THE "EGG" MAN

He is Not Solely a Safe-Cracker.

As Many Sup-
pose.

HE HAS NO SPECIAL "LINE."

The Public Term Him "A Hobo
Crook" and He Drifts from
City to City.

Many who pursue the police court and criminal news of the daily press have often read items concerning "egg" men and very few understand the term.

"What do you mean by a 'egg' man?" has been asked many times.

What is a "egg" man?
Is he a crook?

A "egg" man is a crook. He is a petty thieving thief, a burglar and a house breaker, but he is not regarded as a professional in crime. That is, he has no special "line." He will burglarize houses, rob chickens, commit hold up a lone pedestrian or perhaps crack a safe, but he is on the go all the time. The police term him a "hobo crook." He usually has companions and drifts from city to city, stealing anything worth the taking.

He is not like the porch climber or the professional crackman, or the smooth confidence man because they have a particular line of operation and rarely depart therefrom. Some criminals make a specialty of hold-up work, while others do nothing but porch climbing. Then there is the deceiver, who is at all times a living by selling you a good brick, working the old time lock game on you or getting you into a sure thing game of poker.

GARCIA, FOR INSTANCE.

According to the police the worst class of criminals to deal with is the professional "egg" man. Like Garcia, he hardly ever goes out in the day time but works at night. He is nifty, crafty, cool and dangerous. While a family is at dinner he will climb the porch, pry open a window, ransack the upstairs rooms and steal everything of value. If intercepted, he will hesitate to shoot, feeling sure of escape.

The professional crackman is always on the lookout for a safe containing money or jewels. He works with speed and accuracy and disposes of his ill gotten gains in a way to avoid detection. Like the porch climber, he may remain in a town for weeks at a time, playing his vocation and baffling the police. The "egg" man is usually on the go. He roams from one town to another, stealing, committing burglary or doing hold up work. An all around "egg" man is an all around crook and not a specialist in any particular line of criminal work.

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago my baby girl had measles which settled on her lungs and at last resulted in a severe attack of pneumonia. I did not know what to do for relief was obtained. Everybody thought she would die. I went to eight different stores and bought certain remedies which had been recommended to me and failed to get it. When one of the storekeepers insisted that I try Chamberlain's Cough Remedy, I did so and my baby is alive and well today. Geo. W. Spence, Holy Springs, N. C. Chamberlain's Cough Remedy failed to materialize. Pleasant and safe to take. For sale by all druggists.

SEEKING DEPORTATION.

Armenians, Claiming to be Destitute,
Hope to be Sent Home.

If stories told of some local Armenians be true, a number of them are trying to be kept on charity while here and will make an attempt to be deported at government expense to their own country. There are at least three bands of them sojourning here, and persons charitably inclined and to relief organizations tales of destitution are told that already have brought responses in the way of contributions. The Armenians claim that they have been made the victims of unscrupulous employment agencies, which promised them work which failed to materialize.

Investigations have been made of the claims of the Armenians, which it is said, resulted in the discovery that the men were by no means in want, but are freely patronizing saloons adjacent to their quarters.

DARING ROBBERY BY NEGRO WOMAN

Dr. James Weaver of Loa, Wayne

County, Has Unpleasant
Experience.

DROGGED HIM INTO AN ALLEY

Hit Him on the Jaw, Then Stole \$15
From His Pocket and
Ran.

A most daring robbery was committed about 8 o'clock last evening at the east entrance to Floral avenue on east Second South street by a colored woman supposed to be Clara Smith.

The victim to the daring robbery was Dr. James Weaver of Loa, Wayne county, 75 years of age. He was robbed of \$15.

The Smith woman was arrested by Officer Davidson and while she denied her guilt, she offered to give Dr. Weaver \$20 if he would drop the case against her, a proposition he indignantly refused.

Dr. Weaver was on his way to the theater and his 11-year-old son and a companion were a few feet ahead of him. As the physician was passing, a negro woman stopped him, struck him a blow on the jaw, Dr. Weaver was staggered by the blow and the woman ran her hand into his trousers' pocket, extracted \$15 and darted down the street. Dr. Weaver made his way to a drug store on Second South and State streets, where he reported the affair to the officer. While talking to the officer the Smith woman entered the store and declared she had robbed him. The woman was taken into custody and placed under \$500 bail.

WRIT IS DENIED.

Judge Marshall's Decree Closing
Smelters Upheld.

The writ of certiorari asked for from the supreme court by the Salt Lake valley smelters has been denied, and this removes the last hope that any legal objection to the carrying out of Judge Marshall's decree closing the plants Jan. 4 will be interposed. The farmers are now in a position to see the results of their two years of battle in the courts, put into actual practice.

As yet no answer has come from New York in the case of the Highland Boys' request for another year to run in payment for a bonus. The figures of each side on the bonus matter are now only \$25,000 apart, and an understanding is thought probable.

CABLE SPICER MEETS DEATH

Howard L. Hunt Falls from High
Platform With Fatal Results.

Howard L. Hunt, a cable splicer employed by the Bell Telephone company, came suddenly to his death yesterday at Fifth West and First North streets. Hunt was working on a platform at the top of a pole, and slipped from it, falling across the telephone wires underneath. At the offices of the Bell company this morning it was given out that the cause of the man's death, but that his neck was broken in the fall, and that he was not electrocuted.

Hunt's home was in Lawrence, Kan., and since coming to Salt Lake a short time ago, he has roomed at the Tuxedo flats on South State street.

The accident yesterday occurred shortly after 4 o'clock. F. W. Thompson, another cable splicer, saw Hunt fall, and tried to reach him but could not succeed, as Hunt was the larger man and could not be lifted off the wires. A young man who witnessed the accident also climbed the pole and tried to lift Hunt's body but could not. Finally fire truck No. 2 was sent for, and with this means the body was brought to the ground. Life was lost. The body was taken to O'Connell & Co.'s undertaking parlors, where it now lays pending the receipt of word from relatives in the east, when the body will be taken to its home.

During the last couple of weeks efforts have been made to bring the building to completion and to get the furnishings installed have been pushed as fast as possible. Yesterday the larger part of the furniture for the office arrived and was delivered at the new building.
