CALIFORNIA.

San Francisco, 29.—Patriot Dougherty shot Widow Dennis through the heart, at Wheatland, yesterday, because she refused to marry him. He was arrested.

The Apaches are active, committing many murders and running off large bands of cattle in the vicinity of Tucson, Arizona. On December 10, the freight train of Tully, Ochoa & DeLong, en route for Camp Goodwin, when thirty miles east of Tucson, was attacked by a large party of Indians. After a sharp fight, in which Martin Rivero was killed and two others were wounded, the Indians got away with the oxen. The wounded men were brought to Tucson.

MISSOURI.

Settlers to be removed from Indian Reservations.

St. Louis, 29.—A dispatch from Ft. Scott Kansas, says: Colonel Merrill received orders from the War Department yesterday, instructing him to remove all settlers from the Miami Indian reservation, in this State, at once. There are from 3,000 to 4,000 settlers on these lands. Lacygens, a thriving town of 12,000 inhabitants, is also on the same land and must share the same fate. The reservation embraces 70,000 acres of the finest lands in Kansas, much of it well improved, with good houses, farms and growing orchards. This order has evidently been secured through fraud and misrepresentation, by members of the Indian "ring," who are known to be interested in having the settlers removed, in order that they may sell the land and pocket the proceeds. Colonel Merrill goes up to night, and will be followed by one company of United States cavalry to-morrow.

ILLINOIS.

CHICAGO, 29.—The contest in this State for the United States Senatorship in place of Yates, is growing daily warmer and exciting greater interest. Extraordinary efforts are being made to defeat John A. Logan, who, until recently, was supposed certain of the election. It seems to be the growing opinion now, that while Logan will probably receive the caucus nomination, there will be a sufficient combination against him to defeat him in the legislature. The most prominent candidate against him is ex-Governor Oglesby. The names of ex-Lieutenant Governor Koerner and ex-Auditor Dubois are also mentioned as candidates.

FOREIGN NEWS.

AUSTRIA.

BRATISLAVA, 29.—The official organs say Fort Avenon was first attacked as a stand-point whence to assault the adjacent forts. It is said the French prisoners near the Rhine conspired to revolt, and escape on Christmas eve. The project was defeated.

SPAIN.

General Prim Wounded.  
MADRID, Dec. 28.—This evening, while Prim was proceeding from the Cortes, some individuals in the Calle Alcala, fired at the carriage, wounding Prim, and his Adjutant but not dangerously. No disturbance occurred. The authorities took prompt measures to prevent an outbreak and the arrest of the assassins. There is great indignation.  
Last night as General Prim was leaving the Cortes, eight shots were fired into his carriage by a band in the street. Prim was wounded in three places, in the left arm and right hand. No arrests.

GREAT BRITAIN.

Apoloogy from the Prussian government.  
The Germans evacuated Dijon—Prussians repulsed at Belfort.  
LONDON, 29.—The French army of the north has left Arras and retreated to Viotry, falling back on the strong holds.  
It is said the Crown Prince of Saxony has been sent to Amiens to assist Muntell.  
Communication between Cherbourg and Calais is now by water instead of by land. Fifteen French ironclads are in Cherbourg harbor.  
Dijon was evacuated on the approach of the French.  
The French claim the battle at Pont-Noyelles was a success for the army of the north.  
Bismarck's reply to Bismarck on Luxembourg was similar to Granville's.  
The Provincial Correspondence, at Berlin, says the bombardment of Avenon is considered introductory to the bombardment of Paris. When taken, operations will be facilitated.  
The Germans assaulted Belfort twice, but were repulsed with considerable loss.  
The Prussians evacuated the left bank of the Seine. They are in large force at Yvelot.

Granville has received a dispatch from the Prussian government, apologizing for the outrage on English vessels on the Seine, stating a pecuniary indemnity will be given if demanded, and announcing that the military commander, who was guilty of the outrage, has been court-martialed and dismissed from the service.  
The Prussians on Wednesday occupied a line between Ducheir and St. Pierre. An engagement is imminent. Faidherbe congratulates the troops on the Pont Noyelles battle. The mobilized, improved by experience, may be trusted.

Austrian rolling stock used for German military purposes—Operations suspended—Prussian dispatches officially contradicted.  
PARIS, 27.4 a.m.—There is an excellent spirit for defense, but the cold suspends operations. The inhabitants are imbued with confidence by the increased warlike preparations.  
The Saxon regiments are dislodged from Malson Blanche.  
The Roumanian government declares its independence and repudiates the treaty of 1854.  
France complains that Austrian rolling stock is employed for South German military purposes. Austria sends commissioners to inquire into the accusation.

BORDEAUX, 29.—A dispatch from Limoges of the 28th, gives news by balloon from Paris to the 27th. Military operations have been suspended since the 22nd, owing to the intense cold. The population is enthusiastically confident. Our engines of war are formidable.

A dispatch from Chalons on the 28th, says the advance guard of Garibaldi entered Dijon this morning. Gambetta has just arrived at Bordeaux.  
Official dispatches announce that the Prussians hastily evacuated Dijon at the approach of the French forces. This is the result of a campaign undertaken in the east by order of the war department. The movement was hastened by Gambetta. The French have completed, beyond Mont Valerien, fortifications which throw shells beyond Versailles, which is rendered untenable for the Prussians.

VERSAILLES, 28.—Averon is silent today. The other forts replied to the German guns.  
The Prussians advanced to and occupied Bapaume, fourteen miles from Arras, on Monday.  
LILLE, 27.—Official contradiction is given to the dispatches of the Prussians, falsely representing the battle of Pont Noyelles as a victory and claiming they took prisoners, whereas they took none. In the north and north-east the Prussians lost heavily by battle and sickness. The villages are encumbered with wounded. Numbers of Germans also suffer from sore eyes. At Chalons-sur-Marne there are 18,000 sick and wounded Germans.  
BESANCON, 27.—In the departments of the east the population is fully roused, and assist the troops in all the battles and skirmishes. The government is taking measures to distribute arms to the people.
