

ORGANIZERS SENT TO JAIL.

President and Secretary of Scofield Branch of United Mine Workers Declared Vagrant.

NARROW ESCAPE OF N. G. U. MEN

Six Members of G Company Discovered Sleeping in a Burning Tent—Kramer's Ultimatum.

Special Correspondence.

Scofield, Carbon Co., Dec. 7.—Last night was the coldest night since the national guard has been in camp here, the thermometer dropping close to 20 degrees below zero, and the sentries walking post were kept busy in keeping themselves on the right side of the freezing point. However, they were relieved every hour, and lost no time in getting to the tents, where the Sibley covers were kept going, rendering the tents warm and comfortable.

TRANSFER OF TROOPS.

Things are quiet in Scofield today, the only excitement being the transfer of company F, commanded by Captain Krammer of Mant, from Scofield to Winter Quarters, and the return of company H, of Salt Lake, from Winter Quarters to Scofield; in both cases the men marched to their new stations. Along the line of march the striking Italians were out watching the movement of the troops, and showing a sullen character by their appearance. This was entirely lost upon the militia boys, who took no notice whatever of their actions. The Finns are apparently very friendly to the militia, and upon the transfer of the companies at Winter Quarters, serenaded them there being some good singers among them.

BLOODTHIRSTY FINN.

Emil Johnson, the Finn who made the statement as to how easy it would be to blow up the mine at Winter Quarters, was summoned to Captain Williams' quarters this morning. He denied at first making the statement, but on being closely questioned, partially admitted, but upon being notified that such statements would render him liable to arrest and imprisonment, took another view of the same and promised to make no such talks in the future. However, he will be closely watched.

INCREASE IN MINERS.

There was a considerable improvement in the conditions at the Winter Quarters mines today, there being 137 men at work, an increase of five over Saturday. There was no increase in the output; this is explained by the fact that on Saturday the miners aim to clean up, and Monday the output is not so large, owing to considerable time being consumed in digging before loading begins. Four German miners applied for work at Winter Quarters this evening.

Buckwheat Cakes with ROYAL Baking Powder

are delicious and wholesome—a perfect cold weather breakfast food.

Made in the morning; no yeast, no "setting" over night; never sour, never cause indigestion.

To make a perfect buckwheat cake, and a thousand other dainty dishes, see the "Royal Baker and Pastry Cook." Mailed free to any address.

ROYAL BAKING POWDER CO., NEW YORK.

AT CLEAR CREEK.

The conditions at Clear Creek remain unchanged today, the output being practically the same. The militia boys at the place are well housed, and Major Heywood is looking well to their wants, and supplying them as far as is in his power.

ORGANIZERS VAGGED.

The trial of Wm. Lewis, president and secretary of the local branch of the United Mine Workers, and Wm. Marinelli, an Italian striker and lieutenant of Demoli, occurred this afternoon before Justice Burrows, at Scofield. They were charged with vagrancy, found guilty and sentenced to imprisonment in the county jail for 20 days. Attorney M. P. Braffett, assistant county attorney, prosecuted, while the defendants undertook their own case, refusing counsel.

STRIKERS LEAVING.

A number of the unmarried Italian strikers left Scofield this morning, their destination evidently being either the Colorado or Wyoming mines.

General Cannon is expected to return from Salt Lake tomorrow, and while no orders have as yet been issued for the removal of troops from Scofield to Castle Gate, it is generally conceded that such removal will take place upon his arrival, unless the unexpected happens here to prevent it. The people of Scofield greatly oppose this move, as they fear with the removal of the militia a recurrence of the condition prior to their arrival here in a greatly intensified form, and will no doubt do all in their power to prevent such removal.

The hospital corps is resting on their laurels, having successfully treated all their patients and sent them back to

quarters for duty, and tonight the hospital is clear.

FIRE IN CAMP.

Six members of the National Guard had a close call here tonight, as a spark from a Sibley stove set fire to a tent in which six members of G company were sleeping. The spark fired the bedding and as dense clouds of smoke were issuing from the tent, Sergeant Kenson and Corporal Thirlor, who were making their rounds, came up. The officers hurriedly got the men out of the blaze, except that they had to carry Private Adams, who was unconscious. He, however, was restored in the sharp air. The troops generally are in good health, and Surgeon Major Penfield is keeping a sharp lookout on the men.

KRAMER'S ULTIMATUM.

Vice President Kramer of the Utah Fuel company has put his foot down, and give the strikers his ultimatum, and it is this: Discharged employees are given until 4 p. m. today to return to work, and all who do not may consider themselves as permanently cut off the service of the company.

The Furness strikers were addressed this afternoon by Agitators Demoli, Kellier and Price, who drove over from Helper in a wagon. The meeting was at Glaser's store, just outside the company's territory lines, and 200 men attended. The speakers urged the strikers to follow the advice of John Mitchell, and strike, strike, strike, until they were accorded their rights. Kellier promised that the United Mine Workers of America would stay back of the strikers and see they do not suffer, no matter how long the strike may last. He guaranteed that no man, woman or child would suffer, and promised to pay

any bills for the support of the strikers' families.

The Sunnyside union has received its charter, and is designated as 2530. The agitators are now kept off the company's grounds, and soldiers go through the train before it reaches the station, and effect suspicious characters.

MARTIAL LAW.

Gov. Wells Announces Probability If Complaints Continue.

In view of the complaints about alleged unlawful acts of the company guards in the coal regions, Governor Wells announces a probability of martial law if such complaints continue to be made. He has made it a point that there must be freedom of speech, and the right of peaceable people to use the highways must not be interfered with.

A. H. Keller, counsel for the strikers, went down to Scofield last night, in the interests of his clients. Scofield, Winter Quarters and Clear Creek are now without the presence of a union official, now that Secretary Lewis has been vagged and sent up for 20 days in the county jail. He has filed bonds on appeal, but pending judicial action will languish in jail.

SOCIAL AND PERSONAL.

A great surprise to the majority of their friends will be the announcement of the marriage of Miss Mary Theresa Kinney of this city and Mr. J. A. Dougherty of Portland, Ore., which took place yesterday. The ceremony was performed at the home of Mr. and Mrs. W. M. O'Brien, at 10 a. m. Father Kieley officiating, and an elaborate breakfast served afterward, the newly wedded pair leaving later for California, whence they will sail for a trip to Honolulu. The rooms were beautifully decorated, and the intimate friends were present at the wedding. Mr. and Mrs. Dougherty will reside in Portland.

Mrs. Martha Royce King was hostess at a delightful dancing party last night at Louise's academy, the "Cinderella" cast and a number of others being present.

The marriage of Miss Amy G. Post and Joseph E. Doty took place today, and tonight a reception will be held at the bride's home.

The luncheon given by the Jewish Relief society yesterday was a most successful and enjoyable affair.

Mr. and Mrs. W. A. Wetzell entertained informally on Wednesday night.

The regular meeting of the Council of Jewish Women was held this afternoon.

Mr. and Mrs. Kent Smith are here for a few days, and are stopping at Mrs. La Farge's.

PICTURES FOR CLUB.

Col. Hy. Altman Secures a Number of Interesting and Historic Photos.

Through the efforts of Col. Henry Altman the Commercial club has been enriched by the collection of pictures which are now being hung on the walls. Some of the pictures have been presented outright by Col. Altman, while others were secured by him. In this connection the following letter, which has been framed and now adorns the walls of the office, is self explanatory:

No. 1 Broadway, New York.

Commercial Club, Salt Lake City, Utah:

Gentlemen:—At the request of Mr. Henry Altman I have sent you a photograph of an engineering party on the Union Pacific in 1897, under Thomas B. Morris, chief of staff, Gen. Grant, and others named in the description. I also send you photograph of myself as grand marshal at the inauguration of the Grant monument in New York City. I take pleasure in presenting these to you with my compliments, as from 1853 to 1861 my work was mostly west of the Missouri river to the California state line, and during the years 1864 and 1865 I commanded the department that included the territory from the Missouri river to California from 1866 until 1870. I was engaged in building the Union Pacific railway, and almost all the work of grading, bridging, etc., through Utah was done by the Mormons, which was of great assistance to me.

It has been a great satisfaction to see the wonderful development of that country and to compare it with early days.

Truly,

GRENVILLE M. DODGE.

In one of the groups presented by Col. Altman is a photograph of Col. Bonneville, of historic fame, one of the pioneer discoverers of the Great Salt Lake, a picture that is of great interest to Salt Lake. A set of eight pictures of Chicago World's Fair views completes the donation.

THE WAIL OF THE MERCHANT.

East Temple street merchants complain that while this season's holiday trade is very good, the multiplicity of stores is reducing individual profits, so that tradesmen must be content with reduced returns this year. There is complaint at the way local business houses are persistently besieged by well meaning, but not always thoughtful people of both sexes, who have been appointed a committee to solicit for this, that and the other thing. Some business men say they have been besieged by three different committees for the same object and are threatening to take to the woods to escape further infliction. They are becoming dreadfully tired of what they call "this eternal extending of the collection plate," and think they should be given a rest. The trouble seems to be particularly virulent during the early part of December.

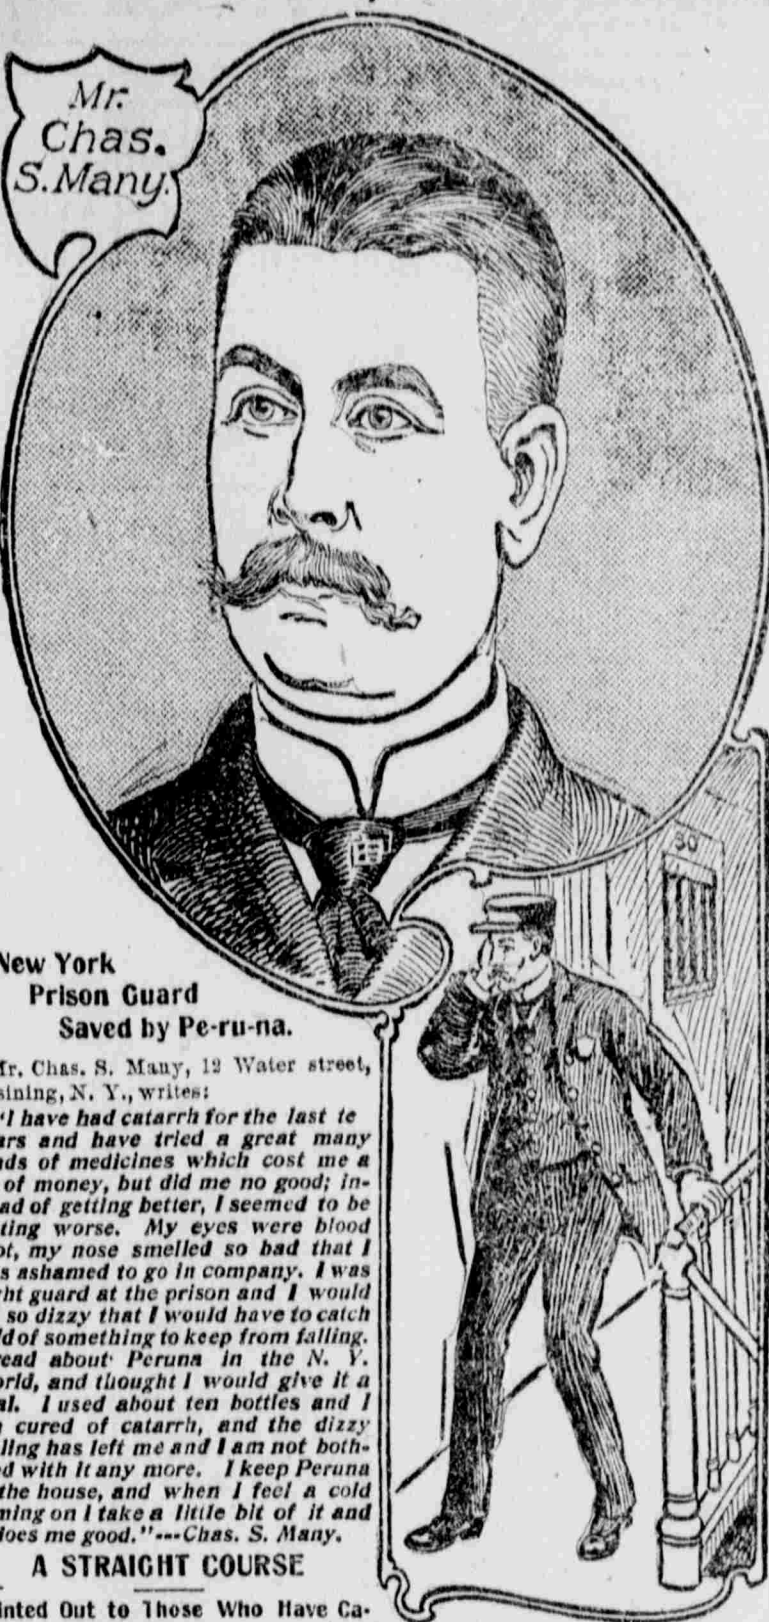

STONE, A BANKRUPT.

Suit Brought to Recover Property—Echo of Suicide Case.

Some additional sensations in connection with the suicide of Martha Reeves in this city in October last, were brought to light yesterday afternoon in a complaint filed in the district court by the Union Trust & Deposit company of West Virginia against Frank H. Clark, administrator of the estate of Martha Reeves, deceased. Elizabeth A. Reeves, her mother and heir, and John M. Stone, known here as John M. Stout, It is alleged in the complaint that Stone was declared a bankrupt in West Virginia on Oct. 5, 1903, and that the property which he bought in this city and turned over to Miss Reeves, who was known here as his wife, was purchased prior to the time he was declared a bankrupt and hence should be liable to be part of his estate in bankruptcy and should be turned over to the claims in payment of the claims of the creditors. It is therefore asked that the claims of defendants to the property here, valued at about \$12,000, be declared null and void and that it be turned over to plaintiff as Stone's trustee in bankruptcy.

CATARRH FOR TEN YEARS.

Pe-ru-na Made a Prompt and Permanent Cure.

A New York Prison Guard Saved by Pe-ru-na.

Mr. Chas. S. Many, 12 Water street, Ossining, N. Y., writes:

"I have had catarrh for the last ten years and have tried a great many kinds of medicines which cost me a lot of money, but did me no good; instead of getting better, I seemed to be getting worse. My eyes were blood shot, my nose smelled so bad that I was ashamed to go in company. I was night guard at the prison and I would get so dizzy that I would have to catch hold of something to keep from falling. I read about Peruna in the N. Y. World, and thought I would give it a trial. I used about ten bottles and I am cured of catarrh, and the dizzy feeling has left me and I am not bothered with it any more. I keep Peruna in the house, and when I feel a cold coming on I take a little bit of it and it does me good."—Chas. S. Many.

A STRAIGHT COURSE

Pointed Out to Those Who Have Catarrh in Any Form.

You have chronic catarrh, have you? You have had it some time? And could not find a cure?

Well, there are thousands more like you in this country. If you are liable to catarrh it will begin to make itself felt now. If you really want to get cured this is the way to do it.

Get a bottle of Peruna and take a teaspoonful between each meal and at bed time. When you have continued this for thirty days sit down and write a letter to Dr. Hartman, Columbus, O. Tell him exactly your symptoms; how long you have had catarrh; what effect the medicine has had on you. He will answer your letter promptly telling you what to do further. He will make no charge. And if you will continue to write to the doctor you are sure to get cured. Some cases take longer than others. Perhaps the average length of time it takes to cure a genuine case of catarrh is three months. Some get cured much quicker than this. Stubborn cases may require longer treatment.

Ask your Druggist for a free Peruna Almanac for 1904.

ment. Time or trouble ought to be no barrier to one afflicted with this dreadful disease.

All people who are interested in knowing about catarrh can get an instructively illustrated 64-page book on chronic catarrh in all stages and location, free of charge.

Thomas H. Baker, U. S. Marshall, Tennessee, Editor of Tennessee Republican, postoffice address Memphis, Tenn., writes:

"I am so fully convinced that Peruna is a relief to those suffering with catarrhal troubles because of its successful use by many of my acquaintances, that I have no hesitation in giving it my endorsement."—Thomas H. Baker.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

HOME DECORATING.

Every dog-eared thing you can imagine is sold at CULMER'S PAINT STORE.

THAT'S THE ANSWER.

C. F. CULMER & BRO. 20 E. First South St.

Any kind of COAL you want?

WE HAVE IT.

Phone 308 Burton Coal & Lumber Co.

you'll make a mistake if you don't drop in here. Pocketbooks, Handbags, Mirrors, Toilet Articles, Perfume, Cigars, or a hundred things which will be appropriate and acceptable.

SCHRAMM'S,

Where the Cars Stop.

"Let the GOLD DUST TWINS do your work."

We Offer \$1,000

For a Disease Germ That Liquezone Can't Kill.

On every bottle of Liquezone we publish an offer of \$1,000 for a germ that it cannot kill. We do that to convince you that liquid oxygen does kill germs. Any drug that kills germs is a poison to you and it cannot be taken internally. Liquezone alone can kill germs in the body without killing the tissues, too. It is the only way known—the only way one can conceive of—to destroy the cause of any germ disease.

Kills With Oxygen.

Liquezone is simply liquid oxygen—no drugs, no alcoholin in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in simple form into the blood that no germ could live in any membrane or tissue. Oxygen is life to an animal—the very source of vitality. It is the essential part of air. Its effects are exhilarating, purifying. It is Nature's greatest tonic. But germs are vegetables, and this excess of oxygen—the very life of an animal—is deadly to vegetable matter. Liquezone charges the blood with such an excess of oxygen that no germ can live where that blood goes. We spend 14 days in making each bottle.

We Paid \$100,000

for the American rights to Liquezone—

the highest price ever paid for similar rights on any scientific discovery. Before making the purchase we tested the product for years through physicians in the most difficult germ diseases. We proved that Liquezone does what nothing else in the world can accomplish, and that the results are unvarying.

A discovery that could command such a price is something you should know, if you need it. We are doing our part by supplying the first bottle free. Will you do your part by requesting it?

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Asthma

Hemorrhoids—Chest
Quinsy—Chest
All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquezone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blank and mail it to the Liquid Ozone Co., 221-223 E. Kinzie St., Chicago.

My disease is _____
I have never tried Liquezone, but if you will supply me a 50c. bottle free I will take it.
Give full address—write plainly.

Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

Cascarets

CANDY CATHARTIC

THEY WORK WHILE YOU SLEEP

GET WHAT YOU ASK FOR—THE GENUINE

CASCARETS Candy Cathartic are always put up in blue metal box, our trade-marked, long-tailed O on the cover—tablet octagonal, stamped OCO. Never sold in bulk. All druggists, 10c, 25c, 50c, Sample and booklet free. Address Sterling Remedy Co., Chicago or New York.
