## SMALLPOX ON CARS

Both Rio Grande and Oregon Short  
Line Carry Unwelcome Freight.

Three cases of smallpox on a Short Line sleeper and one on a Rio Grande Pullman on Saturday were responsible for a lavish use of formaldehyde at Nephi and at Salt Lake. The first case was that of Mrs. J. R. Edgell and her children, who left Nephi a week ago on the Rio Grande. The mother and one of the children became sick so they decided to return home. On boarding the sleeper "La Salle," she stated that she was sick and accordingly was assigned to a berth at once. It did not take long for the conductor to make up his mind what the matter was and he hurried ahead. The train was met by Quarantine Physician Steele of Nephi who had the car and passengers thoroughly fumigated. Among those who were on board were Rev. Peter Simpson, Dr. Bucher and Emil Young of this city, also Dr. Clark of the government service, and two drummers. The case on the Rio Grande was that of a colored Pullman porter who was pretty sick when he left Pueblo. Upon arriving here the car was out of the

## Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**.

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUSAN A. HARRIS, Wethers, N.C.

Officer Sperry was called to O'Donnell's undertaking parlors, on West Temple near Third South street, at 11:20 this morning on account of some reckless shooting down there. Someone had fired from across the street, the bullet snapping a hole through the plate glass window within a foot of the bookkeeper's head. It was a narrow escape for the bookkeeper, but the man with the gun could not be found.

Charles Cushing, a bartender at the Court Saloon, located on the corner of State and Fourth South streets, was arrested yesterday for violating the Sunday liquor ordinance and put up \$100 to answer for his behavior in connection with charges made by Officers Smith and Chubbs. Otherwise all the saloons seemed to be closed up yesterday.

## IN THE REFORM SCHOOL.

Through the influence of friends Abe Breslin, once a local pugilist, has been transferred from the Montana state prison to the reform school at Miles City. Breslin and Phil Green were arrested for robbery, tried and sentenced, but since their incarceration Breslin's friends have secured the transfer referred to, insuring his release in about two years if his behavior continues good, while Green must serve seven years. Green insists upon declaring his innocence and refused to shoulder the blame when approached by Breslin's friends.

## HELD FOR ROBBERY.

John Soderstrom Took Money From  
Louis Richter.

Judge Diehl this morning held John Soderstrom to the district court upon a charge of robbery. The facts brought out in the hearing today were that Louis Richter, a miner from Park Valley, became intoxicated on last Friday night and laid down in a saloon near the Union saloon, 61 Commercial street. While Richter was lying there Soderstrom was seen by three men to go through his pockets, and later Richter discovered that his money was gone. After the robbery Soderstrom went to Gray's restaurant and changed a \$20 gold piece, one which he is supposed to have taken from Richter's pocket. The amount alleged to have been taken was \$10.

## MORTENSEN ANNIVERSARY.

One Year Ago Yesterday Condemned  
Man Was Found Guilty.

One year ago yesterday Peter Mortensen was found guilty of the murder of James R. Hay. His trial was probably the most important and attracted greater public interest than any criminal action in the history of the state. It took a long time to secure a jury, a thousand jurors being summoned before the necessary 12 men were secured to try the case. One of the jurors who tried the case was Mortensen, Michael Koop, has since died.

## MAY BE DELAYED.

Strange Situation as to Opening of the  
Utah Reservation.

The opening of the Utah reservation may be delayed by the fact that no provision was made for the preservation of the government buildings and property at Fort Duchesne, worth about \$100,000, and under the present law anybody could enter the grounds containing these buildings and remove them at will. The same situation affects the school properties at White Rocks and Utah. The contract for surveying the 23,000 acres of the reservation will be let July 15, and 25 bids have been received. Over 200 men will be employed on this job for 15 months.

## CONGREGATIONAL REPORT.

Says Americanism and Mormonism  
Cannot Dwell Together.

Secretary E. S. Tord of the Congregational Educational society at Boston has just made a report to the Congregational council in which he says: "The work in Utah and New Mexico has been pressed as vigorously as the resources of the society have allowed. The society has six schools in Utah, situated in Salt Lake City, Provo, Lehi, Bountiful, Heber and Coalville. All of these places, excepting Salt Lake City, are strong 'Mormon' centers. Under the fire of hostile criticism a spirit of retaliation has been aroused among the 'Mormons,' who are sending large numbers of missionaries through

New England and the Middle States. 'Mormon' headquarters have been established in Boston, and a complete system of missionary endeavor has been organized. Americanism and 'Mormonism' cannot dwell together. To let it alone would please 'Mormon' fellow-citizens beyond expression, but to let it alone would be a blind, suicidal and un-Christian course.

Solemn High Mass Observed Yesterday—  
Father Murphy's Address.

Solemn high mass was observed in the chapel of All Hallows college yesterday morning, as part of the commencement exercises, and in his sermon Father Murphy spoke of the obligations of men to men, and the necessity of all preparing themselves for the discharge of those duties. He referred to the advantages of a sound education, and held that a college graduate should be the better prepared to take part in the arena of life. Father Murphy said: "Success is the natural result of hard work directed to a trained mind. There must be a purpose and an honest effort to attain the end which it is desired to accomplish. Intelligent direction, when backed by a sound education, will accomplish the work more easily and more readily. In the race of life the uneducated man is at a disadvantage. He may have the ability but without the education to know how to use that ability to the best advantage he is at the mercy of his competitors." Rumor Has It That Last Batch Has  
Fallen Through.

There are rumors, apparently having some foundation, that the last batch of options on the iron county claims has fallen through. The cause of the same is ascribed to the tightness in the money market which will not allow the tying up of the amount of money necessary to develop the properties. They owners of those iron claims have made a mint of money out of options that have fallen through, and are quite ready to have them continue to accumulate and fall through.

## 'GIB, SPENCER' DEAD.

Old-Timer Falls Asleep Beneath the  
Weight of Many Years.

An old-timer passed away at his residence, 161 Third street, yesterday in the person of Gilbert Van Schoonhoven. He was in the seventy-fifth year of his age, and the son of Garrett and Sarah Lesner. Van Schoonhoven was born in Albany, N. Y., Aug. 2, 1828, and passed his early youth in New York and Massachusetts. He emigrated at about the age of 15 to Nauvoo, and there joined the Latter-day Saints with whose destinies he had previously cast his lot. He accompanied the pioneers to Green

river in 1847, from which place, by order of President Brigham Young, he was sent to Nebraska, for the purpose of purchasing horses and cattle to be used in emigration. After spending nine years with relatives in Massachusetts he came, in 1856, to Utah, where he continued to live up to the time of his death, except when, as wagon master of emigrant companies, he made many journeys across the plains. He was one of the first and best known citizens of the city of the Overland Mail company, in whose interest, in 1860, he conducted its first freight train from Salt Lake to Carson City, Nevada, and was afterwards employed by it until 1865, employed by the same company.

From 1865 to 1868, in the interest of his adopted church he, in company with Elmer Taylor, Moses Platt and others, filled a mission to England. Throughout his entire life in the west he has been closely associated with its builders, and there are few more widely known or respected than Gilbert Van Schoonhoven, or as he was more familiarly called, "Gib Spencer."

The funeral will take place from late residence Tuesday at 2 o'clock.

He married in 1869 Mary Emma Green (Mrs. Dr. Van) and she, together with their three children, Mrs. W. H. Hunt, Mrs. Eugene T. Hills and Elmer G. Van Schoonhoven, all residents of this city, will survive him.

## COLLECTION CASE.

Grand Jury Still Probing Into Affairs  
Of the Lukes.

There were five witnesses examined by the grand jury this morning presumably in connection with the Luke case. All of the witnesses live outside of the city and probably have been the subject of persecution at the hands of the Merchants' Protective association. Several of them stated that they had had dealings with the Lukes which were not very pleasant. The names of the witnesses examined today are: Thomas Smith of Murray, George Whitehead, Hill Creek; Con Jones, Taylorville; Joshua R. Stewart, Farmers ward, and H. R. Watrous, Big Cottonwood. The jury this afternoon is making an investigation of affairs at the state prison.

In all probability the county commissioners will stop the sale of liquor at Calder's Park entirely. At the meeting of the commissioners this afternoon Chairman Anderson introduced a resolution citing Mr. Bergerman, the manager of the park, to appear on Monday morning and show cause why his license should not be revoked. In fact, it is very probable that the place may be closed up completely as it is said to be run in a very disorderly manner and the county authorities are more than having their hands full trying to keep the place orderly. Following is the resolution introduced by Mr. Anderson and passed by the board:

"Whereas, the proceedings at Calder's park and vicinity are of such a riotous and disorderly character as to be a menace to the public welfare and a disturbance of the public peace; and

"Whereas, such unlawful proceedings are largely due to the sale and use of intoxicating liquors on the grounds, therefore be it
