A Pleasant, Simple, But Safe and Ef-

fectual Cure for It. COSTS NOTHING TO TRY.

State Senate Passes Resolution Protesting Against Interference With the State's Rights.

# MINORITY MUCH MORE RABID.

Analous to Arraign the President on School Question But Were overruled.

Sacramento, Jan. 29 .- The senate today voted down the minority resolution on the Japanese school question and passed the senate concurrent substitute resolution reported by the There was a somewhat tame debate for an hour on the majority. resolution, which differs from the majority in that it instructs the attorney-general to intervene in the suit now in the federal court, and to assert the sovereign rights of the state of California as reserved to it by the Constitution of the United States. The majority resolution "strenuously protests against the unwarrantd interference with the constitutional rights of the state," and "requests the

governor and attorney-general to do all things necessary to protect and save the rights of the state of California. The minority report reads, "where-

as the president of the United States as the president of the United States is attempting to interfere." where the resolution adopted substituted "fed-eral government" for the president. The expected arraignment of the president did not materialize. The majority resolution was adopted with-out debate. The resolution is as fol-

"Whereas, the federal government is attempting to interfere with the management and control of the pubmanagement and control of the pub-lie schools of the state of California by demanding the admission of Jan-anese children in the schools attended by white children, in violation of an order of the board of education of the clty and county of San Francisco, i made in pursuance of the laws of the state of California, notwithstanding that caul appertunities for education state of California, notwithstanding that equal opportunities for education enjoyed by other children are open to the children of Japanese residents in this state at public expense. "Whereas, in our judgment such in-terference is without warrant of law and in violation of our constitutional rights as a sovereign state; therefore, be it

Resolved, by the senate, the asthe whole people of the state of ifornia, do most strenuously pro-

california, do most strenuously protest against this unwarranted interference with our constitutional rights, and we respectfully request the governor and attorney-general to do all things necessary to protect and save the rights of the state of California in this most important matter, and we specific interference of the properties and properties, steam-evaluated interference and ratio that end."
Dohn D. Spreckles, president of the controborated the testimany given in New York by E. H. Harriman that the latter had bought for 41.-300,000 coal mines and properties, steam-evaluated the prompt action allevance and read."
Mr. Spreckles said that James R. Spreckles company, conducted the negotiations for the purchase of these properties from the Spreckles having the suspicion all along that the Southern Pacific was buying that the Southern Pacific was buying that the Southern Pacific had endeavored to buy the properties and mr. Spreckles normated Spreckles roads and states the will address two or this year, introducting the vert is to the United States. This evening the general left for Denmark ow weeks here before proceeding by the way of Canada to take the steamer mark. Norway and Sweden, where for meetings a day. Feb. 22 he will leave wow weeks there before proceeding by the way of Canada to take the steamer winnessta, April 1, for Japan. He has not yet decid i whether he will server competies. The second i whether he will server he will done account the spreckles roads and the sale had not been made, as the spreckles in the

Starved Nerves Are the Cause and the Tonic Treatment Should Interest Every Sufferer. Nobody who has not endured the suffering caused by nervous headache can realize the awful agony of its victims. Worst of all, the ordinary treatment cannot be relied upon to cure nor even to give relief. Some doctors will say that if a person is subject to these headaches there is nothing that can be done to prevent their recurrence.

DR. WILLIAMS' PINK PILLS WILL CURE MOST CASES.

their recurrence. Nervous headaches, as well as neutheir recurrence. Nervous headaches, as well as neu-ralgia, are caused by lack of nutrition —the nerves are starved. The only way to feed the nerves is through the blood and it is in this way that Dr. Williams' Pink Pills have accom-plished so many remarkable cures. Mrs. Addle Merrill, of 39 Union Street, Auburn, Me., says: "For years I suffered from nervous headaches, which would come on me every five or six weeks and continue for several days. The pain was so severe that I would be obliged to go to bed for three or four days each time. It was particularly intense over my right eye. I tried medicines but got no relief. I had no appetite and when the head-ache passed away I felt as if I had been sick for a month. My blood was thin and I was pale, weak and reduced in weight.

in weight.

in weight. "I read about Dr. Williams' Pink Pills in a paper and decided to try them. I first noticed that they began to give me an appetite and I com-menced to gain in weight and color. My headaches stopped and have not returned and I have never felt so well as I do now." Dr. Williams' Pink Pills act direct-

as I do now." Dr. Williams' Pink Pills act direct-ly on the blood, purifying it and mak-ing new blood. They are for this rea-son also an invaluable remedy in di-seases arising from bad or deficient

seases arising from bad or deficient blood, or rheumatism, anaemia, after-effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug and can-not injure the most delicate system. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medi-cine Company, Schenectady, N. Y. ## INVESTIGATE RELATIONS OF U. P., S. P. and S. F. ROADS.

San Francisco, Jan. 29.-Interstate commerce Commissioner Frank K. Lane today commenced the investigation in this city of the relations between the Southern Pacific, the Union Pacific and the Santa Fe railroads, and the result of these relations, with a view of determining in what particular, if any, these roads have vio particular, if any, these roads have vlo-lated the interstate commerce laws. It developed early in the hearing that the Southern and Union Pacific roads, which are now one, and the Santa Fe, have en-tered into an alliance and between them control the rail transportation of the Pa-cific coast south of Oregon. Atty. C. A. Severance, special counsel of the government, conducted the exam-ination of witnesses, the railroads being represented by Attys. Peter F. Dunne and R. S. Lovett of New Work, who were coached at crucial moments by Traffic Director J. C. Stubbs of the Southern Fa-cific. John D. Spreckles, president of the

## Oysters Should Not be Frozen, and as Soon as They Thaw They Become Dangerous.

Washington, Jan. 29 .- Dr. Harvey W. Wiley, chief of the chemistry bureau of the department of agriculture, testified concerning the deterioration of foodstuffs in cold storage before the house committee on agriculture, whose hearings on the agricultural appropriation bill have just been made public.

tion bill have just been made public. The cold storage warehouses are at far. Wiley's disposal in Washington, and he gave the results of experiments with all sorts of foodstuffs. Milk be-gins to deteriorate right away, and so loes cream, said Dr. Wiley. "Eggs also is improved and sometlines continues is improved and sometlines continues Rr. Wiley's disposal in Washington, with all sorts of foodstuffs. Milk begins to deteriorate right away, and so does cream, said Dr. Wiley. "Eggs also begin to deteriorate immediately. Fruit begin to deteriorate mineurately, Fruit is improved and sometimes continues to improve for three months. Meat im-proves up to about six or eight weeks." he said, "but after three months for meat you can see that it has reached the maximum, and then it begins to go down. I do not care how hard it is frozen." rozen. When asked for a further explanation

of the deterioration of meat frozen in cold storage, Dr. Wiley said: "We find that meats do not tort

"We find that meats do not cost well and they do not smell as we and every time the jury can pick that which has been kept over three months. Take our quail. We have quall a year old, and we have a fresh quail cooked at the same time. We cook them just allke, and every time the jury can pick out the frozen one blindfolded." Dr. Wiley stated that most foods im-

Dr. Wiley stated that most foods im-

Dr. Wiley stated that most foods im-prove when properly kept for a short time, but he said the object of his ex-periments is to inform the public, and particularly the cold storage people, how long they may safely keep food in storage. He said that as yet he has been unable to determine whether drawn or undrawn poultry keeps bet-fer.

ter. Dr. Wiley was asked many questions about oysters, and said that the oysters opened and shipped in buckets should interstate

about oysters, and said that the oysters opened and shipped in buckets should be prevented from entering interstate commerce, as they are dead. "An oyster is dead an hour after it is opened," said Dr. Wiley, "and is not good. It loses its flavor." In response to inquirles from Repre-sentative Haskins as to the advisability of freezing oysters to preserve them. for shipment, Dr. Wiley said: "Oh, they ought not be frozen. That ruins them, and so soon as they thaw they are dangerous." He urged that oysters be shipped allve and in the shell. Dr. Wiley said the oysters sent out in tin cans are all right. Gelatin was denounced by Dr. Wiley, who said of it: "It is made from the scrapings from hides. These hides that smell to heaven are treated and trimmed, and these trimmings are used to make gelatin.

are treated and trimmed, and these trimmings are used to make gelatin. The marine hospital service found tetanus germs in gelatin." Dr. Wiley said the gelatin factories are the dirtiest in the world: that the hides used are treated with alkali, which is rubbed into them for ship-ment. He said that this gelatin is sometimes made in glue factories, and that stuff that is not fit for glue is made into gelatin.

that stuff that is not in for give is initial into gelatin. In reply to a question from Repre-sentative Haugen, Dr. Wiley said: "Gelatin is used in the ice cream and candies and for making capsules that you take your medicine in." He added that there is no objection to gelatin if properly made, and that there is plenty of wholesome raw material to make it of

Mr. Tawney of Minnesota then of-fered an amendment providing that no part of the sum appropriated for the bureau of chemistry shall be used for bureau of chemistry shall be used for compensation or expenses to any officer or other person employed by any state, county or municipality. Mr. Tawney said it was necessary to act in conjunc-tion with state authorities, but he thought the national government should not pay state agents. The amendment was adopted, 65 to 24, despite several protests. 24, despite several protests.

POPULAR SURGEON GENERAL. Presley Marion Rixey, surgeon gen-eral of the United States navy, is one of the most popular men in Washington official circles. He was medical adviser and personal friend of the Mc Kinleys during the administration of

glycerine and a half pint of good whiskey. Shake thoroughly and use in tablespoon doses every four hours.

The renowned throat and lung specialist who established a camp for consumptives in the pine woods of Maine, and whose remarkable cures there attracted international attention, declares that the above formula is one of the very best remedies obtainable for an acute cold and that it. will strengthen the lungs, relieve coughs and heal the bronchial tubes. Also, that it will cure any case of lung trouble not too far advanced if the patient will assist by plenty of outdoor exercise, inhaling deep, long breaths every few minutes,

The ingredients are procurable of any good prescription druggist and easily mixed at home and should take its place as one of the most valued remedies in the family medicine chest,

Inquiry at one of the leading druggists elicited the information that Concentrated oil of pine is put up for dispensing only in half-ounce vials securely sealed in round screwtop cases intended to protect it from heat and light. The oils sold in bulk and the patent medicines put up and labeled "Oil of Pine," are to be avoided because owing to their impurities they produce nausea and are useless as a medicine, besides they sometimes leave permanent kidney trouble. Make sure to get the "Concentrated," get the "Concentrated" oil of pine in a screwtop case and you will have off of pine in a screwtop case and you will have the real article.

It has also proven a perfect neutralizing agent for uric acid, relieving most obstinate cases of rheumatism and kidney trouble. For this purpose the treatment is very simple; a few drops on loaf sugar taken night and morning

Saarbrucken, Rhenish Prussia, Jan. 29 .- An official report, revised this afternoon, places the number of dead in Redan at 148, of which 62 have been brought out. During the morning escaping gas from the Bildstock shaft was caught

way of Canada to take the steamer Minnesota, April 1, for Japan. He has not yet decid 1 whether he will re-turn to England by the Siberian rall-road or via the Suez canal. In any event he will be back in London by July to commence another automobile campaign through the British isles. At the conclusion of this trip. in October, he will again cross the Atlantic for a two months' tour of the United States.

## MONDELL CONDEMNS FOREST RESERVE POLICY.

Washington, Jan. 29.—Representative Mondell of Wyoming, in discussing the forest reserve policy today in the house, said no one could deny that it was a policy of paternalism and cen-tralization, "and a policy which should not be extended in this nation further than is absolutely necessary. There was, and there will, be hardship and writation incident to paternalism." he said. We cannot get away from them, and we of the west object to having re-serves used as a means for the in-rease of the cost of the products of the reserves to the people of that re-tion. "I do not intend to criticize means in

sion. "I do not intend to criticize generally the forest service. I have the highest regard for the gentlemen at the head of that service. I believe that in the main they are administering these re-serves in a fair and r isonable way, but it all flustrates the tendency of this sort of thing, the inevitable effect of bureaucratic government."

TOWNSEND MURDER CASE.

Police Discover What They Believe is

Important Evidence.

Important Evide nec. York, Jan. 29.-What the police re-section with the murder of Dr. W. Townsend at his home on Island last Saturday, was discov-eday. It is a lettray, was discov-eday. It is a lettray, was discov-eday. It is a lettray and statut ther bears Bell's signature. Is ad-to his brother Howard, was rested in Concluded. "and that the ening of Jan. 28, and intimates that ther intended to take his own life. Y that I may be lettled in my the letter concluded. "and that the same referred to was Bell's wife, de hust year before the Town-rased. A year before the Town-rased her hubband blamed the and that her hubband blamed the and that her hubband blamed the allock of Townsend's home, saw surd as

for her death. Mortis Mord, ncoprietor of a store block of Townsend's home, saw within a newspaper, he said: I know that man. He was in last Friday night and bought andkerchief. He wore a peaked short Kray coat with a slit in He had no collar on." slit in He had no collar on." slit in winsend told the police that her siayer wore a peaked cab and lower portion of his face con-der a white handkerchief. Silverman, who was arrested in a with the case last Saturday, used today.

if the sale had not been made, as the Southern Pacific intended to build a new road if it did not acquire the Spreckles properties. Capt. Payson took the witness chair when Mr. Spreckles was excused. He stated that the Santa Fe had acquired the Fort Bragg and Southeastern rall-road, running from Albion, 25 miles south, intending to make it the nucleus of a road tapping the lumber country and run-ning into San Francisco. This was to be a through line from Humbold bay to this city; the Arcata road would have been part of this line and the Fort Bragg a feeder to it.

bity the Arcate road would have been part of this line and the Fort Bragg a feeder to it. Payson testified that the Northwestern Pacific proposes to build lines to connect the California Northwestern of the South-ern Pacific with the San Francisco & Northwestern, the name given to the lum-ber railroads of the Santa Fe in th-north. In other words, the Santa Fe is to have a line from Willits to Eureka, so that the Southern Pacific and the San-ta Fe jointly are to have a line from Eu-reka to San Francisco. This is the most important fact brought out by the examination this morning. It shows that the Santa Fe abandoned its intention of building a through line from this city to Eureka when it found that an arragnement could be made with the Southern Pacific for the use of its road from Willits to Ti-buron. Questions from Commissioner Lane to

Questions from Commissioner Lane to Payson brought out the fact that north and south, the two big companies, the Southern Pacific and the Sania Fe, con-trol jointly the best routes of entrance into California.

## NO APPEAL FOR MCCLELLAN.

New York, Jan. 29.-Permission to ap-peal from the decision of the appellate di-vision of the supreme court preventing the destruction of the ballot cast in the last city election, was denied to Mayor McClellan by the appellate division today. The appellate division had previously af-firmed the decision of a lower court in re-fusing to allow the ballots to be de-stroyed. The mayor asked permission to take the case to the court of appeals, but today's decision prevents this.

the existing pure food law.

he offered to the agricultural appropri-ation bill an amendment appropriating \$3,000,000 for the purchase of the Appal-achian and White Mountain forest re-serves. He said 12 states were inter-ested in the movement and many gov-ernors had personally solicited the speaker of the fouse to permit the bill to come before the body on its merits. But through mysterious influences, he said, the speaker was holding the bill back and he wanted the country to know the facts. know the facts. Mr. Tawney objected to the personal attack on the speaker, and said he would object to further consideration.

Crumpacker of Indiana made

IMPROVED MEMORY

And Increased Weight From Eating

Proper Food.

The memory and other important functions of the brain are greatly in-flenced by the condition of the digestive

fienced by the condition of the digestive organs. This may seem strange to persons who do not stop to realize that every new cell in the brain is made up from the food that is taken into the stomach, because every thought wastes cells which have to be replaced by others. When the proper food is used and fully digested, so there's no fermenta-tion and poisonous waste manufactured in the body, and the new cells are built in as fast as used up, the brain becomes clear and memory is sure to be im-proved. A Mich. woman writes:

A Mich. woman writes: "Three years ago I was in a very bad condition, nerves so worn the least ex-citement would cause collapse and I was thin almost to emaciation. "I tried many changes of diet but nothing seemed to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I ate just remained to agr a with me; what I began with two teaspoonfuls of Grapee-Nuts with milk and realized that at last I had found something I could eat without discomfort. "It was my main food for some time. and after a while I could eat other food without the former III efflects; the Grapee-Nuts seemed to help digestion every way. "Strementh began to action

the murdered president and was with him when he died. It had been the in-tention of Mr. McKinley to appoint Dr Rixey surgeon general of the navy, and at his death Mr. Roosevelt carried out the design. Dr. Rixey accompanied the president on his Panama expedition in a professional capacity. He is a Virginian.

### COTTON LONG CULTIVATED.
