

goods and that if he had not arrived, he had evidently got lost on the way. He was told to be patient for an hour or two and that the judges would show up all right. This proved to be true, as at 6:40 the phone rang again and the distressed citizen announced that the messenger had just arrived.

About 7 o'clock one of the judges of the Fifty-third district, "phoned" the clerk for a few minutes, "said he," "it is so blamed dark down here we can't see to vote." Other incidents equally laughable occurred during the early hours, but in most cases good humor prevailed and all went merrily as a marriage bell.

### HOW THE BETTING GOES.

#### What is Being Done Along that Line on "Broker's Row."

The betting on the result of today's election did not involve any great sums of money up to 2 o'clock this afternoon. However, a number of small wagers were made by Ira Jones at the La Vieille cigar store. People had not become worked up sufficiently to take a chance on big lumps, but there was a chance on the outside that Landford Criss Holmes of the Knutsford hotel had made a wager of \$4,000 against \$1,000 with Henry Perry, Democratic national committeeman, that Cutler would be the next governor of Utah. On Congressmen, some even money was put up.

The following is a sample of the bets: Twenty dollars against \$50 that the American party does not elect a candidate on its county ticket; \$25 to \$100 that Howell beats Powers in Salt Lake county; \$200 against \$100 that Cutler will be elected; \$1,000 even money, that Lightfoot, candidate for the legislature on the American ticket will poll the highest vote on his ticket; \$2,500 even, that Carls carries the Ninth district; \$10 even that Perry polls 5,000 votes in Salt Lake county.

One man had \$1,000 to offer on Roosevelt at four to one, but found no takers up to a late hour. Another wanted a chance, \$50 against \$50, that Roosevelt carries New York.

An "American" enthusiast had \$500 or any part of it to wager that the party would poll 5,500 votes in the state.

### COLORADO MAN ARRESTED.

#### Gave Two Different Names and Unsatisfactory Explanations.

A colored man, whose name is Fred Morse, or Ernest Morse or something else, was arrested this morning by Officer "Billy" Carey on the charge of illegal voting. He was taken to the police station, but was released upon his own recognizance. The arrest was at the instigation of John Halvorson, Democratic chairman of the Fifty-second district, and ex-sheriff Burt, a special officer employed by the Democratic committee.

Morse, or whatever his name is, went to the polling place and asked to vote as F. E. Morse. The name was not on the books and he was not permitted to vote. He then went away, but in a short time returned and stated that his name was Henry Morse, and that he lived at 15 Commercial street, the place where Fred Morse, the alleged hold-up, received a letter from the "American" crowd headquarters.

The Republican judges were apparently satisfied that Morse was entitled to vote, and over the protest of the Democrats he was permitted to cast his ballot.

Mr. Halvorson and Mr. Burt then held a consultation, and decided that Morse should be arrested for illegal voting. Officer Carey was called in and took the man to the station, where he was booked, and then released. The arrest was conducted very quietly, and there was no trouble over it, whatever.

### THE VOTE IN OGDEN.

#### Many Democrats Are Supporting Roosevelt and Fairbanks.

Ogden, Utah, Nov. 8.—Fine weather prevails and a large vote is being polled. Very little scratching is being done except on the electors, many Democrats and Socialists voting for Roosevelt and Fairbanks. Socialists will poll 700 votes in the county but the republican county and state ticket will receive pluralities from 500 to 1,500. Roosevelt's plurality will approach 2,000.

### SLOW AT OGDEN.

#### One-Third of Vote Cast Up to 2 O'clock.

(Special to the "News.") Ogden, Nov. 8.—Up to 2 o'clock this afternoon it was estimated that about one-third of the ballots in the city and a half of the vote in the county had been cast. The election is decidedly quiet. There have been no arrests for illegal voting, and up to this time none of the illegal registrations from the Central hotel had shown up at the polls. It is the intention that if the men do attempt to cast their ballots they will be allowed to do so and then be instantly arrested. The strength of the A. P. U. is placed by both the Republican and Democratic managers at this time as being about 150 and 200 votes.

Both chairmen claim that they are satisfied with the vote cast and both express themselves as being confident of the outcome. From an independent forecast, it is safe to say that Weber will go practically Republican. The Democrats expect to carry several offices and one or two districts.

There is a hard fight centered upon the judgeship, but up to this hour it is conceded that Rolapp has the lead.

### PROVO REPUBLICAN.

#### Presidential Electors Will Run Ahead of Their Ticket.

(Special to the "News.") Provo, Nov. 8.—Indications point to a heavy vote being polled in Provo. By 1 o'clock 1,600 votes, which is 30 per cent of the total registration, were cast in the eight districts of the city. This is much larger than usual. There is considerable scratching. The Republican presidential electors will run ahead of the ticket. The entire Republican ticket will receive a large majority of the votes cast. Both parties have many workers and carriages and are using every effort to get voters to the polls.

### IN CARBON COUNTY.

#### Mixed Result Looked For in That Section.

(Special to the "News.") Sunnyside, Utah, Nov. 8.—Sunnyside precinct has 523 registered voters, and Carbon county 2,077. There will be a heavy vote and much scratching. The official ballot is confusing by showing the county clerk and county recorder in two separate and distinct offices and the same names appearing in the different places on both tickets. Close observation gives the impression that the head of the Republican ticket will have a big majority, while it looks favorable for the Democratic county commissioners and surveyor. The confusion caused by scratching leaves the county clerk and recorder in doubt. The blunder is attributed to a political scheme.

### SITUATION AT LEHI.

#### Republicans Will Have a Majority of About 200.

(Special to the "News.") Lehi, Nov. 8.—Lehi has a total registration of 977. The vote at noon today was about one-third of this number. Indications are that the Republicans will have a majority of about

192, with a majority for Roosevelt of perhaps 300, as many Democrats are voting for the Republican presidential electors. D. N. Childs, the non-partisan nominee for county superintendent of schools, will doubtless receive 150 majority.

The Republicans held a rally here last night with Hon. James H. Anderson and Lars Egertsen, Republican nominee for county superintendent of schools, as the speakers. Mr. Anderson, the principal speaker, took up Mr. Roberts' challenge to Senator Smoot as to his vote on the Cuban reciprocity question, and showed that the attitude of the senator was for the best interests of the state of Utah.

### ELECTION NOTES.

#### Chief Lynch has Detailed Sergt. Edington and Officer Smoot to see that the saloons and gambling houses are kept closed until the polls are closed.

Chairman Spry of the Republican state committee drove in from Tooele this morning. He says that county will give the Republican state ticket a majority of at least 550.

In the second district 150 votes were cast in one hour and a quarter this morning, and the registration is such that it was figured out that votes must be cast at the rate of 75 per hour, in order to get them all in.

The Independent Telephone company will furnish the election returns tonight, to its subscribers, beginning at 6 o'clock, and continuing to an indefinite hour. All a subscriber has to do is to call for 4,000 and the information desired will be given.

Barney B. Quinn, Democratic candidate for county assessor, this morning went to the judges and workers of all three parties in his district, the Forty-seventh, two turkeys, cooked, dressed and carved, and a dozen bottles of "blue ribbon," with other trimmings.

Chairman Hamberger of the Democratic State committee is responsible for the appointment of five special police officers for duty today. The specials were given badges by Chief Lynch today, and they are to serve without pay—from the city.

Sheriff Emery will use every effort today to see that order is kept around the polls and that to end he has appointed 25 special deputy sheriffs for duty around the polls in a number of the voting districts particularly in the business districts.

There were many complaints against the Salt Lake Hardware company today, the claim being that it made an effort not only to control in a general way, the votes of its employees, but to direct specifically how they should be cast, the understanding being in each case that "Mormons" be voted against on both Democratic and Republican tickets.

Several citizens of the Twenty-eighth election district were alarmed at 1 a. m. today, on being awakened by parties having the contract to erect the election booths, who wanted the key to get into the Relief society hall, where the voting is being held. They finally found the janitor, but he was so stupid of mind that he would not give up the key for some time. One lady whose bell was rung was so frightened that she would not get out of bed.

Eph Kelley, 120 east First South street (city jail) got a letter this morning, that he was "to far gone" to read it. The letter was from the "American" party headquarters, giving Eph a pointer how to vote, and contained several sample ballots. Eph was in that it was his sacred duty to stamp out this awful "Church influence," but Eph had other "influences" working on him and did not propose to be bothered with anything else.

### TURKEY CROP SHORT.

#### Consequently the Outlook for Thanksgiving Dinner is Black.

The eastern turkey crop is short, so that stiff prices may be expected in the western markets. In the east it is 45 per cent below the average of former years, and the shortage is due to the fact that farmers sacrificed stock in 1903 under inducements of high prices.

Reports received from many sections are conflicting. The cold and wet spring in Indiana made a late crop, and killed off large numbers. It is probable that crop will be 50 per cent less than the average. In Ohio, the conditions were good and a large crop was raised. Illinois claims a decrease of 25 to 50 per cent. Iowa reports a full crop, but the stock is not especially good. There will be a fair supply in Missouri, Tennessee and Kentucky; New York, Delaware, Pennsylvania, Maryland and Jersey estimate a small crop.

Contrary to other seasons, little frozen stock was carried over from 1903, and the demand will have to be entirely supplied with fresh birds.

### MAN WAS DRUNK; WANTED LICENSE.

More Than that, He Got it and Came Near Being Married a Second Time.

### STOPPED BY CLERK'S OFFICE.

#### Prospective Bride Learned of Facts And Quit City in a Hurry—Man Leaves for Portland.

It appears from information obtained today that very serious trouble was averted by the refusal of County Clerk John James to issue a marriage license to the man who applied at his office late yesterday afternoon. As was reported in last evening's "News" the man was highly intoxicated and it was very evident that he did not fully know what he was doing. Today it develops from information obtained from some of his friends that he is a married man and has a wife and two children living in this city. His name is withheld on account of his family.

The man until recently was an employee at the Kenyon hotel and it seems that yesterday he got on a drunk and while in that condition met a woman who was stopping at the hotel, who registered from Memphis, Tenn. The fellow suggested that they get married and as the woman was willing they went to the county clerk's office and attempted to get a license but were refused by Mr. James.

Later in the afternoon, and during Mr. James' absence, they again appeared at the office and demanded a license from a deputy and the document was issued. They engaged the deputy to go to the hotel to marry them last night. Some of the friends of the intended groom found out about it and immediately took the necessary steps to stop the marriage. They called upon the clerk's office and found out which one of the deputies was going to perform the ceremony and immediately started out to locate him.

They were unsuccessful in their efforts but finally succeeded in locating the deputy on the outside of the door of the room in which they intended to be married and thus intercept the deputy. This proved successful and when the deputy was informed of the true condition of affairs, he, of course, decided to not perform the ceremony and immediately left the hotel.

The friends of the man then succeeded in getting him out of the room and took him away. They then informed the woman that her intended husband was a married man and that she had better leave the city at once in order to avoid trouble. This she did and she has not been seen since.

After a night's rest and after sobering up the intended groom realized the situation in which he was placed and today called upon County Clerk James and requested him to destroy the license which had been issued. The clerk said he could not do but he informed the man that there would be no further harm come of the affair unless some one should file a complaint against him charging him with perjury, as he had sworn when the license was issued that he was single and could legally enter into the marriage contract.

The man seemed very much disgusted over having allowed himself to get into such a condition and stated that he intended to leave today for Portland. It is very probable that he will not again attempt to secure a marriage license while in an intoxicated condition.

The indiscreet and bibulous woeer who already has a family is named Johnson. He is well known in and about the Kenyon hotel. Whether his wife knows of his impropriety is not stated. The prospective bride may have left the city for good. At all events she seems to have completely disappeared. There appears to be a strong doubt that Johnson knows where she has gone, or that he will have another attack of his mad infatuation and follow her and carry out his matrimonial designs elsewhere.

Southwest Wyoming:

Fair tonight and Wednesday.

### WEATHER CONDITIONS.

The high area over the Rocky mountain region yesterday morning has drifted slowly northward during the past 24 hours and now overlies the northern plateau with center of highest pressure at Spokane. In the course of this abnormal movement it has diminished somewhat in extent but has greatly increased in intensity. The storm area noted in yesterday's chart over the north Pacific coast has disappeared. The "low" over the extreme southwest remains stationary. The disturbance that has hovered over the eastern states for some time now is slowly moving off the New England coast. Cloudy weather prevails in scattered localities throughout the country but there has been very little rainfall reported.

Temperatures were much lower over the north Pacific coast and considerably higher over Montana; elsewhere changes have not been marked.

### ARCHBISHOP ELDER.

#### Many Church Notables Present at His Funeral.

Cincinnati, Nov. 8.—Funeral services for Archbishop William H. Elder were held at St. Peter's cathedral today. A long line of clergy—archbishops, bishops and priests—marched in solemn column from the cathedral residence to the front entrance of the vast auditorium, entered, chanting the laudes. Many notables of the church were present. Long before the time for the beginning of the service, thousands had assembled in the vicinity of the cathedral.

#### Government Taking Measures to Reconcile Men Called to Colors.

St. Petersburg, Nov. 8, 3:24 p. m.—The government is taking such measures as possible to reconcile the army reserve men who are being called to the colors including particular pains to avoid harshness. There are many causes of complaint, and especially the character of the cons, some of which ordinary camel cars, are no longer used. The disorder in connection with the mobilization has been widespread, notably in the province of Vitsek and Vilna, and there has been considerable violence in western Poland, where troops are reported to have actually fired on the reservists. Many families of reserve men in Poland are reported to be in great distress. The wives are allowed only 10 and the children five cents a day.

### Officials Go Home to Vote.

Washington, Nov. 8.—Business in the government departments is apparently progressing as usual, but many desks are vacant, their occupants having "gone home to vote."

This applies to the higher officials, but two of the heads of departments remain in the city and the example set by them and by the president in going away to vote has been followed almost uniformly by the chiefs of bureaus and department divisions, to say nothing of innumerable subordinates in all the branches of the government work.

### PREST. ROOSEVELT VOTES REPUBLICAN TICKET.

Oyster Bay, L. I., Nov. 8.—President Roosevelt and his party arrived here at 8:41 a. m. today on a special train from Long Island City. The president was driven directly from the station in the carriage of Mrs. J. West Roosevelt to the polling place in the Fifth precinct of Oyster Bay. There he cast his ballot, No. 164.

The polling place is located in the second story of the Fisher building. The president was received with enthusiasm by an immense crowd. He sprang briskly from the carriage and ran up stairs, entering the polling place and shaking hands with the election judges. He was given his ballot and retired immediately to one of the booths, remaining in it scarcely more than half a minute. As he came out and handed his ballot to the presiding judge a photograph was taken. As he turned away from the ballot box he was cordially greeted by many old friends and acquaintances who had gathered to see him. Descending the stairs he entered the carriage with Mrs. J. West Roosevelt and went for a drive. As he drove away the crowd cheered him enthusiastically.

The president's reception at the station was notably cordial. The station building had been decorated with flags and bunting and a crowd of several hundred persons had assembled to greet him. He was received with cheer and the waving of flags as he left his car.

At Long Island City the president was joined by several friends, among them being F. C. Travers, W. Emlen Roosevelt and his daughter, Miss Christine Roosevelt, and Alexander Russell, Jr. The Richmond Hill Jacob Rits headed the train and came to Oyster Bay with him. At Jamaica W. J. Youngs, U. S. district attorney for the southern district of New York, also joined the party.

Secy. Loeb, who accompanied the president, voted in the Seventh district. The party left for New York at 11 o'clock, being given a hearty farewell greeting by a large number of the president's friends and neighbors, who had gathered at the station.

### JUDGE PARKER VOTES DEMOCRATIC TICKET.

Kingston, N. Y., Nov. 8.—Judge Parker slept later today than he had in many months. It was after 8 o'clock when he awoke. With his secretary, Mr. McCausland, he drove to Kingston, where they cast their ballots. The weather was perfect.

Judge Parker drove up to the old Pattery on Green Kill avenue, the voting place of the Third district at 10:40 o'clock. A crowd of Kingston neighbors had assembled to welcome him and he was received with cheers.

As the judge stepped from his wagon Ralph Finnegan, a six year old boy, was the first to shake hands with the candidate.

"If you will be elected," he told the judge.

"Thank you," the judge replied with a laugh. "You are a great boy."

Several friends claimed the judge's attention and he was compelled to hold a brief informal reception before he could reach the voting booth. The judge remained in the booth half a minute. He came out and handed his folded ballot to a clerk who deposited it and announced "Alton Brooks Parker votes ballot 147."

Then there was a flash and several photographers obtained pictures as the judge's ballot was dropped into the box. More cheers followed. The judge looked if a flash light was necessary on so fine a day. He shook hands with the policemen on duty at the door and walked out. After conversing with friends for a moment he drove up town to give his secretary, Mr. McCausland, an opportunity to vote.

Later the judge went to the office of his dentist to keep an annual appointment. He makes a practice of having his teeth examined at least once each year, and in order that he shall not forget always goes on election day after casting his ballot.

Mal. and Mrs. Alfred Tanner entertained Judge Parker at luncheon. Mrs. Tanner is the sister of Mr. Parker. After luncheon the judge drove back to Esopus intending to receive the election returns at Rosemount tonight.

### GROVER CLEVELAND CASTS HIS BALLOT.

Princeton, N. J., Nov. 8.—Former President Grover Cleveland voted at the First district polling place. When he appeared the long line gave way and allowed him to enter at the head of the line. The ex-president came out of the booth and after a few words with a friend he sauntered back to Westlands, Mr. Cleveland himself is much interested in the outcome of the presidential contest and made arrangements today to have the returns delivered at her home where a number of friends will be on hand to receive the news this evening.

### WM. J. BRYAN GOES TO POLLS AND VOTES.

Lincoln, Neb., Nov. 8.—W. J. Bryan voted at Normal precinct near Fairview, his country home near Lincoln shortly after noon. His presence at the polls was cheered by a small crowd of Democrats. This precinct has Gov. McKim for a party of 15 two years ago. Mr. Bryan thinks his precinct will be for Berge for governor this year, and he also predicts the election of Hooper. After voting he returned to his home and will receive the election returns there.

### WHISKY MARKET.

#### Demoralized by War Between Dependents and Trust.

Pooria, Nov. 8.—The whisky market is demoralized as the result of the war between the independents and the trust. Despite the action of the independent in declaring \$1.24 as a bedrock basing price for finished goods, the trust is offering and selling thousands of cases at \$1.22. The refusal of the board of trade authorities to allow the trust to post the price at \$1.25 forced the trust to take action to protect itself, and the postal cards were sent out notifying the trade that the trust houses all over the United States would fill all orders on a basis of \$1.25.

From trust headquarters this morning the statement was authorized that all orders, no matter how large, would be filled at once at the low price.
