TODAY'S TEMPERATURE.

10 a. m., 43; 11 a. m., 45; 12 o'clock noon, 52; 1 p. m., 54.

THE CHRISTMAS NEWS

FOR 1901.

A UTAH-COLORADO EDITION.

The Christmas edition of the "News" this year will be printed on Saturday, December 21st, 1901. It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compilation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many beautiful views of Denver and Colorado scenery being given. A big part of the edition will be circulated in Denver, and Colorado's principal cities.

Especially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute timely articles on current topics.

As the holiday number will be issued several days ahead of Christmas, it will form an invaluable advertising medium to local dealers for the Christmas trade. The general advertiser could find no better means for reaching the people of the great west. The "News" will be a circulation of at least 25,000 copies for the Christmas issue. Special rates will be accorded advertisers who wish their notices printed in the Semi-Weekly News as well, giving them a total circulation of nearly 45,000 copies.

10-day's Metals.

SILVER, Bar 56 3/4 cents
LEAD, \$3.90
CASTING COPPER 15 3/4 cents a lb.

LOCAL BRIEFS.

Rabbi Louis G. Reynolds has returned from California and this evening he will deliver a lecture at the synagogue.

In the new constitution of the Methodist church the women have been given recognition in the general conference privilege that was hitherto denied them.

Professor Bennion will meet his class in the history and science of education at 2 o'clock Saturday afternoon in the teachers' grade room at the city and county building.

Frank Boughton, an inmate of the county infirmary, fell in a fit last evening at the corner of State and Ninth South streets. He was thought at first to be intoxicated.

Salt Lake lodge No. 2575, (colored) Grand United Order of Odd Fellows held its annual smoker last night in Jennings hall. Dancing and feasting were the order of the evening.

A Sunday school will be established at the Latter-day Saints' University West Tuesday morning for the benefit of the non-resident students. An able corps of officers and teachers has been selected.

The funeral services over the remains of Mrs. Caroline Van Cott will be held from the late residence of the deceased, West Tenth and Tenth South, at 12 o'clock Sunday noon. All friends are invited.

Fire stations Nos. 1 and 2 responded to a false alarm last evening and made a quick run to East Temple, between First and Second South streets, but, in the language of one of the lads, "there was nothing doing."

Walter Morrison was reported to the health office today as suffering from smallpox. The house, 45 south First West street, has been fumigated, and the patient has been sent to the isolation hospital. He is 25 years old.

The directors of the Utah Art Institute will meet tonight at the home of Miss Mary Teasdale at Fourth and C streets, to select judges of award. All exhibits must be on hand at the institute on State street by the evening of November 21.

Professor Marshall of the state university will organize his class in English literature tomorrow afternoon at 2 o'clock. As the membership will be limited to twenty, teachers who desire to join this class should be present at the first session.

The Epworth league of the First Methodist church will give a series of entertainments during the winter. They will consist of music and lectures, and the first one will be held November 25, when colored jubilee singers from Tennessee will appear.

BURGLAR MAKES A GOOD HAUL.

Residence of P. H. A. Franklin Entered and \$150 Stolen.

POLICE AFTER JOE WALKER

Man Who Was Alleged to Have Robbed Jim Hamilton of \$100 Recently Is Suspected of the Crime.

Some time last night the residence of P. H. A. Franklin, president of the Blackbird Copper and Gold Mining company, was burglarized to the tune of about \$150, and perhaps more.

The residence is situated at 1115 east South Temple street. The thief evidently had a key to the front door and knew the house perfectly. After securing the cash, the robber left the door unlocked and quietly stole away. As soon as discovered, the matter was reported to the police and officers were detailed to work up the case.

Mr. Franklin has reason to believe that a man named Joe Walker, who has been in their employ for a long time, stole the money. He has disappeared but the police know him well and it will only be a question of time before he is apprehended.

Walker is the man who, several months ago, robbed a miner named Jim Hamilton of nearly a hundred dollars in a Commercial street saloon. He was held to answer to the district court on the charge of robbery, but got off with a light term in the county jail after pleading guilty to assault. The police say he is a bad man, having served one term in the Utah state prison for burglary. A few weeks ago he purchased a horse and buggy from Franklin's premises, but before he was returned, returned the vehicle to its owners.

JOHN D. FIFE HONORED.

Presented With Gold Ring by His Former Employer.

John D. Fife, late local manager of the Western Moline Plow company, was very agreeably surprised yesterday afternoon when the employees of the institution, headed by Mr. Eldridge Watterson, presented him with a gold ring in recognition of his services.

"In behalf of these my fellow workmen I present you with this small token of our esteem and friendship," said Mr. Watterson, "and we wish you success in your business career as a business man, for your ability and energy is deserving of success and we further add God bless you and your family, Mr. Fife."

Mr. Fife was deeply touched by the incident, but managed to respond in a most happy manner.

REDEEM SCHOOL BONDS.

School Board Finance Committee Purchases Securities With Sinking Fund.

The finance committee of the board of education has purchased from the National Bank of Park City \$14,000 of its outstanding school bonds at a premium of \$241.50, together with accrued interest of \$14,465.95. These bonds have been due August 1, 1902, and bore 5 per cent interest.

The sinking fund was made up from the sinking fund and was done as an investment.

CITY CIVIL COURT.

Judge Hall May Move Into Other Quarters—Several Changes.

It is practically decided that the new civil court will be held in Judge Hall's present court room in the city and county building and that the chancery department of the district court will be moved up stairs to the large room used by the legislature while in session. This will be more convenient than putting Judge Tanner into the legislative hall, as erroneously reported in a morning paper. It will place the three departments, criminal, civil and equity, of the district court, as well as the clerk's office, on the fourth floor, which will be much more convenient for the lawyers as well as the clerk of court.

Judge Hall takes kindly to the move. The matter has for some time been under advisement by the county commissioners and the building and grounds committee of the city council, which consists of Councilmen Hewitt and Whittemore. The latter have personally expressed themselves as thoroughly satisfied with the proposed arrangements.

The county board is anxious to the Council, probably at its next session. If the proposed plan is carried out the county will simply exchange Judge Hall's room for legislative hall, and as the latter is much larger, the commissioners will agree to take it furnished in exchange for the courtroom on the third floor, which is handsomely furnished with appropriate courtroom fixtures. The county board is anxious to have the matter fixed up as early as possible so that it can place an order for courtroom fixtures for the upper courtroom as soon as possible if it becomes necessary.

FOR CHOIR MEMBERS.

The ladies of the choir will meet at the Tabernacle this evening instead of at the choir hall, as announced by Prof. Stephens last night, as the German Choral society meet there on Friday evenings. There was a splendid attendance of the members of the choir present last evening at the practice, close upon five hundred singers rising to their feet at the stroke of the baton.

WITH THE JUSTICES.

The case against Walter Brown, charged with assaulting E. W. Rich, a butcher, is being heard before Justice Dana T. Smith this afternoon. The particulars of the row between the men were published in the "News" Tuesday evening. The affair grew out of a disputed bill and a subsequent exchange of personalities which precipitated a lively scuffle. Rich swore to a complaint against Brown yesterday afternoon.

Commercial street Bertha Curtis, a Commercial street woman charged with the larceny of a mirror valued at \$10, the property of one Lucy Meyers, also of Commercial street, is also before Justice Smith this afternoon.

NEW CATALOGUE OF CHURCH WORKS.

Just issued by the Deseret News. Send for a free copy. Special terms to dealers, agents and canvassers.

CHICAGO LIVE STOCK EXPOSITION

Rates From Every Point in the Country Now Complete.

WILL BE A SPLENDID SHOW

Special Committee at Work Securing Information Regarding Hotel Accommodation for Coming Visitors.

With the confirmation of the passenger rate of one fare plus \$2 from Canadian territory, the general rate to the International Live Stock exposition to be held in Chicago November 20th to December 7th inclusive, is complete throughout the entire country and offers advantages that have never before been enjoyed in an American event. Such a rate has been given at different times and on different occasions, but not embracing the entire territory and taking in all the transportation lines. The result of such inducements is a number of excursions and special trains bearing delegations from every stock raising section of the country, and the railroad agents are reporting active interest in the coming show.

There is no question of magnitude and importance of the exposition of the very finest specimens of pure bred live stock from every section, and the comparative features will also add largely to the general interest to visitors. Many foreign exhibits will be made, the great new buildings will be filled with representative types of all classes and standard branches, and a number of auxiliary displays will tend to enhance the educational value of the exposition. The Chicago branch of the United States Industrial Exposition, which is preparing a complete exhibit of this scientific and necessary provision for the protection of the stock grower and consumer, and the carcass display will be thoroughly educational in character. The effort of General Manager Skinner to still further increase the value of this latter exhibit by securing the consent of the exhibitors to the dissection into commercial cuts of half of their carcass display is meeting with success and this will be one of the most noticeable attractions for the chef, the butcher, the regular buyer, the steward, and the housewife.

General Manager Skinner and the special committee selected for the purpose have secured information regarding hotel and boarding house accommodations, of Chicago, their location, rates, facilities and means of accessibility, and all this information will be compiled in such shape as to be sent to all applicants for it. This will aid many visitors of Chicago as the source of information is reliable and the figures accurate. Railroad agents throughout the country are being supplied with definite information regarding transportation rates and facilities and any other data that may have bearing on the exposition and visitors from far and near are advised to fully inform themselves through such agencies.

One of the real magnitude and enormous proportions of the exposition may be gained from the fact that the cattle alone will occupy stalls, which if placed side by side would cover more than a mile in length. The splendid new building, with its wide promenades and exhibition rings and all the facilities for the comfort of the public, will house at least 1,000 of the representative animals. The exhibit will form the greatest exhibit of cattle that has ever been made in the world. Acceptances have been received from the governments of 18 live stock raising countries. The exhibit will be a diplomatic corps at Washington, and many foreign and domestic notables, and their reception and entertainment is being planned by a citizen's committee of Chicago.

AN ALLEGED SHOPLIFTER.

Arrested in California and May Be Brought Back.

Chief of Police Hilton is in receipt of a telegram from Suisun, Cal., stating that a man named William Henderson had been arrested at that place on suspicion, and that when he was searched, a number of neckties and smaller articles being the trade mark of Geo. Mullet & Co. were found on him. The articles in question were missed from Mullet's store several weeks ago and it is believed that Henderson stole them. An effort will be made to bring the man back here and prosecute him on the charge of housebreaking.

CHRISTENSEN'S DANCING ACADEMY.
