge management, with whom they have big contracts, were satisfied with the plant's initial run, else of course, the work now going on would not have been decided upon. The recently orgainzed Park City Mining and Power company, of which Dr. S. W. Platt is president and T. H. Paull secretary, now has a force of five men employed in Big Cottonwood. Besides owning a tract of the most favorably located and most promising mining ground in the district, the company has secured the state water rights on the stream there, and the water is used as motive power at the mine. With the ald of power drills and splendld equipment, excellent progress is being made in the tunnel, with the formation and prospects showing up fine. The company is incorporated for 500,000 shares, with a capitalization of \$50,000. The treasury stock amounts to 200,000 shares and but little of the stock is out. returns on the investment with a big

200,000 shares and but little of the stock is out.

At the meeting of the stockholders of the American Flag company held at the mine Tuesday, the present board of directors was re-elected and routine business transacted. The company's affairs were found to be in splendid shape and the reports on the condition of the mine were all most encouraging. Ore shipments.—Daly Judge, 833.—000; Silver King, 1,208,000; Daly West, 1,150,000; New York; Hayes lease; Total pounds 3,191,860.

SWINDLER IN ANTWERP IS KNOWN IN AMERICA

Antwerp, Sept. 7.—The police here today arrested Count De Toulosue-Lautree on the charge of cashing stolen coupons.

The count protested against the ar-

rest, claiming to be an American citi-zen and displayed naturalization pa-pers issued in the state of Illinois. An Investigation showed he had recently been released from Siberia after having been extradited from Bremen and having also been expelled from Spain.

Nicholas E Savine, also known as Nicholas E. Savine, also known as Count De Toulouse-Lautree, and Prince Savine, has a long record of adroit swindles in various parts of Europe, and is also known in the United States. When arrested at Bremen three years ago and taken to St. Petersburg to stand trial on a charge of swindling, Savine told a remantic story of his adventures and alleged persecutions, and appealed to Emperor Nicholas in return for the services of his ancestors and him-elf to Russia to free his name-from the cloud hanging over it and permit him cloud hanging over it and perinit min to rejoin the army, of which he was once an officer and served against the Japanese in Manchuria. He asserted that he was naturalized as an Ameri-can citizen in Chicago April 17, 1898, and in his petition to the emperor he set forth that he was descended from a long line of counts and princes who intermarried with the noble French femily, of Touluse-Lautree. intermarried with the noble French family of Toulouse-Lautree.

Savine in his youth was an officer in the aristocratic chevaliler guards and left the service owing to falling into the hands of usurpers, but later was allowed to serve as volunteer in the Turkish war of 1877. He recounted in detail a long series of trials on various charges which, he declared, were the result of the malevolence of his enemies, as chief of whom he named ex-Minister of Justice Murayleff, now ambassador at Rome: The named ex-Minister of Justice Mura-vieff, now ambassador at Rome. The final result of these charges was his banishment to Siberia, whence after various adventures, he escaped to America. Savine asserted that he served as captain in the United States cavalry during the war with Spain, and said he was wounded at Santiago.

BETTERS WORLD'S RECORD. Paris, Sept. 7.—Leon de la Grange, president of the Aviatior club of France, today beat his world's aeroplane record made yesterday. He circled the field at Isys 18 times at an average height of 13 feet, and remained in the air 31 minutes.

SENATOR KNOX INJURED.

London, Sept. 7.—A news agency dispatch received here today from dispatch received here today from Geneva says that Senator Philander C. Knox of Pittsburg, Pa., and Mrs. Knox were slightly hurt and their son, Philander C. Knox, Jr., 18 years old, was seriously injured, in a motor acceptable. While passeling another rule. cident. While passing another auto-mobile, a tire burst and the cars collided, that occupied by the Knox family being ditched.

POSTAL COMMISSION MEETS.

Atlantic City, N. J., Sept. 6.—The joint postal commission of Congress, which will go into session here tomorrow, has decided on two important features in connection with its investigation into the postal department and regulation. It is said that a determination has been reached not to disturb the second class postal rate

KING EDWARD WILL NOT RECEIVE PAPAL LEGATE

London, Sept. 7.—King Edward has arranged to spend the week at Doncaster, where a race meeting is being held. His majesty thus vetoes the caster, where a race meeting is being held. His majesty thus vetoes the report that he will receive Cardinal Vincent Vannutelli, papal legate to the Eucharnstic congress now assembling at Westminster, which so warmed the militant protestants composing the Protestant federation. The federation requested the king to assure it that the papal legate would not be received, pointing out that the ancient law forbidding the entry of a papal legate into England had not been abrogated. In reply to the federation's request comes the semi-official announcement of his majesty's racing plans. racing plans.

KANSAS CITY GOES BACK TO A WIDE OPEN SUNDAY

Kansas City, Sept. 6.—After being a "closed town" for over seven months because of the efforts of Judge William H. Wallace of the criminal court, Kansas City today went back to its old ways, and theaters, cigar and grocery stores, pool halls and other places of business were open. Gov. Joseph W. Folk arrived late tonight, having received a quiet tip that the saloons were to re-open. At midnight the governor said he had found no violations of the law. Judge Wallace said tonight that he would insist upon the indictment of all offenders,

WOOL HOUSE BURNS.

Chicago, Sept. 6 .- The wool house Chicago, Sept. 6.—The wool house and the fertilizer plant of Armour & Company in the Union stock yards were destroyed by fire tonight. The buildings were five story, brick structures, covering an entire block. The fire was the flercest experienced in the stock yards in seven years and attracted an immense crowd of spectators. Loss, \$500,000.

SEASIDE ROMANCES.

Wedding Bells Follow Thrilling Rescues of Surf Bathers.

New York, Sept. 7.—The bathing season being about over, weddings said to be the outcome of romances of the to be the outcome of romances of the surf are beginning to come along.

Miss Bessie Meyer, 19 years old, of Brooklyn, was saved from drowning at Brighton beach on July 4, by Abraham R. Koehn, a clothing manufacturer. Last night they were married. Benjamin Magio was bathing at Rockaway Beach on July 5. He got beyong his depth and was seazed with crampa. Miss Josephine Halvorsen, of Brooklyn, swam out, collared him and swam ashore. She had never seen Magio before. Several days later Magio looked across the street and saw her. He sought an introduction and got it. They will be married tonight.

DEMOCRATIC TEXT BOOK IS READY IN RED COVER.

Chicago, Sept. 6.—The campaign text-book of the Democratic party prepared with the approval of the national com-mittee will be distributed tomorrow with the approval of the hattonat committee will be distributed tomorrow morning to party workers and others interested in arguments why the Democrartic nominees should be elected. It contains 300 pages in bright red cover and is replete with argument on the various issues of the campaign. The platforms of the Democratic and Republic results argument in parallel. platforms of the Democratic and Republican parties arranged in parallel columns occupy much space in the manual, which also contains crisp utterances of both Democratic and Republican leaders. Some of the chapter headings of the volume are "Pointers on the Republican national platform," "Figures of thistlis," "A discredited slogan," "The struggle with monopoly," and "Lest we forget."

William J. Bryan's speech of acceptance, his tariff speech and his speech

ance, his tariff speech and his speech on guaranteed deposits occupy a promi-nent place in the book, which closes with a detailed index of contents.

MGR. AVERSA TO WASHINGTON.

Rome, Sept. 6 .- It is understood that the vatican has practically decided upon the appointment of Mgr. Aversa, the present apostolic delegate to Cuba, o the office of apostolic delegate at Washington to replace Mgr. Falconi, who is to have some other post without being created a cardinal.

COMMITTEE BACK FROM LOUISVILLE

Report from Jos. A. Silver and L. J. Haddock Looked For Tomorrow.

LOOKED OVER STEEL PLANT

While They Refuse to Talk on the Matter, it is Understood They Were Not Favorably Impressed.

the committee from the Manufacturers & Merchants' association, Commercial club and Real Estate association, sent back to Louisville, Ky., for the purpose of investigating the feasibility of removolng to Salt Lake a large steel rolling mills plant from that place, have returned from their tour of inhave returned from their tour of inspection. Neither of the gentlemen is ready to talk for publication as to what their report will be, both preferring to wait until they have submitted their findings to the organizations back of the move. It is understood, however, that the report will not be favorable, at least to the purchasing of the plant that the report will not be favorable, at least to the purchasing of the plant in its present condition. The gentlemen from Salt Lake found that the plant had been idle for some time past, and considerable depreciation in different parts of the works has taken place, and that the whole proposition was found to be different than what was anticipated at the time the committee was sent east.

MAY REPORT TOMORROW. The report will cover every detail of the visit, which occupied a full day, Mr. Haddock and Mr. Silver reached Louisville a week ago last Tuesday morning, and immediately went on tour of the plant. Nothing was overlooked during the investigation, and every detail possible connected with the steel industry was gone into by the commit-Before reaching Louisville, the two

Before reaching Louisville, the two gentlemen inspected similar plants in Pueblo, Denver and Chicago, and they were well equipped to pass critical judgment upon the Louisville plant when the time came for passing judgment as to its advantages and otherwise. The report will probably be submitted Tuesday.

While the committee was east a telegram was forwarded them from the Salt Lake Civic league requesting them to stop at Des Moines to investigate the plan of municipal government adopted by that city. The telegram failed to reach them, however, and the stop at the Iowan capital was in con-

DEAD MAN MAY BE BROTHER.

Daniel Harrington, a Park City miner, died en route for Garfield Saturday night as the result of a two weeks spree. He was accompanied by W. E. Moore, who was taking him to Gaifield to get him work. Death was due to alcoholism. The body was returned to the city on train No. 60 early Sun-day, and is at Joseph William Taylor's undertaking establishment, where a telegram was received this morning to the effect that a man by the name of Harrington in Park City was of the opinion, drawn from the name and decription of the dead man, that it was is brother, who he has not seen for 5 years. Mr. Harrington will arrive 25 years. Mr. Harrington will arrive this evening from Park City, and if the dead man proves not to be his brother, he will be buried some time tomorrow

CITY BOARD ACTS.

Resolutions Denouncing the Proposed Removal of Red-Light District.

The city board of education at its meeting held Saturday, denounced in no uncertain terms the proposed re-moval of the "red light" district from moval of the 'red light' district from its present quarters on Commercial street to a residence block on the western side of town. The resolution condemning the move was introduced by Arnold G. Glauque, and seconded by Mathoninah Thomas, both of whom made speeches against the contamination of the residence district and the flaunting of crime before school chilren.

ren.

The resolution was on motion referred to a committee of three, composed of Mr. Giauque, J. T. Hammond and Mr. Thomas, and this committee will report back on the resolution at the meeting of the board to be held Tuesday evening. The resolution is as follows:

Whereas, Definite plans have been devised by certain individuals for the removal to the west side of the women of the underworld; and.

Whereas, Certain buildings peculiarly adapted to the immoral purposes contemplated by those plans are nearing completion; and.

Whereas, This rendezvous of immorality, drunkenness and crime is sought to be planted in a residence district, and between the only two public highways leading directly to and from the Fremont and Franklin schools, east and west, and in the midst of the homes of hundreds of school children, whose lives and morals cannot out be endangered and seriously affected by the contaminating influences that would emanate from such a place; and.

Whereas, The parents of those children and the children of the Salt Lake High school, elso situated on the west side, have petitioned the city council to prevent the invasion into their midst of this vile class and bad influences and so far no redress having been granted them; now, therefore, be it

Resolved, by the board of education of Salt Lake City that we denounce this scheme as pernicious and subversive to the interests of the school children liven. The resolution was on motion referred

ing west of Second West, and do now commend the efforts of the parents in doing what lies in their power to check the progress of this scheme.

FALSE ALARM SOUNDED.

Smoke and Sparks from Overheated Stove Creates Some Excitement.

This morning the fire department, apparatus No. 2, was called out in answer to an alarm from the residence of C. W. Jones, 520 west First South street, where a volume of smoke and sparks falling on the roor caused considerative excitement among neighbors. It was thought that the building was in flames and some one turned in an alarm. The department responded as quickly as possible and the fireighters were preparing for a great pattle against the flames when it was discovered that the cause of all the trouble was merely an overheated stove. No damage was done to the place.

CHICKEN THIEF ABROAD.

Mrs. E. Johnson Reports Loss of Eleven Fowls This Morning.

Chicken thieves are abroad again and owners of valuable towis are warned by Chief Pitt to keep their coops securely locked at night.

This morning Mrs. E. Johnson of 43 east Ninth South street, reported to the police that some time last night a thier broke into her chicken coop and carried off II fine fowls. The thieves were evidently expert in their work of robbing hen roosts as they worked quietly and can no ciue as to their identity or the course they took after the robbery. There has been a full for some time in the chicken stealing "pustness" but it seems that the work has been started again. The police are hard at work on this particular case and hope to land the guilty persons when they make an attempt to dispose of the chickens. Joseph A. Silver and L. J. Haddock,

BOY STEALS BICYCLE.

Youth Who Appropriated "Wheel" Nabbed by Police This Morning.

This morning Bicycle Policeman Dan Grundvig made another arrest of a wheel thief and resovered the bicycle. The youth under arrest is Harvey Doles, aged 16 years, of 550 south Third East street. He will answer to the juvenile court for his misdeeds.

About two weeks ago J. F. Flowers reported to the police that his bicycle, one of considerable value, had been stoien. Policeman Grundvig started to work on the case and did not relax his efforts until this morning when he learned that young Doles was in possession of the missing property. He placed the youth under arrest and recovered the blke. The youngster admitted taking the wheel, it is said, but, of course, did not mean it. Being under age he will have to face the juvenile court on the charge of larcency.
